

Administration, Faculty and Staff

Administrative Organization

Bishop's University operates under the terms of an act of incorporation passed in 1843, and amended in 1852, 1927, and 1947, by the legislature of Quebec.

Jurisdiction and final authority in all the affairs of the University are vested in the Corporation, consisting of the Bishops of the Dioceses of the Anglican Church of Canada situated in Quebec as Visitors, and the Trustees, numbering not less than twenty-one. At least six Trustees are appointed from the faculty, three from the student body and one from the staff. The remaining Trustees are community representatives, including three or more alumni.

The Executive Committee of Corporation has the authority to exercise all the powers held by that body between its meetings except that it cannot change the Rules, Orders and Regulations of the University, or appoint the Chancellor or the Principal. The Executive Committee consists of the Chancellor, the President and the Vice-President of Corporation, the Principal, the Vice-Principals, the academic Deans, nine community representatives, six members of faculty, three students, and a representative of the non-teaching staff.

The Convocation of the University consists of the Chancellor, the Principal, the Vice-Principal, the President and Vice-President of Corporation, the Chairman and Vice-Chairman of the Executive Committee, the Deans, the Professors and members of the alumni. The Convocation confers degrees in course upon the recommendation of the Senate, and honorary degrees upon the recommendation of a Degree Committee drawn from its own members.

The Chancellor presides over Convocation at its meetings, and confers degrees in the name of the University. He is elected by the Corporation for a term of five years. The Principal, the Vice-Principals, the Chief Librarian, the Dean of Student Affairs, and the Registrar and Secretary-General are appointed by the Corporation after consultation with the Senate. The Principal is the Vice-Chancellor and the Chief Executive Officer of the Corporation. The Vice-Principal acts on behalf of the Principal in the affairs of the University.

The academic work and life of the University are governed by the Senate, which also prepares and recommends plans and policies for academic development, and advises the Corporation concerning the academic needs of the University. The Senate is comprised of the Principal, the Vice-Principal, the academic Deans, the Chief Librarian, fourteen members of the faculty, six full-time students and one part-time student.
