# BISHOP'S

1931

TO the Chancellor of the  
University, a distin-  
guished graduate, a generous  
benefactor, and a loyal sup-  
porter of his Alma Mater,  
this volume is respectfully  
dedicated by the class of  
nineteen hundred and  
thirty-one.

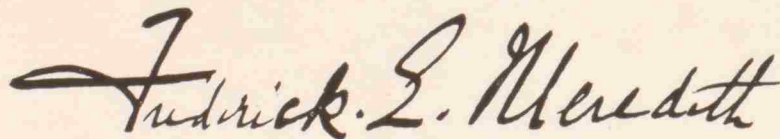

215 ST. JAMES STREET WEST  
MONTREAL.

To the Members of the Class of 1931:

As the time of your graduation draws near your thoughts will be turned towards the future and the careers which you are to follow. At the same time, there will doubtless be a touch of regret that the pleasant associations of your College days are soon to be terminated. We, who have had the privilege of attending a residential university, know what pleasure the friendships formed there have given us, and what useful training we derived from the games, the discussions and the common life in which we shared. Your Year Book will be a record of those days, the memory of which will be one of your most valued possessions.

I wish you all every success in life. Your Alma Mater will follow your careers with the deepest interest, and I am confident that you will never fail in your loyalty to her and to the ideals for which she stands.

Yours sincerely,

A handwritten signature in dark ink, reading "Frederick E. Meredith". The signature is written in a cursive style with a large, sweeping initial "F" and a long, horizontal flourish extending to the left.

Chancellor.

THE CHANCELLOR

F. E. Meredith, Esq., K.C., M.A., L.L.L., LL.D., D.C.L.

Bishop's University

Lennoxville, Que.

To the Members of the Class of '31

I offer my best wishes to you all for success in the work which you will enter after your graduation on June 18th. As a class you have made no small contribution to the success of the many activities which are carried on by the students of the University. Your Year Book will recall those successes in the days that are to come. As you review it remember that the loyalty, enthusiasm and work which it represents are the things which make life worth living, not only in College but in the larger sphere to which College days are the approach. And remember too, that here in Bishop's there will always be, not only a great interest in your welfare, but a warm welcome whenever you return to revive the memory of days spent here.

Yours very sincerely,

A handwritten signature in cursive script, appearing to read "A. H. W. F. G. C. P.", written in dark ink.

Principal.

THE PRINCIPAL

Rev'd. A. H. McGreer, O.B.E., M.C., M.A., D.D.

# The Faculty

Rev. A. H. McGreer, O.B.E., M.C., M.A. (Oxon.), D.D.  
*Principal and Dean of Faculty of Arts.*

E. E. Boothroyd, Esq., M.A. (Cantab.), D.C.L.  
*Professor of History, Vice-Principal  
and Vice-Dean of Faculty of Arts.*

Sitting—R. F. Brown; Grace Jackson; H. M. Porritt (Chairman); Phyllis Montgomery; M. M. Medine.  
Standing — J. Hodgkinson; W. Humphrey; E. V. Wright; G. W. Hall, B.A.; E. Field; C. V. Smith.

# Master of Arts

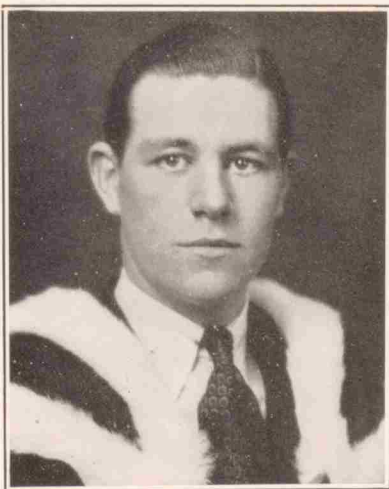

#### REGINALD ARTHUR CARSON, B.A.

After graduating last June with a first class average in the Maths and Physics Honours Course, and incidentally winning the Governor-General's Medal and the Chancellor's Prize, Reg. returned to Bishop's this year to continue his studies. In spite of his various activities and his fondness for the fair sex, he tells us that he is taking not only his High School Diploma but also his M.A. in Mathematics.

Although practice teaching in Lennoxville High occupied most of his afternoons, Reg kept up the traditions of the past and donned his pads for Inter-Year Rugby. When the hockey season came along, his ability in that department won him a place as centre of the alternate forward line of the Intermediate team. Whatever he lacks in weight, Reg makes up in deftness, and his tricky stick-handling and checking have made him a strong factor in every game.

Having secured his "A" Certificate in '30, Reg became a lieutenant in the O.T.C., and his Friday afternoons were often occupied in drilling No. 1 Platoon. In addition to his other activities, he finds time to help his fellow students in Mathematics by guiding them through the intricacies of some parts of that subject.

We who know Reg best have no hesitation in being optimistic for his future success. "Good luck, Reggie!"

#### GEORGE WANKLYN HALL, B.A.

It was a pleasant surprise when George arrived back at Bishop's this year: a mutual surprise possibly. But these great academicians and scholars who must rise to the top cannot be held back. George seemed to enjoy last year to the full, in spite of his numerous student activities — for we must remember that he was a very Distinguished Personage last year — and probably thought that one more year amid such delightful surroundings would be highly beneficial!

George, besides being Second-in-Command of the Athletic Committee is also Manager of Hockey and consequently holds a seat on the Students' Executive Council. The way he manages hockey, we are told, ranks him as one of the Marvels of the age. Furthermore, showing his usual love for whatever smacks of the military, he again joined the C. O. T. C. and this year holds a commission and

is one of the outstanding figures on the Friday afternoon parades.

This year George turned out for both Junior Hockey and Inter-Year Basketball, but in the realm of sport he rose even higher and in the autumn term proved one of the mainstays of the Intermediate Rugby team.

Finally, our versatile ex-president debates for his faculty and is the Graduates' representative on the Year Book Committee.

Next year George is going to study Law and we look forward to hearing of the success he is sure to make in that profession.

#### GEORGE ARNOLD McARTHUR, B.A.

Possessing an unlimited supply of energy at all times, it seems only natural that we should find Arnold taking the High School Diploma course this year in addition to reading for his M.A. in Mathematics — a colossal task, and one which merits in a very real sense our chorus "Well Done." But this is not all. No amount of work can keep "Mac" away from sports and this year he was again an invaluable linesman on the Intermediate rugby team, this being his third year on the team. It has always been his strong desire to play Intermediate hockey, having played for the Junior team during the past three years, and this year it was a matter of great joy to him that he achieved his object. He now leaves Bishop's the proud possessor of a Major "B" in both rugby and hockey, having been on both championship teams.

Nor has the C.O.T.C. been neglected this year. Sgt. McArthur of No. 2 platoon has conscientiously taken care of his "men" and is a splendid example of one who has "risen from the ranks."

Debating is another of Mac's pursuits this year. In fact there seems to be no end to his activities and one is forced to ask: "How does he do it?" In his case it is certainly true that "where there's a will there's a way" and no amount of work can take away that pleasant manner and cheerful disposition which we have always associated with him. We shall miss him next year; but in whatever sphere he moves we are confident that he will be an asset to the profession which he follows and our sincere good wishes go with him.

#### STEPHEN JOHN OLNEY, B.A.

Steve is another of the Arts '30 Class who decided to return to Bishop's for a year of Post-Graduate work, and so at the beginning of the year we found him enrolled in the Education Class and also for an M.A. as a side-line. About Christmas time, he found that the two didn't combine to his satisfaction, so Steve bade the High School Diploma adieu, and concentrated on his M.A. Having secured a First Class average in Maths and Physics for his B.A., Steve is continuing his work in Mathematics, and he hopes to take up teaching next year. Sometime in the future he intends to return to Lennoxville to complete the work for his Diploma.

In spite of his pressing duties in the fall term, Steve was discovered among the ranks of the Third Year-Grads Rugby in their epoch-making en-

counter with the Divines, and he was occasionally seen chasing elusive golf balls around the course.

Although he has been accused of attending the Maths and Science Club meetings for the culinary attractions, Steve has continued his attendance this year, and he also helped the Mitre Board out by securing some of their advertisements. In his spare time he guides the wandering footsteps of would-be mathematicians among the undergraduates.

Steve has developed into quite a movie fan during his stay at Bishop's, so we find him interspersing the latest shows with his delvings into the mysteries of Calculus and the atomic theory. His plans for the future are a little undecided, but he has visions of teaching Maths, and possibly engineering. Our heartiest wishes go with him, and we are sure that his sunny disposition will insure him the ease which he enjoys so much.

#### CHARLES WILEY, B.A.

Charles entered these halls of sacred and profane learning in the fall of 1928. He came to us with not only a splendid training at St. John's College, Winnipeg, but also a Bachelor's Degree from the University of Manitoba.

In his own modest way Charlie made his presence felt from the first; but it was not until after a process of endless direct questioning we discovered the numerous university activities to which he has given himself.

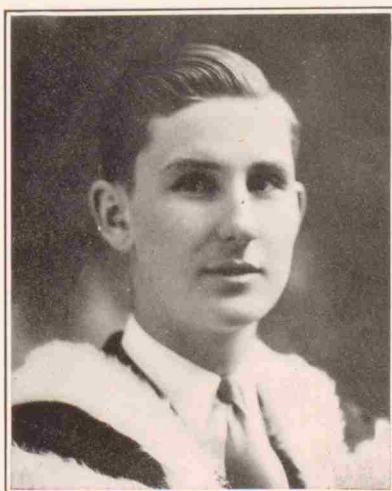

As an actor he was in the only College play to travel away from Lennoxville in the past ten years. He has represented his faculty in every possible form of inter-faculty competition, football, hockey, basketball, road-racing and debating. In his less active moments he plays tennis well, sings in the Glee Club, and blows a mean bugle in the O. T. C. Band.

After several years experience on the Mitre, Charlie is this year Editor-in-Chief of that publication.

At present he has the honour of being Senior Sacristan.

We almost forgot that he also has some studying to do from time to time as he is taking both an L.S.T. Honours Course and an M.A. in Philosophy.

Very incidentally he copped the Balfour Memorial Prize for being the best Greek student last year. One can only guess how many more honours he will have heaped upon himself by the time he goes West in June to work with Bishop Sherman in the Diocese of Calgary.

#### HAMBLEY WHITE, B.A.

This year the indomitable Hambley adds an M.A. to his long list of achievements. Since he graduated from Bishop's two years ago he has made quite a name for himself in the business and economic world. He is both Assistant to the Secretary of The Canadian Chamber of Commerce with offices in Montreal and also Editor of the "Commerce of the Nation," the publication of the Chamber.

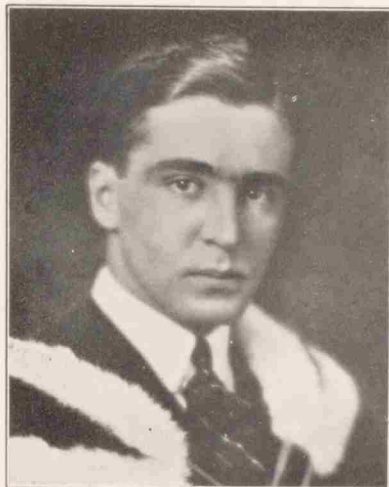

"Bumbley" will be remembered at Bishop's for his indefatigability, his energy, college spirit and interest in all and sundry student activities. But it was in the realm of Dramatics that Hambley particularly shone. Besides being President of the Society in his third year and consequently holding a seat on the Students' Council, he also found time to act in the major productions each year he was here. But even all this, and more, did not deter

him one iota from doing well in his actual scholastic work and he graduated with a First Class degree in Philosophy Honours. So much by way of a brief re-introduction to Mr. B. H. R. White. We'll hear more of him anon, no doubt.

# Bachelor of Arts

#### WILLIAM MITCHELL.

Bill was born in Montreal on September 7th, 1907. He obtained his preparatory school education at Montreal High School, St. Francis College (Richmond), and Bishop's College School. At the latter he was head prefect in his last year. He went to McGill but the call of Lennoxville was too strong in his blood and so he entered these halls in 1928. In his first year Bill turned out for football and showed us (and also his opponents) how outside wing should be played. He also played cricket, was interested in debating, and represented his year on the Year Book Committee. In his second year he was again conspicuous on the football field, turned out for basketball and was captain of the Winter Sports team that travelled to Dartmouth. Debating again captured his interest; he was on the Year Book Committee, Initiation Committee, and was president of his year. In

this, his final year, he has maintained his high standard in football, and has been scoring points for the basketball team. He is vice-president of the Students' Council and has represented his faculty in the Inter-Faculty debates. It was rumored that the O.T.C. was to give three dances this year — Bill turned out with such enthusiasm that they made him a corporal.

Bill is taking the History Option Course and is considering going to McGill to take Law. Wherever he goes and whatever he does, we all know that he will come out near the top and we wish him the best luck in the world.

#### KENNETH STEWART CRAWFORD.

"Kenny," we are told, was born in 1911. Again, we are told that he received his primary education in Lennoxville. We know that he came to Bishop's in 1928, and since then he has been very much in the forefront of student affairs — particularly in the line of athletics.

Although "Kenny" is quite a golf and tennis enthusiast, when the time for rugby comes he puts these to one side and we find him each day out with the team doing his 'daily dozen' and training for the season. In '28, he made a regular place on the Junior team and the following year he was elected Captain of that team. On account of his good work and ability, "Kenny" was awarded a position with the Intermediate squad this year.

But it is in the realm of hockey that Kenny's chief successes have been made. He has occupied a regular place with our first team each year he has been here and on left wing we could always depend

on him to do his share of the work.

He also has been a member of the C. O. T. C. for three years and during the last two years has been a member of the Band.

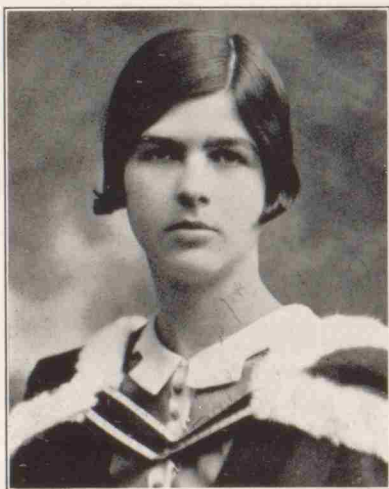

After obtaining his B.A. in Science, Kenny hopes to continue with his quest for knowledge and in this, as indeed with everything, we wish him all success.

#### ELSA PATRICIA BURT.

Elsa matriculated from Lennoxville High School in '28 and walked across the short bridge to see what Bishop's College had to offer in the way of further knowledge. It proved attractive so Elsa stayed for a very active three years. She dipped into various fields of study and finally settled on Honours English in her third year. In her spare time between essays on Chaucer and Shakespeare, she has warbled with the Glee Club and been a member of the Dramatic Readings Club for three years. In her first year, the Maths and Science Club had her support but then other activities claimed her attention. Her chief interest has been Dramatics. In '29 she took the part of Mrs. Clandon in "You Never Can Tell;" the next year she played Sheila in "Mary, Mary Quite Contrary," both leading parts in each of which Elsa excelled herself.

Elsa is still undecided about her future career. It may be teaching, but as yet it is in the hands of the gods. To her go our best wishes for success and happiness in the future.

#### PATIENCE MARGARET STRONG.

West Brome, Quebec — "beside the Brome Lake waters," Pat chose as a suitable location to make her terrestrial début.

In the due course of events she entered the Sutton High School, and later graced the Cowansville High School with her presence.

Emerging from these halls of learning, as yet unscathed, Bishop's next held forth its many lures and attractions, and thither she blithely wended her way.

Pat did not make the fatal mistake, during her first year, of letting the lust to become erudite exclude those pastimes of a gentler and more pleasing nature. We find her a staunch supporter of the Maths and Science Club, helping the other members to eat and "inwardly digest" the odd sandwich and coffee at the end of a weighty discourse.

The now extinct Cercle Français also numbered her among its supporters, as did the Dramatic Readings Club, and she has been known upon occasions to lift up her voice in convincing debate in defence of her year. Basketball, too, found in Pat another hard-working aspirant for the team, and in the annual Coed-Divine hockey game she did her bit nobly to help overcome those dashing Divines.

During her second year Pat renewed with vigour most of the activities of her first year, again becoming a member of the Dramatic Readings Club, the Debating Society and the Basketball team. In addition to this she played her bit of annual hockey, skated, skied, played tennis, and learned to yell a lusty "fore!" on the golf links.

Her third year saw even weightier affairs darken the horizon. Unlike the "vulgar crowd" Pat decided to study for a Philosophy Option, and is most assiduous in her attendance at "Pop's" lectures. The Women Student's Association showed their great faith in her business-like ability when they made her their Secretary-Treasurer this year. Again we also see Pat a member of the Dramatic Readings Club, and also she is playing a much improved game of basketball.

#### JACK PETERS FULLER.

Jack was born in Dumont, New Jersey, U. S. A., on July 2nd, 1909. In this country he received his preparatory and early High School training. In 1925 he came to Canada and entered B. C. S., where he spent three years preparing for college, during which time he proved a valuable asset to all the teams and in his last year at the School he was a prefect.

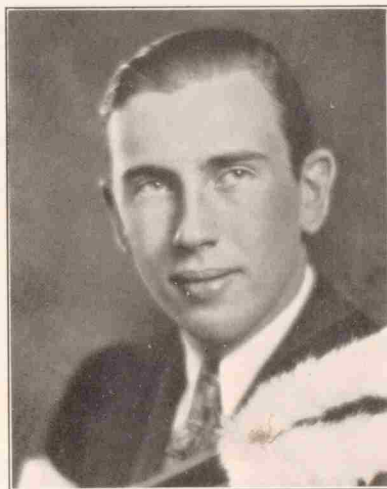

In September 1928 Jack arrived at college. Here again, as at school, he proved himself to be an important addition to the various teams. During his three years with the football team he has filled his position well and showed himself to be a cool, reliable, and finished player. In basketball he similarly showed his mettle, being elected Captain in his final year. When, through his doctor's advice, he decided not to play and resigned his captaincy, he still took a very keen interest in the game,

turning out for all practices in his capacity as Coach.

Besides playing both rugby and basketball, Jack is also a golf enthusiast, winning the College Championship in his second year. Moreover, when ever a cricket match is called Jack is always picked for bowler. Again, in his second year he was Assistant Manager of the Hockey team.

But John has not confined himself solely to athletics for he is a member of the Maths and Science Club and has also served on the Initiation Committee in his second year, and in his final year he mysteriously joined the C. O. T. C.

So far, Jack has not decided what branch of business he will enter, but we feel sure that whatever he does decide to do he will tackle it in the same way as he has everything at College; with practical thought and good heart.

#### CHARLES McCULLOUGH.

Charles McCullough and his ever ready "How about it fellows" have become synonymous with every day life at Bishop's. Graduating in the spring of 1927 from Sherbrooke High School, Charles entered Bishop's in the fall of the same year, soon acclimatizing himself to the strenuous college life with apparent ease.

Playing inter-class rugby in his first year and eventually on the junior and intermediate teams, Charlie made a name for himself, as a hard hitting linesman. Again, in basketball, Charles has played on the College team every year of his sojourn here, captaining the team in this his final year and has proven his worth in helping the team time and again to victory.

Besides rugby and basketball, Charles may be seen skiing and snowshoeing anywhere around the College precincts, but 'tis rumored that it isn't

the hills and dales that lure him so much as a fair member of the weaker sex.

Ever since his entrance into college, Charles has been taking a motley arrangement of course, so that one is rather surprised to find him among the graduates this June, as one cannot ascertain in which course he is taking his degree. Charles does, however, graduate this year and it is rumored that it is a scientific degree — but really only the gods can tell. Returning next year Charles expects to add to his store of knowledge by taking a few of the other courses, but whether he does or not, our best wishes follow him and we look for a success in the world of tomorrow.

#### WILLARD HUMPHREY.

Words fail to express the adaptability of this versatile young man. Heading his graduation class of the Sherbrooke High School in the spring of 1928, Willard entered Bishop's in the fall of the same year and soon became known as an ardent scholar and in that a very interesting fellow.

Owing to weakness in his eyes, Willard was unable to take part in any of the team games but soon became known throughout the various other activities of the College, such as the O.T.C., of three years, and the Debating Society. He has proved to be a valuable asset to the Mitre staff, of which he has been an active member, constantly making contributions which are indeed worthy of note.

When asked by the writer what his hobbies were, Willard answered, rather non-comittantly, "Oh, nothing in particular," but since then it has

become evident that Willard, like many of his fellow creatures, believes that "gentlemen prefer blondes," and it may be said that Willard certainly does take an interest in them if one judges by actions, which certainly speak louder than words.

Of his immediate plans for the future, nothing is as yet definite, except that he intends to study law, but when or where, it is not as yet decided. However, at Convocation this year, Bishop's loses in Willard a scholar in whom we feel the old Alma Mater will further rejoice in the days to come.

#### ROBERT J. MILLER WALLACE

All hail Ottawa! It gave us Gussie.

In September, 1927, this learned young Adonis strode into our midst, a finished product from Lisgar Collegiate Institute where he had been the weakness of the weaker sex.

Gus took a keen interest in College activities from the start and it took but a short time for his name to become a bye-word with anybody who was anybody at Bishop's.

Much credit is due Gus for his success with the badminton club. On becoming President of this club, he reorganized it and strengthened it greatly in every possible way until it is now one of the most popular clubs in the University and boasts of a large membership. Gus plays a good game of badminton and stands high in the club ranking.

For four years he has been a member of the basketball team and has always shown a fine brand of play coupled with a keen knowledge of the game.

This year Gus accepted the position of coach of the girls' basketball team and ably put his knowledge of basketball into good use.

As a debater he has delivered some stirring orations as well as playing leading parts in one act plays sponsored by the Dramatic Society. He is very fond of tennis, does a little skiing, and golf has relieved him of that dark horror of becoming too fat. Some of his Sunday mornings are very pleasantly spent out riding in which he takes a rather active interest — but whether its the horse or no — one cannot tell. For two years he has worn the King's uniform very becomingly in the C.O.T.C.

As yet Gus has not decided where he is going next year, either law or economics seeming to be foremost in his mind. However, our very best wishes go with him into which ever of these fields he chooses to enter.

#### EDWARD TURRIFF HENRY.

To the ancient halls of Bishop's University another son of Lennoxville came to commence his academic career. Receiving the rudiments of education at the local High School, Turriff has continued to show proficiency in his work at the University. Everything he has undertaken he has pursued with unsparing effort and great interest. His enthusiasm for athletics assured him positions on the Inter-Year Championship Teams of Rugby ('29) and Basketball ('29), and he remained a staunch member of both teams in '30 and '31. It is without doubt that his unremitting attention to science and his executive ability saw his election, first to the position of Secretary-Treasurer ('29) and then to the Presidency ('30) of the Maths and Science Club, both of which offices he filled capably. The C. O. T. C. was pleased to number "Doc" among its ranks ('29, '30) and he informs us that he was

famous for the amazing regularity with which he attended parades. However, his chief delight was chemistry, especially when concocting "things that dissolve and fluids that mix." The Science course engaged his attention during his final year here and Chemistry research is to be the field which he has chosen for his future endeavours, and in this we wish him every success. And so, another Pasteur!

#### GRACE IRENE JACKSON

What will be Grace's next rôle we do not know. Her course in her final year is the French and English Option and in addition to her college work, she has taken part in a great diversity of student activities. But we must begin at the beginning.

Following in her sister's footsteps, Grace turned out for basketball in her first year, and did good work for the team. Finding that even this did not necessitate as many journeys on the street cars as she might wish, she proceeded to join the Glee Club, the Dramatic Readings Club, and the Maths and Science Club. We are not sure that she did not even participate in the activities of the Cercle Français. Her achievements as an Associate Editor of "The Mitre" won her a place on the Year Book Committee of 1929.

The second year of her sojourn saw Grace Vice-President of the Women Students' Association. She was able, however, to carry on her other activities. In the capacity of Exchange Editor, she continued to work for "The Mitre," and when March brought thaws and graduation pictures to convince us of a coming spring, she sat once more in conclave with the Year Book Committee. The Glee Club and Dramatic Readings Club held her interest throughout her second and third years.

In this, her Senior year, Grace has carried out the duties of President of the Women Students' Association with the tact and thoroughness which characterize all her undertakings. With the exception of the Maths and Science Club, she has continued to take part in all the social activities of the College. "The Mitre" and the Year Book appreciate three years of service on their Literary boards. The Basketball Team has learned to depend upon her as a completely reliable player. The parchment bestowed by Convocation will be a testimonial of only one side of her college life; for the rest, she possesses our sincere appreciation and good wishes for the future.

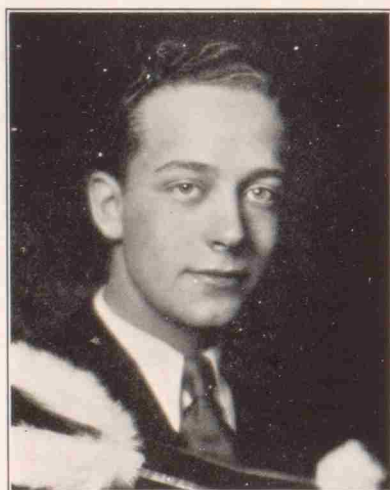

### HUMPHREY MILNE PORRITT.

Born January 20th, 1909, still going strong, Humphrey registered at Bishop's with the Class of '31 after having matriculated from St. Alban's School, Brockville. During his three years here, he has ever taken a keen and active interest in Dramatics. In his first term he was a member of the cast of "Pyramus and Thisbe" and in the following term, in the role of Fergus Crampton, he contributed much to the success of "You Never Can Tell." Last year, besides being Secretary-Treasurer of the Dramatic Society, he showed his versatility by taking a leading part in "Mary, Mary, Quite Contrary."

This year 'Hum' was elected President of the Dramatic Society and much of the success of the Three One-Act Plays presented in the Michaelmas term reflects on his capabilities, not only as President, but also as the Director of "Karl-Ludwig's Window," one of the trilogy. Humphrey again filled his role in a finished manner in "The Importance of Being Earnest," this year's major production.

His interests, however, have not been confined solely to Dramatics. Besides holding a seat on the Students' Executive Council, he is Chairman of the Year Book Committee, and the result of his management and untiring efforts are evident in this volume. Furthermore, Humphrey was Secretary of the Mitre in '28 - '29, and Associate Editor in '29-'30 and '30-'31.

His favorite sports are badminton and golf and he may be seen at various times on the links trying to break par. He is reading Honours in English for his B.A., with the intention of returning for his Master's Degree next year. After that — who knows? — but whatever it may be we wish him all success.

### CHAUNCEY JOHNSTON PATTEE.

According to photographers, this study bears a striking resemblance to "Chaunce." Introduced into this sordid world in Hawkesbury in 1912, Chaunce, after taking his preparatory education at the Hawkesbury High School, entered Bishop's in the fall of 1928, leaving behind him an enviable record, both in scholastic and athletic spheres.

Playing interclass and junior rugby in his first two years, Chaunce was forced to remain off the gridiron this year pleading insufficient time and various other interests. Being a member of both interclass hockey and basketball teams every year of his stay at Bishop's, Chaunce has ever been an asset to the success of his year's teams.

Besides rugby, hockey and basketball, Chaunce has been an ardent devotee of golf, tennis and badminton, as well as the occasional riding party, although 'tis rumored that riding was not the chief attraction.

As regards other activities, Chaunce has been a member of the O.T.C. for a year as well as attending the odd meeting of the Maths and Science Club and of the Literary and Debating Society. With regard to plans for the future, Chaunce intends, after obtaining his degree this June, in a history-philosophy course, to take up the study of medicine either at McGill or Toronto Varsity. We all join in wishing him the best of luck and look forward to seeing him as one of Canada's leading surgeons in the medical world of tomorrow.

#### CHARLES WAYNE HALL.

Legend asserts that the name of C. Wayne Hall was first entered in the Lennoxville Birth Registry on March 1st, 1910. Legend asserts also that he matriculated from Lennoxville High School in June, 1928. From this date on we pass from legend and come to true historical facts.

Wayne entered Bishop's in September, 1928, bringing with him the Narcissa Farrand Scholarship. Turning back the pages of history it seems as though some of us remember seeing him 'flitting' around the stage in the role of "Puck" with the Dramatic Society in his first year. At the end of his first year he received a First Class aggregate prize.

In his second year, Wayne became Secretary-Treasurer of the Dramatic Society Reading Circle and at the conclusion of the June examinations re-

ceived the John Smith prize for Political Economy as well as another First Class aggregate prize.

This year Wayne is a member of the Literary Board of the Mitre. He received the Robert Bruce Scholarship this year and is passing his time quite pleasantly over an English Honours Course. Being a day student, Wayne has to divide his time between college activities and outside college affairs. During his college career, Wayne has been a prominent member of the Literary and Debating Society and the Maths and Science Club; (looking up the minutes of the clubs we notice that he did attend now and then — as it were!) In the line of sports, Wayne is keenly interested in skiing, golf and tennis.

Next year, Wayne hopes to take an M.A. and finally to go in for teaching, in which profession the best wishes of the class go with him.

#### MARY GREETA FRIZZELL.

Greeta's early education was obtained within the precincts of Lennoxville, where she was born not so long ago. Her final year of high school education, however, was gained in Sherbrooke, where she proved her student ability, and decided that she too would some day like 'to mete and dole unequal laws' behind a teacher's desk — a worthy ambition which caused her to center her activities for the next few years back in Lennoxville at Bishop's University.

In the fall of '28, Greeta signed her freshman's pledge on a memorable initiation evening, and from that time she has given her untiring support and loyalty to her Alma Mater. Greeta took an active interest in her first year in the newly founded Dramatic Readings Club, and in the Glee Club, to say nothing of the occasional dance and social gathering which always found her present.

Throughout her Junior and Senior years Greeta maintained her interest in the Dramatic Readings Club, and this year her talent is being utilized by the Dramatic Society in its major production—Oscar Wilde's play 'The Importance of Being Earnest.'

This June, Greeta will take her degree in French and English, and next year will enter upon the post-graduate 'Teacher's Training Course.' She has our every wish for all good luck in the future — as for success we feel confident, knowing Greeta, that this is assured beforehand.

#### MYER M. MEDINE.

Myer arrived at Bishop's in the autumn of 1928 from Westmount High School. A naturally hard working and conscientious soul, he immediately joined both the C. O. T. C. and the Cercle Français.

But Myer began to feel that his Efficiency was being wasted in such quarters so started to look for something which would really call for the exercising of all his talents — and more! "Rugby," thought Myer, and once the idea was firmly rooted in his mind he started off on his career.

"From Water Boy to Manager" — Here, surely, is a story of both Hardship and Romance. In his second year Myer was Manager of the Junior team and Assistant Manager of the Intermediate. He also played Inter-Year basketball as well as Inter-Year rugby and was Assistant Manager of

the Inter-Year Basketball Championship team.

This year his student activities have been even more onerous. Everybody knows how exceedingly capable Myer managed both the Intermediate and Junior Rugby teams. With his tireless energy and positive love of work, he left no stone unturned which might help rugby at Bishop's.

As an immediate result of being Manager of Rugby, he is Chairman of the Athletic Committee and holds a seat on the Students' Executive Council. Myer was also Vice-President of the Sherbrooke County Hockey League.

As though this was not enough for Myer, he felt called to take Honours in Science this year having obtained, incidentally, a First Class aggregate prize last June.

Finally it is to be noted that Myer is on the Advisory Committee of the Maths and Science Club as well as the extremely able Business Manager of this Year Book.

We feel sure that whatever Myer undertakes in the future, it will be characterized by the same unselfish spirit as he has shown in his work here at Bishop's.

#### WALLACE ERWELL MacDONALD.

Born in Megantic on October 13th, 1909, Wallace attended the High School there from which he matriculated. Consequently he came to Bishop's in the Fall of '28, and since then has been spending his time in many and varied ways. Scholastically speaking, Wallace felt the call of Philosophy and this year graduates from that department.

In the realm of sport, 'Mac.' has been a staunch supporter of rugby during his three years here. In his first year he played Inter-Year rugby and both last year and this year he made a position with the Junior Squad and proved to be one of the mainstays of the team.

Each year has seen 'Mac.' playing for his year in the Inter-Year Hockey matches: sometimes they won and sometimes they lost. The O.T.C. has also claimed some of Wallace's attention and, no doubt due to his snappiness in his first two years,

he was promoted from the rank of a Private to a Lance-Corporal this year.

What Wallace will do when he leaves these Halls of Learning seems as yet undecided, but we wish him luck whatever his vocation may be.

#### LESTER CAMPBELL McLEOD.

Lester, better known as "Scotty," came to us after his graduation from Lennoxville High School. Although he did not live in residence this popular youth took the greatest delight in adorning the beds of his friends in the Old Arts.

Scotty always kept a close watch on the activities of the University. For three years he was a member of the Maths and Science Club, making his presence felt both in many arguments and incidentally, during the refreshments.

In the bright autumn days when he was not playing golf or tennis, Scotty turned out for his Inter-Year rugby team. Each year he held a regular place on the team and did very effective work. But Inter-Year basketball was most attractive to him. Somehow Scotty always seemed to work in well with the play and managed to bring his team

along to success. Since he came here he has played for his year, and in '29 he was on the Cup-Winning team. When winter came we found his name on the line-up of the Inter-Year hockey team. As a hockey player he may have a future as, in his good natured way, he causes great trouble to his opponents. He was also a member of the C.O.T.C. in '30, '31.

One might think that he neglected his course, but not so; his chief occupation was working in the Lab. He leaves us this year after obtaining his B.A. in Science, and, so far, his future is undecided. However we have high hopes for him: Good Luck Scotty!

#### RUFUS EDWIN CROMWELL.

Rufus came to Bishop's three years ago as the worthy successor of the long line of Cookshire descendants who have visited us in years gone by, and now he is leaving us with two new letters tacked to the end of his name. He claims the Cookshire High School as his early training ground, and he gives the same town as his birth place some 20 years ago.

His perennial good nature and ready smile soon won him many friends, but he never grew quite accustomed to being away from home; hence his reputation for four-day week ends. No sooner had he grown accustomed to the customs and manners of our University than Ruf. began to look around him for something to do, and he claims he has been busy ever since. Hockey is his favourite sport, and as soon as Lefty gets the rink in order Rufus is ready to go out and give the hockey fans a thrill. He played for Arts '31 in his first year,

and in the two years that followed he proved a valuable asset to the College Juniors. He has also been a rugby player; playing Inter-Class in '28 and '30; and helping along the Junior squad of '29.

Ruf. denies any desire for military fame; but his fondness for music and especially for band music led him to become a bugler in the O.T.C. Band. This year his ability has been rewarded by his appointment to the rank of Band sergeant.

Academically, Rufus has chosen the Philosophy course for his final year, and he maintains that he will be able to think his way to success. He refuses to reveal his future plans, but we feel sure that he will be as successful outside of Bishop's as he has been during his three years in her halls.

#### IVAN MILLER STOCKWELL.

Ivan Miller Stockwell, the possessor of Elinor Glyn's mysterious attractive powers, first beamed on the world in September of 1907 in the town of Stanstead. Needless to say this charm endeared him greatly to all the students at Stanstead College, who deeply regretted his loss when he entered Bishop's in the fall of 1928.

Ivan soon made a name for himself because of his remarkable speed on the rugby field. Playing intermediate and junior rugby during his first two years, Ivan was forced to abandon intercollegiate activities owing to a dislocated knee. However, unable to resist the lure of the game, Ivan played inter-class rugby in his final year and because of his remarkable energy was a great asset to the third year team.

With regard to other activities, Ivan seems to have delved into them all — playing both inter-class hockey and basketball as well as the odd game of golf, tennis and badminton, and being an ardent supporter of the O.T.C.

As a result of his varied athletic interests, it was natural that Ivan should become basketball manager and thus take a place on the Students' Executive Council. With his usual aptness, Ivan very creditably filled both positions, proving an asset to the Council and also sponsoring a students' employment bureau for summer positions for the men of Bishop's.

Athletics have, of course, not fully occupied his time as Ivan obtained an Arts degree this year in Mathematics. As regards immediate plans for the future they are somewhat suppressed but at any rate, we all wish him the best of luck in whatever vocation he may choose.

#### FRANK LYLE PATTEE.

Lyle first rivalled Mother Nature's fair lily in 1908 in Hawkesbury, where he soon became acquainted with the mysteries of life, so that after a rather varied career of schools — Hawkesbury High, Trinity College School and Macdonald College, he entered Bishop's in the fall of 1928 with a "savoir faire" unknown to most freshmen.

Turning out for rugby in his first year, Lyle was unfortunate in obtaining a broken jaw, which forced him out of the game for the rest of the season, but in the two successive autumns he played rugby on the junior and intermediate teams respectively, this year being accredited with being the College's most improved player.

Having a taste for debating, Lyle became President of the Literary and Debating Society in his second year, consequently taking a place on the Students' Executive Council and in that very capably filling the chair.

Having a rather far away interest, Lyle was unable to join the ranks of the C.O. T.C. but managed to be among the leaders in tennis and badminton as well as shooting a fair game of golf, along with the odd gymnastic exhibition in the long winter evenings.

Obtaining his Arts degree this year, Lyle intends to take up the study of law next autumn, either at Osgood Hall or McGill, but binding ties seem to favour McGill. Wherever he goes, however, our best wishes follow him and we look for a brilliant success in the days to come.

#### MARY ALISON EWING.

From Richmond, via the St. Francis College High School and McGill University, came Alison in 1928 to join the happy band of pilgrims at the shrine of higher education. We are glad to say, however, that this will not be her last year at Bishop's. She will join the ranks of the would-be pedagogues next year. Her first year was marked by her eager support of the basketball team — support given, after the first practice, entirely from the gallery. The Glee Club, the Cercle Français, and the Dramatic Readings Club received their share of attention. In 1929 the Dramatic Society claimed her services, and she played in "Mary, Mary, Quite Contrary." Badminton and hockey were added to the number of her activities. And, to prove that a college education does not rob its devotees of all power of enjoyment, Alison found, and still finds, time to patronize a moving picture

or a dance now and then. Nor has her study of the Classics in her final year taken away any of the joy of the present. When the Latin and French of her Option Course are not occupying her attention, she may be found at the Glee Club practices, playing badminton, or skiing. As "Isadora" in "Karl Ludwig's Window," Alison gave an excellent rendering of a difficult rôle. She has debated for her Class, and done valiant service on more committees than we can list. If roused suddenly from sleep she is apt to seize pencil and paper and begin to write pleas for cakes from girls who live at home, and cash from those who don't. There is a gift in serving on such committees, and we can only give her our whole-hearted admiration. So it is with an eye to our own profit that we shall welcome her back in the fall, wishing her good fortune, happiness, and a succession of sumptuous teas, dances, etc.

#### LILLIAN SALICIS.

For other views of the same countenance see the Year Book for 1929 and 1930, under Basketball. For Lillian, familiarly and incomprehensibly known as "Roo," has by three years of active service on the gym floor, earned herself a place in the front row of the team pictures. If our single annual hockey game were sufficiently remunerative to grant us a page in this volume, we should certainly see Lillian once more. For two years she has proved herself a very real menace to the score and personal safety of the opposing Divinity sextette. In addition to this, she skis and plays tennis. Although not a finished concert pianist, she has been heard to render the bass of certain piano duets with no little feeling. Report has it that she once joined the Glee Club. We ourselves remember her quick repartee at the single somewhat inarticulate meeting of the Cercle Français in 1929. Roo

was for two years a member of the Dramatic Readings Club, and debated for Arts '31 in her Freshman year. Although of pacifist tendencies she has lent her support to the University O.T.C., having attended and approved at all the dances given by that body. Nor must we forget that Lillian is getting her degree in June. Her course is English Honours, to be distinguished from its lesser kindred, the Options, in that the books are larger and heavier and there are more of them. We will be sorry to see Roo receive her degree this spring, for we hate to lose a student who has never failed to show herself a steady worker and a generous sportswoman, with, moreover, what is ever rarer and more precious, a laugh for even our weakest puns.

#### HERBERT HALL SKELTON.

Born in Chicago in 1909, Herbie, after a rather varied career of schools — Kingston Collegiate, Ashbury College, graduated from Lisgar Collegiate in 1928 leaving behind him an enviable athletic career.

Entering Bishop's in the fall of the same year, Herbie proved a great asset to the rugby team, both for his broken field running and his defensive work. Playing rugby on the intermediate teams for the three years of his sojourn here, Herbie captained the team in his final year, a great deal of the success on the rugby field being largely made possible by his really faultless playing.

Playing hockey on the intermediate team for his first two years, Herbie very creditably assisted the team in winning the Provincial Championship last year. Again, in his final year playing basketball on the College team, Herbie became the only

three letter man in college and one of whom the old Alma Mater is justly proud.

Besides rugby, hockey and basketball, Herbie also found time for the odd game of golf, tennis and cricket, so that one is rather amazed at his versatility in the athletic field.

Graduating this year with a degree in Philosophy, Herbie intends entering Queen's in the fall to take up a Commerce course, after which he intends to enter the business world. All one really can say is that we wish him luck and will look forward to watching, with interest, his future career.

#### JOHN CURLESS PUDDINGTON.

John Curless Puddington created his first sensation when he was found on a sun-lit rock near Grand Falls, in July, 1909. Since then his life has been one gradual expansion until the present date when he has assumed the pseudonym of "Barrel."

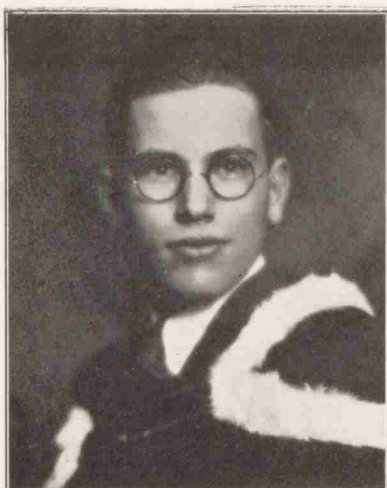

Pudd. first came to Bishop's in the fall of 1927, fresh from winning laurels at Rothesay Collegiate School, where he was considered one of the school's best athletes, being adept in such sports as rugby, hockey and track.

Elected senior freshman in his first year, Barrel very creditably filled that position, so creditably in fact, that one might add that he was an ardent supporter of the C.O.T.C. for two years. Eventually, after a year's absence, he returned to the ranks with the recognition of being one of Bishop's most ardent sportsmen.

Since his entrance to Bishop's, Barrel has played rugby each year of his sojourn here with the intermediate teams. Again, in hockey, he played intermediate for two years and since then has been one of the stars of the junior teams, captaining this team in his graduating year.

Besides his hockey and rugby, Pudd also found time for the odd game of golf, tennis and badminton [although some have argued that these were necessary for reducing purposes.] However, besides these varied activities, Pudd has also found time to do the odd bit of studying, with the result that he leaves Bishop's this year with an Arts degree, won only by diligent work in the field of Philosophy.

Pudd. intends to go to McGill next year for a Commerce course, and later to the London School of Economics, and with him go our best wishes for a brilliant success in the economic world of tomorrow.

#### GEORGE HERBERT TOMLINSON.

Tommy was born in what articles of this kind describe as "the Great Republic to the South of us." It was probably influences received during early childhood which motivated him in his latest political "coup" which has now made the College "safe for democracy." In this feat Tommy's oratory, single-handed, turned the tide of victory to the advantages of the amendment by the slim margin of one vote in the most exciting political issue of some years. This achievement is all the more notable when one realizes the policy of "laissez faire," (ENG. Let George do it), pursued by other supporters of the amendment.

But this is enough of his public life. Privately, Tommy like others of his name served loyally in the University C. O. T. C.

We have it from the very lips of the President himself that George proved a highly satisfactory Business Manager of the Dramatic Society. This year he was also on the Advertising Board of the Mitre directing and assisting a capable group of high-pressure ad-getters.

Then of course, tennis, golf, skiing, badminton and inter-building football have played their part in his activities.

But, lest we forget, Tommy is the fair-haired boy in the Chemistry Honours Course as well as Demonstrator in the lab.

Next year George is going to give them the inside dope on atoms, ions, electrons and all that sort of thing at McGill. Well, — we'll miss him.

#### HERBERT LORNE HALL.

Although Herby's home is in Montreal where he was born on June 14th, 1910, he has spent a large part of his life in Lennoxville. For eleven years he attended Bishop's College School, matriculating in 1927. This was followed by one year at R. M. C. after which he returned to Lennoxville to continue his studies at Bishop's College.

Herby has always been a conscientious student, and, upon entering Bishop's, was awarded the Eastern Township's Scholarship. As an Arts student, he has a splendid record. In both first and second years he received a First Class Aggregate Prize. His third year work has been in the French and English Honours course.

Herby has devoted considerable time to work on the Mitre Board. In his first year he was a member of the Advertising Department of which he became the manager in the following year. He

is now the President of the Mitre, and consequently is a member of the Students' Council. His careful management is largely responsible for the splendid success achieved in this year's publication of the College Magazine.

In the sphere of sporting activities, Herby has shown considerable interest. In his second year he played in the memorable Inter-Year hockey games, and in both second and third years took part in Inter-Building rugby. Badminton, golf and skiing, however, have been his major sporting activities.

In his first year Herby was made a corporal in the C. O. T. C. He became a sergeant in the following year.

Although he has not yet decided, Herby may return next year to study for his M.A. He has chosen teaching for his profession and undoubtedly will be as successful in his vocation as in previous undertakings.

#### RUTH EMILY MEAD.

Ruth came to Bishop's in '28 on the wings of a Robert Bruce Matriculation Scholarship, the reward for heading the Matriculation class at Commissioner's High School, Quebec. With such a scholarly reputation to uphold, Ruth started her course at Bishop's with the intention of doing Honours work in whatever subject proved most attractive. "Dicky's" skilful manipulation of  $x$  and  $y$  proved too fascinating to resist, so Ruth joined the ranks of the Maths Honours students in her third year, and spends hours doing intricate and wonderful things with parabolas and cardioids.

However, in spite of the attraction of mathematics, Ruth's college activities have been many and varied. She has played basketball for three years, holding the position of Basketball Manager most efficiently for the last two. The French Circle had her enthusiastic support while it lasted, and when that expired, she turned her attention to the Maths and Science Club, taking the office of Vice-President of this organization in her third year. She has been a member of the Dramatic Readings Club for three years and once, as a junior, raised her voice in debate against the seniors. In addition to all this, she has trilled a sweet soprano with the Glee Club for two years, besides skating frequently, and skiing occasionally. The Coeds' Hockey team has had her enthusiastic support from the first practice, and the Divines have found her a formidable opponent in the yearly hockey match. Truth to tell, Ruth is very interested in hockey, and cheers lustily for Bishop's at every match.

Once her B.A. is safely pocketed, Ruth intends to turn her attention to High School Diploma work. We foresee a bright and happy future for her and wish her the very best of luck in whatever she undertakes.

#### JOHN W. MCGIFFIN.

One bright day in March, 1910, the stork paid a visit to St. John, New Brunswick, and deposited a bouncing, baby boy who was destined to be named John Wellington.

After a number of years in the Maritimes, during which he secured his rudimentary education at the St. John High School, John moved to Montreal. "Unser" John then enrolled at Lower Canada College from which he graduated in 1926. At the timid age of sixteen he entered McGill. The bright city lights proved too much for him, however, and he desired a more rustic environment where he could commune with his soul in comparative ease. So he migrated to Bishop's. Although John Wellington has only been here for two years, his infectious laugh and his Pepsodent smile have won him many friends.

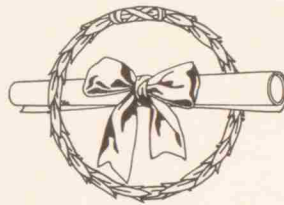

His activities at Bishop's include football '30-'31, for which he won a Minor 'B', and the O.T.C., '30 - 31, for which the Students' Council is duly grateful. Last year John captained the Divinity Inter-House Rugby squad, strange as it may sound.

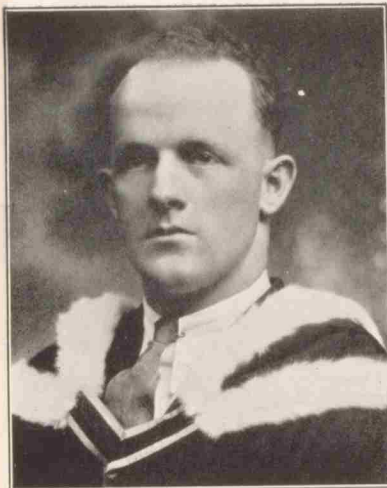

As regards aspirations, John aims at the C. P. R. and hopes some day to be in a position to secure passes for all his children so that they may come to Bishop's and yet spend the week-ends in Montreal.

John is graduating this year in the History and English course. He is a member of the Omicron Chapter of the Delta Sigma Phi fraternity. Good luck, John, if you hit 'em hard enough you're bound to go far!

# Bachelor of Arts in Theology

#### WILLIAM WALLACE DAVIS.

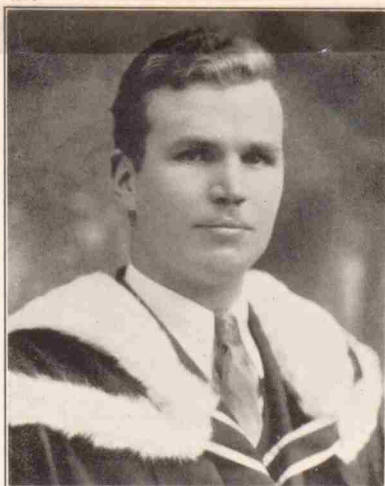

Everybody knows Bill, and everybody feels the better for it when he comes in view with his bright 'hello there!' and cheery smile, unless of course one has that guilty feeling of an unpaid 'phone bill. If good natured patience and perseverance develop as a result of, or remain in spite of, numerous secretarial and treasury duties, Bill has never been afraid to test himself by taking the dirty end of the stick in that respect.

In his second year here, he became Secretary of the Debating Society; Treasurer of the Mitre (and still is); and Secretary-Treasurer of the Glee Club. For the last two years he has functioned well and truly as Secretary-Treasurer of the Students' Council and of the Awards Committee.

Secretary Bill is no mean sportsman either. On the Junior rugby team in his second and third years at Bishop's, and on the Divinity rugby, basketball and hockey teams, he has contributed

that steady, reliable opposition energy which is the mainstay of any team.

Having remained with the Army and Chess Club throughout his stay here, we presume that Bill is going to be a good tactician in his coming combat with the great ones and the wicked ones of this world. He leaves this year with a B.A. in Theology (New Testament Honours) and he hopes to return to Bishop's next year to read for his B.D. After that, he expects to take up parochial work in the Diocese of Ottawa.

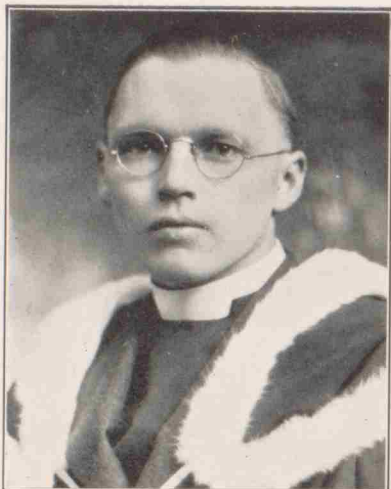

#### CHARLES EDWARD REEVE.

Charlie was born in London, England, sometime during the year 1906 and, as he himself has expressed it, at the age of one. Later he crossed the ocean and moved to Calgary and there attended the Mount Royal Public School and the South Calgary High School. He then decided to be a teacher and by way of preparation attended the Provincial Normal School in Calgary. He graduated from there with a first class permanent Teacher's Certificate and for two years taught at Champion, Alberta, and for one year in Calgary.

Charlie has played a prominent part in student activities since coming to Bishop's in the Fall of '28. He has been in the C.O.T.C. during his entire college career and this year ranks as a Corporal. He has played Inter-House rugby for three years and for the last two years has been a member of the Rover Troup of Scouts.

A keen debater, he was Councillor of the Debating Society in his first year and has figured in both Inter-Collegiate and Inter-Faculty debates. Again, in his first year he was interested in Dramatics and secured a part in the production of "Pyramus and Thisbe." Last year, moreover, Charlie acted as the College Cheer-Leader.

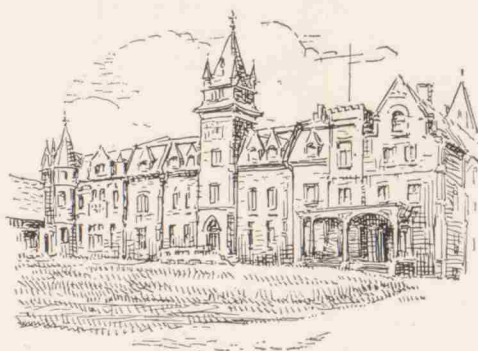

During the last two years, Charlie has assisted Canon Bigg at St. Peter's Church, Sherbrooke and this year Charlie graduates with a B.A. in Theology. He is going to Calgary Diocese and expects to be ordained in the autumn.

#### REV. ROBERT GAY ROWCLIFFE

Here we have another Channel Islander who came to grace the Halls of Bishop's and to win friends far and wide. "Bob" was born in Guernsey on the 15th of June, 1905 and received his early taste for learning at the Melrose School and the States' Intermediate School. At this early age learning and peaceful pursuits did not please him, so in October, 1920, he joined the H.M.S. Fisgard, Naval Engineering Training Ship at Portsmouth as Boy Artificer. However this was not to be the path along which he was to tread, and he was discharged on account of defective vision. Still desiring to be connected with the Forces in some capacity he joined the Corps of Militia Accountants as a Unit Accountant in February, 1921, and served in this branch of the Service until it was disbanded on December 31st, 1925.

Then the wanderlust began to work, and Bob came to Canada in May, 1926. He found his time occupied with trading on the Gaspé Coast until his entrance into Bishop's in September, 1927. In trying for a B.A. in Theology he has found his time much occupied, and while interesting himself in all the activities of the College, applied himself mainly to Dramatics. He was ordained Deacon by the Lord Bishop of Quebec in the Cathedral of the Holy Trinity, Quebec City, on May 18th, 1930. During the current year he has been assistant curate at St. Peter's Church, Sherbrooke. His many associates and those to whom he has been a faithful friend and counsellor during his stay at Bishop's wish him all success when he starts his career in the Mission work of the Diocese of Quebec.

# Licentiate in Sacred Theology

#### REV. ERNEST V. WRIGHT.

Ernest leaves Bishop's this June with a splendid record of service behind him, and his four years stay among us has been suitably climaxed by his position this year as Senior student of the University. After four years spent in the service of his country during the Great War, this energetic individual came to Canada, and after a year spent in the West he entered Bishop's to prepare for ordination.

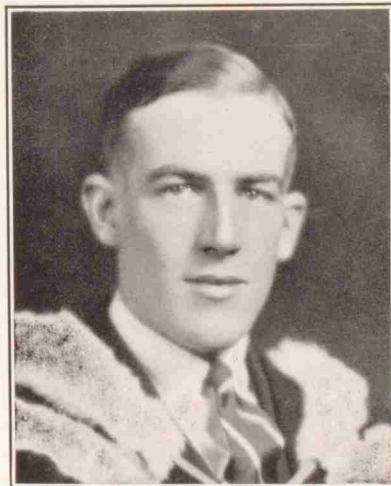

His enthusiasm and his wealth of experience soon inspired the confidence of his fellow students, and during his first year he was elected to the Presidency of the Debating Society. He has also tried his hand at debating, and has supported the Divinity team on several occasions. His military experience made him an invaluable asset to the O.T.C., and after three years of service, he became the

Adjutant in '30 - '31 of the largest corps in the history of the University. He has also been Assistant Scoutmaster for two years.

The Dramatic Society found him a worthy member, and he showed his acting ability in the One-Act Plays and in the Major production: "Mary, Mary, Quite Contrary" last year. His vocal inclinations led him to join the Glee Club during the two years of its existence.

Sports are not Ernest's strong point, but Divinity has always found him a ready supporter in both basketball and rugby. Among his activities of this year we notice:- Member of the Year Book Committee, Chairman of the Dance Committee and of the Awards Committee, and in addition he has been the N.F.C.U.S. representative during the last three years of his course.

He goes out from the University with his L.S.T. this year and he will take up parochial work in the Diocese of Edmonton. We feel certain that his energetic nature and his many abilities will insure his success.

#### JOHN HENRY MACKLEM BRETT, B.A.

Macklem was born at Damascus, Ontario, on August 19th, 1908. After attending various schools he graduated from the Niagara Falls Collegiate with a Senior Matriculation in 1927, entering Bishop's as a Second Year student that Fall. During his final year in Arts, "Mac" concentrated on the History course and received his B.A. from Convocation in June, 1929.

"Mac" has always taken a keen interest in all forms of sport and in all the various student activities. In '27 he was on the Junior Rugby Championship team and again in '28. He also starred with the Intermediate Provincial Championship Rugby team in '30. Again he played on the Second hockey team and was Captain of the Divinity Inter-Year Championship team of 1930.

As further proof of Macklem's many-sided ability, it is to be noted that he has been the very capable Chapel Organist for the last two years.

After receiving his L.S.T. this June, "Mac" will proceed to ordination. We wish him every success in his chosen vocation. We know he'll do well.

#### REV. MARSHALL W. TALBOT.

With the Graduating Class of '31, Bishop's loses more than her usual number of distinctive personalities. Far from the least of these is Marshall Talbot.

Ireland, the magic source of many dreamers, claims sole credit of achieving him, and in her own peculiar way has endowed him with two abundant gifts — determination and laughter. Born and educated there, school days at Dublin suddenly interrupted by war's excursions, and Marshall's range of activities changed phantasmally to Salisbury Plains and the Somme.

When the tumult subsided, when the dust settled, a still necessarily "beardless veteran" returned to study in Dublin. — Eventually he came to Canada. For a time he ran a Mid-Western bank and later acted as lay-reader when opportunity chanced. In September '28, Marshall came

to Bishop's for the three year L.S.T. — and now he goes.

In college life he has taken a quiet but effective part. His studious and artistic temperament, Irish sense of humor and gift for friendship have shown themselves in an interest in "men and books" rather than in Organized College Activities.

To one of those O.C.A.s, however, he quickly fell a victim — the irresistible O.T.C. Even in O.T.C. creations Marshall's brightness — figuratively speaking — shines undimmed. When prepared for the joy of leading his Wolf Crew on the Rover Scout days he is still the "glass of fashion."

We shall miss this person when he sets out for a parish in the Diocese of Algoma. We who have had the fun of knowing him over a period of years and laughing with him at innumerable things, we cannot grouse — We've had our term.

#### REV. ROBERT K. TROWBRIDGE.

Ordinarily we call him Bob but disrespectful people have been known to give him the odd "Moose" call rather respectfully. Born on Manitoulin Island, Ontario, in 1901, he was educated in the local schools, eventually landing up at the Normal School in North Bay. For three years after leaving these his heavy hand and Saxon height imposed a respect for the three Rs upon Ontario school children. Prior to his arrival in Lennoxville he had also gained considerable new and valuable experience by his contribution to the Missionary work among the Indians.

In the three years that he has been here many a man has grunted, groaned and fallen in the useless attempt to divert or arrest Bob's charges on the grid-iron. His well-lent weight has been invaluable to the Divinity Inter-Year Rugby team.

Last year he was elected and carried out the arduous duties of manager of the Divinity Basketball team. In debating a point at issue during our Common-room oratory contests he has often stood up to do battle for the right.

On May 18th, 1930, he was ordained deacon by Bishop Williams in the Pro-Cathedral, Quebec, and thus has the honour of being the second person from Manitoulin to be ordained to the Anglican Ministry. After his L.S.T. is conferred upon him at Bishop's he is booked for work in the Diocese of Calgary.

#### REV. R. R. BUCHANAN, M.A.

A few days late but looking just the same as ever, the Inimitable Mr. Buchanan arrived back at Bishop's in September from Toronto and points further west and was accorded an ovation, as befitted the return of the Prodigal. For a few weeks he pitched his tent somewhere north of Section 63 but finding this a little too cold for sleeping purposes, he moved further south and a little later on moved again, so great was popular request.

This year as in former years, Rupert proved to be a valuable addition to the Intermediate rugby squad and he also turned out for Inter-Class basketball and hockey, captaining the Divinity team in the latter sport. Buck devoted most of his time to athletics this year and as well as the above mentioned sports he made quite a name for himself in badminton.

In the realm of Dramatics, Buck once again scored by his splendid interpretation of the principal

role in this year's major production of "The Importance of Being Earnest."

Unfortunately we fear that this will be Positively the Last Appearance of Rupert Buchanan, the well known psychologist, in the Year Book — at least for some time — and in his chosen vocation we wish him every possible success.

#### RALPH STURGEON.

Ralph was born in North Bay, Ontario, "the gateway of the north," on December 16th, 1907. The first years of his life were uneventful and spent mostly in the confines of the McIntyre and Worthington Public Schools in the afore-named "city" in the pursuit of learning. In due course "Ralphie" matriculated into the North Bay Collegiate, graduating in 1926. Next he went into business life and tried to assuage the appetites of men through the manufacture of ice cream, but in 1928 he decided to aim higher and do something to satisfy the souls of men by entering the ministry. And so he came to Bishop's, where he was soon named "Dew-drop." Since that eventful night when, with appropriate ceremonies, this title was bestowed upon him, Ralph has become one of the best known figures at Bishop's. In addition to trying to obtain an L.S.T. he has found time to be a good

friend and to take part in many of the College activities. During his whole career at Bishop's he has aided the singing in the Chapel through his work in the choir. A strong Imperialist, for three years he has drilled in the C.O.T.C. Rugby has also occupied much of his time and attention. In 1930 he also went in for running and ran in the race for the Dunn Cup, but unfortunately did not make a place. The Scouts, Glee Club, Guild of the Venerable Bede, and College Politics have not missed the attention of this ubiquitous young gentleman. This year Ralph was seen on the stage in the Dramatic Society's presentation of Shaw's "Annajanska." After graduating he hopes to be ordained and to serve as a Priest in the Diocese of Algoma.

#### H. CLAYTON VAUGHAN, B.A.

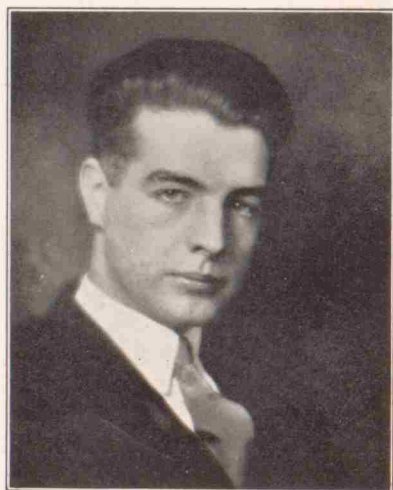

Clayton started his college career by holding the exalted office of Senior Freshman in the Year '26 - '27. That year he also commenced his student activities by appearing as "The Admiral" in the play "Green Stockings." He was an N.C.O. in the O.T.C., a debater and an active member of the Maths and Science Club. He has kept up an unfailing interest in these during the succeeding five years, and during the last two years he has been the efficient "Secretary of War." His pen also made contributions to the Mitre on several occasions.

Athletics have not been overlooked by Clayton. He was Assistant Hockey Manager in '27 - '28. Inter-Year Hockey has also seen this "shut-out" goalie in the limelight. In Inter-Year Rugby, Clayton played a prominent part and ended up as a very efficient Quarter of his team. Golf, skiing,

tennis and cross-country running also took up the time of this busy Senior Man of the Shed.

It is easy to tabulate this long list of student activities and tell how greatly Clayton has contributed to their success, but it is not easy to judge the value of his inimitable pleasing manner. His room is always a rendezvous for all and a visitor is always greeted with a warm smile, and a hearty welcome.

Now he leaves Bishop's with his B.A. in Philosophy and an L.S.T., to be ordained by the Bishop of Ottawa. We wish him what he deserves, every success in his work and assurance of a warm greeting whenever we meet. Au revoir Clayton.

#### REV. EDWARD CECIL WARD.

This valiant son of Bishop's entered her portals in the fall of 1926, fresh from the edifying influences of Inverness High School, and intent on having a good time and incidentally of acquiring an L.S.T. He soon became immersed in all the delightful pastimes which Bishop's offers to her students, and he became interested at various times in golf, tennis, bridge, and even chess and checkers.

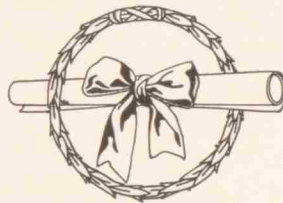

Like many other erring freshmen, Ces was attracted by the glamour of the O.T.C. and he has been a staunch member ever since his first year. He turned out for the Road Races on more than one occasion, and never failed to complete the course, even though he was not among the leaders. He has been a tireless worker for Divinity in all forms of sport, and has done his bit in the Inter-Year Basketball, Rugby and Hockey teams. Ces made a place on the Junior Rugby team the year

that Bishop's won the Provincial Championship, and was with the lineup in the following year.

Ces doesn't claim to be an actor, but he took a part in "The Night in an Inn," the play which won the competition in '27 - '28. He has been an active member of the Rover Scout Crew since its foundation at Bishop's, and this year he is one of the Patrol Leaders.

Cecil was ordained to the diaconate in May, 1930, and after his ordination to the Priesthood he hopes to take up parochial work in the Diocese of Quebec. He feels confident that the experience which he has gained at Bishop's will be no small factor in the success of his work.

# Department of Education

# The High School Diploma Class

CHOOL-BOYS are the reasonablest people in the world: they care not how little they have for their money."

With the defection of Steve Olney from the ranks early in the term, the class in Education has been reduced to fifteen, the original enrolment until Ollie Brock returned a few weeks late to undertake the course.

Following her graduation last June, Ollie decided on post-graduate work at McGill University, but soon succumbed once more to the lure of Lennoxville. As in previous years, Ollie has been a member of the Glee Club and the Maths and Science Club.

Reg Carson has found time, between essays and assignments, to play hockey again this year. We commend his industry. In addition to his class work and what he has learned to call extra-curricular activities, he is reading for the M.A. degree in Education.

We were pleasantly surprised, after a year of deprivation, to have with us again not one but two Gagnon's. "Tiny," who graduated in 1929, returned to Bishop's this fall. Sad to relate, Tiny has suffered a fall from grace. Members of the class of '29 will learn with regret that he now dances.

This year we bid both Hail and Farewell to Mr. George Bennett Gagnon, who comes to us from Shawinigan Falls. Here he was Vice-President of the High School for five years. Mr. Gagnon graduated in Arts from Queen's University in 1925. In all, he has taught for fifteen years in the Province of Quebec.

The Women Students' Association was glad to find Jessie Knowles among the would-be teachers this September. Jessie, besides being captain of the basketball team and a member of the Executive, has continued to attend meetings of the Dramatic Readings Club, and to share in other college activities.

Ayton Lennon is from all accounts finding teaching a very pleasant occupation. True, he finds his way to the theatre rather frequently, but after all, there is a good deal of information to be gained from a news-reel, and one must keep abreast of the times.

For an account of the exploits of Arnold McArthur since his advent in 1927, we would refer you to the Year Book of 1930. "Mac" this year played defense on the Intermediate Hockey team, was a member of the O.T.C. and, last but not least, is working for the degree of M.A.

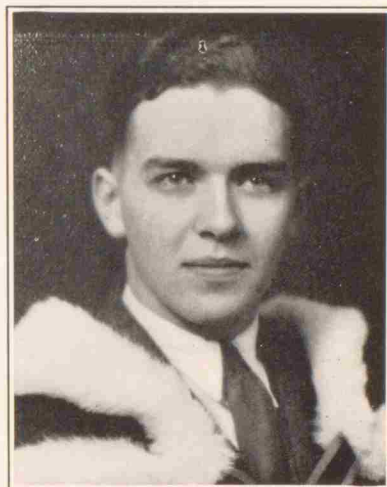

Eileen Montgomery is completing her third year on the Executive of the Women Students' Association, having held a position on the Editorial Board since her Junior year.

In spite of essays and test papers, Jean Pearton has attended basketball practices regularly, and holds a position on the team, as she has done for two years. Her faithful attendance in the gym will be missed next year.

After teaching for a year in Montreal, Don Rattray is with us once more. His work on the Junior Rugby team this fall, although valuable to the College had, rather unfortunate results for him. We congratulate him on his recovery.

C. L. GAGNON, B.A.

A. D. LENNON, B.A.

D. S. RATRAY, B.A.

MISS O. BROCK, B.A.

MISS J. KNOWLES, B.A.

MISS E. MONTGOMERY, M.A.

MISS J. PEARTON, B.A.

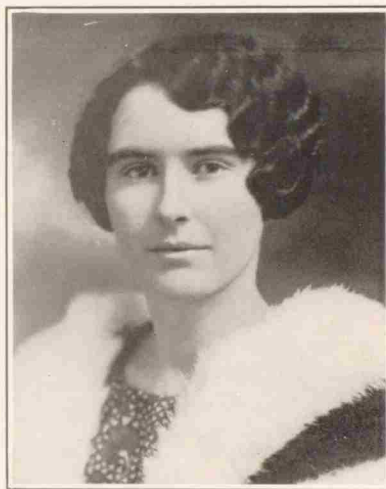

MISS G. SEALE, B.A.

Miss H. M. SMITH, B.A.

Miss E. SWANSON, B.A.

Miss N. WOOD, B.A.

Miss H. WRIGHT, B.A.

This year Geraldine Seale is Graduate representative on the Women Students' Executive of which she was President, 1929-30. Gerry divides her time between lesson plans and such activities as Hockey, Glee Club, and Dramatic Readings.

Helen Smith, having handed over the duties of Secretary-Treasurer of the Women Students' Association in June, 1930, has applied herself diligently to the course — although we did hear some time ago of her communications with the spirit world *via* the Ouija. Helen expects to be a specialist in French.

As a rule one sees Edith Swanson collecting material for essays on pedagogical topics or communing with disembodied spirits. So engrossed is she in her work that she has not found time for hockey this winter. Her skill on the ice has been missed by the team of 1931.

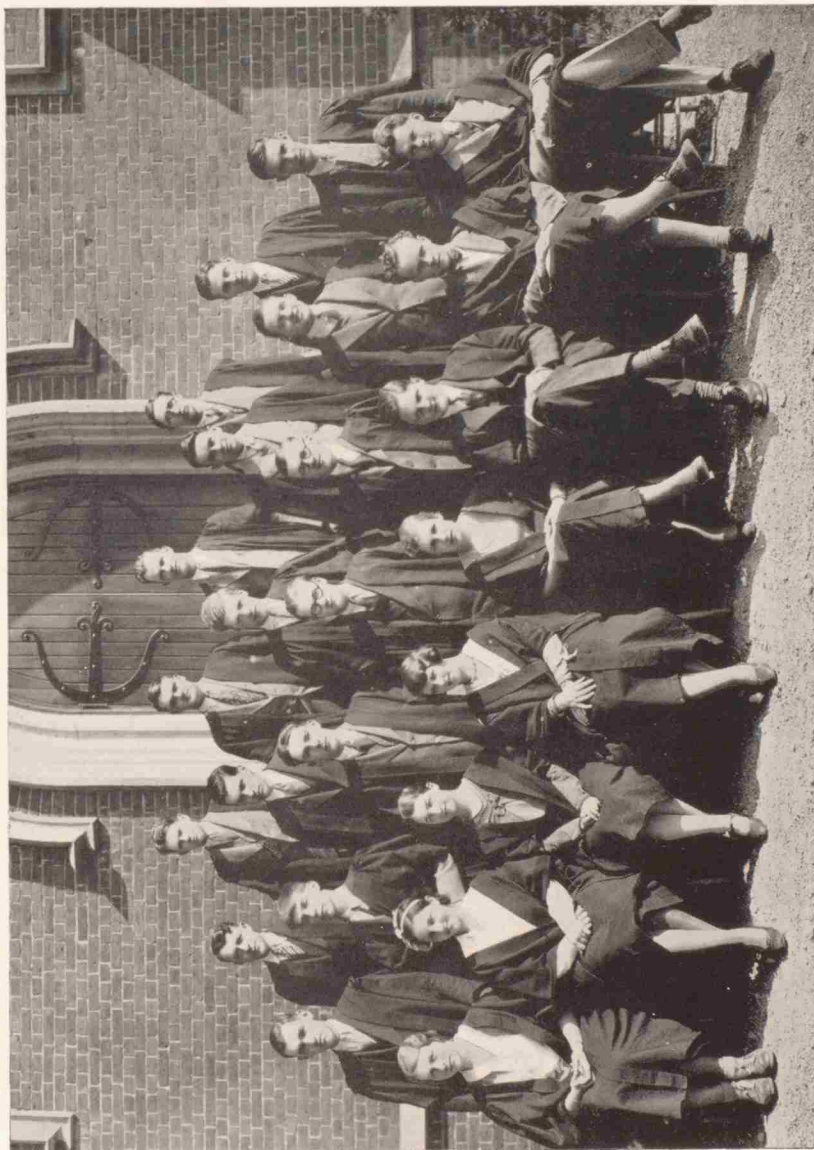

Nancy Wood worries about her work as usual. An ardent hockey-player, we regret that the lateness of the season prevents her putting into practice her somewhat unorthodox views on checking.

Besides attending Glee Club and Dramatic Readings, Harriet Wright has played on the basketball team this year. She continues to hold a position on the Editorial Board of "The Mitre," and is Editor of the Women Students' Association notes.

The students of the Class in Education of 1930 - 31 wish to express to their Director, Doctor W. O. Rothney, their appreciation of the interest and sympathetic supervision he has accorded them during their training.

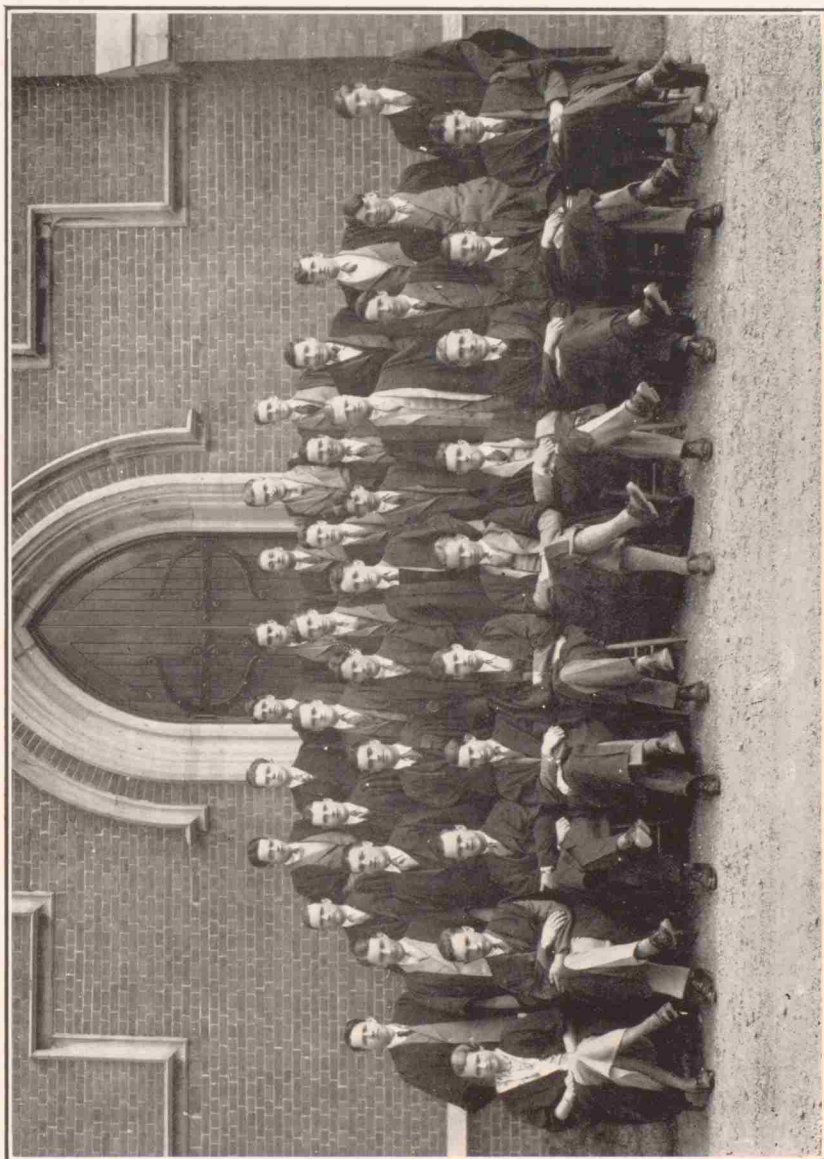

# ARTS '32

Left to Right from front row — Miss E. Austin; Miss L. Beaulieu; Miss G. M. Bleir; Miss G. Hutley; Miss P. M. Montgomery; A. C. Church; J. Cleveland; H. F. Davis; C. W. Dickson; G. W. Doak; G. C. Dyer; E. E. Eades; J. F. S. Ford; G. F. J. Glass; A. J. Hebert; J. Hodgkinson; A. R. McDonald; E. A. McKergow; J. D. McMorrin; D. N. McRae; C. V. Smith; W. C. Stockwell; G. J. Titcomb; E. Wiggett.  
In Absentia — D. W. Buchanan; F. Fleming; G. O. Rothney; F. Cann.

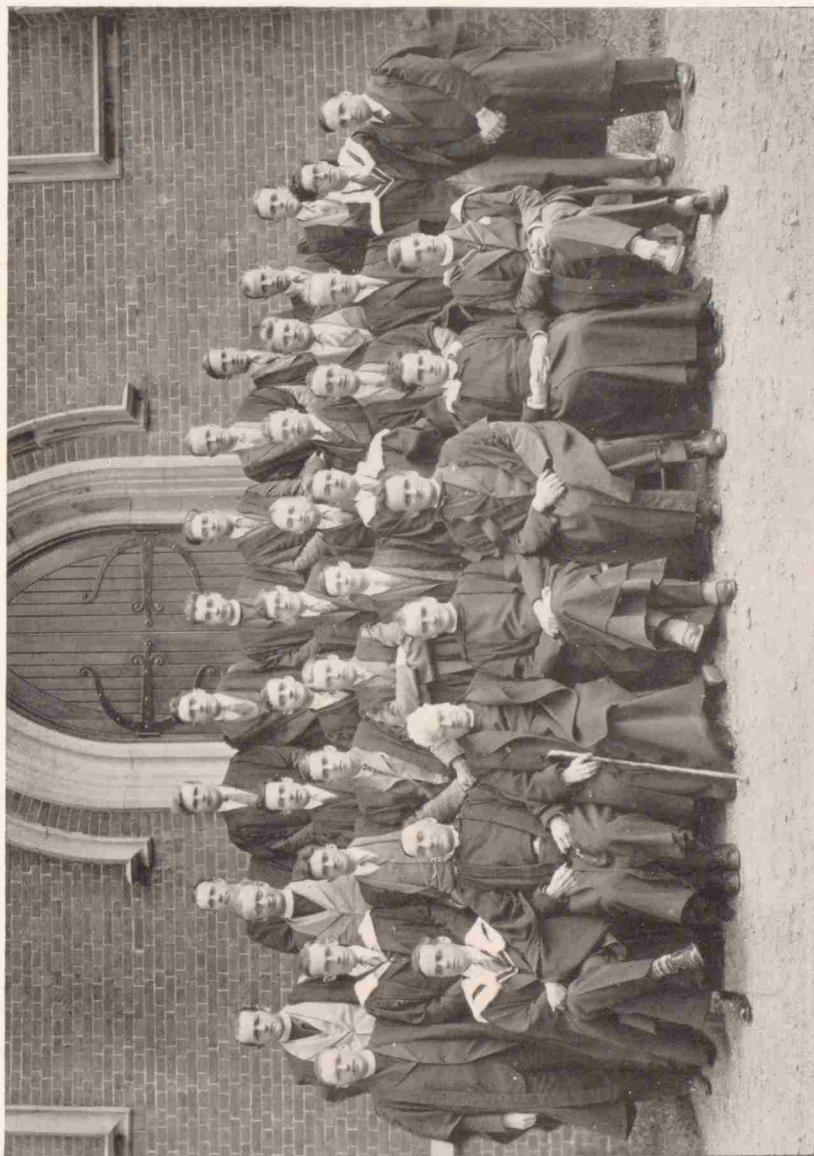

# ARTS '33

Left to Right from front row — Miss S. Loomis; J. Atkins; S. Aird; M. Armstrong; F. H. Baldwin; J. Benson; W. Bradley; P. Broadhurst; T. Brain; D. Brundage; D. Campbell; E. Coristine; E. Field; R. Fraser; H. Gray; G. Harley; I. K. Hume; W. Kenny; E. Lorimer; J. Macaulay; D. McGregor; R. McHarg; S. McHarg; F. C. McKergow; G. A. McMurray; R. McLernon; D. Masson; G. W. Millar; T. O'Neill; G. Osgoode; A. M. Russell; S. Sherrell; W. Stockwell; E. Weaver; A. Williams; A. Woodside.  
In Absentia — A. E. Eng'and; R. Evans.

## FACULTY OF DIVINITY

Left to Right from front up — C. Vaughan, B.A.; Rev. Prof. Burt, M.A.; Rev. Prof. Vial, M.A., D.C.L.; Rev. Principal McGreer, M.A.; Rev. Dean Carrington, M.A.; Rev. C. Sauerbrei, B.A., Lecturer; Rev. Talbot; Rev. R. Trowbridge; A. Anderson; F. Clarke; J. McCausland; R. Sturgeon; R. Thatcher; R. Normabell; C. Gibbs; W. Crummer; R. Brown; C. Reeve; J. Comfort; Rev. C. Ward; L. Macmorine; J. Cole; R. Turley.

# The Class of 1931

T is difficult to say what distinguishes the Class of '31 from its predecessors. Perhaps nothing; but at the same time we cannot help feeling that we *are* different. We may not have done more for the College than any other graduating class, but we hope we have not done less. We have endeavoured to uphold the traditions and standards of the University to the best of our ability and for that we must stand or fall in the memory of future generations at Bishop's.

Of the men who graduate this year, a very large percentage has taken an active part in the various college activities. It is interesting to notice, moreover, that all the members of the Students' Executive Council for this year graduate in June with the exception of one.

Under the able guidance of 'Herb' Skelton, the Senior Freshman, we struggled through our first term and succeeded in the course of time in making some sort of a favorable impression on our Seniors, largely through the efforts of Messrs. Fuller, Mitchell, Puddington and Skelton on the Football Field.

When the Hockey Season came round, Crawford and Puddington turned out and secured places with the teams and Fuller, McCullough and Wallace represented their year on the Basketball Floor.

As well as in the sphere of athletics, the Class of '31 had many interests in the various other student activities during its first year. The Mitre claimed the services of H. M. Porritt as Secretary, and W. W. Davis, as Treasurer; Miss Jackson and C. W. Wiley were also on the Board.

Mr. E. V. Wright, destined to become President of the Students' Association, was the President of the Literary and Debating Society during the session 1928-29, and W. W. Davis was the Secretary-Treasurer.

In the Dramatic Society there were no vacancies for freshmen on the Executive for that year, but H. M. Porritt secured a part in the Society's production of "You Never Can Tell."

During the academic year 1929-30 the class played an even more significant part in the student activities at Bishop's. W. W. Davis was Secretary-Treasurer of the Students' Council and F. L. Pattee was President of the Literary and Debating Society.

Miss Jackson and Messrs. Porritt and Wiley were again on the Mitre Board together with H. L. Hall who joined the Board in his second year. In the Dramatic Society, H. M. Porritt was Secretary-Treasurer, and he and Miss Burt and Miss Ewing acted in "Mary, Mary Quite Contrary," the Society's major offering for that year.

Great credit is due to R. M. Wallace for his initiative in introducing a Badminton Club at Bishop's University, a club destined to become one of the most popular societies in the College.

In athletics the same men who had turned out in their first year proved their worth again on the various college teams. Messrs. Crawford, Fuller, McCullough, Mitchell, Puddington and Skelton were largely responsible for the winning of the first Intermediate Intercollegiate Provincial Championship in Football in the history of the University.

Another Championship was captured by the Basketball Team under the Captaincy of Sam Rudner. The Class of '31 was represented on this team by Messrs. Fuller, McCullough, Mitchell and Wallace. This was another first Championship for Bishop's. Crawford and Skelton were with the Hockey Team in the Lent term which added yet two more championships to the year's credit.

It has been during this present year, however, that the Graduating Class has particularly distinguished itself. A great deal of credit is due to the President of the Students' Association, Mr. E. V. Wright, for his tireless energy and good-will. Under his very capable management we feel that this year has been an unprecedented success. Messrs. W. W. Davis, H. L. Hall, M. M. Medine, W. Mitchell, H. M. Porritt and I. M. Stockwell of this year's Graduating Class also hold seats on the Students' Council as Secretary-Treasurer of the Students' Association, President of The Mitre, Manager of Rugby, Vice-President of the Students' Association, President of the Dramatic Society and Manager of Basketball, respectively.

On the Rugby Team this year Messrs. Crawford, Fuller, McCullough, Mitchell, F. L. Pattee and Puddington filled some of the principal positions in what proved to be a very formidable aggregation under the able captaincy of H. H. Skelton.

Jack Fuller was elected Captain of this year's Basketball Team, but acting under doctor's advice he was obliged to relinquish his position and Charles McCullough, also of the Graduating Class, led the team throughout the season. Messrs. Mitchell and Wallace were again on the Basketball floor, the latter for his third season.

Kenny Crawford was the sole third year representative on this year's Senior Hockey Team.

It is interesting to notice, before closing this chapter in the history of the Class of '31, that H. H. Skelton is the only three-letter man that the College has produced within the last four years.

A word must be said in connection with the C. O. T. C. This has been the Corps' most successful year and it has been in no small measure due to the work of the Adjutant, Lt. E. V. Wright, and also to the support of the Graduating Class.

C. W. Wiley has been the Editor-in-Chief of The Mitre this year and besides the President, H. L. Hall, Messrs. W. W. Davis, C. W. Hall, Porritt, Tomlinson and Humphrey were on the Board.

The President, H. M. Porritt, and George Tomlinson were the two representatives of the present third year on the Dramatic Society's Executive. The former and Miss Greeta Frizzell were in the cast of "The Importance of Being Ernest," and H. M. Porritt also acted as Chairman of the Year Book Committee with Myer M. Medine as Business Manager.

Miss Grace Jackson and Miss P. Strong were respectively President and Secretary of the Women Students' Association for the academic year 1930-'31.

So much by way of a resumé of the activities indulged in by the members of the Class of '31. It will be seen that we have all played a fairly large part in the affairs of Student life at Bishop's University, and we hope that it has not been for the worse, but, if anything, for the bettering of our Alma Mater.

# The Bishop's Centenary-1943

*VISIT THE UNIVERSITY UNDER IDEAL CONDITIONS.*

HAT a striking bill-board, I thought, too bad its all over. I had just returned from Lennoxville and I was gazing rather gloomily at one of the posters for the great event, which had been scattered through various parts of Canada at the instigation of the new Bursar at Bishop's who, by the way, is no less a person than Myer M. Medine. Myer claims that his five year plan (to be completed in three years) will put Bishop's on the map in a really big way and he anticipates a larger enrollment than either McGill or Varsity. I never hoped to have so much fun at the Centenary. The old college was quite gaily adorned for the occasion and the first person I met was Steve Olney — Steve, always of a mechanical turn of mind, was in charge of a merry-go-round on the front lawn. Bill Mitchell was occupying one of the pony saddles on the merry-go-round; Bill is just as fond of riding as ever and he and Jack Fuller have a farm in Arizona where Bill is the head bronco buster. Jack claims that his Arizona golf course is the best in the world and his new pro., Ivan Stockwell, has made some startling records there. I soon decided that the merry-go-round business was good when I saw Arnold McArthur and Don Rattray coming up with their youngsters, but Steve told me that these Scotch people always wanted flat rates. Don and Mac are Professors of Mathematics at Dalhousie now and they put on a Scotch vaudeville act in the evening. By the way, Greeta Frizzell has become quite a lecturer recently; her tour kept her away from Bishop's, but from all reports she is out to prove to the world that the works of Edgar Wallace have played, and are playing a very vital part in the evolution of civilization.

I got quite a surprise when an ecclesiastical gentleman, whose gaiters seemed to indicate episcopacy, stepped off the merry-go-round. I remembered him as Ernest V. Wright, but he seems to have lengthened his name and to my inexperienced ears it sounded rather geographic. One of his companions was Bill Davis; it seems that Bill has taken up radio announcing in addition to his parochial duties. He told me that he and his neighbour Ces Ward were nearly prevented from coming, by frantic meetings with their church societies, when the younger element in the congregation tried to introduce a dress reform. When I came around to the quad, I got another thrill, for there was Rufus Cromwell leading his "Booming Brass Band" in the strains of "Hobble Gobble come to Bishop's." Accompanied by his pals Scotty McLeod and Ken Crawford, Rufus invaded Soviet Russia in the early forties and became famous as the official trumpeter. Ken and Scotty are busy selling "Chemical Creations for Cantankerous Communists," and they sent their regards to the Bishop's Centenary by Reg Carson who surprised us all when he was appointed Canadian Ambassador to Russia. Charlie Reeve is another Bishop's grad who came from Russia this year; he is an active lecturer in Theology there and he and Reg agree that the Communist Five Year Plan was successful but that the time limit was at least fifty years out.

I always rather dreaded business women, but Ruth Mead proved quite an entertaining one. Ruth is now manager of a chain of Hotels owned by the Railway. She gets a good deal of pleasure out of travelling on a pass, — particularly when she looks back on her days as manager of the basketball team. Grace Jackson also fills an important business position. She is superintendent of Street-Car Motormen, and familiar with all the vagaries of the street-railway. The real surprise came when I met Wallace

MacDonald. Fancy him becoming a movie censor after the enjoyment he used to derive from the vaudeville at His Majesty's Theatre. He was telling me about George Tomlinson, who occupied the press for some time after his remarkable seances and psychic experiments became known. He collaborated in this work with Elsa Burt, the noted clairvoyant. Elsa carries on a perpetual feud with flappers who come to have their futures read in the crystal.

When I reached the new gymnasium, in the north-east wing of the Science Building, a Thé Dansant was attracting a large number of the guests. John McGiffin was there of course. He had brought his night-club orchestra all the way from Chicago. John was showing us how his boys could syncopate all the new songs. He told us that gangsters annoyed him for a while, but he found an efficient partner in Charlie McCullough, whose abilities as an official bouncer are the talk of the Windy City. The pianist in the orchestra was our old friend, Gus Wallace. His fame as a jazz artist is spreading rapidly and some of his own musical compositions are top-sellers. Alison Ewing still enjoys dancing; she has lately returned from the very remote south, where she and her husband have spent the last three years in exploration. They were not as fortunate as on their last voyage, when they discovered a sunken Spanish Galleon.

You should have seen "Doc" Henry's new racing car. He stopped off at Bishop's on his way to Daytona where he is expected to excel all existing records. He attributes his success in this line to his pal, Clayton Vaughan, who not only perfected the new racer, "*Greased Lightning*," but also ensured Doc's success by crouching in the pit of the car, and pushing the gas to the bottom while Doc steers. Mac Brett is another person who is going in for speed, but he is rather up in the air about it. When I saw a plane make a perfect landing, on the campus, I recognized Mac in the cockpit, and I later heard that he and Charlie Wiley have won acclaim for their amazing missionary achievements by plane.

The New Bishop's Stadium (part of the Five Year Plan) was attracting quite a bit of attention, but the feature that interested me was Herbie Hall seated alone in the reporters' box. Herbie has become quite a bird lover, and his latest melody, "A Song To Soothe Sentimental Sparrows," is quite touching. He was telling me about his brother George, who after abandoning the Police Force when he became head of all the traffic cops in the Eastern Townships, opened a cooking school for young ladies. Did I tell you about Hum Porritt? He and Lyle Pattee have become an almost permanent fixture at one of the largest theatres in Mexico City where it is said they guarantee to impersonate perfectly, any character in the world's history. Hum says the Mexican Senoritas are not so bad when you get to know them, and Lyle writes Bridge problems for "Life" in his spare time. I was also surprised to hear that Ralph Sturgeon has opened an inn in Northern Ontario, as a refuge for over-worked clergymen. His friend, Bob Trowbridge, on leave from his mission in Patagonia, and one of Ralph's first guests, has named it the "Dew Drop Inn".

Patience Strong was one of the people I met in the Stadium. She has recently returned from abroad where she attended a meeting of the International Bankers' Association. It seems that she was talking to Herb Skelton in Paris. Herb is the owner and manager of three large Ladies' Shoppes. He speaks, with perhaps a tinge of regret, of the days when he did not know crepe marocain from point d'alencon, and when the various mousselines de soie were a closed book to him. Chauncey Pattee, a young lawyer who has already attracted the attention and commendation of his seniors, is Herb's business man, and remains, as ever, serenely amused by life in general. Patience was also telling me about Lillian Salicis. Of course everyone knows that she has become re-

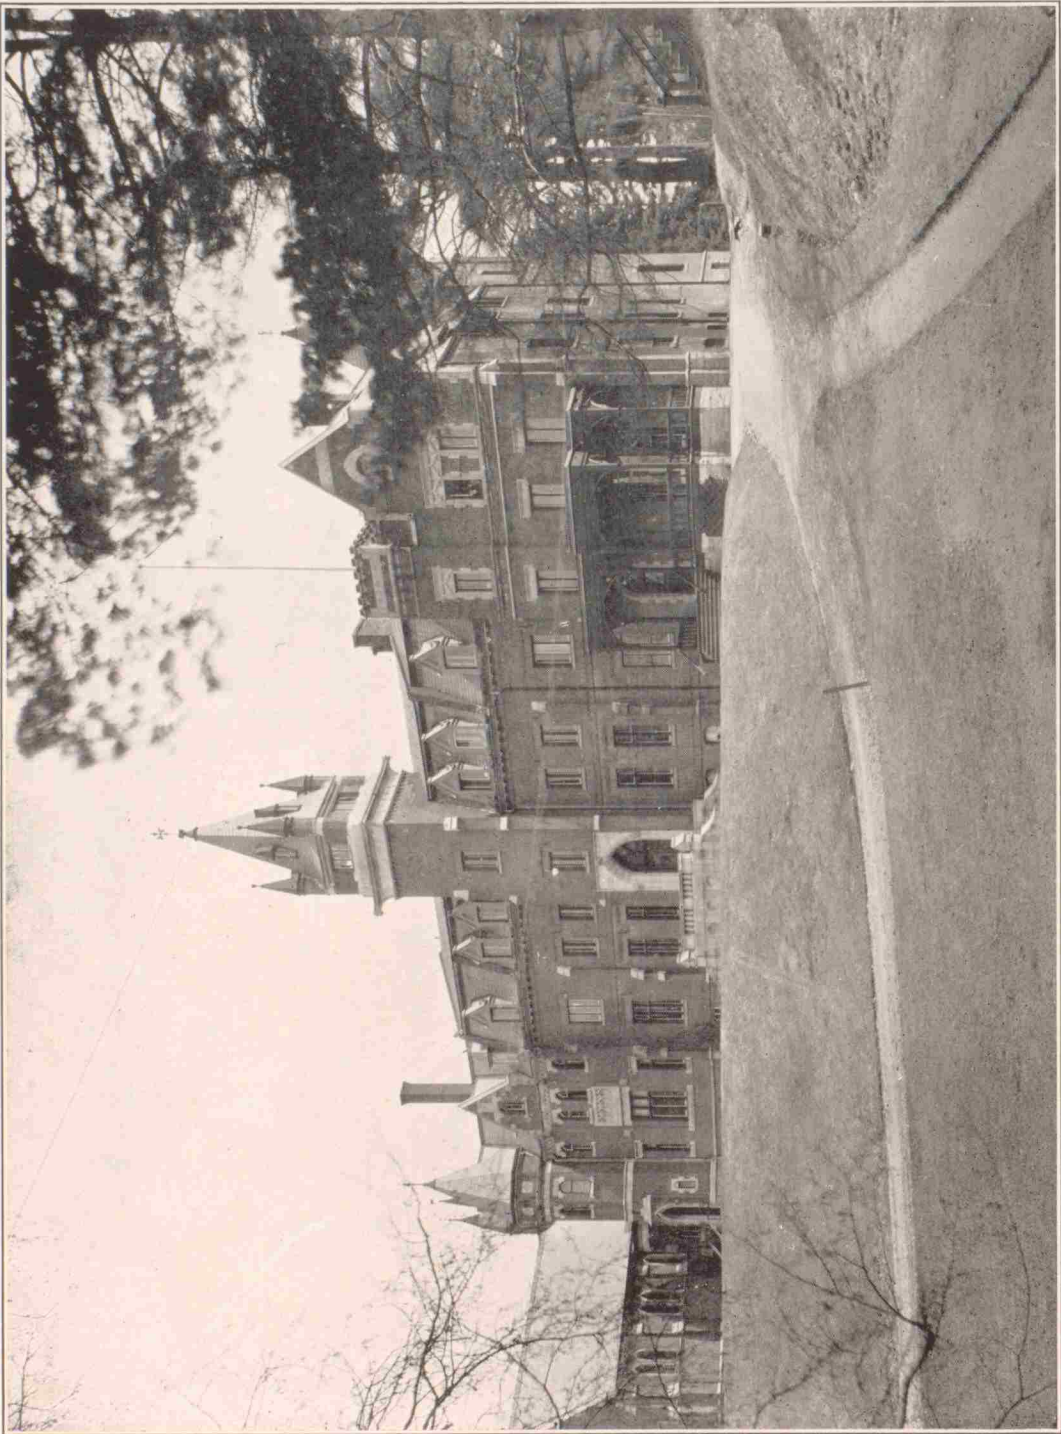

nowned in Europe as a Coloratura Soprano—certainly the last thing one would have expected of her.

As the afternoon waned, the crowds began to line the banks of the Massawippi River to watch the Grads' Boat Race. I met Willard Humphrey on the way. He is rather reticent about his occupation, but most people know that he took over the Dorothy Dix Letter Box some time ago, on the demise of that lady. Some of his writings contain a great deal of metaphorical heavy artillery, and it is rumored that Canon Robert Rowcliffe has a finger in the pie. This latter dignitary is a stern antagonist to what he terms "the revolt of youth," and he has an ardent supporter in Jack Puddington. Following his natural military bent, Jack has become a Lieutenant in the Militia and is convinced that young people need discipline and plenty of it.

As the two boats lined up, I noticed Rupert Buchanan acting as the coxswain of the grads' shell. Buck has been having wonderful success in China where he and Marshall Talbot are in charge of a large new Diocese. I saw Marshall placing a bet on the boat race with Wayne Hall, the new pickle magnate. Wayne has been trying to organize chain pickle factories in South America and he is rapidly getting the impression that the people there are sour enough.

What fun we had to be sure! Now that I have thought it all over I find myself smiling again at the world, a world which the good old Class of '31 is doing its best to improve.

## STUDENTS' COUNCIL

Sitting — M. M. Medine (Mgr. Rugby); W. Mitchell (Vice-Pres. Students' Ass'n.); E. V. Wright (Pres. Students' Ass'n.); W. W. Davis (Sec.-Treas. Students' Ass'n.); G. W. Hall, B.A. (Mgr. Hockey).  
 Standing — I. M. Stockwell (Mgr. Basketball); R. F. Brown (Pres. Lit. & Debating); H. L. Hall (Pres. Mitre); H. M. Porritt (Pres. Dramatics).

## Women Students' Association Executive

Seated — E. Montgomery, M.A. (Mitre); G. Jackson (Pres.); A. Acheson, B.A.  
 Standing — J. Knowles, B.A. (Basketball); S. Loomis; E. Austin (Vice-Pres.); P. Strong (Sec. Treas.); G. Seale, B.A.

# The Women Students' Association

HE Women Students' Association of Bishop's University became formally organized in 1927. A constitution, drawn up separate from that of the men, provided rules necessary for the Club's maintenance under all circumstances. An executive body was formed to consist of: President or Senior Lady, Vice-President or Junior Lady, Senior Lady of first year, Secretary-Treasurer — a third year student — representative of minor societies, Associate Editor of the Mitre, Basketball Manager, a representative of the Graduates in course. Honorary Members, of the Club were:- An Honorary President, and Vice-President, and members of the Alumnae.

Since 1927 all activities have centered in the 'Club Rooms' in the Village. Here all matters are discussed, grave and serious, gay and trivial. Other than business and society meetings the Club Rooms are used for many informal gatherings and, we have heard it hinted, even for an occasional dance.

One of the major societies which seems to have an irresistible attraction is the Ladies' Glee Club. This year Mrs. Boothroyd has directed it in her usual capable and happy manner. Only members of the Glee Club can possibly appreciate the untiring interest which she has always taken in its welfare. Meetings have been held every Wednesday followed by a social hour. Aubrey Acheson has been a most efficient Secretary of the Glee Club, as well as its ever willing pianist.

This year our Dramatic Society has flourished and has received the whole-hearted support of the majority of girls. Under the able direction of Mrs. Carrington, the following plays have been read: Bernard Shaw's "Appelcart," "Arms and the Man"; Drinkwater's "Abraham Lincoln"; Barrie's "Alice Sit by the Fire"; and Sheridan's "School for Scandal." We would like to thank Mrs. Carrington for the kind hospitality shown us in her home. This Society is perhaps the most worth-while of all the Women Students' activities. Besides the keen enjoyment taken in the reading of the plays an appreciation of dramatic art is gained.

Another important factor in college life is "The Mitre." The Women Students have four representatives on the Mitre Board: Lady Editor, Eileen Montgomery; Exchange Editor, Grace Jackson; Associate Editor, Harriet Wright; and Circulation B., Geraldine Seale. The Year Book Committee also claims the services of three girls upon its Literary Board.

Bishop's Coeds are enthusiastic athletes. Although their hockey season did not open till late, the girls were able to organize a very efficient team. Much credit is due to Patience Strong for the business-like way in which she has managed the team and — "Lefty." Two games were played against Lennoxville High School, both of which were lost by the College. The girls are sorry not to have had the fun and pleasure of the annual Coed - Divine Hockey Game. It is hoped that next year will see a very much improved and stronger team.

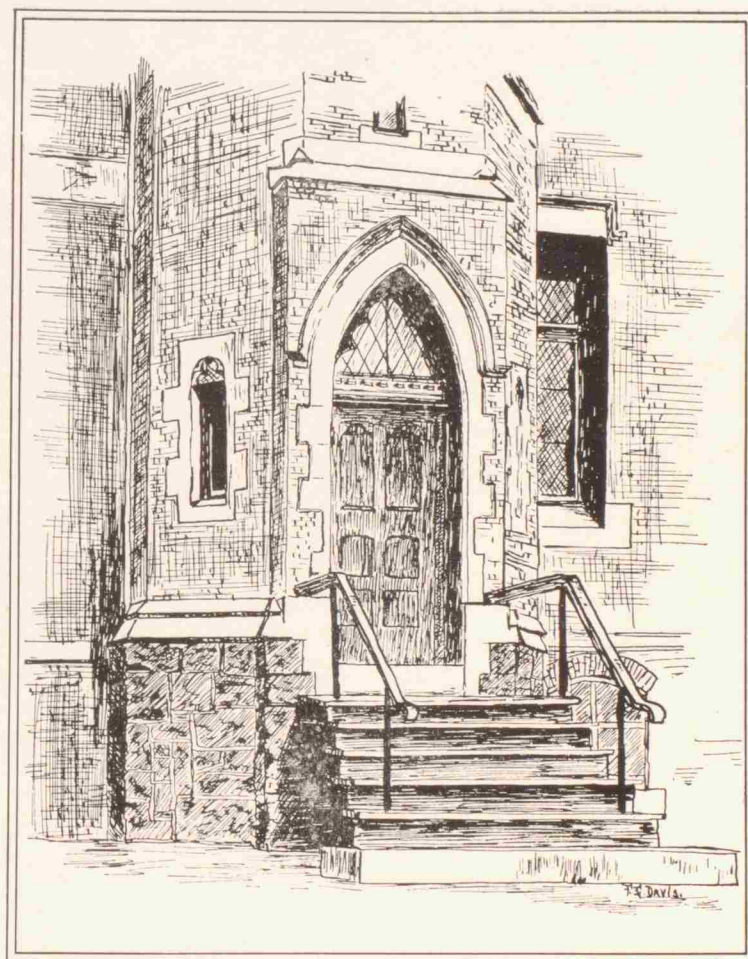

More important than hockey, however, is basketball which begins in the Michaelmas Term and is carried on throughout the winter until Easter. Practices are held regularly on Tuesday and Thursday afternoons. It has been difficult this season to maintain our former standard because of the scarcity of players; but credit is due to

every girl who has turned out regularly for practices and helped to make the team the success it has been. With Jessie Knowles as captain — herself a stellar player — and Ruth Mead as manager the games have been well handled, and the results very satisfactory. A series of games have been played against Sherbrooke High School; Sherbrooke Y.W.C.A.; R.V.C. Montreal; King's Hall, Compton, and the Y.W.C.A., Quebec City.

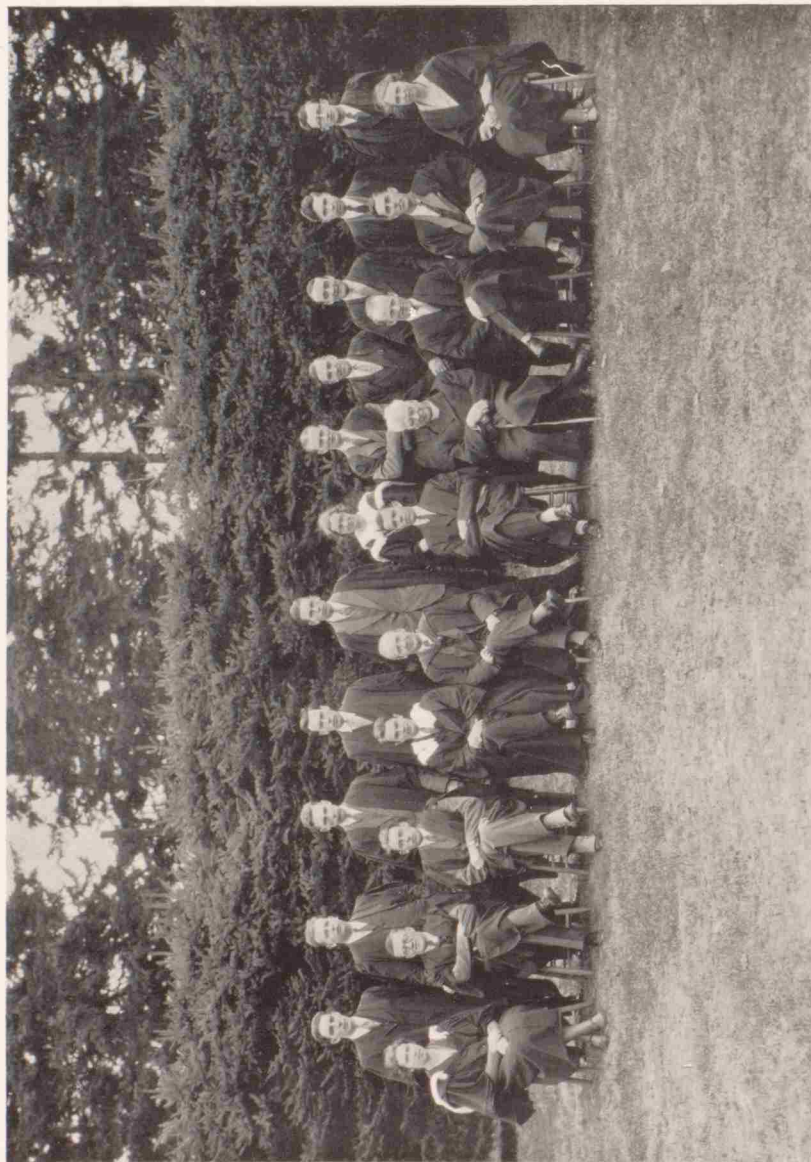

The Women Students gave a Tea Dance, and also a Bridge last autumn, which proved very satisfactory to their finances. This, together with gifts from the Alumnae and Corporation, amply filled the treasury for their academic year. We are proud of our Club and the success it has achieved from the start, and we would like to pass on to those who will follow all our hopes and good wishes for the future.

## The Mitre Board 1930 - 31

Seated — Miss G. Seale; J. S. Ford; T. Matthews; C. W. Wiley (Editor-in-Chief); Dr. W. O. Raymond (Hon. Vice-Pres.); H. L. Hall (President); Dr. F. G. Vial (Hon. Pres.); W. W. Davis (Treasurer); R. E. Osborne (Advt. Mgr.); Miss G. Jackson.  
 Standing — G. C. Dyer; R. H. Thatcher; J. S. Atkins (Sec'y); A. Anderson (Circulation Mgr.); G. H. Tomlinson; Miss H. Wright;  
 H. M. Porritt; R. Turley; A. V. Ottiwell; C. W. Hall; W. Humphrey.  
 In Absentia — Miss E. Montgomery (Lady Editor); F. P. Clarke (Ass't. Editor).

# The Mitre

WITH the close of the year 1930 - 1931, The Mitre has passed its thirty-eighth year. This year the Board abolished the policy of publishing seven issues during the academic session and, instead, only published five — one every two months of the college year. This change was brought about for a number of reasons: Financially, it seemed impossible to publish seven issues on account of the limitations in advertising. Again by having only five issues, more time would be at the disposal of the Board for the selection of the best material handed in, which would do away with a certain amount of "padding" which was gaining headway in the pages of the Mitre. The Board determined from the outset, however, that although the number of issues was decreased yet its standard would not be lowered. The numerous compliments which the Board has received with regard to this year's publication of the Mitre, go to prove, only too well, the maxim that quality, and not quantity, counts. New ideas were brought forward to enliven the pages of the Mitre: various cuts pertaining to the College were used in each issue; a set of sport cuts was purchased and used whenever possible; money prizes were offered each issue for the best poems, short stories, and essays; an account of each of the various societies appeared in every issue, with the result that variation and different types of reading matter were introduced to the pages of the Mitre. It seems unanimous that the policy of having five issues is most advantageous to the Mitre. Though this means only one issue every two months, yet the reading matter is quite up to-date.

It is very difficult to single out any one person who has helped to make the Mitre a success, as the Board, as a whole, has responded to and fulfilled their duties in a gratifying and whole-hearted manner. Mr. C. Wiley deserves special mention for his untiring work as Editor-in-Chief, in which position he ably acquitted himself. Great credit is due him for the careful manner in which he arranged the material for each issue. The Cover Committee is to be congratulated on its artistic taste in the choice and colours of the covers. The Advertising Manager, Mr. R. E. Osborne, and his assistants deserve mention for their hard work which contributed largely to the success of the Mitre. As in past years, Dr. Vial, Dr. Raymond, and Mr. Sauerbrei have aided the Mitre this year with their helpful suggestions. The subscriptions have fallen down this year from last year through no fault of the Circulation Department, but through the carelessness and forgetfulness of the graduates. At the commencement of the year, Mitres, with subscription forms, were sent to all graduates whose addresses were known. The Mitre is a publication which every graduate ought to feel proud of receiving. It is the only college publication in which graduates are informed of what is taking place and how their College is developing.

It is very gratifying to report that the Mitre has been successful in every way this year and it is hoped that a considerable balance will be left for next year's Board. Congratulations are extended to Mr. John Ford, who was elected President of the Mitre for the session 1931-32. The Board wishes him every success in his duties next year in carrying on the work of the Mitre and in maintaining the standard as set by its predecessors.

## Literary and Debating Society

Seated — R. F. Brown (Pres. & Team); Prof. E. E. Boothroyd, M.A., D.C.L. (Hon. Pres.); J. F. S. Ford (Sec'y & Team)  
 Standing — J. Hodgkinson (Councillor); G. W. Hall, B.A. (Team); F. P. Clarke (Team).

## Bishop's University Literary and Debating Society

It is with a feeling of much pleasure that one records the activities of this Society during the past year. Week after week from the early part of the Michaelmas Term to the end of the Lent Term the Literary and Debating Society carried through its programme which for variety of interest and entertainment has not been surpassed in the history of the Society.

The Executive was guided aright when it changed the weekly meetings of the Society from Friday to Thursday, for the average attendance showed a very marked improvement over that of former years. In addition to the usual weekly programme of debates and papers, several of the evenings were set aside for impromptu speaking and the innovation proved very successful. It was particularly gratifying to observe, throughout the year, the great interest taken by the freshmen in the affairs of the Society.

In October a very interesting debate took place in Convocation Hall, under the auspices of the National Federation of Canadian University Students, between Bishop's men and representatives of the Universities of Aberdeen and Bristol. A very large audience was attracted by the event. The subject, "Resolved that this House would favour a tax on bachelors," was keenly debated and it is pleasing to record that the victory was awarded to the men of this University who were supporting the negative side of the case.

The Inter-Faculty Debates were as hotly contested as ever and the Arts Faculty is to be congratulated on securing the Skinner Trophy for the fifth successive year. The first of these debates was held in November when the Arts Faculty successfully supported the subject, "Resolved that an apartment is the most desirable form of dwelling place." The next encounter between the Faculties took place in January when the Divinity men successfully maintained the affirmative of "Resolved that war is inevitable." The subject for the last of the series, held in April, was "Resolved that maidens like moths are ever caught by glare." The Arts Faculty which supported the affirmative secured the victory and so retained the Skinner Trophy. As usual these debates, which are open to the public, were held in Convocation Hall and the interest in them was enhanced by the inclusion in the programmes of short music recitals by members of the student body.

The Society made a very good showing in the Inter-University Debating League. The debates were held in February and the subject under discussion, "Resolved that this House endorse the stand taken by the Canadian Delegation at the recent Imperial Conference," proved very interesting indeed. Representatives of Ottawa University came down to Lennoxville to uphold the negative side of the motion: the debate was closely contested and the victory, which is secured by a majority of judges' decisions, was awarded to Bishop's 2 - 1. Simultaneous with the contest with Ottawa, representatives of Bishop's met McGill in Montreal to support the negative side of the same motion. The decision went to McGill 2 - 1 but it is interesting to record that our men won on points having a margin of eight to their credit.

The outstanding feature of the activities of the Society during March was the staging of a Mock Trial. Convocation Hall provided a fine setting for the Court, and all those taking part — some twenty-seven students — carried the event through to a splendid success. In staging the Mock Trial the Society revived an old custom and the enthusiastic reception of the venture this year most certainly warrants a continuation of the practice.

## Dramatic Society Executive

Sitting — A. C. Church (Vice-Pres.); Dean Carrington (Director); H. M. Porritt (Pres.); Rev. H. C. Burt (Hon. Pres.); A. V. Ottiwell (Sec'y-Treas.).  
 Standing — J. McCausland (Prop. Mgr.); G. H. Tomlinson (Bus. Mgr.); L. Macmorine (Stage Mgr.); S. E. A. Sherrell (Promp'r)

## Bishop's University Dramatic Society

PROBABLY this year has been one of the most successful in the whole history of the Dramatic Society. With the precedent of presenting good plays already firmly established, the Executive felt that the same high standard must be maintained if not excelled this year.

It was felt, moreover, that the production of one major play a year does not afford a sufficient opportunity for the number of students who might be desirous of acting with the Bishop's Dramatic Society, and consequently it was decided to present three one-act plays in Lennoxville in November. The purpose of staging these plays was to develop new talent within the University and to give some practical experience to any students interested in Dramatics, whether from the point of view of acting or of doing stage work. The result was that some twenty-five students were able to take an active part in the productions of the Society in the Michaelmas term.

Another innovation the Executive introduced this year for the first time was student directorship. This, it was realized, would give to students a certain amount of experience in yet another and very vital department of the theatre. Thus, two of the trilogy of one-act plays presented were directed by students.

Dean Carrington, the Director-in-Chief of the Society, produced Bernard Shaw's "Annajanska, the Bolshevik Empress," and A. C. Church was responsible for the production of A. A. Milne's "The Man in the Bowler Hat." The third of the one-act plays was "Karl-Ludwig's Window," by 'Saki', (H. H. Munroe), and was directed by the President, H. M. Porritt. It was highly gratifying to the Executive to see the manner in which these plays were received and the company played to a capacity audience.

The Major Play for this year was Oscar Wilde's "The Importance of Being Earnest," which was presented at the His Majesty's Theatre in Sherbrooke on April 22nd. It was, to say the least, an ambitious undertaking to stage a play of this type, especially as it was done in the settings and costumes of the period of 1895, and the success it met with reflects great credit on all the various departments concerned as well as on the Society as a whole.

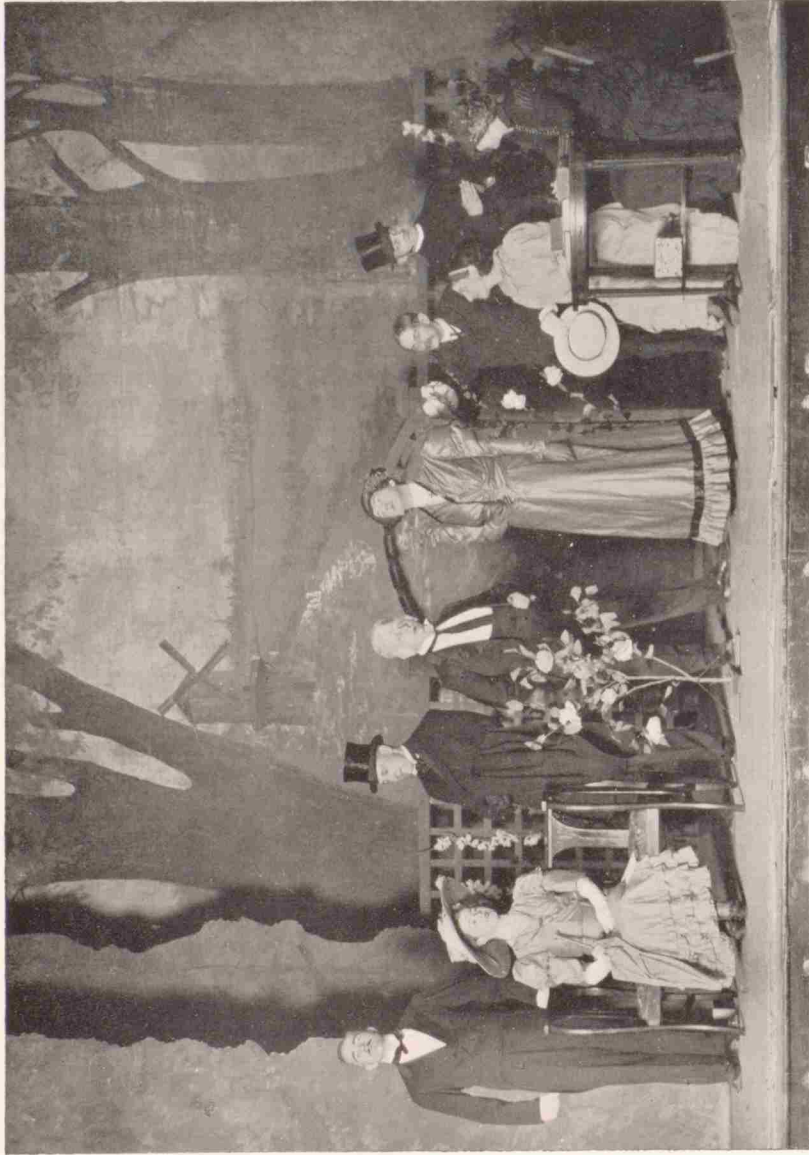

The production followed closely along the lines of Nigel Playfair's revival in London this summer and the original text was adhered to rather than the somewhat abridged Acting Version. Few plays that the Society has presented in recent years proved so mirth-provoking and the enthusiastic reception the large audience gave the company was ample testimony to the success of the evening.

All the actors worthily upheld the best traditions of the Society for competent work, careful attention to detail, and real ability.

The Stage and Property departments had a difficult task in making the sets look sufficiently Victorian and in securing the proper period furnishings, but the manner in which they met and overcame the various obstacles was highly commendable.

So far no word has been mentioned about the Director. To him go the honours of the production of "The Importance of Being Earnest," and it is due to Dean Carrington's tireless energy, patience, and the trouble he went to that the play was such a really finished piece of work. His timely advice and consideration for the actors made rehearsing a genuine pleasure and he deserves the whole hearted thanks of the Society. His services to Bishop's Dramatics this year cannot be overestimated.

## Cast of "The Importance of Being Earnest"

Left to Right — J. C. Cole (Lane); Audrey Acheson (Hon. Gwendoline Fairfax); R. R. Buchanan (John Worthing, J.P.); R. H. Thatcher (Merriman); Mrs. Carrington (Lady Bracknell); H. M. Porritt (Algernon Moncreff); Iola Beaulieu (Cecily Cardew); A. C. Church (Archdeacon Chasuble, D.D.); Greeta Frizzell (Miss Prism).

## The Ladies' Glee Club

Standing — A. Ewing; G. Jackson; Mrs. E. E. Boothroyd; O. Brock, B.A.; R. E. Mead.  
Seated — G. Seale, B.A.; G. M. Bleir; E. Burt; A. Acheson, B.A.

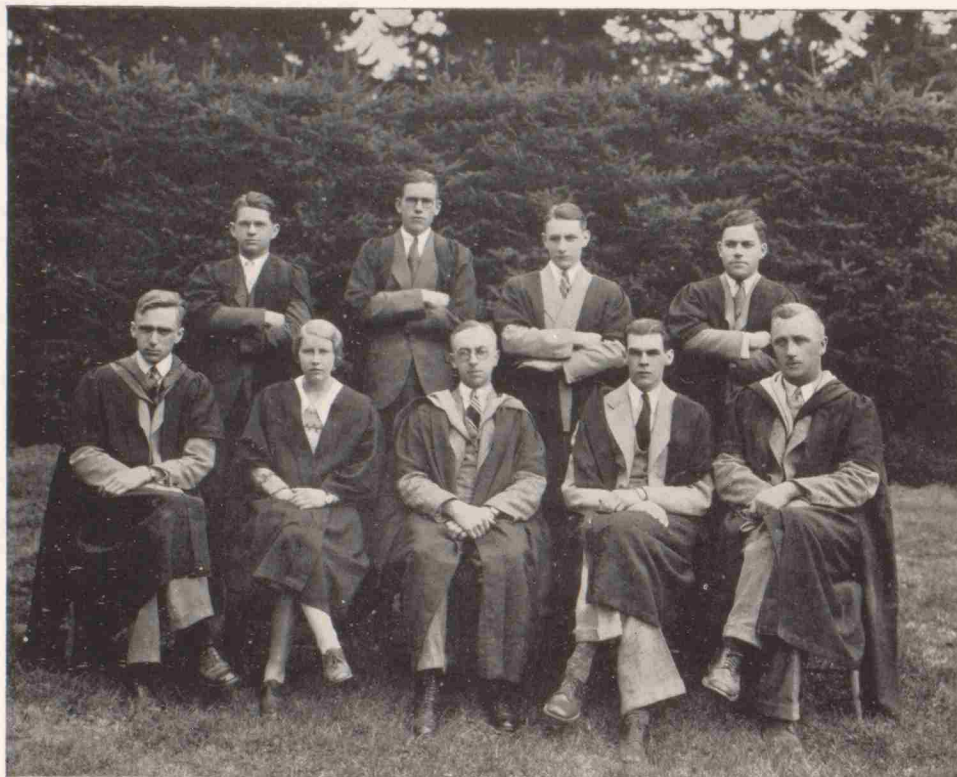

THE Ladies' Glee Club managed to flourish very well this year in spite of adverse conditions. It met every Wednesday afternoon, alternating between the homes of Mrs. Boothroyd, and various other members of the Club. Mrs. Boothroyd, Mrs. Burt, the Misses Stevens, Mrs. Seale, Mrs. Jackson, and Mrs. Nodding have all thrown open their homes to us for these practices, and delightfully entertained us with tea afterwards. Now and then we welcomed the exhilarating addition of non-members at tea-time, and two or three times we rolled up carpets and danced.

In addition to keeping up last year's favorite songs it attempted several new part-songs and an old Welsh air, and attained some degree of success, in spite of a scarcity of altos. Frequently, too, quite old songs were dug up and acquaintance renewed with them.

Our number was small to be sure, eight members in all, but Mrs. Boothroyd has directed us, as usual, with such enthusiasm, and every one of the members has so loyally contributed her share in support of the Club, that the interest is still glowing, ready, we hope, to be fanned up by many more girls next year. We did not ever consider displaying our talent in public this year, for the simple reason that the volume of our harmony would hardly have reached the back of a large hall, and even had there been a University Glee Club to support us in a concert, we would have been hopelessly drowned out. We therefore reserve the pleasure of our singing for ourselves alone, and without exaggerating we consider that we have spent a very pleasant and profitable year.

## The Maths and Science Club

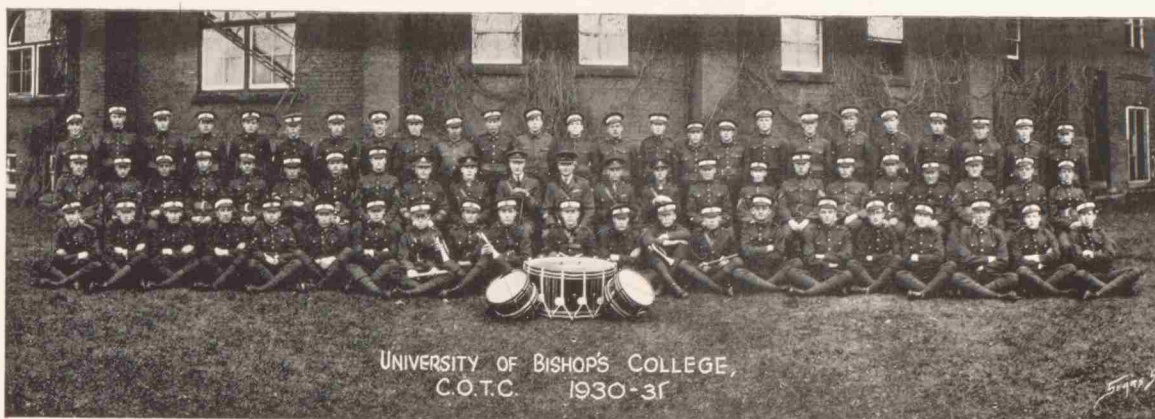

Seated — Prof. A. L. Kuehner, M.A.; Miss R. E. Mead (Vice-Pres.); Prof. A. V. Richardson, M.A., D.C.L. (Hon. Pres.); E. T. Henry (Pres.); Prof. M. Home, M.Sc.  
Standing — C. V. Smith; G. H. Tomlinson; E. S. Coristine; M. M. Medine.

**S**INCE this is the first appearance of this Club in the Year Book, perhaps a brief resumé of its activities from the date of founding some six years ago would be appropriate.

At that time, the members were mainly students of the Science Department. The first paper was given by the founder, Professor Kuehner. He was followed by different members of the Faculty. Although the original idea was for the students to do this, nothing much was really accomplished till last year, when they began to take a more active part and this year practically all the meetings were addressed by students. Thus, the original plan was more closely followed.

This year was undoubtedly the best in the Society's history. Although not one of the most important organizations in the College, nevertheless, the attendance at each meeting was very good, due, probably, to the interesting topics which the different speakers selected. Two members of the Faculty spoke, but, for the most part, the several papers were delivered by members. In this connection it is of interest to note that each discourse gave rise to a general discussion and thus showed the great interest of the members in each of the various subjects.

The Executive would like to thank the student body for the co-operation which they so generously gave and which greatly helped to make this a banner year. Our thanks are also due the different speakers who so kindly gave of their valuable time.

Col. A. H. McGreer, O.B.E., M.C.; Major S. Sanders, O.C.; Lieut. & Adj. E. V. Wright; Lieut. G. C. Dyer; Lieut. R. A. Carson; C.S.M. A. V. Ottiwell; C.Q.M.S. J. H. Dicker; Sgt. G. A. McArthur; Sgt. J. Comfort; Sgt. R. Cromwell; Q.M.S.I. Auclair.

ISHOP'S University Contingent may look back upon the season of 1930 - '31 as an epoch-making year in its history, as it saw the largest enrollment of gentlemen-cadets in the annals of the Corps.

The Annual Inspection took place in the Armoury of the Sherbrooke Regiment on March 27th. when Colonel Beeman, D.S.O., of Military District No. 4 reviewed the troops, and expressed his satisfaction with the splendid physique and steadiness of the men on parade. It was especially gratifying with regard to the inspection to note the keen interest which Colonel Beeman displayed in the contingent, and we feel justified in expecting that a keener interest in our Corps will be shown by Headquarters in the future. During the afternoon of inspection Colonel Beeman and his party visited the University and inspected the Armoury and the Q. M. Stores. At the completion of his inspection he congratulated the officers on the excellent way in which everything was arranged.

The number of men on parade at the Inspection was seventy-two (all arms), a very impressive enrollment for a University with a total male student body of only approximately one hundred and twenty-five. This year eight men wrote the War-Office examinations for their "A" certificates, but the results have not yet been received at the time of going to press.

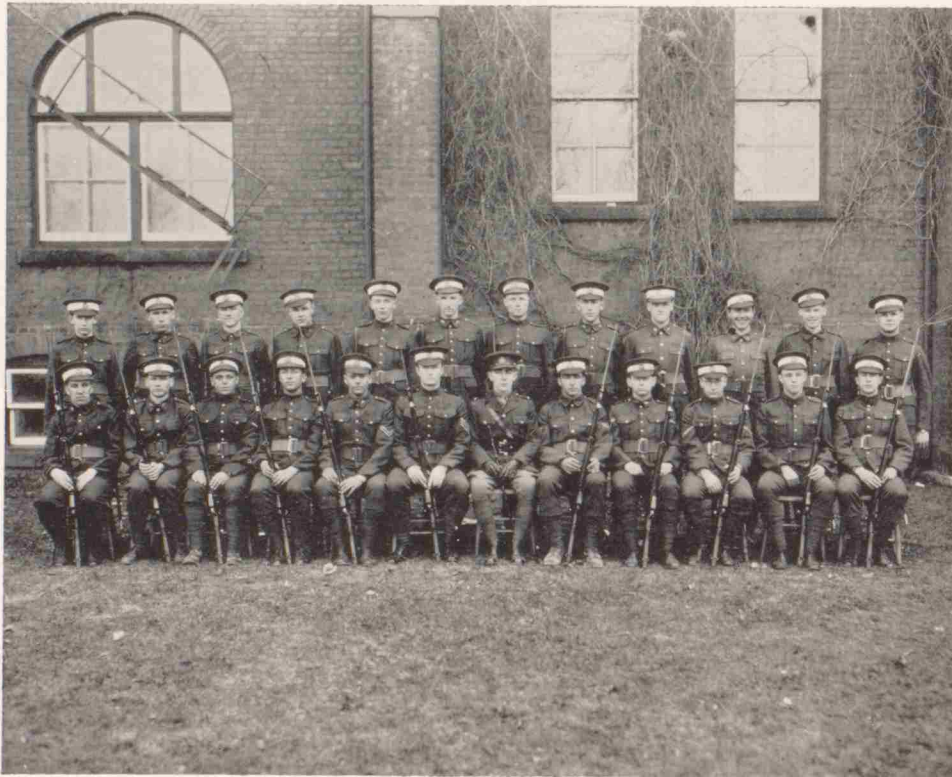

Prizes were given to the best shots in the Corps, the winners being as follows:- T. R. Kenny, 1st.; C. W. Wiley, 2nd.; C. V. Smith, 3rd.;

In the annual platoon competition, Number Two Platoon, commanded by Lieut. G. C. Dyer, was successful in winning the Ross-McMurty Cup. We congratulate him and his platoon.

Three dances were given this year for the members of the Corps, one during each term of the academic year, and these constituted some of the most pleasurable features of the O. T. C. programme.

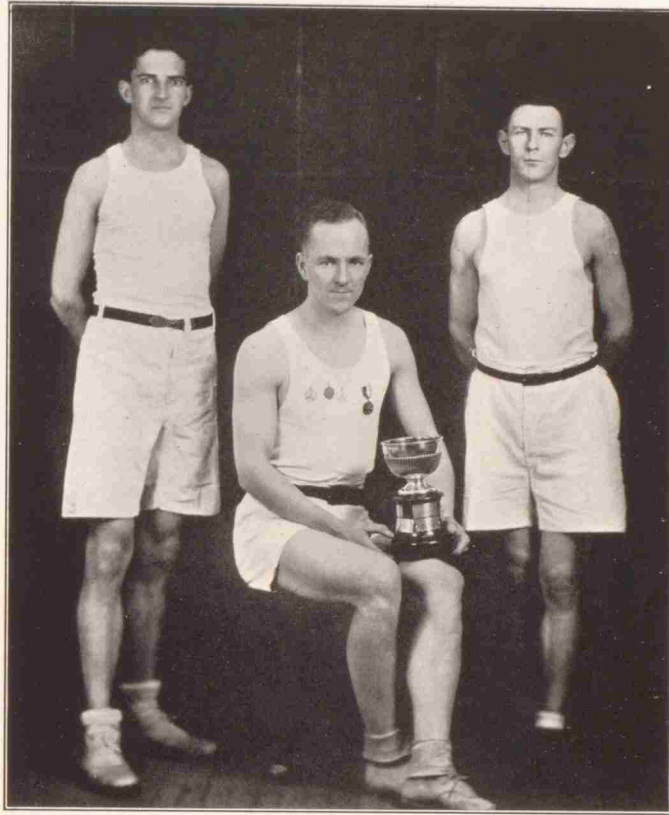

## No. 2 Platoon

Winners of the Ross- McMurty Cup

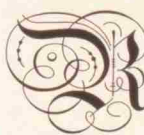

## Dunn Cup Team - Faculty of Divinity

G. Kestell Cornish; J. C. A. Cole; J. H. Dicker.

### MINOR ATHLETICS

OAD races attracted much attention this year, and were keenly contested in the Fall of 1930. The first of the two, the McGreer Shield Road Race, was run on October 17th and proved to be very interesting. J. C. A. Cole established a new course record, easily defeating a field of eight runners to set up a mark of 27 min. 5 sec. C. L. Gagnon, B.A., a former winner of the race, took second place, and E. S. Weaver followed in third.

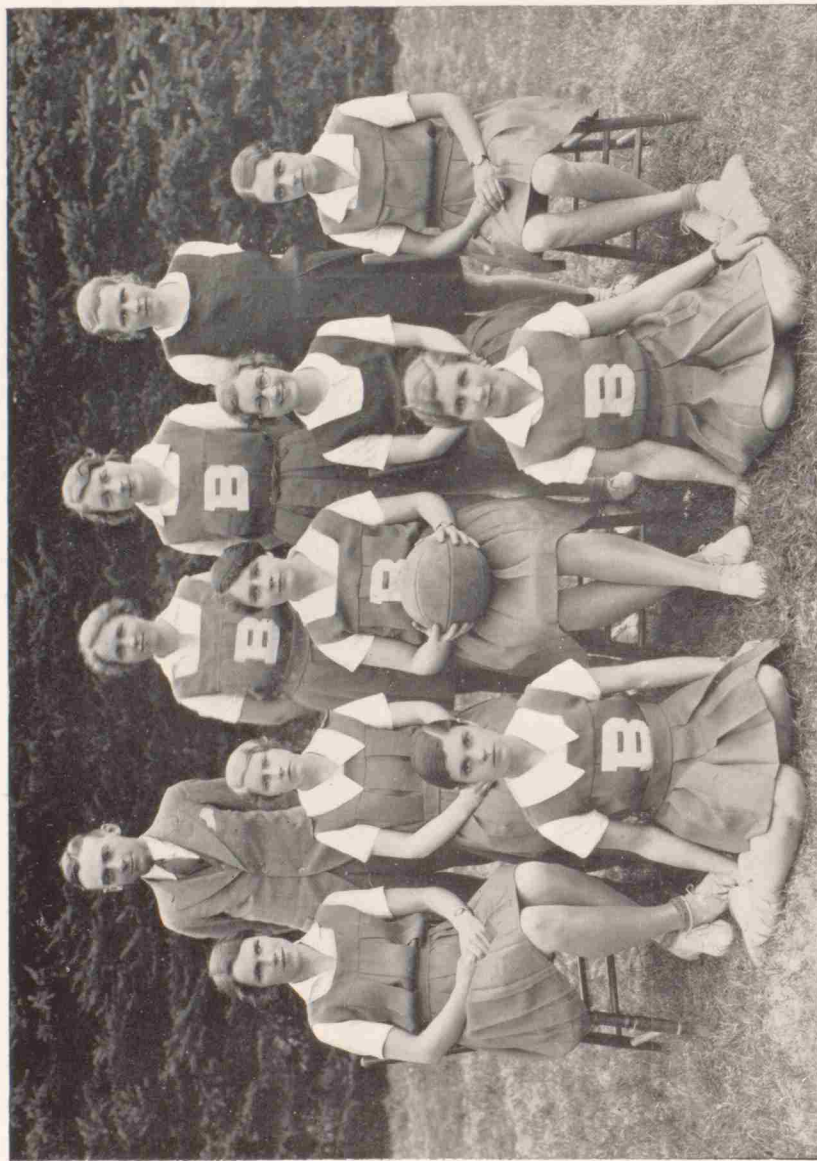

The Dunn Cup Road Race was also very keenly contested and both Divinity and Second Year teams fought hard for victory. Divinity eventually won, although the contest was not fully decided until the very last lap, when Divinity made a sure bid for victory.

Tennis at Bishop's is at present a very minor sport — so minor in fact that we lack first class tennis courts. This is a severe drawback to most of those persons who take a keen interest in the game, but this will probably be remedied shortly.

As usual Golf occupies much of the spare time of Bishop's students in both the Springtime and the Autumn. The Meredith Challenge trophy was won last Spring by J. P. Fuller of Sherbrooke who played a good, steady game to defeat a very strong field of competitors.

The College golf course is rapidly becoming one of the best in the Eastern Townships and golf occupies a prominent part in the athletic activities at Bishop's.

## Ladies' Basketball Team

Front Row — L. Salicis (Sub. Centre); P. Montgomery (Forward).  
 Middle Row — M. Brewer (Forward); R. Mead (Manager); J. Knowles (Capt. Defense); H. Wright (Sub. Forward); J. Pearton (Sub. Forward).  
 Top Row — M. Wallace (Coach); G. Jackson (Defense); E. Austin (Centre); S. Loomis (Forward).

# Ladies' Basketball

WING to the small number of coeds and to the loss of the three girls who comprised the forward line for the last three years, the Women's Basketball Team has been at a disadvantage this year. However, in spite of this handicap the team has made a very creditable showing, due to the capable coaching of Miller Wallace and the enthusiasm with which the girls worked throughout the season.

Out of the eight games played this year we have won four, two from the Y.W.C.A. in Sherbrooke, one from King's Hall, Compton, and one from the Y.W.C.A. in Quebec. The games which we lost were with Sherbrooke High School, Royal Victoria College, Montreal, and one with King's Hall.

## *The Team:*

JESSIE KNOWLES — *Captain and Right Defense.* This year Bishop's loses an enthusiastic basketball player in Jessie. During the entire four years she has spent here she has filled a position on the team. Jessie puts forth her best efforts to keep the opposing team from scoring and she will be missed next year.

GRACE JACKSON — *Left Defense.* Grace is another who we will miss next year. She has played hard all season and filled her position extremely well.

EVELYN AUSTIN — *Centre.* For dependable, consistent jumping and excellent defense work "Chev" cannot be beaten. She is one of the hardest players on the team and we are glad she will be back next year.

LILLIAN SALICIS — *Side-centre.* Roo is undoubtedly the quickest person on the team. Last year as defense she played a good game, but this year she fills her position even better. She rarely misses a pass and as for her shooting — well she is top-scorer this year.

SYLVIA LOOMIS — *Forward.* Sylvia is the only new-comer to the team this year. Her accurate shooting and quick passing have won for her a place of distinction on the team. We are hoping to see her back next year as she is one of the best players Bishop's has ever had.

PHYLLIS MONTGOMERY — *Forward.* From the position of sub. last year Phyl has become a member of the regular team. She has filled her position well and we are expecting still better things from her next year.

MARY BREWER — Although Mary is not a coed, she has shown the true Bishop's spirit, turning out regularly to practices. She made the team, and playing defense and forward, filled both positions remarkably well.

HARRIET WRIGHT — *Sub-forward.* Another player whom we lose this year. Harriet is a good shot and we can always depend on her to play a neat and steady game.

JEAN PEARTON — *Sub-forward:* Jean is a player who has shown good sportsmanship in turning out so regularly to practices and in playing hard in the games in which she took part. We are sorry to lose her this year.

PATIENCE STRONG — *Sub-defense:* Although Pat never played basketball until she came to Bishop's, she has shown steady improvement in the game and this year has taken part in several games.

MILLER WALLACE — *Coach.* Gus has made a very efficient coach and with the assistance of Charlie McCullough, has developed an excellent combination of passing and shooting.

# The Rugby Season

THE Intermediate Rugby Team of 1930 proved a worthy successor of the Quebec Provincial Championship Aggregation of 1929, and although the Provincial Title did not come their way, their showing in every game was impressive and their only defeat of the season, which came in the final match with Loyola College, was by a narrow margin which might easily have been reversed. Quite a bit of apprehension as to the possibilities of the team was felt at the beginning of the season when it was realized that over half the 1929 regulars were gone; but with Coach E. X. Montague at the helm, the material at hand developed into a well balanced machine, which turned in a creditable performance in every encounter. A great deal of credit for the success of the 1930 Rugby Season at Bishop's University must be attributed to the training ground of Bishop's College School, for fully seven men who played among the regulars on Bishop's Teams were formerly students at that institution.

Bishop's defeated McGill University twice and ended up their first game with Loyola College in a 9 - 9 deadlock. The struggle of the year came at Loyola where the Purple and White colours were finally lowered after a thrilling game in which neither team had any perceptible advantage.

An innovation was introduced in the opening part of the season by the introduction of a graduates' game, which was held on September 27th. The Team showed promising form on this occasion and won by a comfortable margin.

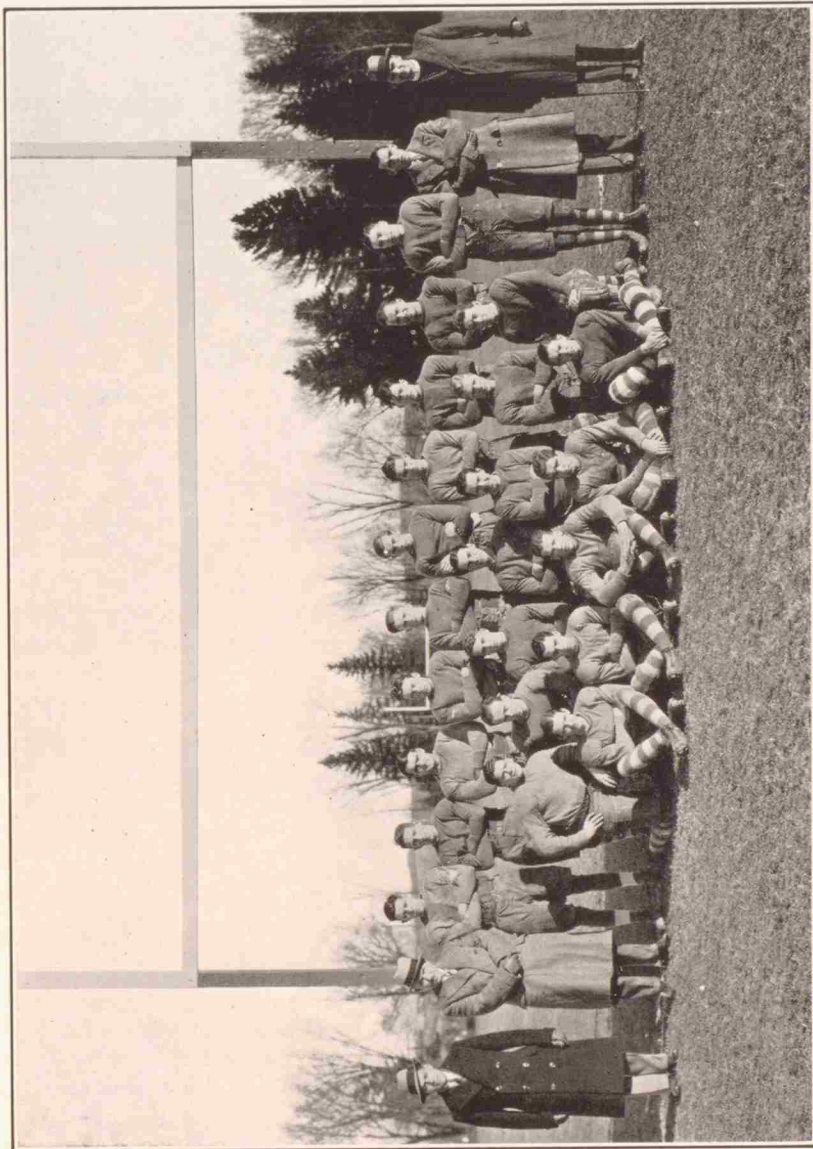

Our opening encounter in the Intercollegiate series was with McGill University and our boys earned the distinction of winning the first Intercollegiate Rugby League Game to be played under floodlights in Canada. The score was 4 - 2. The most thrilling match of the year, however, was with Loyola College and was played on the University Campus before a large crowd who were entertained by an exciting encounter which ended in a 9 - 9 draw score. To Jack Fuller went the honour of tying up the score by a beautiful field goal when there were only a few minutes left to play; but the whole team, in this and all their other games played consistently and their team-work was beautiful to watch.

With higher hopes of further honours the team invaded Loyola where they met the Maroons in a game on the results of which rested the Provincial Title. Loyola won, but the large number of Bishop's supporters, both graduates and undergraduates, who lent their support to the team on that occasion, feel certain that the team did their best and that luck was not a negligible factor in the results. Meeting McGill in the last game of the season, played on the Bishop's Gridiron, the team showed a finished form which completely bewildered the Red Men and the final score 28 - 3 indicates something of the quality of the performance put up by the Bishop's men.

The Honorary President, Dr. A. H. McGreer, was once more an interested and helpful supporter of rugby. Only those who are intimately associated with the promotion of athletics at Bishop's University can fully appreciate how much the Principal contributes to the success of every sport in which the students are concerned. In fact the support which comes from all members of the Faculty is worthy of mention and is greatly appreciated.

It might not be out of place in a review such as this, to pay tribute to Mr. E. X. Montague who completed his fourth year as coach of the Bishop's Rugby Teams. His record at Bishop's is a tribute in itself; his teams have always been a credit to the University. Monty has taught his men the essential truth of all competitive athletics, that the

## Intermediate Rugby Team

Top Row — M. M. Medline (Mgr.); E. X. Montague (Coach); G. W. Hall; R. R. Buchanan; W. C. Stockwell; J. D. Matthews;  
G. A. McArthur; C. McCullough; J. B. Hebert; G. K. Brown; G. J. Titcomb; G. W. Millar; C. W. Dickson (Ass't Mgr.); Rev.  
McGreer (Hon. Pres.).  
Middle Row — F. L. Pattee; J. Cleveand; R. J. C. Evans; F. N. Cam; D. G. Masson; T. R. Kenny; K. S. Crawford.  
Bottom Row — G. F. J. Glass; J. P. Fuller; H. H. Skelton (Capt.); Wm. Mitchell; J. C. Puddington.

game is greater than the player, and has also shown them that one of the essentials of a successful team is diligent and conscientious training.

To Mr. Myer M. Medine, the 1929 - 30 Rugby Manager of both Junior and Intermediate teams, our highest praises are due. Always enthusiastic, capable and industrious, Myer was a source of inspiration to everyone who had any connections with rugby, and it was his continual purpose to set up a definite criterion which may serve to guide athletic managers in the future.

Mr. C. W. Dickson was Assistant Manager of both teams, and proved himself an interested and conscientious helper, and we welcome him as the Manager-elect for 1931.

Wearing a purple sweater in the Bishop's backfield for his third successive season, "Herb" Skelton captained his men with a consistent steadiness which almost earned another Provincial title. Jack Fuller teamed up with Herb and did the kicking duties; his services were often called for and in converts and field goals Jack seldom failed when called upon. Bill Kenny was a welcome addition to the backfield where his speed made him invaluable in end runs, while Don Masson at flying-wing was a tower of strength in ball carrying and in breaking up the plays of the opposition. The vacancy at the quarter-back position was ably filled by George W. Hall, who stepped into the vacated position of the inimitable Joe Blinco and piloted the boys throughout the season. Two football veterans, William Mitchell and Rupert Buchanan lined up as outside wings; and did the tackling as only they alone could have done it. G. K. Brown, a regular of the 1928 Team, was with the boys again this year and he and McArthur proved a sturdy pair of insides. The Purple line this year was one of the strongest ever produced on Bishop's campus and Gordon Titcomb and Walter Stockwell keeping guard at the middle wing positions were a big factor in the stonewall formation. Misfortune in the form of a wrenched knee kept Fred Cann from taking his place as snap throughout the season, and his absence was keenly felt, though George Millar did yeoman service in filling the position. There were other alternates who showed creditable form when given an opportunity. Jim. Hebert, Lyle Pattee and Kenneth Crawford were always ready to relieve as outside wings and their tackles showed plenty of sureness. Jack Cleveland, Richard Evans and Tim. Matthews were prepared for duty on the Line, and Gordon Glass and Jack Puddington relieved in the backfield at opportune moments.

In writing an account of the Rugby Season it is essential that the important part played by the Junior team be recognized. With only one Intercollegiate game to play, the Juniors turned out unselfishly every day, and bore the brunt of the battle in daily scrimmage against the Seniors. They lost by a large margin to McGill in Montreal, but they fought hard on that occasion, and the team who defeated them made an impressive showing in the Junior Intercollegiate Series.

McLernon captained the squad and in addition to his quarter-back duties showed good individual form in every game. Bradley was effective both in kicking and broken-field running. Woodside was consistent as snap and Fraser, Field, McCaulay and McCullough were the "sturdy" linemen. Aikens developed into a very good tackler and he and Rattray filled the outside positions creditably. Among the alternates who helped the Junior squad on various occasions were McMorran, McGiffin, Martin, Williams, Wiggett and Wallace MacDonald.

The Inter-Building games were abandoned this year in favour of an Inter-Year series which was finally won by the Divinity team, whose consistency in training made them most deserving of success. Chancellor F. E. Meredith donated a very handsome silver trophy for Inter-Year rugby and it was awarded for the first time to the Faculty of Divinity, the winners of the Inter-Year Series for 1930.

# Hockey

OR the second consecutive year Bishop's won the Intermediate Intercollegiate Provincial Hockey Championship. This year the league proved to be very closely contested, all three teams being strong with little to choose between them. The matches against Loyola were, probably, the two outstanding games of the season. After 90 minutes of play in Montreal, both teams skated off the ice deadlocked in a 1 - 1 score. A week later after a further 70 minutes of the fastest and most thrilling hockey witnessed at Bishop's in many a day, we managed to vanquish our traditional rivals 3 - 2. McGill also iced a particularly strong team, but we managed to take both games from them, the score being 1 - 0 in each contest. In the semi-finals of the Dominion Intermediate Intercollegiate we were defeated by a superior team from Queen's, which was, incidentally, their Senior B. team, by a score of 4 - 0, in a sudden death game at Montreal.

In the Sherbrooke County Hockey League, Bishop's did not emulate their predecessors by winning another Championship in this group. Although the team was beaten by the Sherbrooke Canadiens, the players gave a very creditable account of themselves and tied with St. François, the other local team, for second place. In the four post-season matches against Kayser, Magog, Danville and Kayser we came through without any serious opposition. Taking everything into consideration the 1931 season was most successful. The team was well supported by the student body at the home games and from the players' point of view this was much appreciated.

This season, Mr. Gerald Wiggett of Sherbrooke, took over the coaching rôle; the success which the team achieved speaks for his capabilities as a coach. He not only showed great interest in the twenty-two men who turned out for hockey, but he handled them in a most desirable manner, with the result that team spirit was more predominant than ever before; this was demonstrated time after time when we needed to pull up on even terms with our opponents or go ahead. Every man played the game unselfishly and gave all he had. There were no stars on the squad, but it is probably the best balanced team Bishop's has yet turned out.

GLASS. "Gord" lived up to his reputation of last year and did yeoman work in the nets in a spectacular manner. His cool judgment in handling the opponents' shots made him an important cog in the team play.

McARTHUR. When Brown was forced to leave, "Mac" stepped in and filled his position on the defence admirably. Although not a strong offensive player, he was a tower of strength on the defensive, where he played a stonewall game with Titcomb.

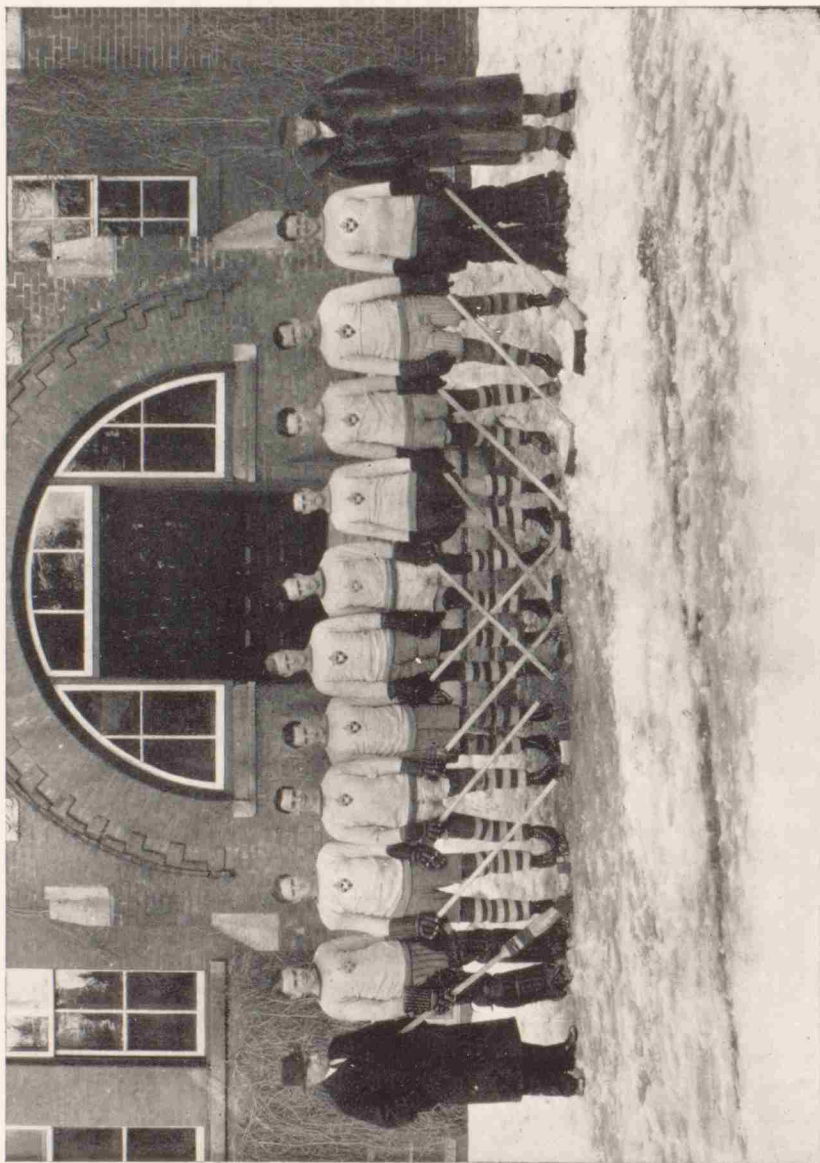

TITCOMB. "Tick's" heart, in fact his whole body was in the game every minute and his rushes and blocking always made him a dangerous threat to the other teams. We congratulate him on being elected Captain for 1932.

CORISTINE. When "Jerry" was looking around for a Centre, he spotted Eddie. The choice was a wise one for he filled the position like a veteran. An example of unselfishness, Eddie never failed to pass the puck to his team mates.

CANN. "Fizz" has the honour of captaining the only Championship team this year and what's more he did it very capably. Probably the fastest man on the team, Fizz used his speed and deadly shot on Right Wing to advantage.

KENNY. "Bill," another newcomer, played a good sound game on left wing, his speed and hard shooting coupled with plenty of weight resulted in many goals which came at a time when they were most needed.

## Provincial Intermediate Intercollegiate Champions 1931

Left to right: G. M. Wiggett (Coach); A. Williams (Sub. Goal); A. McArthur (def.); F. Cann (r.w.) Capt.; E. Coristine (centre); R. Kenny (l.w.); J. Cleveland (r.w.); R. Carson (centre); K. Crawford (l.w.); G. Titcomb (def.); G. Glass (goal); G. W. Hall/Mgr.)

CLEVELAND. "Jack" played splendidly throughout the season patrolling right wing. He could always be counted on to back check and watch his man.

CRAWFORD. "Kenny" is a neat stick handler. He lived up to his reputation of former years and was a very useful left winger on the "C" line.

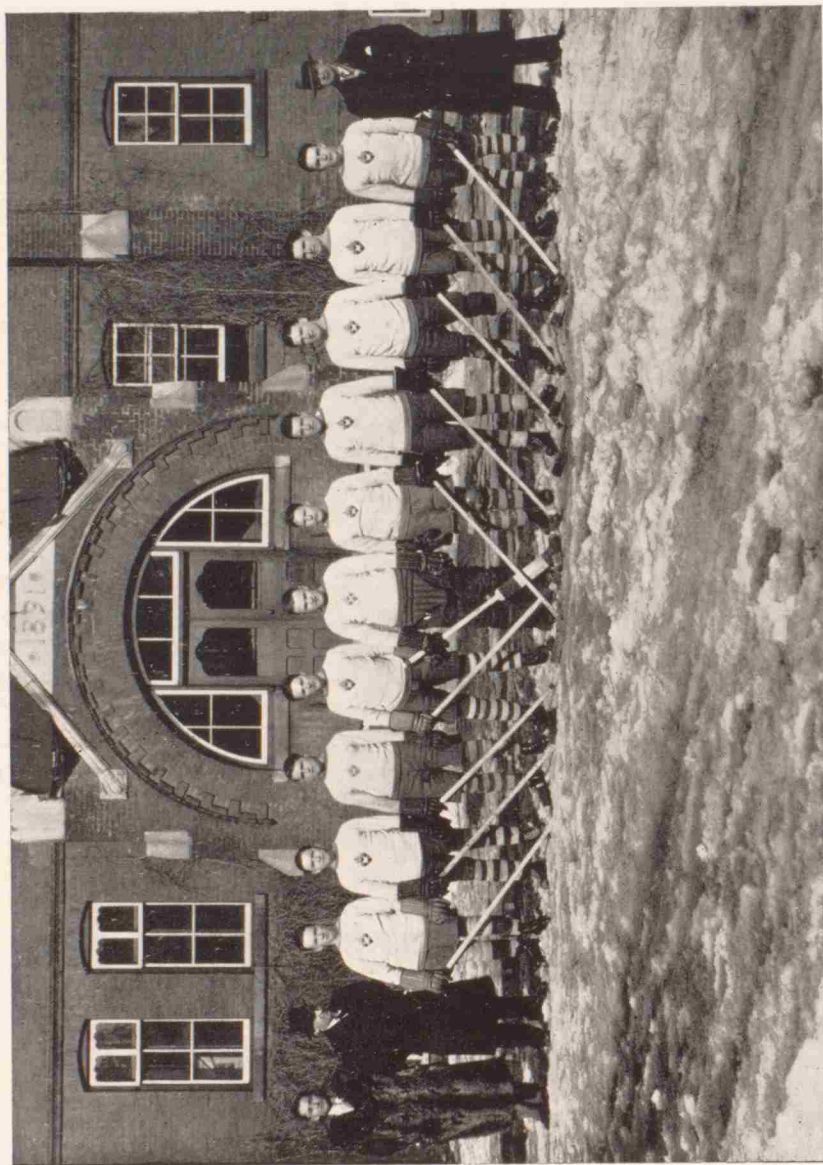

CARSON. "Reggie" stepped up from the Juniors and decided on centre as the best place to use his clever and exasperating poke check. Although the lightest man on the squad he played a stellar game.

WILLIAMS. A freshman of unknown calibre, soon gained the reputation of being a wizard between the posts. He showed his worth in the post-season games.

The Junior team acquitted themselves very well indeed. At the beginning of the season the prospects of a good Junior team were anything but bright, but after a week's practice, things changed and in the opening game against Lennoxville showed that they were to be serious contenders in the Junior League. In the four games against Lennoxville we came out unbeaten and against Sherbrooke we lost one, and drew one. The remaining two games were unplayed due to a mixup in the schedule. Lack of space prohibits us from dwelling at any length on the personnel of the team. Williams, in goal, played a brilliant game and was behind a really good defence in the persons of McRae, McLernon and Field. The forwards — Cromwell, Puddington, Hall, Dyer, Hodgins, Evans and McHarg all turned in good games and developed as the season got under way. Although the Juniors did not win a Championship, they played a fine brand of hockey and furnished the Intermediates with plenty of stiff opposition in practices. Those who return next year, will have profited from their play in Junior ranks and will, without a doubt, be strong contenders for positions on the First team.

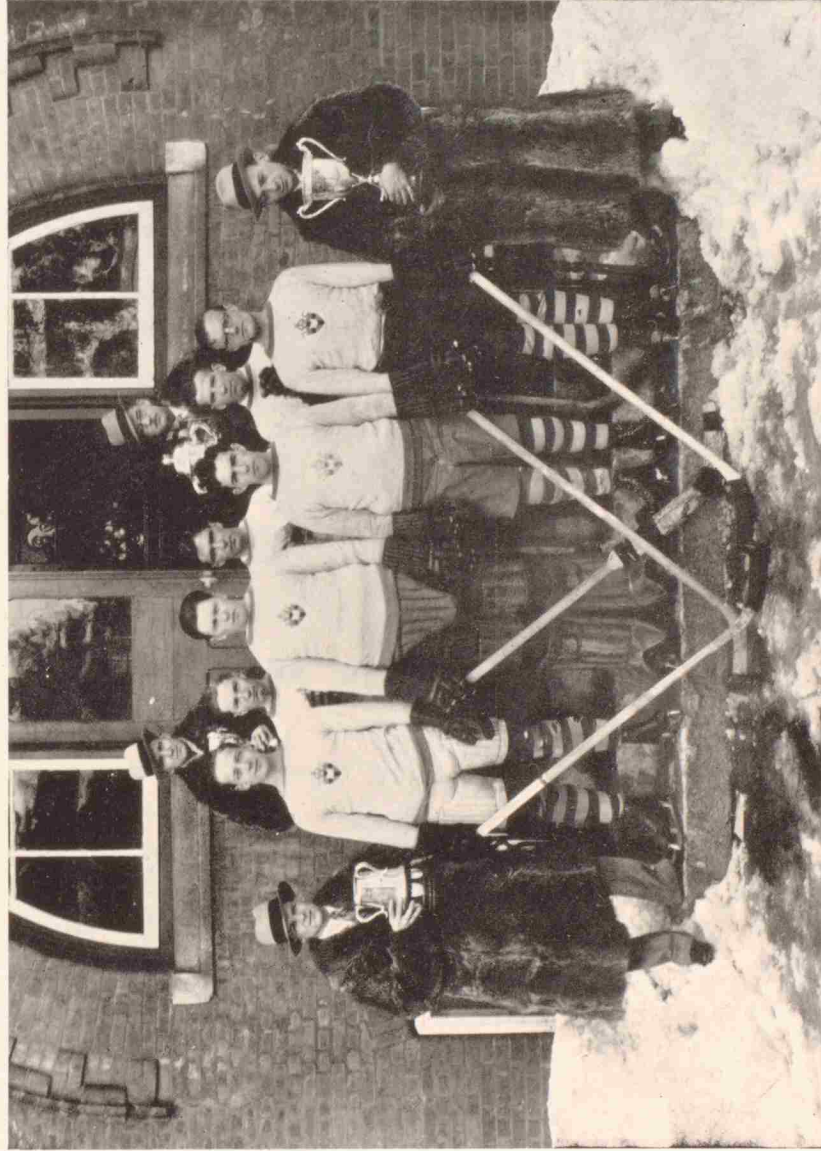

The Inter-Year Trophy was won by Arts '31, who went through the season undefeated. The Third Year was represented by Wallace MacDonald, goal; Mitchell and Ivan Stockwell, defence; and Fuller, Skelton, Gagnon, Pattee and McLeod forwards, plus several managers, coaches, cups and 'coon coats. Many good games were played in the Inter-Class league which afforded those who participated a lot of good hockey. The Divinity team deserves special recognition — it broke the jinx by breaking into the win column for the first time since the league's inception. Many rabbits have been seen limping around Lennoxville on three legs since the victory.

# Junior Hockey Team 1931

Left to right: E. S. Weaver (Act. Mgr.); G. M. Wiggert (Coach); W. J. Hodgins (r.w.); J. C. Puddington (l.w.) Capt.; R. Evans (l.w.); D. N. McRae (def.); A. Williams (goal); R. McLernon (def.); G. W. Hall (r.w.); E. Field (def.); R. F. Cromwell (centre); G. C. Dyer (centre) Manager; W. S. Aird (Ass't Mgr.)

# Arts '31 - Inter-Year Champions

J. C. Puddington (Coach); C. J. Patee (l.w.); L. C. McLeod (r.w.); W. McDonald (goal); W. Mitchell (def.);  
 Left to right: F. L. Patee (Ass't. Coach); H. H. Skelton (centre); I. Stockwell (l.w.); R. M. Wallace (Mgr.);  
 J. P. Fuller (def.); J. W. McGiffin (Ass't. Mgr.)

# Basketball

THE Basketball Season of 1930-31 has been a successful one in many ways. By making a creditable showing in the Sherbrooke Intermediate City League, the team, composed of men new to intermediate basketball with the exception of McCullough, Mitchell and Wallace of last year's team, has justly earned the praise of the students.

The League was composed of four teams this year. Out of six games played, Bishop's won three and lost three, in each game maintaining its usual high degree of sportsmanship.

Our friends from McGill came down and were again victorious although we made them fight for it. After a long struggle the team found its way to Quebec and made a creditable showing although they were defeated by a small margin.

As this goes to press Inter-Class basketball is just beginning and is getting enthusiastic support from the different classes.

McCULLOUGH:- *Defence and Captain.* This is the fourth year that Charlie has played for Bishop's. Besides being the pivot man of the team, Charlie very capably coached the team and any success achieved may be said to be the result of his earnest work. Charles has been elected the Captain for next year and we are confident that he will do his best and so we wish him luck.

McMORRAN:- *Defence.* This is the first year for Dick's long legs to appear on the basketball floor and as he has obtained a regular position on the team his worth as a basketball player has been recognized.

HEBERT:- *Defence.* Alternating with McMorran in the position of left defence Jimmie's ability was soon evident and consequently we look on him as being one of the most promising men for next year's team.

WATSON:- *Centre.* We were rather fortunate that Don decided to increase his knowledge by taking a course in Pol. Econ., for by doing so he was able to become a member of the team and proved a great asset, scoring the most points during the year.

BRUNDAGE:- *Forward.* This stalwart, coming from Quebec, lived up to his rather enviable reputation by being the second highest scorer on the team. We hope he is with us next year and look to him for bigger and better things.

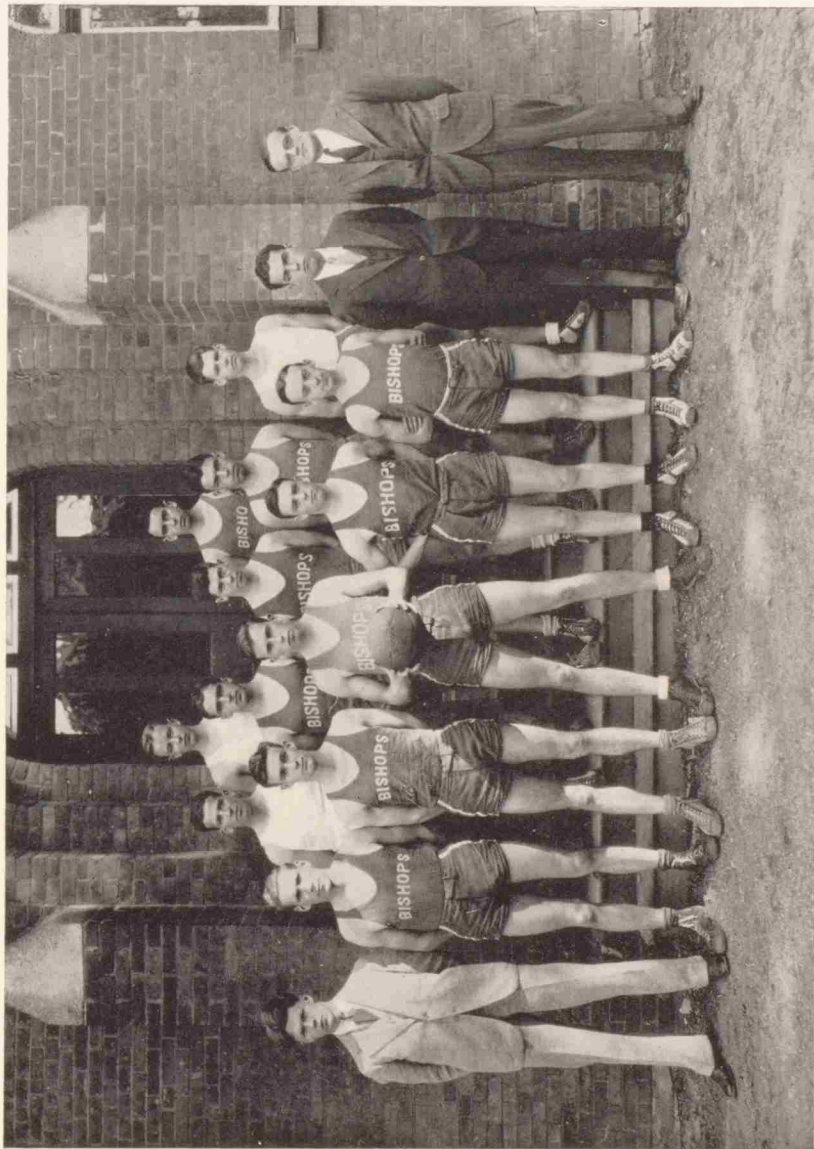

BROADHURST:- *Forward.* Just another young lad from Quebec who has made good in Intermediate basketball. After a rather poor start, Phil decided to settle down to real work with the result that he soon became a leading scorer and a menace to the opposing teams.

MITCHELL:- *Forward and defence.* This is the second year that Bill has played on the College team and as usual his splendid team-work and heady playing have made him a valuable asset to the team. Unfortunately for the team, Bill graduates this year and all we can say is that we wish him the best of luck in future years. Goodbye Bill.

WALLACE:- *Forward and general utility man.* This is Gus's fourth year on the team and as usual his weighty form proved a stumbling block to opposing teams. Graduating this year, Gus leaves behind him the record of a young man who tried hard and eventually made good. Good luck Boy, our best wishes follow you.

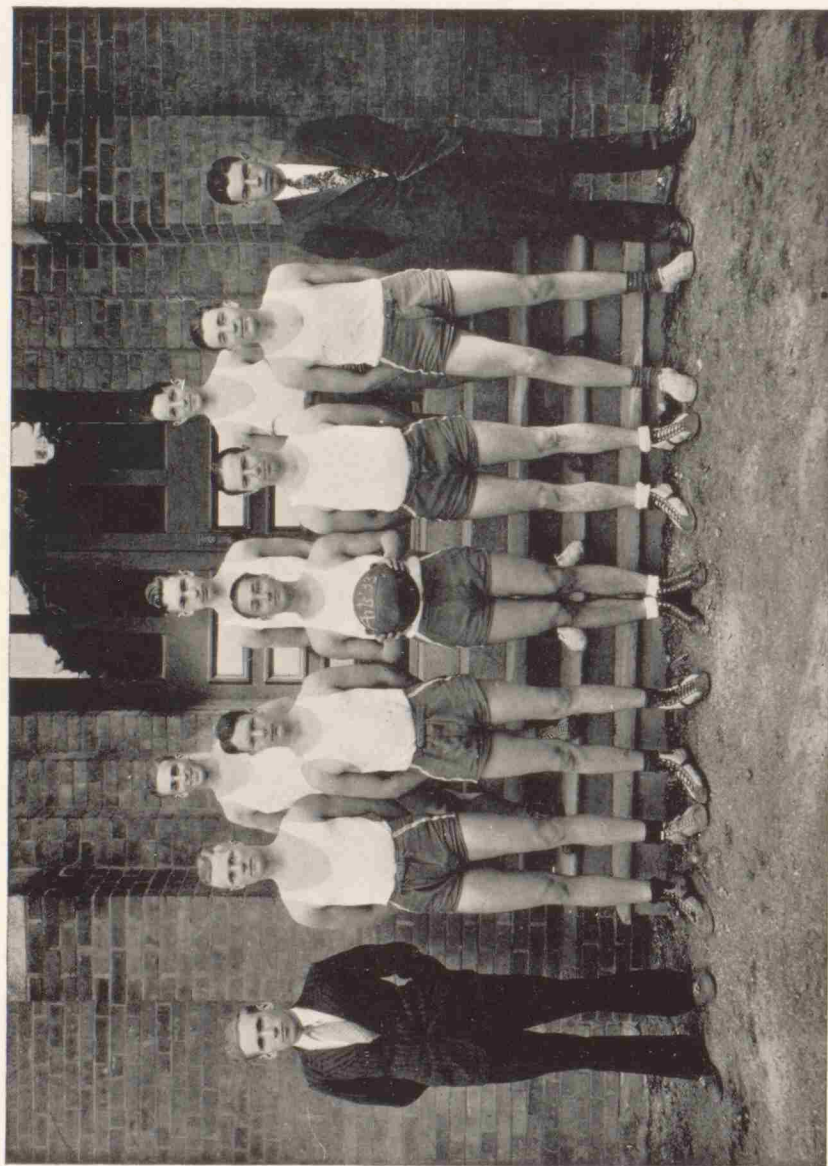

SKELTON:- *Forward.* This versatile young man, unsatisfied with two major awards in rugby and hockey, turned out for basketball this year, soon achieving results,

## University of Bishop's College Basketball Team

Front Row — H. F. Davis (Ass't Mgr.); P. S. Broadhurst; J. B. Hebert; C. McCullough (Captain); W. Bradley; R. M. Wallace;  
J. P. Fuller (Coach); I. M. Stockwell (Manager)  
Middle Row — H. H. Skelton; W. Mittenell; D. Watson; D. K. Brundage; F. Baldwin.  
Top Row — J. I. Benson; J. D. McMorran.

## Inter-Year Basketball Champions '33

Front Row — P. S. Broadhurst (Mgr.); T. R. Kenny; R. R. Mc Lerron; E. S. D. Weaver (Cap't.); D. G. Masson; G. W. Millar;  
D. K. Brundage (Coach).  
Back Row — A. R. S. Woodside; J. S. Atkins; G. Harley;

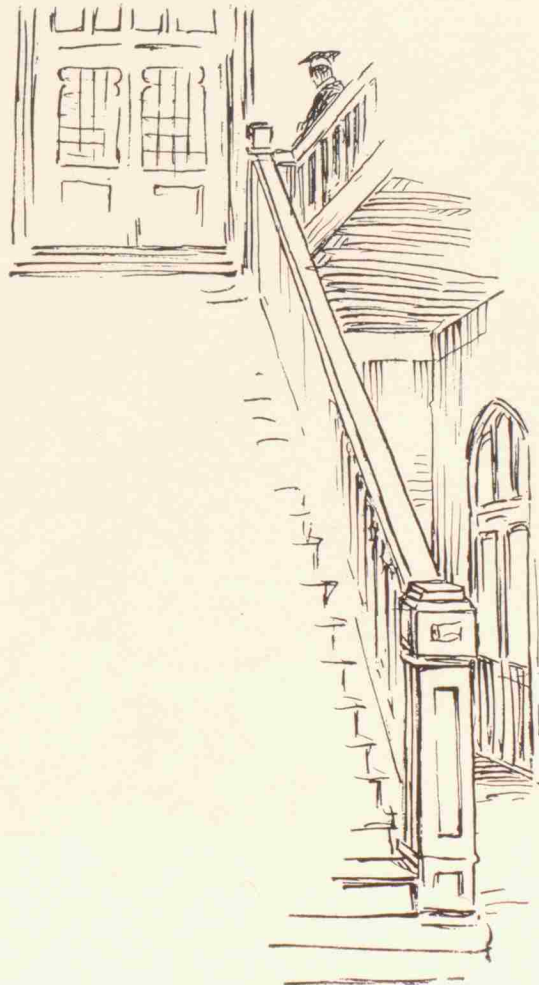

culminated by being awarded another major letter. Unfortunately for Bishop's, Herb graduates this year, but we look forward to big things at Queen's next year.

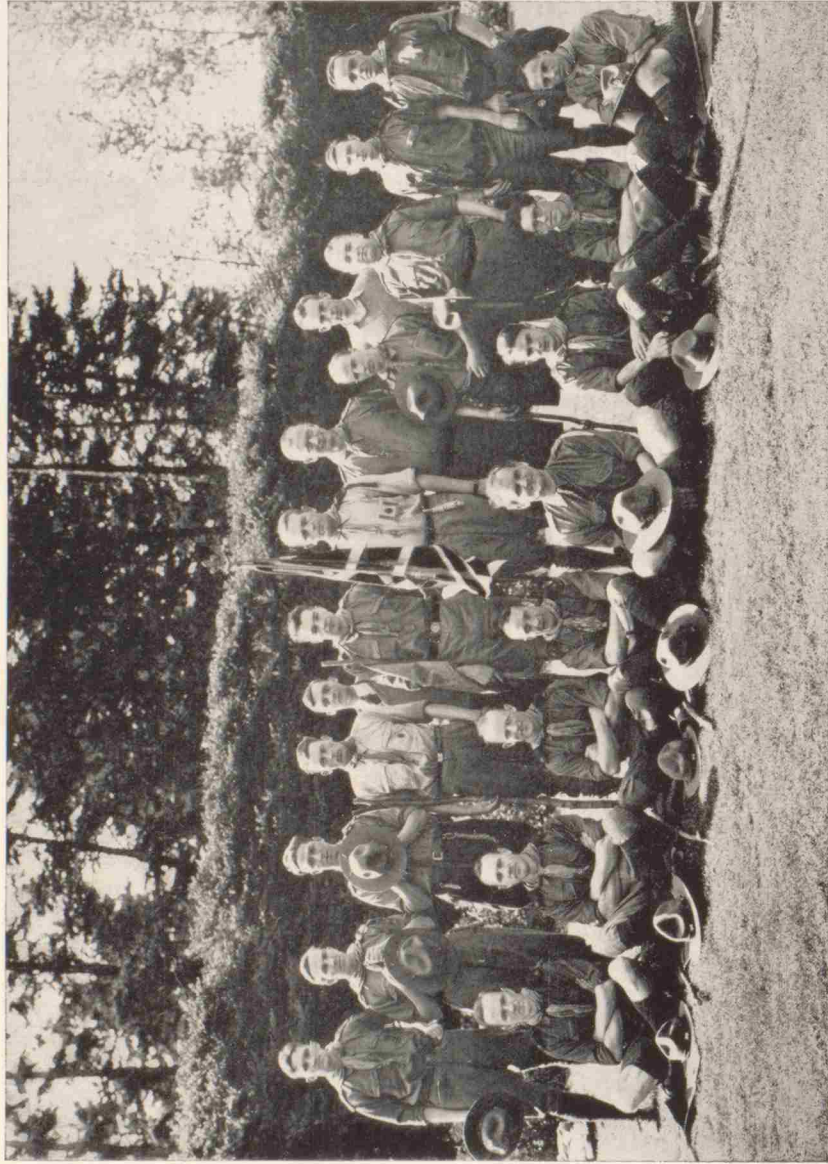

BRADLEY:- *Forward.* Sherbrooke's little Romeo entered Bishop's this last autumn and proved his versatility by making a position on the team. As he is only a freshman this year, we look to him for big things in the next two years.

BALDWIN:- *Forward.* This smiling youngster from B.C.S. made a place on the team this year, but owing to sickness was unable to play a great deal. As, however, the smiling lad has several years more before culminating his education, Freddy will undoubtedly be one of the outstanding men on next year's team and we do wish him luck.

STOCKWELL:- "*Manager in perfecto.*" The team were certainly lucky in having Ivan as manager this year. His astuteness in dispensing car-tickets is unparalleled in the annals of Bishop's and it is to this, (Oh and we almost forgot oranges), that Ivan owes his unprecedented popularity. He's leaving too, and we hope that he will soon be managing something bigger and better.

## ROVER SCOUT CREW

Standing — G. Cornish; R. I. Turley; L. Macmorine; T. J. Matthews; F. P. Clark; E. C. Ward; M. W. Talbot; R. Trowbridge; C. H. Gibbs; M. Brett; R. Sturgeon; J. H. Dicker; H. C. Vaughan.  
Seated — J. Cole; R. F. Brown; W. W. Davis; A. V. Ottiwell; Dean Carrington (Rover Leader); C. W. Wiley; W. H. M. Church  
E. V. Wright. C. E. Reeve (absent).

## The Rover Scout Crew

THE Rover Crew has now completed its second year. Its object is to provide training in Scoutmastership for those who wish to take office in the Boy Scout movement on leaving College. During the past year it has had about twenty-five members. The Crew is in charge of the Dean of Divinity who has the office of Rover Leader, and he has been assisted by E. V. Wright, H. C. Vaughan, and M. Talbot, who have acted as Assistant Rover Leaders. There are four Patrols, and the Mates are W. W. Davis, C. E. Ward, C. W. Wiley, and W. H. M. Church. The Crew is recognised by Dominion Headquarters at Ottawa as a unit for the training of Scout Officers, and Part I of the official course has been given by the Rover Leader; the remainder can only be done in a "Recognised" Training Camp, or while actually in charge of a Troop of Scouts. The Crew meets once a week, and functions exactly as a Troop of Boy Scouts; in addition to the work required for the Certificate, the Rovers have gained a great deal of valuable experience in practical work, games, and the organization of boys' work generally.

## Badminton

ADMINTON, as we are all aware, is one of the most popular Minor Activities in the College, bringing, as it does, the Student Body into closer and perhaps more than usually pleasant association with the members of the Faculty. This Society first started four years ago with about five devotees, and the number has steadily increased until this year a total of thirty has been reached. The popularity of the Club could well be judged by the number of players anxiously awaiting their turn on the court throughout the winter months. The improvement in the quality of the Badminton played was evident by the fine matches seen in the tournaments. Baldwin emerged victorious after two very thrilling matches in both the semi-finals and finals, his strongest opponents being Smith and Armstrong.

During the Trinity term a tea-dance, sponsored by the Badminton Club was held in Convocation Hall and was without doubt one of the most successful events of the current year.

As this goes to press the handicap tournament has not been completed but is meeting with great enthusiasm from the members. The Executive this year was composed of R. Miller Wallace, President, and Ted Brain, Secretary.

The Club would like to take this opportunity of thanking Mrs. W. O. Raymond and Mr. Ivan Stockwell for their generous assistance in donating the trophies for the various tournaments.
