# BISHOP'S

1932

TO the Right Reverend  
the Lord Bishop of  
Montreal, D.D., President of  
the Corporation of Bishop's  
College, and a generous and  
loyal friend of the Univer-  
sity, this volume is respect-  
fully dedicated by the class of  
nineteen hundred and  
thirty-two.

OFFICE:  
1461 UNIVERSITY STREET

LANCASTER 4341

RESIDENCE  
"BISHOPSCOURT"  
1444 UNION AVENUE

LANCASTER 1957

MONTREAL.

To the Class of 1932:

Never did the world need educated men of strong character, high ideals and noble purpose more than it does today. Modern democracy is not standing the strain of the revolution through which the world is passing. Nothing is more hopeless than a corrupt democracy, for if the people are living on a low moral standard not only will the government which they elect be corrupt, but the whole life of the nation will be degraded. No government, no professional or commercial morality can rise above the moral level of the people.

We can never have political or commercial stability without confidence, and confidence can only be built upon a foundation of righteousness. International confidence has been destroyed because the nations have violated their solemn word pledged in treaties, league and pacts. Establish righteousness and confidence, stability and peace will follow.

You graduates of Lennoxville! The hope of the world today is in men like you. You have had an education that has sought to develop you physically, intellectually, socially and spiritually. In the residential system you have had the opportunity of enjoying fellowship with men

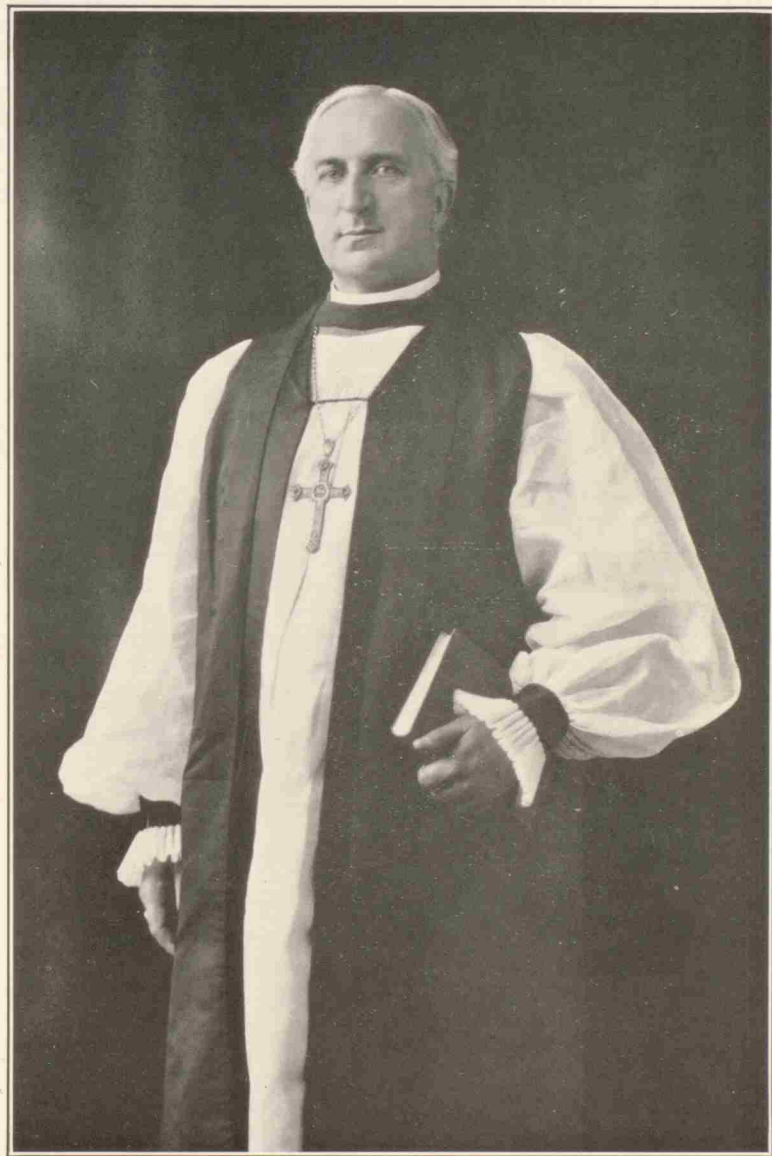

of varied natures and gifts, in sport, in study, in social life, and, above all, in worship. You have learned, I trust, to know God and His Christ; to know how honourably to live and act with your fellow men in the affairs of every-day life. To you young men we must look to save our democracy - for democracy is the Christian ideal.

As you go from the training ground of the University to take your part in the work of the great world, we shall follow you with hope and pride. The world is not a mere mart in which to make money; much less is it a playground where we wile away our lives in quest of amusement; it is a sphere where we may experience the deepest joy and happiness by giving ourselves unselfishly, wholeheartedly to serve our fellow men, and in that service find the true nobility of life.

“Man am I grown, a man’s work must I do.  
“Follow the deer? Follow the Christ, the  
King,  
“Live pure, speak true, right wrong, follow  
the King -  
“Else, wherefore born?”

Sincerely yours,

*John M. Thayer*

The Right Reverend the Lord Bishop of Montreal, D.D.

BISHOPTHORPE,  
QUEBEC.

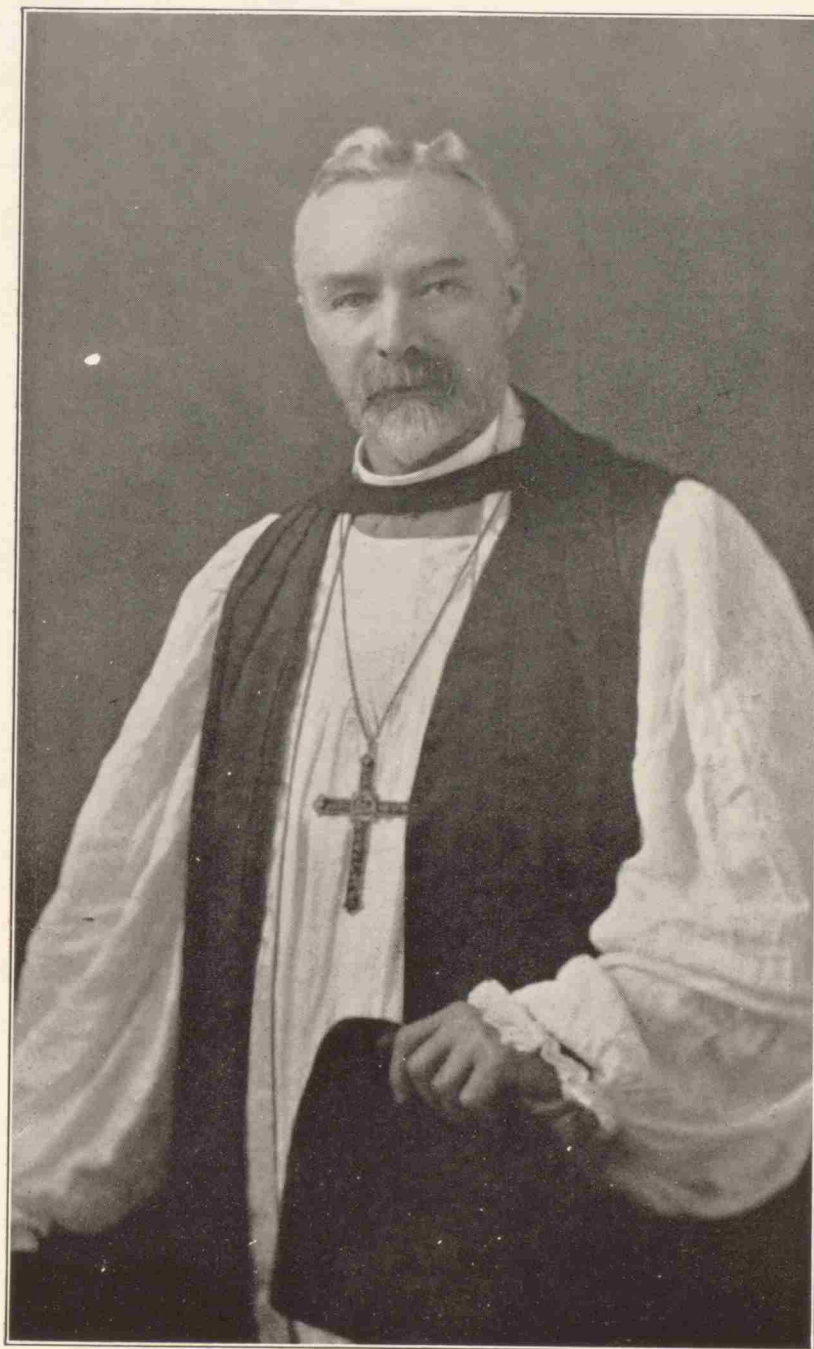

To the Class of 1932:

Bishop's University graduates have distinguished themselves in many different walks of life. Wherever I have met them they have spoken with affection and loyalty of their Alma Mater. They look back upon the days spent at Lennoxville as happy days, and are glad that it was their privilege to take their Academic Course in a residential College like Bishop's, situated as it is amidst healthy surroundings in one of the most beautiful parts of Canada.

To the Graduating Class of 1932 I extend my hearty congratulations. You have amongst your numbers men and women with proved ability of no mean order, and in some instances of distinguished excellence in scholarship and attainments.

I look forward to the day, in the near future, when we shall hear of several of this year's Graduates occupying prominent positions in Canada, carrying with them into our Canadian life, as a permeating influence for good, those principles of Faith and Honour for which Bishop's stands.

*Lennox Quebec*

The Right Reverend the Lord Bishop of Quebec, D.D.

# The Faculty

Rev'd A. H. McGreer, O.B.E., M.C., M.A., D.D.

# YEAR BOOK COMMITTEE

Sitting — R. E. Osborne; Phyllis Montgomery; H. M. Porritt, B.A., (Chairman); Helen Bayne; J. S. Aikins.  
 Standing — R. Thatcher; R. F. Brown; G. J. Cameron.  
 In Absentia — J. Hodgkinson.

# Master of Arts

NAKASH

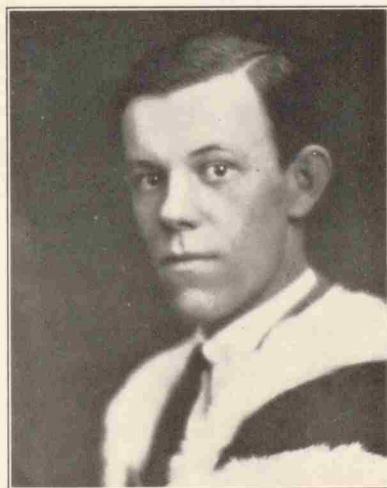

### John Loudon Dean, B.A.

John last appeared in the Year Book in 1929. Then, a young and eager Bachelor of Arts with an honour degree in Mathematics and Physics, his important doings at Bishop's were fully chronicled; his infancy and education outlined; his future intimated.

On graduating, John left to teach at B.C.S., where in the last three years he has made himself a rare friend and a holy terror to the youngsters in the Prep. But the University held John by too strong a tie. Back he came to be with us from time to time and to take work on his Master's degree, in Maths and Physics.

That, at least, was the apparent reason. Actually, as everyone knows, John came back to Bishop's to romp over the rugby field; to have another go at Loyola; to work off some of his abundant energy in fighting for the College. He came back, too, to play hockey on the Third-Year Grads team and to show insolent newcomers that Bishop's turned out men in 1929.

And John is not finished with Bishop's yet. Next year he is to be with us again; this time while he takes a Master's degree in Education. After that — John will be out winning people to him in larger fields, — if there are any.

### Herbert Lorne Hall, B.A.

Herby graduated in June, 1931, with a first class degree in English and French Honours, and received the Hon. Rodolphe Lemieux Prize for French. We had expected to have him return this year as a candidate for the Master's degree in French, but were fully as surprised as Herby himself when September found him enrolled in the Teacher Training Course. Since then, Herby's vocation has been involved in the making of endless reports, lesson-plans, and true-false tests, while his no less pleasant avocation has centered round true-false tests, lesson-plans, and endless reports. Add to this programme the preparation of an M.A. thesis in Education and the time spent in an endeavour to introduce recognized disciplinary methods into Lennoxville High,

and Herby's final year at Bishop's is well accounted for.

But busy as Herb ought to have been, this budding artist found time to devote to dramatic expression. Consequently, he starred in the memorable "Missing Card" which proved to be a choice medium for the revelation of Herby's histrionic abilities. He is an honourable Gentleman Associate of The Mitre Board, and is reported to be the author of a daring article on the St. Lawrence.

Although it has been rumoured that Herb may yet become a "Divine", this is, we fear, based on no better evidence than his participation in mission work, conducted exclusively within a radius of forty miles from Bishop's. However, whatever the future may hold for Herb, we are assured of his success.

### **Charles Wayne Hall, B.A.**

This year it was a pleasant surprise to have back with us this brilliant member of the Class of '31. After graduating last June with First Class Honours in English with distinction, receiving the Archdeacon Scott Prize for English Literature and sharing the Chancellor's Prize, Wayne returned to the College this fall in pursuit of his Master's degree, which he is taking in Education, and his High School Diploma. Though most of his time is taken up with practice teaching at the Lennoxville High School, yet Wayne is as keenly interested in Dramatics as he was in his undergraduate days. This year he undertook the direction of "The Missing Card", one of the three one-act plays staged by the Dramatic Society, and the success of this performance was due largely to

Wayne's capable direction. Among Wayne's other activities, mention must be made of his missionary organ recitals at all places South-East of Danville!!

Wayne intends joining the teaching ranks this fall in which, we are confident, his former success will soon earn for him an important position in that profession.

NAKASH

### **Humphrey Milne Porritt, B.A.**

Humphrey is going from us this year and we shall miss his keen and genial spirit. His stay here has covered a period of great activity in student affairs and his contribution to their success has been a very considerable one.

His histrionic gifts were early evidenced as a member of the cast of "Pyramus and Thisbe" and this success was followed by others when he took the leading roles in "You Never Can Tell" and "Mary, Mary, Quite Contrary". Last year in addition to holding a seat on the Students' Council as President of the Dramatic Society he took the part of Algernon Moncrieff in "The Importance of Being Earnest" and directed very effectively the production of "Karl Ludwig's Window". In the spring of the year he took part in the Mock Trial and his interpretation of Pinkersniff, the plaintiff, was a notable piece of characterization. This year, Humphrey, as a leader of the Arts Faculty Debating Team and as Prime Minister in the Mock Parliament, gave very convincing demonstrations of his skill both as a dialectician and as a humourist.

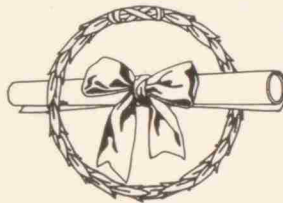

In the literary sphere, too, his gifts have been apparent. He has been associated with The Mitre since 1928, and during the past three years has acted as an Associate Editor. For the second year in succession he is Chairman of the Year Book Committee and the success of the publication is very largely due to his ability and tireless energy.

Badminton and Golf are Humphrey's favourite sports and, we are told, he is no mere tyro at either.

Humphrey leaves Bishop's this year with an M.A. in English: the subject in which he honoured for his Bachelor's degree.

Our best wishes go with him.

# Bachelor of Arts

NAKASH

years at College; and he has also played Inter-Class Basketball during these same years.

Other interests besides athletics have taken Walter's time. He "earned his spurs" as an executive on the Initiation Committee in his Junior year and he used these same "spurs" as Vice-President of the Students' Association this year.

Aside from such activities as these, Walter has found time to read papers at the Maths and Science Club and to work for his degree in the Science Option.

It would be difficult to prophesy what the future holds for Walter; but since we are sure he will bring to his work the same unflagging, intelligent interest that he has shown all through his life at Bishop's, there can be only success at the end.

### Walter Chipman Stockwell

On 30th December, 1908, Walter was born into the famous Stockwell family at Stanstead, Quebec, the fourth of five brothers, of whom Bishop's was to claim three.

After attending Stanstead Wesleyan College and McGill University, where he played on the Intermediate Rugby team in 1927-28, Walter's thirst for higher learning brought him to Bishop's in the fall of '29.

Here he has distinguished himself by his steady, intelligent work on the Rugby squad during the three years he has been with us.

As a just reward he was elected Captain of the team in his Senior year.

Although Rugby may have been the chief, it was not the sum of all Walter's interests. He has played for his year in the Inter-Class Hockey League during his three

NAKASH

vanished, he has consented to graduate with the class of '31. His year abroad brought about many changes of outlook. In the O.T.C. this year, Bill is conspicuous by his absence as he has now become an ardent pacifist. He tells us, moreover, that he is an advocate of more modern methods in men's dress! During the rugby season, Bill turned out as usual for the Inter-Class games. At present he is struggling under the "burden" of a French and English Honours course. Next year Bill intends teaching, but he tells us it is a difficult thing to know just which school to accept.

### William Charles Bisson

Bill entered Bishop's in September, 1928, coming from the bleak coasts of Percé to bask in the warmer climate of the St. Francis valley. For two years he stayed with us and made no small name for himself in the Inter-Year Rugby games. He was also known as an ardent member of the O.T.C., and for two years he sloped and ordered arms with the rest of the Tommies. But then came a break in his college career. Developing a warm feeling for the French and German peoples, Bill undertook a trip to Europe. He spent most of his time at Strasbourg where he attended college and drank German beer. The latter, he tells us, was exceptionally good. However, not even this could keep him away from Bishop's, and this year, finding his classmates of '30

NAKASH

### Francis Nelson Fleming

Frank is one of the outstanding members of that illustrious group of gentlemen who are called day students. He was born in Melbourne, lives in Melbourne, and (D.V.) hopes to die in Melbourne. After attending school at Gallup Hill in his early years, he was admitted to St. Francis College, Richmond, whence he came to Bishop's in 1929. He commenced what promises to be a highly successful career on July 31, 1911, and, after acquiring a B.A. in 1932, he intends to enter the teaching profession. During his first year (like most Freshmen) he drilled with the C.O.T.C., and has played Inter-Year rugby in all three years of his college course.

An enthusiastic golfer, Francis is fond of most out-door sports, while, in his academic activities, he is specializing in French and English.

During his three years in Lennoxville, this fair-haired youth has been very popular with all who know him, and it is a source of great satisfaction to us to learn that we shall have the pleasure of seeing him around the halls of Bishop's next year.

NAKASH

### Athol Coristine Church

Herewith a likeness of Pat

In 1929, after one year at McGill, Pat came to Bishop's; soon he will flit blithely forth, to return there for those final touches which enable man to shine agreeably in the greater world of Medicine.

At Bishop's his work has lain chiefly in the fields of Science. His devotion through three years to a den refulgent with conflicting odours has been a source of anguish to all his admirers. From this Pat has occasionally emerged, looked very wise and meditative, and always stolen back again when chapel ended.

In other things Pat's interest has been in stocks and Reos, mild social whirls, and visits to Montreal, and the drama. The possessor of a voice that causes even maidens to speak low, the better to hang upon his lips, and an unusual talent for acting, Pat has often moved us to delicious depths of laughter.

Chartered for the major play in his first year, scarlet fever put him quite beyond the pale, not only of that but also of the O.T.C. In 1930-31 as Vice-President of the Dramatic Society, Pat produced and was himself "The Man in the Bowler Hat". Later, came his Archdeacon Chasuble in "The Importance of Being Earnest": a creation still intimately connected with salt tears of joy. This year he is doing Mr. Chesterman in "Tons of Money"; unfortunately it will be his final appearance before the footlights at Bishop's.

By Nature Pat is notably equipped for the career of a successful doctor. Charm, kindliness, bon camaraderie, a fine voice, and a perfect bedside manner can leave little more to be desired.

### Gordon Wallace Doak

NAKASH

Gordon entered Bishop's in the Fall of 1929. During his three years at College he has played both Inter-Year Rugby and Hockey, and this year also earned a place on the Junior Hockey team. But his activities have not been confined solely to sports as he has other more intellectual interests. When the fancy takes him he attends the meetings of the Chess Club and the Maths and Science. This, however, is not very often as Gordon generally prefers to stay in his arm-chair and read. What? Anything and everything, for he is an omnivorous reader and so it is only natural that in his final year we find him taking a French and English Honours course. Even so, he still finds time for the odd novel. As for the future Gordon is not quite decided. Whatever it is we wish him luck.

### Henry Francis Davis

NAKASH

Henry was born in Ottawa, Ontario, on January 30th, 1914. After a short, but successful school life at private school, the Ottawa Model School and Lisgar Collegiate, he arrived in Lennoxville to take his place as the baby of the Class of '32.

In his first year he spent a quiet life. He says that he took the hardest course in the curriculum, but whether he did or not, he successfully passed his First Year exams. His leisure time, as even Henry couldn't work all the time, was spent in the usual First Year manner. He did not join the O.T.C., being at the time an ardent pacifist, but he did play Inter-House Rugby and Basketball.

The second year saw him as Assistant-Manager of Basketball. He again played Inter-Year Rugby and Basketball, acted the hero's part in the One-Act play, "The Man in the Bowler Hat", joined the O.T.C., and did a bit of work on the side. In the spring he was elected Basketball Manager, passed his A. certificate exam; as well as the unpleasant exams at the end of the year, with a very good (but not quite good enough) average.

The last year has been a bit more strenuous than the preceding ones. As a lieutenant in the O.T.C. he has carried his work out well. Again he played Inter-Year Rugby and Basketball, and as a member of the Students' Executive Council he has been most conscientious. He has been an extremely efficient Manager of Basketball, carrying out all the unpleasant duties of that job with perfect ease. He joined the ranks of the Literary and Debating Society, and managed to prove that the world was NOT on the Decline. As the Secretary of the Badminton Club he instituted the "Wallace Memorial Fund".

Next year Henry intends to go either to Osgoode Hall or to McGill. Some day he will be a lawyer and if the work that he has done here is any criterion, he will be ..... who knows?

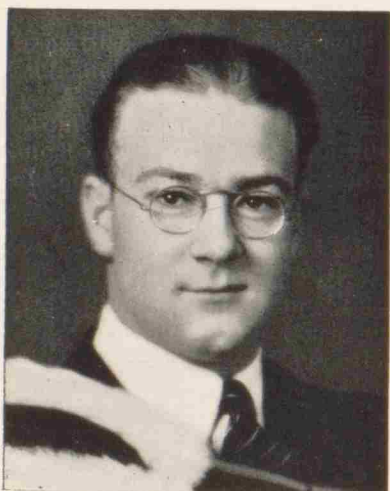

NAKASH

### Donald Winston Buchanan

This bonnie laddie with the Highland name was born in the village of Gould, Quebec, during the month of February, 1912. He came to Bishop's in 1929, from the High School at East Angus. The fact that he is graduating in 1932 goes to prove the old saying that "much can be made of a Scotchman if he is caught young enough." During his first two years at college he spent much of his time in Latin classes, though he also attended enough lectures in other subjects to find out what the seats in the back row of each of the class rooms felt like. After some hesitation, he decided to specialize in History and English during his final year.

Apart from his academic activities, Don is fond of such pastimes as dancing and skating, and is also a talented pianist.

It is rumoured that he will be back next year to get a High School Diploma. This will be great news for the co-eds, no doubt. And for us too, for that matter.

NAKASH

### Ernest Edward Eades

..Although he modestly denies any claim to ability as a cow puncher, we have it on good authority that Ernie spent his early school days in Western Canada.

In 1922, however, he returned to his birthplace, the town of Shawville, Quebec; whence he invaded Bishop's sever years later. By dint of perseverance Ernie managed to persuade the Faculty that he deserved his First Year Arts Standing; since then he has had smooth sailing and now he contemplates a B.A. at the June Convocation.

Perhaps it was a preconceived attraction to things chemical that shaped Ernie's Academic destiny, or was it the weird and alluring odours which met his nostrils each day as he passed the Chemistry Laboratory?

At any rate, we find Ernie quite engrossed in the Science Option course, and one of his pet ambitions is to continue work as an assistant in a Chemistry Lab.

Like many of his class mates Ernie has given his support to the Maths and Science Club and he is on the present Executive Committee. The O.T.C. enrolled his services in his freshman year, and this year he has returned to the fold after a year's absence to take his place as a drummer in the band.

Inter-year Rugby enabled Ernie to partake in the thrills of that game, and each autumn we find him valiantly doing his bit. His first venture into Inter-Class Hockey came in '31, and this year his team won the Inter-Year Championship.

It is possible that we will have Ernie with us at Bishop's next year in the High School Diploma Class. We hope so. We have enjoyed his stay, and we feel certain that he will make a success of the teaching profession if he decides to make it his.

NAKASH

**Ambition:**

"To follow knowledge like a sinking star,  
Beyond the utmost bounds of human thought."

**Gordon Oliver Rothney**

Gordon was born on March 15th, 1912, in Richmond, Quebec. After graduating from Sherbrooke High School in 1929, he proceeded to Bishop's, where he leaves behind him an enviable record in scholastic spheres.

Gordie took a keen interest in most college activities. He is a member of the Literary and Debating Society and has also taken part in Inter-Year Rugby, where he obtained for himself the rather suggestive title of "Slugger".

After winning a First Class Aggregate Prize in his second year, Gordon is this year studying History Honours. He plans to come back next year in search of a High School Diploma and a Master of Arts degree, after which he intends to teach.

NAKASH

Medine. Besides this, he turned out with the C.O.T.C., played Inter-Year Football and Basketball and managed to do a bit of work. In the spring, he was unanimously elected Football Manager for the year 1931-'32.

This year Wynne has done many things. He has been an efficient and popular Rugby Manager, a member of the Students' Council and also Chairman of the Athletic Committee; he again joined the O.T.C., being promoted this year to the rank of Corporal; and again played Inter-Year Football. A busy year, in fact, during which he has carried out all his duties well. He will graduate with the History Option class .....

Next year he intends to come back and take the High School Diploma. Later he will teach as he was taught. His work, while here, has been good. It will be so when he leaves. We wish him luck.

**C. Wynne Dickson**

Wynne was born in Scotstown, Quebec, on August 23rd, 1912. His schooling was varied, being obtained at St. Francis College, Richmond, and the Laurentide High School, Grand Mere. Some time back in the past, he moved his home to Cape Cove, Gaspé, Quebec, and from there he came to Bishop's in the fall of 1929, with no past at all in the form of supps.

He entered the hardest course he could find, he says, but he also found time for other things besides work. He became a member of the C.O.T.C., he played Inter-House Basketball and explored the dim, dark corners of the Eastern Townships (by night and day) in a car.

In his second year he was Assistant-Manager for Football to the redoubtable Mr.

NAKASH

### Edward Graydon Wiggett

Ed. was born in Cornwall, Ont., on July 20th, 1910. His early education was begun at the Cornwall Public School. In 1918 his parents moved to Sherbrooke where he resumed his studies at the Sherbrooke High School, graduating in 1929. He entered Bishop's the following year as an Arts Day Student. This year Ed. has joined the ranks of the resident students and by this has been able to enter into college life more fully than previously.

His chief activities, while at Bishop's, have been Rugby, Basketball, Badminton, C.O.T.C. and the Maths and Science Club. In rugby he distinguished himself on the Inter-Year teams and this year found a permanent position as middle on the Junior squad.

Apart from sports Ted has found time to take the Science Option course and it quite probable that on graduation he will endeavour to secure a position where his knowledge of Chemistry and Physics will be of value to him.

A cheerful disposition and a wonderful capacity for being foolish at the right time have made Ted very popular at Bishop's this year.

NAKASH

### Gordon James Titcomb

"Gordie" first put in an appearance on this "vale of tears" in Martinville, Que., in the year 1909. He later came to Lennoxville where he received his high school training, graduating in '27. That summer he entrained for the Great West where he spent a year and a half in 'the wide open spaces', — "where men are men and women don't ask any questions."

In the Fall of '29 he returned to Lennoxville and enrolled at Bishop's for the purpose of obtaining a B.A., in Maths and Physics, preparatory to further study in Civil Engineering.

"Tic's" athletic career has been outstanding among his activities at Bishop's, having played on three Provincial Championship Hockey teams. As Captain of the 1932 hockey team he showed his qualities as a leader, and by his playing inspired with confidence the younger members of the team. In the Fall of '29 he played Inter-Year Rugby, and the following two years he developed into a star middle wing on the Intermediate team. In 1932 "Tic" was a valuable member of the Third Year Grads Championship Basketball Team.

C.O.T.C. has also occupied much of Gordie's time, and he helped No. 2 Platoon to win the Ross-McMurty Cup for two consecutive years. Being a student in the Maths and Physics course he has naturally been included as a member of the Maths and Science Club.

In departing from Bishop's, Gordie leaves a host of friends and admirers, and Bishop's loses a real sportsman and one of her most outstanding athletes. Our sincere wishes go with him for his future success.

NAKASH

### A. James Barlow Hébert

Jimmie was born in Lachine on July 14, 1912. And two years later the World War broke out. He disclaims all responsibility for the latter, however, and attributes the catastrophe to mere coincidence. Under pressure, though, he has admitted that the coincidence was no ordinary one.

He has "circumstantial evidence" to show that he absorbed the elementary principles of education at the Laurentide High School (Grand'mere), the Three Rivers High School, and Lower Canada College. And although this evidence is largely hearsay, it cannot be altogether disallowed.

Jimmie's career at Bishop's has been marked by unusual activity. During all three years of his stay in our midst, he has displayed what we might term a general interest in the C.O.T.C. This alone is rare. But it is a mere item compared with what follows. For, as a freshman, he engaged in Junior Football and in Inter-Year Basketball; as a junior and as a senior he participated in Intermediate Rugby and Basketball; and there has not been a single year when he has missed doing his share in Inter-Class Hockey. And as if to show that all these engagements did not leave his resources exhausted, he found time to serve on an Initiation Committee, and even **moved** in Dramatic Circles.

Jimmie graduates this June with an Option in Science, and will proceed to McGill to study engineering. The Musty Steers bestow their most hopeful blessings upon this their partner in crime.

NAKASH

### Donald Norman McRae

Don's brilliant playing as a defenceman on the Intermediate Hockey Team, this year's Provincial Champions, has elevated him to a glorified position in the eyes of "ye hockey fans". Out of his hockey uniform, however, Don assures us that he is just a regular fellow, a native of Shawville, Quebec, in fact.

After matriculating from Shawville High in 1929, Don came to Bishop's and began the painful process of collecting sufficient knowledge to enable him to wrest a B.A. degree from the authorities. Three years have passed since he entered the front door of the Old Arts Building as a lowly freshman, and now we find him busy with the History and Philosophy course, and expecting to leave us in June.

Apart from two years spent in the O.T.C., Don's interests have lain chiefly in the line of Major Athletics. Shawville has always trained her sons in the wiles of hockey, and Don won recognition as a hockeyist when he played Inter-Class Hockey in his freshman year. Last season found him teaming up defensively on the Junior squad, and now he has proved a valuable asset to the Intermediates. His continued interest in Inter-Year Hockey was shown this winter when he managed the Arts '32 team, Inter-Class Champions.

Inter-Class Rugby and Basketball have also come in for attention from Don, and he worked hard in both during the last two years of his course.

Not having the gift of prophecy we cannot assist Don in deciding what he will do "when he goes forth adorned with his degree". All we can say is "Good luck to you Don, whatever you do!"

NAKASH

### Gordon F. Judah Glass

It seems superfluous to remark that Gordon was born. Therefore let us say, merely, that he took place in Montreal, on June 2nd, 1910. At the age of nine, Gordon was suddenly confronted with the first elements of learning, at Lower Canada College. He soon recovered, however, and remained at L.C.C. until 1927, at which time he crossed to Switzerland to attend school at the Lycée Jaccard. In 1928, finding that this particular school could give him no more learning, he returned to Canada, and came to Bishop's.

If we may judge from the following, Gordie's time here has been very full. For all three years, he has been on the Intermediate Rugby and Hockey teams. Besides this he has managed the Inter-Class Hockey Team of his year for two years, and the Inter-Class Rugby Team for one year. Basketball was not neglected by him, for he has been a threat on the forward line of the Inter-Class Team for the past two years. To keep life from being boring, Gordie put some time on Dramatics, and served with great vigour on the Initiation Committee. He also has been able to put in the odd hour of work, so it is not surprising that he has acquitted himself so creditably in the academic sphere. This year he is striving to achieve his B.A. through the medium of the Philosophy Option course.

Gordie says that he will study Law at McGill next year. We certainly wish him all the luck that usually follows a man of his undoubted abilities.

NAKASH

### George Chester Dyer

George graduated from Sutton High School in 1927. Two years later he appeared at Bishop's with the intention of obtaining a B.A. in Philosophy, prior to further study which would take him into the realms of Law and Politics. In "Chet's" first year he was a humble cadet in the C.O.T.C., but in his succeeding years he has been commanding officer of No. 2 platoon which secured the Ross-McMurty trophy in 1931 and 1932. In 1929 Chet was Captain of the team that won the Road Race which secured the Dunn Cup for First Year. In the same year he was a member of the Inter-Year championship teams of Rugby and Hockey.

Hockey has been Chet's speciality during his last two years, but he also found time in 1930, to be Sports Editor on The Mitre Board. In 1930 he held the position of Assistant Manager of Hockey and also played centre for the Juniors. Reward came to this conscientious sportsman in 1931 when he was elected by the Association to the Hockey Manager's seat on the Students' Executive Council. Chet has proved himself to be an untiring worker, and a most competent Hockey manager. During this year he also found time to play quarter-back in Junior Rugby, and center for the Inter-Year Hockey Champions.

Besides all this, George has found time for Debating, Golf, Tennis and Basketball. In Chet's departure, Bishop's is losing a man who puts every ounce of energy he possessed into the activities in which he was interested, and we sincerely hope that the success with which he met at Bishop's will continue to follow him.

NAKASH

### James R. Hodgkinson

On October 6th, 1911, in Manchester, England, James R. Hodgkinson reached for a tankard of brown October ale, and with a loud shout of 'Tally-ho', he began life. Four years later he turned up again in Canada, or, to be specific, in Sherbrooke, P.Q. Here he managed to absorb his first knowledge. Some time later "Friday" appeared again, this time in La Tuque, his present home, and, it is feared that it was there that he made his first pun.

At the age of eighteen, Friday came in all innocence to our revered halls, with the intent of burying himself in books. In his first year he managed to achieve this, with results. He also squeezed in an active interest in Badminton, the Glee Club, and the Maths and Science Club.

In his second year Friday was Councillor for the Literary and Debating Society.

His third year saw his appointment to the post of Sports Editor of The Mitre, through which he has been exercising his truly admirable talent for writing to very good purpose. Besides this he is President of the Maths and Science Club, and he also acted in one of the one-act plays, this fall.

We must not forget to remark softly, that he was one of the charter members of the Disorder of Musty Steers, a society formed during that year when "life really began".

This year he graduates: next year he may come back again. After that, as Friday says: "Kismet! It rests with the gods!"

NAKASH

### A. Raymond MacDonald

A careful study of the birth records of Lake Megantic, P. Q., reveal the fact that Ray arrived there some twenty years ago. Nearly half of Ray's twenty years were spent in and around the Lake Megantic High School where he first acquired a desire for further knowledge. Later he came to Bishop's in an endeavour to find out if there was anything in this "Higher Education" we hear so much about. Now he is leaving with a B.A. in History and Philosophy.

College activities attracted this Scotch laddie from the first and he seems to have interested himself in a variety of things. Hockey is his favourite game, and he has proved invaluable on his Class team in the Inter-Year series. In '29-'30 he was a member

of the championship team and this year he has duplicated the performance.

Although he doesn't play Rugby himself, Ray was manager of the Old Arts Rugby team who were the Inter-Building Champions of '29. He has also been known to indulge in an occasional round of golf and the odd set of tennis. He has also been a member of the O.T.C. for three years.

Ray has won commendation for his efforts, during the past years, as Circulation Manager of The Mitre, since he has succeeded in enlarging greatly the list of subscribers. His sole venture in Dramatics came in '30, when he was Stage Manager for the play "Karl Ludwig's Window".

So occupied has he been with his interests at Bishop's that he has yet to decide what he will do after graduation. We who have had the pleasure of his companionship here extend our wishes for his success in the future.

NAKASH

### James Dixon McMorran

July Second, 1913, will be acknowledged as a red-letter day for Lachine, Que., when Dickie begins to assert himself in the realm of worldly affairs. Dickie's early struggles with the "Rule of Three" took place within the confines of Regina High School, after which, in response to the call "Go East, young man, go East", he was received into the fold of Lisgar Collegiate (Ottawa). Ottawa discharged her prodigy fully equipped for the arts and sciences, and Bishop's claimed him in the Fall of '29 (O! what a fall was there, my countrymen!).

Since that memorable event, life for Dickie has been just one thing after another, and not unusually three or four things all occurring simultaneously. In his first year, he engaged in Inter-Class Rugby and Basketball. This was a mere surface indication of what was coming. In the two years that followed, he plunged incontinently into Junior Rugby, Intermediate Basketball, Inter-Year Hockey, and the C.O.T.C. There was a rumour afoot (now happily discredited) that, throughout all this time, he was also concerned in a certain amount of studying, and that he was occasionally found in several very compromising situations with a number of text-books.

His merry quips and jests made it inevitable that he should be one of the Four Musty Steers — a quartette renowned for its calculated interest in what can best be called "concentrated nonsense".

NAKASH

### Evelyn Richardson Austin

"Chev" first set eyes on earthly scenes in Grand'mère, one day in the gracious year of 1911. She drew pictures on the black-board at Laurentide High School (Grand'mère) and at St. Helen's School, (Dunham). Before transferring the products of this artistic strain to the tops of the lecture desks at Bishop's, she spent a single year at McGill University.

Upon her arrival here in the fall of '29, "Chev" was elected Senior Freshette, and thenceforward continued to mount the ladder of popularity — first, Junior Lady ('30-'31), and then Senior Lady ('31-'32).

We reflect with some misgivings on the amount of attention bestowed upon her Philosophy Option Course, when we examine the following formidable list of activities: The Glee Club claimed "Chev" in her first year; Basketball in all three years; Hockey in '31 and '32 — and in '32, she captained her team-mates in the hockey encounters. And, in addition to the above, Chev indulged in Golf, Badminton and Skiing, in due time and season. A high academic standard seems almost incompatible with such a strenuous career; nevertheless, "Chev" has consistently shown us how to withstand the rapid fire of the Faculty at exam time, and it is in vain that the latter have cried: "They shall not pass!"

According to her own statement, Chev's future must be denoted by a "question mark". Personally, we would prefer to denote it by a "dash" and an "exclamation point" — as we feel sure she will make a rapid rise to success in whatever career she chooses.

NAKASH

### Lola Victoria Beaulieu

Lola first opened her eyes in Lennoxville in 1910, and after attending the Lennoxville High School, decided that the said village could not go on without her, and so, in the Fall of '29 she came to Bishop's to choose which course would suit her best. Having decided that mathematics was too obvious for such a mind as hers, Lola turned to the History Option course and has been handing in essays to Dr. Boothroyd ever since.

In her first year Lola turned out for Basketball, attending all those famous Tuesday and Thursday afternoon practices. But one year of that was enough for her, so she turned her attention to higher things. Consequently, we find Lola in the Dramatic Society and applaud her acting in "Annajanska" and in "The Importance of Being Earnest". The Dramatic Readings Society also had Lola's whole-hearted support for three years. Debating also claimed some of Lola's attention.

Lola intends to remain at Bishop's for another year to obtain her High School Diploma, for she intends to teach. But wherever she goes or whatever she does the best wishes of everybody go with her for that success which we know will be hers.

NAKASH

### Mabel Blier

Mabel came into being, in 1912, at Waterville, Quebec, and pursued her education at the Waterville High School until 1929, when she came to Bishop's. The said University told Mabel that it would take three years to obtain a B.A. degree, but Mabel stayed, and after skimming over several lighter subjects, found the History Option course the most attractive that the College had to offer, and consequently settled down to learn about the ancient Greeks and Romans.

In 1931, when the Women Students' Association felt the need of a responsible Secretary-Treasurer, Mabel was elected for the office and everyone knows how capably she has filled that position during her final year.

The Dramatic Readings Society has occupied every second Monday night of Mabel's college career, and we also find her name among the cast of the "Missing Card" and "Tons of Money".

During her three years here, Mabel has supported her sex in the annual hockey game against the Divinity students.

Mabel feels that she cannot leave us just yet and says that she wants to come back to college "just to enjoy being a woman student and have nothing to do with the financial side of that association". She intends to take her High School Diploma, and, on the possibility of becoming efficient, to teach the rudiments of learning to the young. We wish her luck in her vocation.

### **Margaret Phyllis Montgomery**

Phyl's first home was Bedford, Quebec, which town she graced for some years. Later, she was taken up and put down in Phillipsburg, where she received the foundation of her education. In 1928, someone said "Hobble-gobble!" to her, so she "came to Bishop's".

Phyl. spent the year of '29 in Montreal, studying art, but she evidently missed college life, for she returned to resume her Arts course in the following year. She graduates this year in Philosophy. During her three years here, Phyl. has been an indispensable member of the Women's Basketball team, and of the Women's Hockey team. She is, furthermore, Playing-Manager of the latter. Her executive ability is not to be questioned, for Phyl. was Senior

Freshette (in her first year, she says), and on the Year Book Committee in her second. Not wishing to appear idle, she has taken part in three of the plays produced by the Dramatic Society, and has received much well-merited praise for her clever interpretation of the roles she acted. Furthermore, Phyl. skates, skis, disports herself at tennis and badminton, and she has often been seen on the golf-course, but always with a furtive look in her eye.

As to the future, Phyl. whispers of her ambition for a career in some line of art. Whatever she may find to do, we wish her — good luck, and lots of it.

### **Gladys Ida M. Hutley**

Gladys was born in England but deserted her native land for the shores of Canada at the early age of three. After various wanderings in Nova Scotia and Ontario she settled in Sherbrooke where she took her Matriculation at the High School. Along with others of her school mates she came to Bishop's where she has ever since achieved and retained a very high standard of scholarship, taking the Honours Course in History this year.

Among her other activities at college is included membership in the Glee Club and The Mitre Board. We are very glad to note that this very fine scholar will be back next year to prepare for her vocation as a teacher.

# Bachelor of Arts in Theology

### Allan James Anderson

This brow Scotch laddie took his first peep at the restless sea of life at Brockville, Ontario. Later he ventured farther afield and came to Bishop's in search of a B.A. in Theology. Being of a studious turn of mind he has interested himself in the Doctrine Honours course with a view to finding out what we believe and why we believe it.

"Andy" soon found that College provided pastimes as well as the routine of study so, as a freshman, he enlisted his services as a drummer in the O.T.C. band, a position which he retains "even unto this day". The Mitre found his services valuable during the two middle years of his course, and he has also tried his hand at Inter-Faculty Debating. Perhaps his most successful sphere of activity, however, came

in the role of an actor, and his interpretation of the villain in "The Man with the Bowler Hat" was both original and convincing. In his final year he did good work in "Thread O' Scarlet", and our only regret is that illness prevented his trying out for a part in the major production.

In spite of a tendency to look "like a thundercloud", Andy's sense of humour rarely fails him, and his ability to put "life in the party" has always made him a valuable addition to any social event whether within his own circle or in the larger sphere of social affairs of the College. Divinity has found his services very useful in all Inter-Year games.

Following his ordination in June, Andy will take up parochial work under the new Bishop of Ontario. We wish him every success.

NAKASH

### Frederick Patrick Clark

It is hard to imagine what this world would have been like if Fred had not come to life on the seventeenth of March, 1908, in the city of Toronto. Of his early years "Who can tell?" except that he attended Hughes Public School until the age of eleven. From 1919 - 1924 he attended Oakwood Collegiate, and feeling a call to the Priesthood he entered Trinity College to train.

The "quiet" life of the college, evidently didn't please him because we find him, between the years 1925-1928 alternating between an office job in a packing-house and a cemetery. It is hard to realize how such a gentle soul should like these "gory" jobs, but there is no accounting for tastes even in Divinity students.

"His rebus factis", he entered Bishop's on the sixteenth of September, 1928. Always athirst for new things he assayed to try the new B.A. in Theology. According to the local definition, a good student is one who has many irons in the fire and at the same time has a good Academical standing: Fred is no exception to this rule. Debating is no doubt his 'forte'. He has been a debater for four years, bringing much glory to his Alma Mater. The Mitre has also gained considerably by Fred's interest. He was Divinity Editor for one year, Editor-in-Chief for the next, and Associate Editor this year. He has also been in the O.T.C. for four years. Again Fred was a Haensel Prize-man for two years and last year won a First-class Aggregate Prize.

To fit himself for his work, he has done much local preaching. His missionary spirit has called him to the Diocese of Qu'appelle although he hopes to spend a year in an Eastern Canada curacy.

NAKASH

### James Cedric A. Cole

Jimmie came to this mortal sphere in Christchurch, New Zealand, some time back in 1906. Of his early education little is known except that the rudiments were obtained at Christ's College Grammar School in New Zealand, where he received his matriculation in 1923. Then began a career of ups and downs. His first venture in Canada, however, was with the Canadian Navy at Esquimaux, but he soon turned to the more peaceful pursuit of agriculture, being engaged in the Canadian West. Having tried Law, Commerce, the Navy and Agriculture, Jimmie realized that his true vocation lay with the Church and so we find him entering the Diocesan College at Vancouver in 1927. There he remained only a year, coming to Bishop's in 1928, where he has essayed to capture the B.A. in Theology. During his stay here Jim has taken a leading part in practically everything, as the following list of his activities will show:

Mitre — Circulation Manager for two years. C.O.T.C. — four years.  
 Glee Club — two years; President one year.  
 Inter-Year Rugby — three years.  
 Basketball — Inter-Year, three years; Intermediate, one year.  
 Inter-Year Hockey — one year. Rover Scouts — three years.  
 Track — three times winner of McGreer Road Race — in 1930 broke Meakin's record of 27.22 and established new time of 27.05.  
 Dunn Cup Team — two years, record team 1930.  
 Dramatics — in cast of "Importance of Being Earnest", Spring 1931, and director of a one-act play "The Dweller in Darkness" in 1932.

Jim's future is still unsettled but our best hopes go with him during his life in the Priesthood wherever he may be stationed.

NAKASH

### John G. A. P. McCausland

John Patrick was born on December 7th, 1908, in Lisburn, in Northern Ireland. His early attempts at obtaining the rudiments of an education were made in the same place, but when his parents decided to come to fairer pastures, along came Jack to Canada and, for reasons unknown, settled in North Bay. North Bay is evidently responsible for this youth's outlook upon life, as the McIntyre and Worthington Public Schools, and the North Bay Collegiate Institute all claim Jack as an alumnus. Jack started work in a drug store, but, as this did not seem to be his particular vocation in life, we find him, during 1927 and 1928, doing Mission Work in the Diocese of Algoma at Emsdale, Englehart, Parry Sound and Manitoulin Island. It was in September 1928 that he first graced Lennoxville and the halls of Bishop's. During his stay at Bishop's Jack has become one of the best known characters in the under-graduate body for his sheer hard work and all-enveloping personality, a true friend and an ever-ready source of help in the time of trouble. In addition to taking Honours in Doctrine B.A. in Theology, he has found plenty of time for extra-curricula activities: Dramatics claiming him as Prompter, Property Manager, and Secretary-Treasurer in succession; Inter-Faculty Debating; Divinity vs. Coeds Hockey; College Choir: to mention only a few, and of course he has often been sitting at the receipt of custom for college activities. He was ordained by the Lord Bishop of Algoma on Dec. 13th, 1931, and hopes to spend his life elevating the moral and spiritual standards of the people of northern Ontario.

# Licentiate in Sacred Theology

### Geoffrey Kestell-Cornish

Geoffrey, we are informed, was born on Primrose Day, in the year 1903. We are told, furthermore, that the hallowed spot was Babbacombe, in Devonshire, England. Since coming to Canada in 1922, Geoffrey's life has been one of endless activity, particularly since he entered Bishop's in '28, intent upon taking the L.S.T. course and preparing himself for Holy Orders.

"Jeff" is a college runner of repute. For four years he has turned out regularly for the McGreer Shield and for the Dunn Cup, and each time he has been placed. In Dramatics, it was Geoffrey who growled so beautifully as the Lion in "Pyramus and Thisbe", one of the three plays which travelled to Ottawa in 1928, and it was the same Geoffrey who growled so beautifully with

the Glee Club during its short existence.

But Geoffrey's fame lies chiefly in the realm of athletics. Apart from running, he has played Inter-House Rugby every year he has been here, and was on the Inter-House Championship team of 1930. A Corporal in the O.T.C., "Jeff" has also done his bit to maintain the honour of the corps, and we are told that his "slope arms" is one of the sights of the contingent: one of the better sights. "Jeff" has also been with the Rover Scouts for two years, and was a leader of one of the Patrols this year.

But apart from all this, "Jeff" has shown a keen interest in all student affairs and has always been ready to "lend a hand". It is only natural, therefore, that he should have made many friends during his stay here, at Bishop's. We shall miss "Jeff" when he leaves us in June, but trust that mission work in the Diocese of Quebec will not prove too strenuous or so pressingly urgent as to prevent us from seeing something of him in after life. Meantime, we wish him "bonne chance".

NAKASH

### W. H. M. Church, B.A.

This is not the first time that "Hal" has appeared in the pages of the Year Book. Those who wish may read how, in 1929, one William Harold Morrison Church, "a verray parfait gentle knight," with a flair for poetry and painting, graduated from the Arts faculty with an English and French degree.

Since then he has spent three years in Divinity studying for an L.S.T., and has flourished like the Psalmody Bay-tree. He has taken an active interest in the Scouts and in the Reading Circle, but apart from these activities he has found the quest of Theological knowledge too fascinating to permit him to devote much time to the ordinary pursuits of College life. However, his consistent cheerfulness, irrepressible

sense of humour, and above all, perhaps, his ability for pleasant companionship have made life bright for himself and for those around him.

Hal leaves us in June to work in the diocese of Ottawa. We know that the qualities we have outlined, combined with his readiness to help any person at any time in any way, cannot but lead to further happiness and real success in his life as a Priest.

NAKASH

### Robins H. Thatcher

Bob was born in England on June 17th, 1904, and received his early education at the City of London Central Foundation. He came to this country in 1924. The following year he entered the Divinity Faculty here, but was forced to leave on account of ill health. He returned in 1929.

Since then Bob has been a figure of some note around the College and has made many lasting friends. For two years he held the position of Divinity Editor of *The Mitre* and during the last year he has very successfully carried out the duties of President of that Magazine and has occupied a seat on the Council. In connection with the latter post he has acted with great competence on two Dance Committees, and has acted as Returning Officer. Bob has also been very

interested in Dramatics, holding the position of prompter, with a seat on the Executive of that Society during his first year. Last year he took the lead in a One-Act Play, and successfully enacted a minor role in the Major production. During his first year here he exercised every Friday afternoon with the O.T.C. Last autumn he could be seen wandering around the playing field wearing a pair of purple pants, acting as cheer leader. He also managed the Divinity Rugby team.

In his spare moments Bob seems to have gained enough knowledge to get an L.S.T. It is with great regret that we see him leave, and we wish him the best of luck.

NAKASH

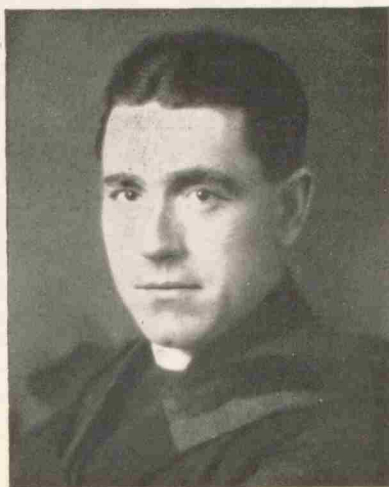

### John H. Dicker

Born in St. John, N.B., John spent his school days in England. But the call of Canada proved too strong and he came back to complete his education at Bishop's in '27.

Few of us do not owe something to John, for he was always the man who could give you the odd nail to hang a picture, or the derivation of a Greek verb. Perhaps his handiness and good nature are the results of the activity which is nearest to his heart, Scouting. He joined the Bishop's College Rover Crew at its inception, and has taken an enthusiastic part in the doings of that flourishing group ever since. Not content with this he organized the first Lone Patrol ever established in the Province of Quebec, in 1930.

Other activities have found in John a keen supporter. Joining the C.O.T.C. in his first year, he was a Corporal in his second year and C.Q.M.S. during his last three. He also took part in Inter-Class Rugby and Hockey, but the sport in which he took the greatest interest was running, and in both '30 and '31 John was in the team which won the Dunn Cup for Divinity. From the first the Dramatic Society enlisted his aid as a stage hand. But perhaps the most remarkable of John's gifts lies in the literary sphere. Poems of his, worthy of high praise, have appeared in "*The Mitre*" on many occasions.

John hopes to work for a year in England before commencing his ministry in Canada where he will work in the Diocese of Quebec. We wish him all the luck and happiness in the world.

NAKASH

### John Comfort

This "fiery prophet" commenced to live, move and talk in Richmond, Surrey, England, on the nineteenth of October, 1903. He enjoyed the privileges of an English Public School for a time. Later, John was articled to a surveyor, an evaluator, and an estate manager, for four years. When he came to the years of discretion, however, he decided to come to Canada. The first two years in this country were spent in Western Canada with the harvesters, but in 1924, John proceeded to Cookshire. Where, until 1927, he helped at his brother's fox farm and was a Lay-reader.

John came to Bishop's in the Autumn of that year. The Dramatic Society and C.O.T.C. have always been John's strong points in College activities. From 1927-'30, he was Prompter, Stage-Manager, and President of Dramatics, respectively. For a period this year he was Assistant Advertising-Manager. During his five years with us, John has graced the ranks of the C.O.T.C., and this year he is Sergeant-Major. Again, his wonderfully trained voice has been a great asset to the Choir, and he was in the Glee Club for two years.

On November last, he was ordained Deacon by the Bishop of Quebec, and appointed curate of St. Peter's, Sherbrooke. He hopes to graduate with an L.S.T. in June and his career commences in the Diocese of Quebec.

NAKASH

### Charles Harold Gibbs

In losing Charlie, Bishop's loses one of her more interesting sons. Coming here in 1927, Charlie entered upon a course leading to the title of L.S.T., a course, we might say, which, since the days of Modern History, has held few terrors for our man of the West Indies. Incidentally, we mention here that, after graduation, Charlie is returning to that part of the world for Ordination and will subsequently take up work in a curacy in Bermuda. Later, he will return to Canada to work in the Diocese of Kootenay.

During Charlie's numerous years in these eminent Halls of Learning, time did not hang heavy on his hands nor, for that matter, did any grass grow under his feet. From the start he evinced a keen interest in Dramatics and he will long be remembered for his clever work in "A Night at an Inn" and in "Mary, Mary, Quite Contrary". In his first year here, Charlie was in the O.T.C., but he later abandoned this for a more pacific form of torture and so took to road-racing instead. The Glee Club also claimed his attention for two years, during one of which he was its Secretary-Treasurer, and for the past three years Charlie has been connected with the Rover Scouts, leading one of the three Patrols this year. Add to this the fact that Charlie has had the honour of being Senior Sacristan and we can readily understand how busy he must have been. Nevertheless, he has always found time to reward the visitor with a cup of tea.

Good luck to you, Charlie, and remember that bicycling over 15 m.p.h. is strictly prohibited in Bermuda.

NAKASH

### Edward Raymond Nornabell

This happy individual has graced our College for five years, and in that time his smiling countenance, his unfailing good nature and, above all, his frank honesty and genuineness have won him universal popularity. Everybody knows "Nornie", and everybody has good to say of him.

His time has been very full. He has given five years to the "army". He has played Rugby and Hockey in Inter-Year competitions and has participated in dramatics, playing the role of the Chef in "You Never Can Tell" in 1929. Although Divinity House has been frequently rocked to its foundations by the reverberating echoes of Nornie's thunderous voice, yet he can, on occasion, bring his vocal powers under control, for he has sung for five years in the Chapel Choir, and has debated for Divinity. Then there has also been for Nornie the work of an Honours L.S.T., Theological study and discussion (the latter often late and long), and a two-year term as Secretary-Treasurer of the Guild of the Venerable Bede.

In June, 1931, Nornie was made a Deacon by the Bishop of Algoma, and he expects to be ordained Priest after graduation. Those who know him best feel sure that his sympathy and understanding will lead to real success in his work.

NAKASH

### Linley J. F. Macmorine

Linley informs us that he hails from Vankleek Hill, a big town in the little Province of Ontario, whence he wended his way to Bishop's in the autumn of 1927, in search of knowledge along Theological lines. During the five years of his stay at Bishop's, he has managed to find time for plenty of past-times in addition to his academic work, and now that he is leaving us his record looks most imposing.

The Dramatic Society, which claims him as its President for this year, has always attracted Linley. In his freshman year he made his appearance on the stage in "A Night in an Inn". Confident, however, that his real scope lay 'back-stage', Linley held the position of Ass't Property Manager for one year and Stage Manager for two years.

Like most of his fellow Divines, Lin. found the lure of the army irresistible, and has been Corporal and Sergeant in the O.T.C. during his five years of service. He has also been a member of the Rover Scout Crew for two years. Among his other interests we notice Glee Club, Secretary of the Reading Room (three years) and finally membership in the Students' Council.

The Divinity Faculty has always found an enthusiastic worker in Linley, and he has played on the Inter-Year teams in Basketball, Rugby and Hockey. He even managed to finish the course in the Road Races. Golf, he tells us, is his hobby.

Following his ordination in June, Linley will take up parochial work in the Diocese of Ottawa, where we are confident that he will be both successful and happy.

NAKASH

### T. J. Matthews

Each annual graduation has its number of interesting characters, and into this category Tim must be placed.

Arriving at Bishop's in '28, Tim has been very active in his four years here, as the following will show: C.O.T.C., Rugby (Major B), Hockey, Basketball, Glee Club and Rover Scouts. He has proved his dramatic talent also, taking part in two major productions. Space forbids mention of many incidentals of Tim's activities. He was appointed Editor of *The Mitre*, but a severe illness prevented him from filling the post. There is no doubt but that he would have measured up to this position, for *The Mitre* from time to time has indeed been enriched by his literary efforts, most especially in the poetic sphere.

Although Tim did not feature in activities in his final year (owing to illness) yet the memory of his previous records is sufficient to show us that he has the ability, enthusiasm and endurance engrained in his character, all of which will prove a valuable asset in the ministry. Many have reason to feel grateful to him, for as an efficient musician, he took it upon himself to teach others something of this valuable art. We wish him all happiness and prosperity. But what of that "little grey home in the west", Tim?

## PROCEEDING TO ORDINATION

### Sidney Wood

Sidney, first saw the light of day in Manchester, England, sometime during the earlier part of the "Gay Nineties". Although our records do not date back this far we are sure that Sidney learned to talk, and that quite fluently, at a very early age — probably long before he attended Wandsworth School. However their efforts were evidently not very successful, for we find Sidney taking an active part in the London Rifle Brigade during the whole duration of the World War — Sidney obtained the Mons Star during this time and was badly wounded but fortunately recovered to enliven the young lives of rather foolish "Divines" at Bishop's. However to resume our narrative, before this military diversion, we find him studying Economics at the London School

of Economics, to assist him to earn a livelihood with an Indian Trading Firm, David Sassoon & Co., Ltd. After the War he spent considerable time in Mesopotamia, Persia and India. During his time in the East, Sidney was Honorary Assistant Organist of Bombay Cathedral, and Honorary Treasurer of the Diocese of Bombay. Sidney arrived in Canada in 1930. The Lord Bishop of Quebec placed him in charge of the Mission of Chicoutimi and Arvida where Sidney remained until he came to Bishop's in 1931. Although only here for one year he will be one of the most pleasant memories that his intimates will carry away with them. During his year here Sidney has been Organist and Choir Master and has Debated in Inter-Faculty Debates. We wish him all the luck in the world when he is a Priest in the Diocese of Quebec.

# Department of Education

# The High School Diploma Class

**A**LTHOUGH the High School Class boasts of only eight members this year, we venture to say, "But **what** an eight." Herewith, the eight elegant and erudite educationalists:

Wayne Hall returned to us again this year for a High School Diploma. His chief interest has been Dramatics, in which he successfully directed the one-act play, "The Missing Card."

Herbie Hall, although always the serious student, found time for an excellent portrayal of the character of Mr. Bindle, K.C., in "The Missing Card". May his future achievements meet with the same success.

Doug Lunan, who returned after a four-year absence, was Wayne's accomplice this fall when he assisted him in directing a play. When not going to the theatre he fills in his time with serious bridge.

After a lengthy absence from Rugby, Ivan Stockwell was back on the field this year, and also gave a good account of himself in Inter-Class hockey and basketball. His chief claim to fame, however, lies in his tuck-shop, started this year, which has saved many a student from starvation.

Alison Ewing has been a devoted supporter of the Glee Club and a reserve force for the Hockey Team. Our wish for her is — more power to her arm.

Greta Frizzell's interest in dramatics was continued this year in the Dramatic Readings Club. Her earnest work, especially in connection with the Club gramophone, should long be remembered.

We venture to say that Ruth Mead's life has been deeply marked by financial worries in her position of Manager of the Women's Basketball Team — however it did not harm her hockey.

"Roo" Salicis' departure will leave a big hole in the Basketball Team and Glee Club. She has been an excellent captain of the Women's team, an invaluable player and an all round good sportswoman.

I. Stockwell

T. Matthews that of Art Editor on The Mitre Board. The Athletic Department was ably handled this year by Jim Hodgkinson, under the Presidency of Robins H. Thatcher; while Raymond MacDonald acted as Circulation Manager.

In Debating circles, we have contributed Fred Clark, perhaps Bishop's most outstanding public speaker, as well as Allan Anderson, John McCausland and Gordon Rothney. Jim Hodgkinson acted as Councillor in the year 1930-'31.

We have also been quite prominent in the Canadian Officers Training Corps. G. C. Dyer acted as Lieutenant commanding No. 2 Platoon, the winner of the Ross-McMurty Challenge Cup in both 1931 and in 1932, while H. F. Davis commanded No. 1 Platoon this year. The Corps was well supported by other members of the Graduating Class, which helped to maintain the high standard of efficiency set in previous years.

Among the lady graduates this year we have Miss Evelyn Austin who has appeared in the role of Senior Freshette, Vice-President of the Women Students' Association and Senior Lady respectively. Mable Blier held the position of Secretary-Treasurer during the current year, while Phyllis Montgomery is a member of the 1932 Year Book Committee, and the playing Manager of the Co-eds Hockey Team. Iola Beaulieu has shown her talents as an actress. Gladys Hutley has contributed articles to The Mitre, and has served as Lady Editor on the Board this year. All these ladies, with the exception of Miss Hutley, played on the 1932 Co-ed Hockey Team, which was captained by Evelyn Austin and coached by "Chet" Dyer. The Misses Austin and Montgomery were also members of the Ladies' Basketball Team.

The Maths and Science Club has been largely maintained by the Class of '32, and has claimed as its followers such mathematicians and chemists as Jim Hodgkinson, President; E. E. Eades, Secretary; G. J. Titcomb, W. C. Stockwell and A. C. Church.

It is interesting to note here that the Graduating Class has also been in the limelight in Inter-Class athletic activities. In Rugby, Arts '32 reached the finals against the freshman team, only to lose out by a few points. They were more fortunate in Hockey and Basketball however, both of which they captured after an interesting series of games.

Among the other members of the Class of '32 are the following:- W. C. Bisson, G. W. Doak, F. Fleming, W. Rowse and D. W. Buchanan, all of whom have taken an active interest in College activities. E. Wiggett was an ardent cadet in the C. O. T. C. and a keen Basketball and Rugby player; while W. H. M. Church, J. C. A. Cole and G. Kestell-Cornish gained fame as long distance runners, — Cole especially, by his record-breaking feats.

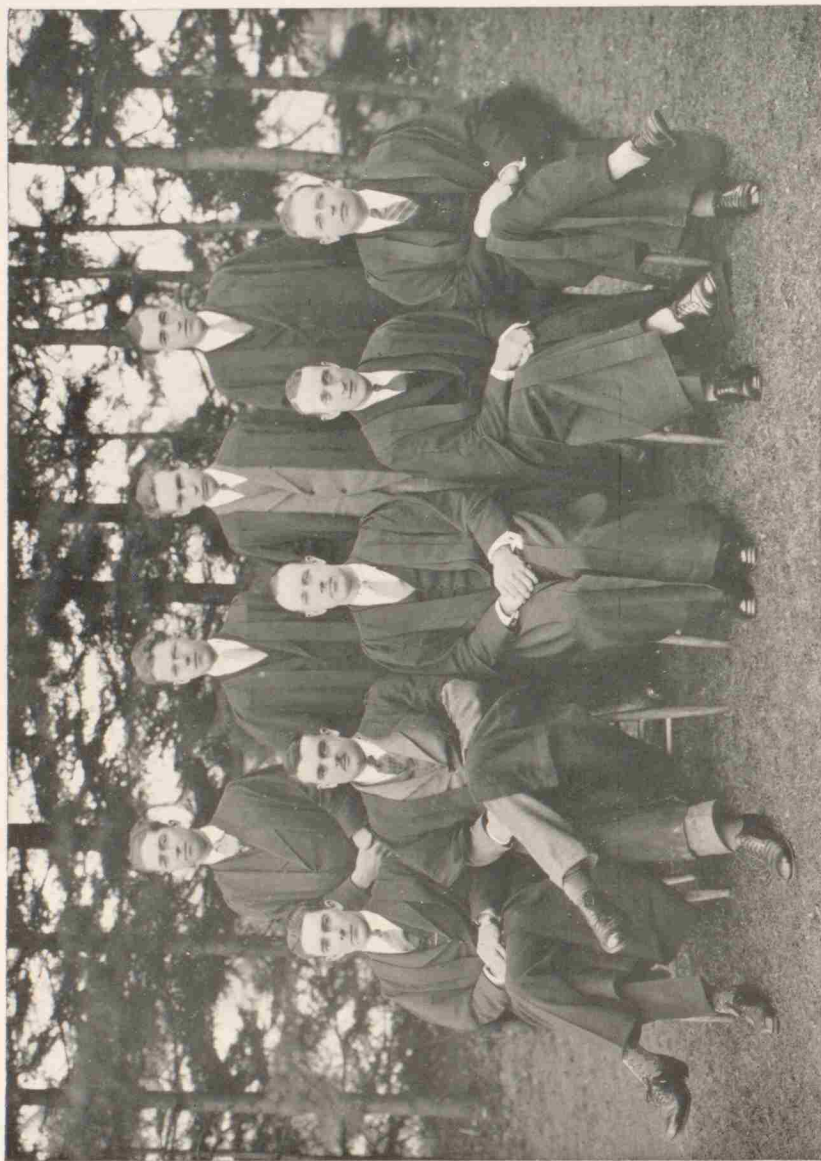

But the history of the Class would not be complete unless some mention was made of the Rover Scout Crew. This was largely organized and maintained by the present Divinity Graduates, and supplied some valuable training to those future social leaders.

We have presented a short resumé of the activities indulged in by members of the Class of 1932. It will be noted that we have played a major part in student, academic and athletic activities since our arrival at Bishop's. We hope that Bishop's is none the worse, and we hope some better, for the Class of 1932.

## STUDENTS' EXECUTIVE COUNCIL

Sitting — G. C. Dyer, (Mgr. Hockey); W. C. Stockwell, (Vice-Pres. Students' Assoc.); R. F. Brown, (President Students' Assoc.); A. V. Ottwell, (Sec.-Treas. Students' Assoc.); R. Thatcher, (Pres. Mitre).  
Standing — L. Macmorine, (Pres. Dramatics); H. F. Davis, (Mgr. Basketball); J. S. Aikins, (Pres. Lit & Deb. Soc.); C. W. Dickson, (Mgr. Rugby).

# WOMEN STUDENTS' ASSOCIATION EXECUTIVE

Sitting — Ruth Mead, B.A. (Mgr. Basketball); Mabel Blier, (Sec.-Treas. Women Students' Assoc.); Evelyn Austin, (Pres. Women Students' Assoc.); Phyllis Montgomery, (Mgr. Hockey); Lillian Salicis, B.A.  
 Standing — Greta Frizzell, B.A.; Elizabeth Wilson; Alison Ewing, B.A.

# The Women Students' Association

THE Women Students' Association, during the past College year, has had a membership of over twenty-five, seventeen of them from the First Year. As usual, the first thing done was to elect members to offices which could not be filled at the general March election of the previous year. The following were elected:

Senior Freshette — Elizabeth Wilson.

The Mitre — Lyndall Jackson, Lillian Salicis, Gladys Hutley.

Dramatic Readings — Greta Frizzell.

Glee Club — Alison Ewing.

After Initiation Night, the Seniors and Graduates entertained at a Tea for the freshettes, at the Club Rooms, instead of having the customary hike.

During the Rugby season, a tea dance was held, the proceeds of which went towards the maintenance of the Club Rooms.

Following the Christmas vacation, the Executive held a tea for the members of the Faculty and their wives. Miss Evelyn Austin, Senior Lady, received the guests, while Mrs. Carrington, Honorary President, poured tea.

On February 3rd, the Women Students held a Bridge for the purpose of raising funds. The proceeds were augmented by a gift of ten dollars from Mrs. McGreer.

In March, the annual Election of Officers for the year 1932 - 33 took place. The following were elected:

President — Mabel Blier

Vice-President — Gladys Christison

Secretary-Treasurer — Katharine Savage

Basketball Manager — Margaret Bradley

Hockey Manager — Helen Acheson

Besides the ordinary activities of the Association, there have been the Glee Club and the Dramatic Readings Club. Both have flourished during the Michaelmas and Lent terms. The Glee Club was again under the able leadership of Mrs. Boothroyd. Unfortunately, owing to the Girls' Hockey practices, there were fewer meetings this year than last. Among those who entertained for this Club were Mrs. Boothroyd, Mrs. Burt, Mrs. Seale, the Misses Stevens and Mrs. Brundage.

The Dramatic Readings Club has met often. Under the direction of Mrs. Carrington, many plays were read, especially those of Barrie and Shaw, and on one or two occasions the men students were invited to participate in the reading of the plays, once at the home of Mrs. Carrington, and once at the Club Rooms.

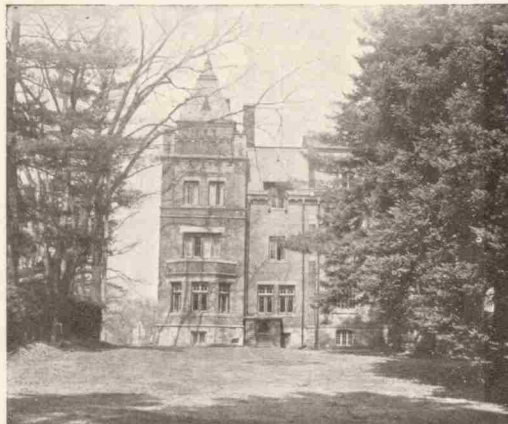

An important branch of the Women Students' Association is, of course, the sports, basketball and hockey being the most popular.

In Basketball, the girls for the first time joined the Provincial Amateur Basketball Association, playing in the Sherbrooke and District City League.

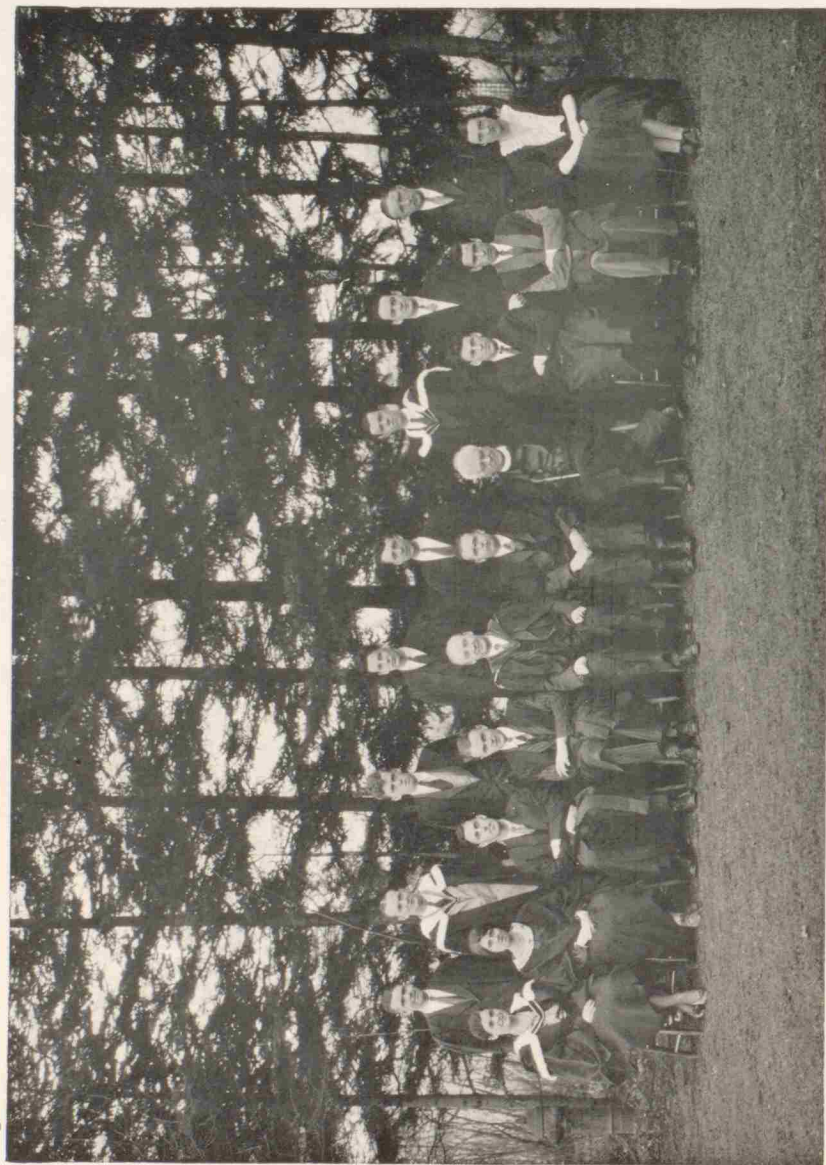

This year the Women's Basketball team won the Championship title for this district, defeating the other two entrants, the Independents and Sherbrooke High School. This victory put the team in a position to play the winners of the Montreal League, the Sun Life. The Sun Life team defaulted, however, thus necessitating two games with La Tuque. In the first game, the score was 19 - 7 in favour of La Tuque. But Bishop's won the second game by a score of 25 - 16, though they did not make up enough points to win the Provincial Championship.

The Girls' Hockey team this year was a distinct improvement over that of last year, although they lost the more important games of the season. Four games were played — two with Lennoxville, one with Bulwer and one with a 'picked' men's team.

In concluding this brief resumé of the Women Students' activities, we wish next year's Executive every success, and to the Association we say "bonne chance".

# THE MITRE BOARD, 1931-'32

NAKASH

Standing L. to R. — M. A. Stephens; H. M. Porritt, B.A.; T. B. O'Neill; H. Gray; J. Hodgkinson; H. L. Hall, B.A.; J. Cameron; W. Elkin.  
Seated — Miss L. Salicis, B.A.; Miss G. Hutley; R. E. Osborne (Adv. Manager); A. Williams (Secretary); Prof. W. O. Raymond, Ph.D. (Hon. Vice-Pres.); R. H. Thatcher (President); Rev. Prof. F. G. Vial, D.C.L. (Hon. Pres.); J. Macaulay (Editor); R. MacDonald (Circ. Manager); Miss L. Jackson.

# The Mitre

THE June issue of The Mitre will be the last number in the thirty-ninth volume. This year The Mitre Board started with the great handicap of having to face an election in September, owing to the fact that the President-elect did not return to college. Mr. Robins H. Thatcher was subsequently elected by the Student body to take charge of "The Mitre" for the year 1931 - 32.

The Mitre Board has made every effort to maintain the standard that previous volumes have established, and at the same time to enliven the pages of the publication with a lighter vein of reading material. There is little doubt that the College needs a publication more frequently than every two months of the academic year, but "The Mitre" is unable to do this and at the same time maintain its high literary standard. Perhaps in the near future we may discover an enterprising student who will attempt another publication to supplement The Mitre.

The Mitre Board has seen several re-organizations this year. The creation of an Executive Committee greatly facilitated the business side of "The Mitre". This committee comprises the heads of the various departments that are responsible for the publication of each issue. Mr. W. W. Davis has made an admirable Editor-in-Chief and when in February he was compelled to resign his position, owing to circumstances over which he had no control, Mr. Macaulay, the Assistant Editor-in-Chief, very capably filled his position on the Executive Committee. Mr. Eric Osborne has continued his excellent work of the previous year as Business Manager and we wish him every success in the office of President, to which he has recently been elected. Mr. Raymond MacDonald has proved a successful Manager of the Circulation Department and he has raised the number of subscriptions by forty per cent which is, in itself, a great accomplishment. Mr. Arthur Williams was an untiring and efficient Secretary-Treasurer. Mr. Heath Grey has been in charge of the Alumni page; Mr. Hodgkinson, the Sports Department, and Mr. Macaulay has had charge of the Exchanges, a department which he re-organized during the Michaelmas term. To Dr. Vial, Hon. President, and Dr. Raymond, Hon. Vice-President, their fellow members of The Mitre Board extend their sincere thanks for their untiring interest and wise counsel.

It is very gratifying to report that although "The Mitre" has not escaped the set backs which have been the experience of nearly every business concern, the year has been financially successful and, we hope, successful in every other way. The members of the Board agree that it has been a very happy year with harmony, co-operation and hard work as its dominating factors.

# LITERARY AND DEBATING SOCIETY

Sitting — J. S. Aikins, (Pres.); Prof. E. E. Boothroyd, M.A., D.C.L., (Hon Pres.); M. E. Armstrong, (Sec'y),  
 Standing — F. P. Clark, (Team); R. E. Osborne, (Team); H. Gray, (Councillor & Team); R. F. Brown, (Team).

## Literary and Debating Society

IT is with great pleasure indeed that we record the activities of the Literary and Debating Society for the year 1931 - 32. With the exception of a very unfortunate start due to the fact that the president Mr. Field and the secretary Mr. Brain did not return, the Society never had a more successful season.

Following the custom of other years, the officers introduced several new schemes to vary the regular Thursday evening meetings. Impromptu debating and "dilemmas" were tried with so great a success as to warrant their adoption. It was very gratifying to observe how the members of the society adapted themselves to these new ideas, for it reaffirms the fact that the students are behind this society.

Bishop's, as a member of the Inter-University Debating League, entered two teams in the Inter-Collegiate debates. At Lennoxville Messrs. F. P. Clark and Eric Osborne downed a strong team from Queen's, while at Ottawa University Messrs. Russel Brown and Heath Gray lost by the close margin of two judges to one. The subject for debate proved to be one of exceptional interest as it dealt with Soviet Russia.

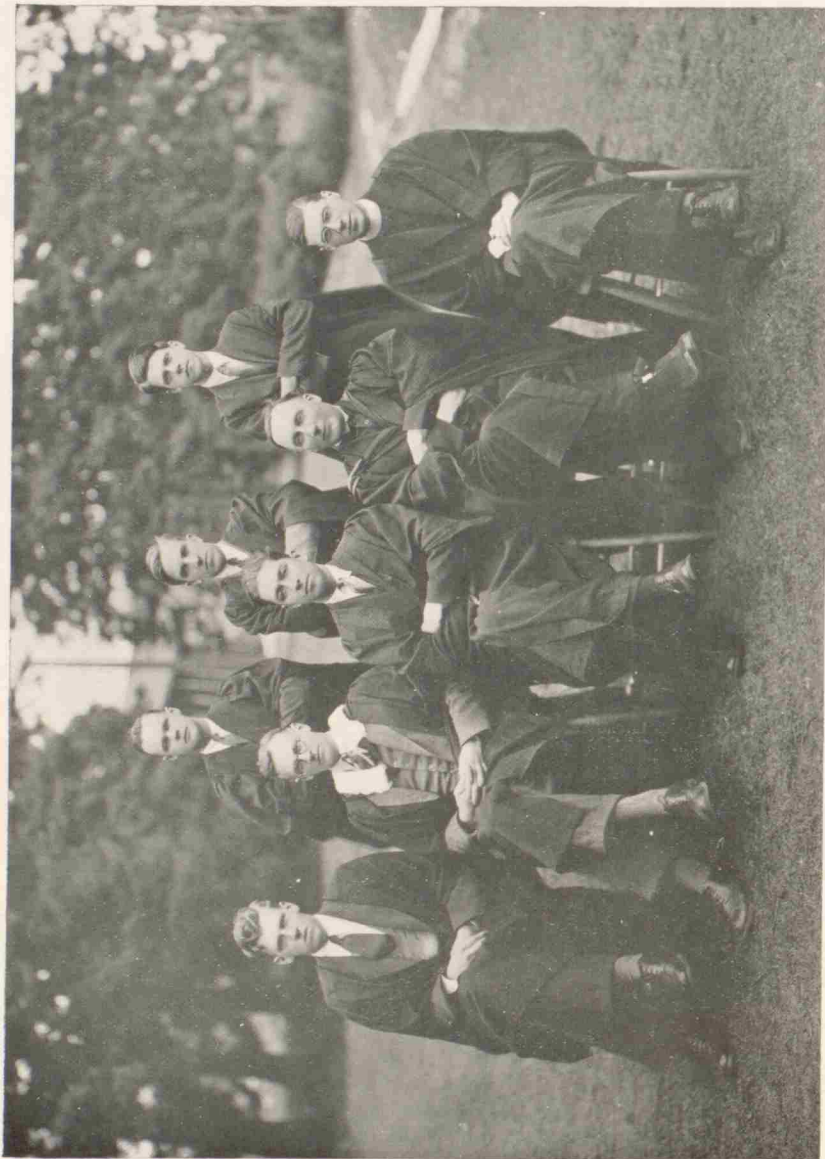

In February a very interesting debate took place in Convocation Hall under the auspices of the National Federation of Canadian University Students. The Bishop's team was opposed by one made up of representatives of Ottawa University and the Ontario Agricultural College. The subject of the debate was, "Resolved that the Civilized Man is happier than the Barbarian". The home team which supported the negative side carried off the honours.

The Skinner Trophy was won this year by the Arts Faculty.

But possibly the most outstanding activity of this society was that staged on Mar. 18th when a Mock Parliament was held in Convocation Hall. Some 68 members of the society joined together to make this venture a success. After a colourful opening by the Principal, who acted as Governor-General, the members of the society discussed such problems as placing an embargo on nightshirts, taxing free air, and providing a Zoological garden in Lennoxville. It is interesting to note that for the first time in the history of this society the Government was defeated. This was engineered through a combination of the Radical and Liberal vote. The public was invited to witness this spectacle and it is doubtful if any of the large audience had ever been better entertained by the Literary and Debating Society.

## DRAMATIC SOCIETY EXECUTIVE

Sitting — T. L. B. O'Neill, (Vice-Pres.); C. C. Lloyd, Esq., B.A., (Director-in-Chief); L. Macnorine, (Pres.);  
 Rev. Prof. H. C. Burt, M.A., (Hon. Pres.); Rev. J. McCausland, (Sec.-Treas.).  
 Standing — W. S. Aird, (Prop. Mgr.); R. J. Turley, (Bus. Mgr.); S. E. A. Sherrell, (Stage Mgr.).

## Bishop's University Dramatic Society

**I**N spite of the many difficulties that surrounded the society this year, the results have been very successful. In the past it has been the custom of the society to stage One-Act Plays in the Fall term, and this custom was followed this year as well. This plan serves a two-fold purpose. It affords a larger number of the students a chance of acting, and it also provides a training ground for the cast of the Major Play. The result this year is apparent from the following statement in *The Mitre* by its reviewer — "That there is new talent, and good talent too, was quite evident to all who saw the three One-Act Plays."

The three plays were "Thread o' Scarlet," "The Missing Card" and "The Dweller in the Darkness". They were all cleverly handled and great praise is due to the directors, Mr. Lloyd, Messrs. Lunan and Hall, and Mr. Cole.

From comments that have been received, the Major production was one of the best that has ever been presented by Bishop's. The Society was fortunate in being able to combine new and old actors in such a successful way, but there can be no doubt that the outstanding character was John Macaulay who played the role of Aubrey Allington.

"Tons of Money" was not an easy play to produce and Mr. Macaulay's part was most difficult, but the ease with which he changed from character to character will be remembered for a long time. Miss Raymond made an excellent partner to him as his wife, while the other members of the cast portrayed their parts nobly; Gerry Cameron as Sprules, Dorothy Rosenbloom as Simpson the Maid, Mabel Blier as Miss Mullet, and A. C. Church as the really "eminent" lawyer. Giles, the Gardener, was played by John Rattray. Lyman Tomkins was the "real" George Maitland, and Bill Elkins and Miss Marjorie Hall played the parts of the "fake" George Maitland and Jean respectively.

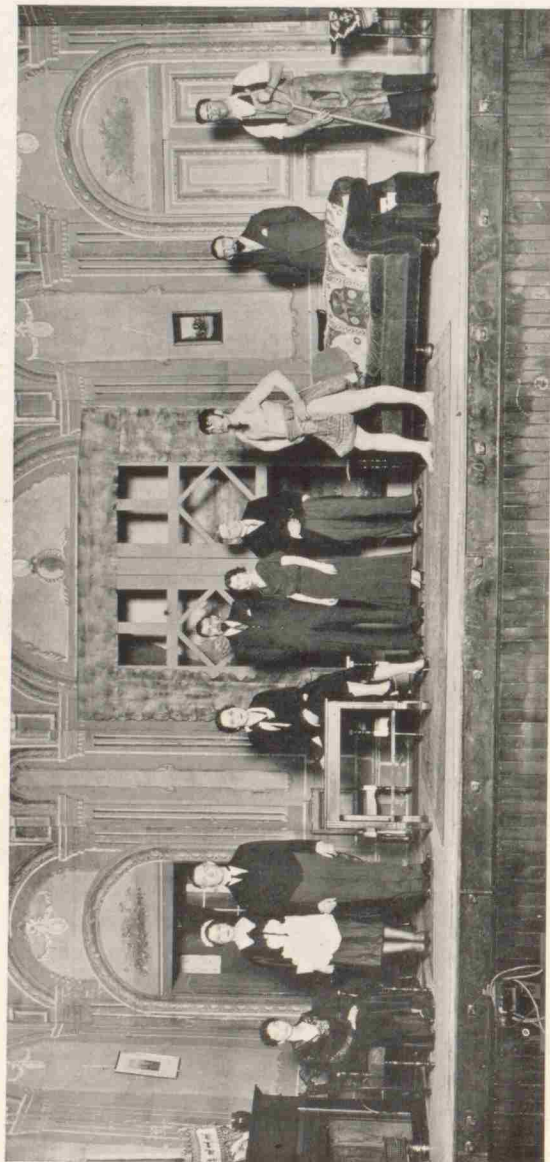

It was a happy thought to ask the Junior Welfare League of Sherbrooke for their Patronage. It is impossible to estimate their help in making the play a success.

Like the play itself, the Executive contained members new and old. Father Burt again consented to be Hon. President. Mr. Linley Macmorine was the President. Linley has always been interested in Dramatics during his stay at Bishop's and it was very fitting that he should become the head of the society this year. The Rev'd John Comfort gave very valuable assistance as Business Manager for a portion of the year, but was forced to resign owing to pressure of duties. His place was taken very ably by Mr. R. Turley. The Rev'd J. McCausland acted as Sec.-Treas. Both the Property Manager and the Stage Manager this year were new members. These very important posts were taken by Mr. Sherrell and Mr. Aird.

A resumé of the year's work, however, would be incomplete without mentioning Mr. Lloyd's directorship. The director's job is an arduous one and Mr. Lloyd worked very hard. We hope to have him with us again at a later date.

In conclusion, we feel that the Dramatic Society has really accomplished something this year. We only hope that our successors will enjoy their work as much as we have ours.

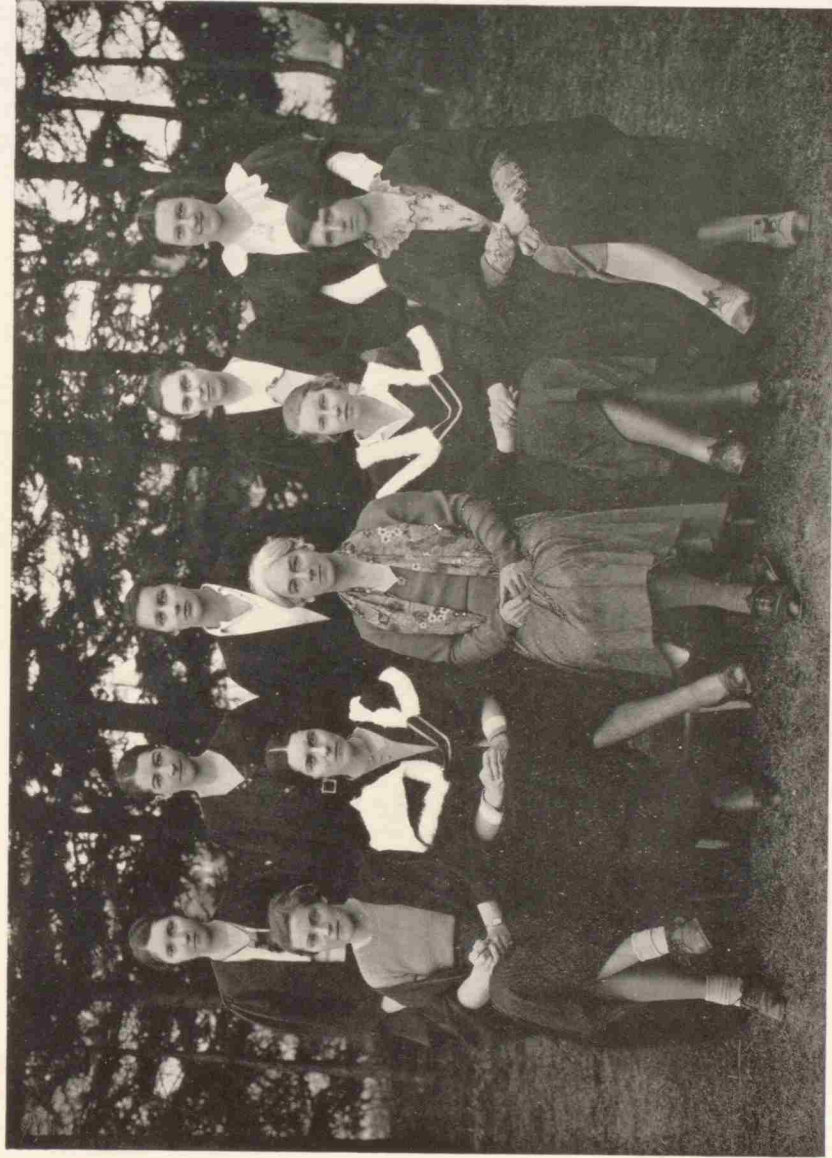

# CAST OF "TONS OF MONEY".

Mabel Blier, (Benita Mullett); Dorothy Rosenbloom, (Simpson); G. J. Cameron, (Sprules); Eleanor Raymond, (Louise Allington); W. L. Tomkins, (George Maitland); Marjorie Hall, (Jean Everard); A. C. Church, (James Chesterman); J. P. Macaulay, (Aubrey Henry Maitland Allington); W. Elkin, (Henry); J. Rattray, (Giles).

# WOMEN'S GLEE CLUB

Sitting — Helen Acheson; Alison Ewing, B.A., (President); Mrs. E. E. Boothroyd, (Director); Ruth Mead, B.A.; Gladys Hutley.  
 Standing — Marjorie Hall; Mabel Blier; Helen Bayne; Marjorie Linton; Lyndall Jackson.

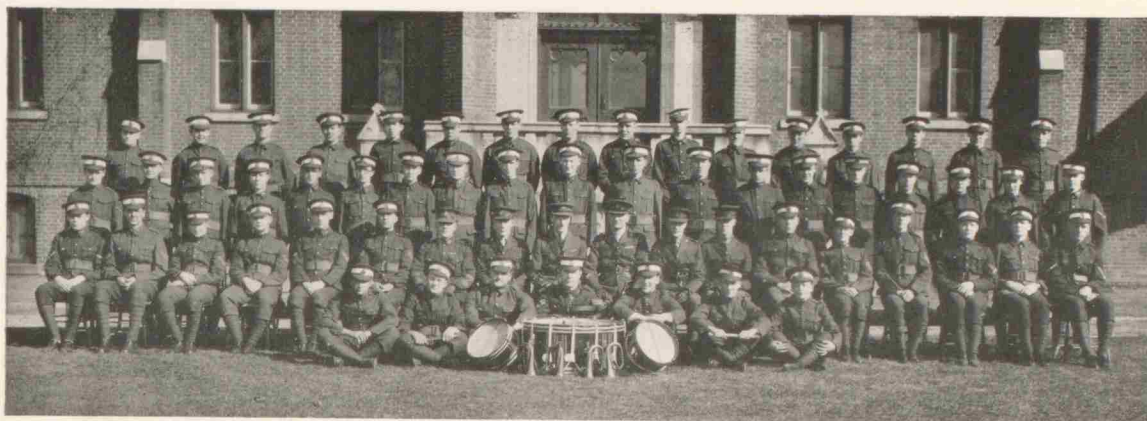

## The Maths and Science Club

**A**S we go to Press, there are two meetings of this Club to report, one held towards the close of the Lent term, and one called for the third week in April. At the first meeting, a group of three papers, of about ten or fifteen minutes' duration each, were delivered and enthusiastically received. Prof. Kuehner gave a brief account of the most recently discovered elements, which proved to be at the same time both instructive and entertaining. A. C. Church regaled a sympathetic audience with some very striking information about alcohol, and also devoted several minutes to "smoking", and a few other of man's lesser vices. W. C. Stockwell, with the help of some lantern slides and about a dozen actual exhibits, gave a very interesting description of coral formations.

At the second meeting of the Club, one of the coming events of this summer was graphically discussed by Prof. Richardson, who delivered an interesting talk on the eclipse of the sun, which will occur here on August 31st of this year.

Since both students and professors have participated in the activities of the Club this year, it may be considered that the traditions of previous years have been adequately upheld. We hope that the Club will flourish in the capable hands of next year's executive.

## C. O. T. C.

**A**S each year comes round, it is encouraging to notice that the Contingent of Bishop's University continues to maintain both its excellent strength in numbers and its high standard in efficiency. There has been exhibited this year a most willing co-operation between officers and men, which has contributed in no small way to making the training season a very valuable one, from the point of view of instruction, as well as furthering the interest of all ranks in the work and progress of the unit.

The Annual Inspection was held on Tuesday, March 22nd, when the company was inspected by Brigadier W. W. P. Gibsone, C.M.G., of Military District No. 4, accompanied by Lieut-Col. J. M. Prower, G.S.O.-1.

This year, No. 2 Platoon, under the command of Lieut. G. C. Dyer, was again fortunate in winning the Platoon Competition for the Ross-McMurty Cup, which was held on Monday, March 21st. It is undoubtedly the keenest and most interesting parade of the year. One might almost add too, the most amusing.

Our relations with the McGill Contingent were greatly strengthened this year by a Field Day which was held in Lennoxville on February 21st. The interest of the men in the Corps was greatly stimulated by the practical training which was received, and the feeling of reality in the situation was very much enjoyed by the officers and men of both units.

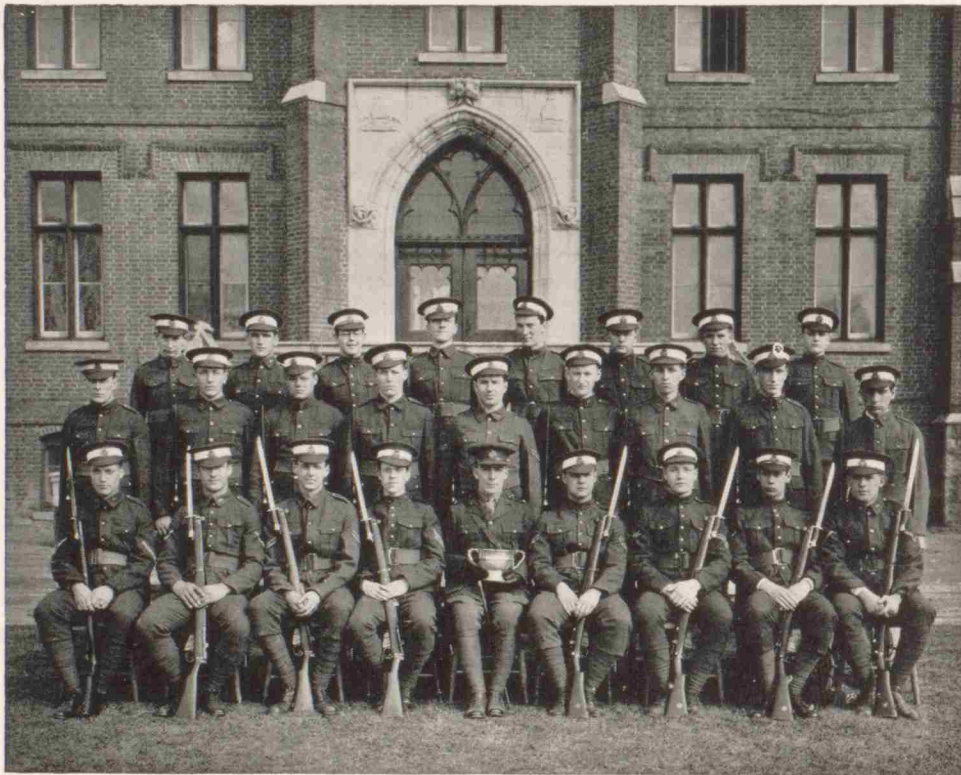

It is being realized more clearly each year that the C.O.T.C. exists primarily for the training of commissioned officers, and this year fifteen candidates wrote the War Office examination for the "A" Certificate.

Three dances were held during the year, one in each academic term. It is generally recognized that the O.T.C. dances form not the least enjoyable part in one's recollections when the training season is over, and, more especially, when the last year is drawing to a close and graduation looms up in the foreground.

And so, to those members of the contingent who are graduating in June, we say: "Happy days ahead!" and "Happy memories."

#### DUNN CUP TEAM — FACULTY OF DIVINITY

G. Kestell-Cornish; J. C. A. Cole; J. H. Dicker.

#### MINOR ATHLETICS

**T**HE Annual Road Races, as usual, attracted much attention this year, and were keenly contested. The McGreer Shield Road Race was run under ideal conditions, and a very fast pace was maintained over the whole course. J. C. A. Cole again led the large field of entrants to the tape to win in 27 min. 55 sec., just 50 sec. slower than the record he set the previous year. E. S. D. Weaver was a close second, breasting the tape in 27 min., 57 sec., two seconds behind the winner. G. Kestel-Cornish took third place.

The Dunn Cup Road Race is especially interesting since it is an Inter-Class competition. The Divinity team won the cup for the second successive year, and with the same team, J. C. A. Cole, G. Kestel-Cornish and J. H. Dicker.

Tennis is becoming ever increasingly popular at Bishop's. At present our tennis courts are far from being first class, but they were improved somewhat last year. We hope for a still greater improvement in the near future.

Golf, and Bishop's University, have a somewhat synonymous meaning to those who are acquainted with College activities. It has rapidly become the most popular of Minor Athletics with both the Faculty and the Students.

The Meredith Challenge Trophy for golf was won last Summer by J. P. Fuller of Sherbrooke, for the second successive year.

## WOMEN'S BASKETBALL TEAM

Seated — Isabel Rothney, (def.); Lyndall Jackson, (def.); Lillian Salicis, (Capt. forward); Phyllis Montgomery, (forward); Evelyn Austin, (def.).  
 Standing — Helen Acheson, (forward); Ruth Mead, (forward); Charles McCullough, (coach); Betty Wilson, (centre); Helen Bayne, (forward).

## Women Students' Basketball

**T**HIS year the girls joined the Provincial Amateur Basketball Association and played in the Sherbrooke City League. Practices began early in October and we were very fortunate in having Charlie McCullough for coach, assisted by Dick McMorran. There were only three members of last year's team who returned, Lillian Salicis, Phyllis Montgomery and Evelyn Austin, but much good material was found amongst the fifteen freshettes. This year we played boys' rules throughout the season. The Sherbrooke City League concluded in a tie for first place between Sherbrooke High School and Bishop's. The play-off was in the Y.M.C.A. on March 11th, Bishop's winning by a score of 9 - 5, which made the Bishop's Co-eds champions of the Sherbrooke City League. Sun Life, winners of the Montreal League, defaulted, and Bishop's played La Tuque for the Provincial Championship. However, owing mostly to our poor shooting, La Tuque won the title.

The Team was as follows:-

Lillian Salicis — Forward. "Sally" was elected as this year's Captain and a true captain she proved to be. Sally is one of the fastest players on the team and the top-scorer this year. The next team that gets her for a player will certainly be a lucky one.

Isabel Rothney — Isabel played alternately defence and forward. Isabel was particularly good in getting the rebounds and it was largely due to her shooting that we made as many points in the games as we did.

Betty Wilson — Centre. Betty started the season by playing centre, but as time went on she alternated between defence and centre. Her defence work was good and her playing throughout the year was of the best.

Evelyn Austin — Defence. "Chev" played an excellent game in defence and also made the odd basket in shooting. Bishop's will be sorry to lose such a game and tricky player.

Phyllis Montgomery — Forward. Phyl. completed the forward combination and went into the game with the spirit of determination. She is another whom the team loses this year. Best o'luck, Phyl.

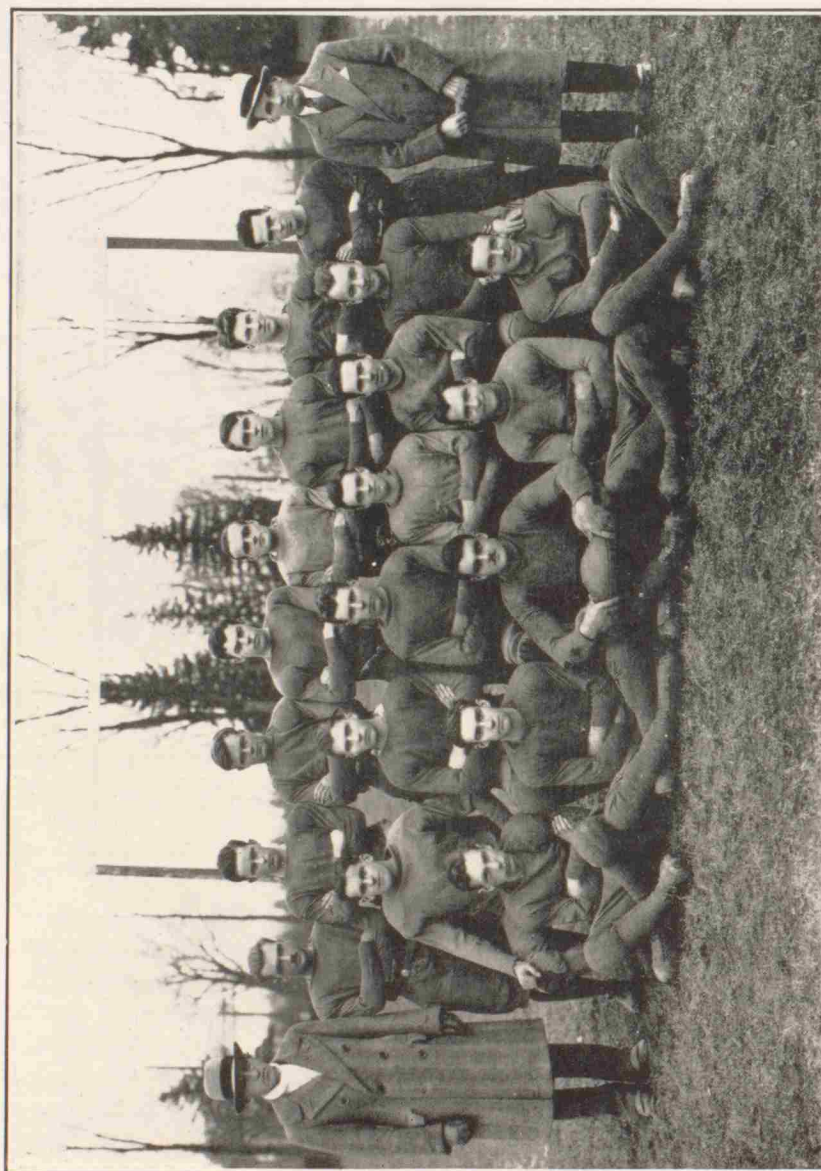

Lyndall Jackson, defence; Helen Bayne, forward, and Helen Acheson, defence, were substitutes and played well throughout the season.

We were very unfortunate during the year to lose one of our best players, Margaret Bradley. Owing to a sprained ankle which she received in the second game with Sherbrooke High she had to give up basketball for the rest of the year. Margaret has been elected Manager for next year and we know that she will fill the position admirably. We wish her the best of luck and every success, and we hope that she will be able to play again next year.

Here, it is only right that we should thank Charlie for his coaching and giving up so much of his time and energy — as well as bus tickets — in working out systems with us. We only hope that the team will get someone as efficient and willing next year.

# INTERMEDIATE RUGBY TEAM

Standing — C. W. Dickson (Mgr.); C. B. Marshall; L. M. Hart; A. Porteous; W. L. Tomkins; I. M. Stockwell;  
 R. J. C. Evans; J. P. Macaulay; R. O. Hamahan; W. J. W. Hodgins (Ass't Mgr.).  
 Kneeling — H. B. Munro; J. L. Dean; P. D. Curry; W. B. Bradley; D. G. Masson; C. H. Stewart.  
 Sitting — J. S. Aikins; J. B. Hébert; W. C. Stockwell (Capt.); G. J. Titcomb; G. F. J. Glass.

## The Rugby Season

THE Intermediate team registered two victories in the six league games that they played. They lost both the games played against Loyola, but in the second game they held the opposing team in such a fashion that Loyola was not able to run up a high score for themselves and they had a touch down registered against them. We evened the games with McGill and Sherbrooke Athletics.

The season opened with an annual game against the Old Boys, and the team met some stiff opposition at the hands of the graduates. Although this feature of the season's activities has only been in vogue for two years, it is anticipated with as much enthusiasm as the Intercollegiate series.

The Intermediate team acknowledges its indebtedness, with gratitude, to the Seniors of B.C.S. and the College Juniors, who showed their loyal support in a most practical way, giving them practise and trial games, all of which helped forward the success of the season.

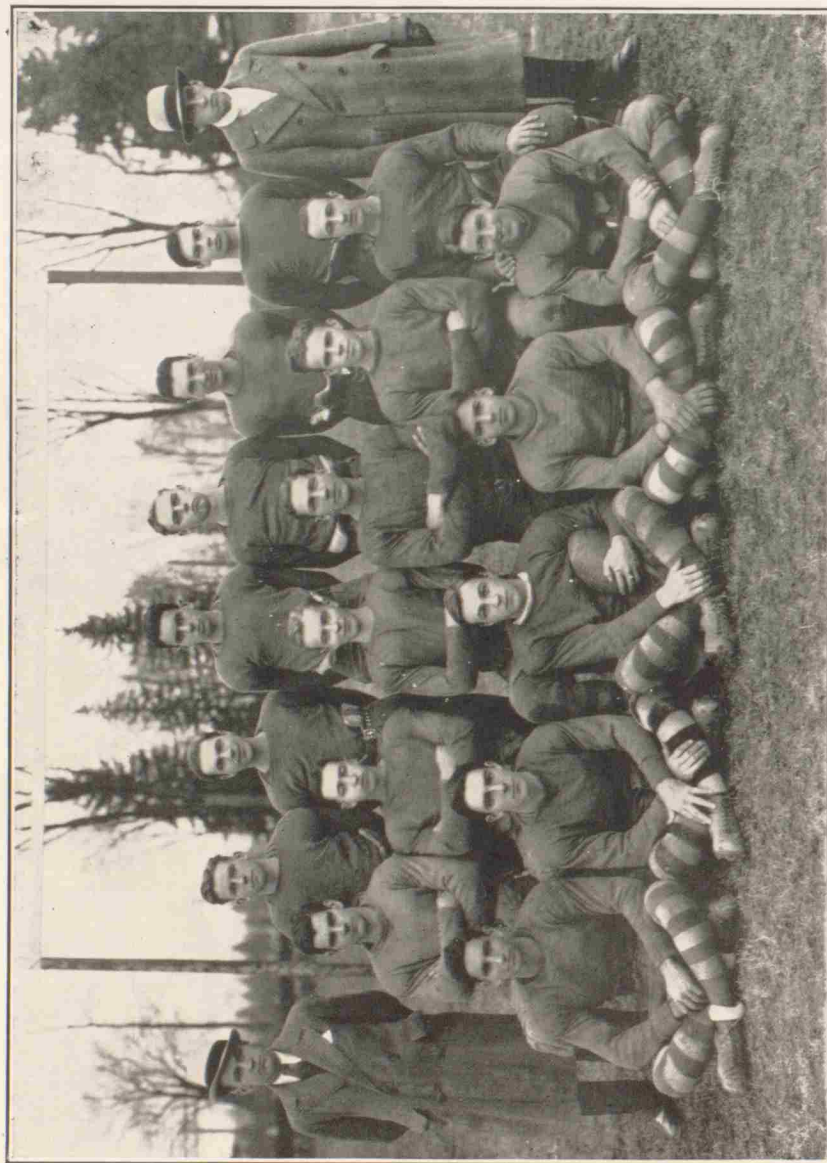

Mention must be made of four very important and capable men. The team's success greatly depends on the ability of the Captain, and Walter Stockwell had the whole interest of the team at heart, while Herb Rheaume proved himself to be a most popular and competent coach. Without a Manager, however, the Team would be unable to play at all, but an efficient manager, such as Wynne Dickson, is able to arrange practically anything, and the games, and the etceteras of games, were all capably handled. Wynne had a hard man to follow, but he has done it in a most commendable fashion. The Intermediate team relied upon Wynne and their trust was well founded. Likewise with the Juniors, who received the full interest of "Wally" Hodgins. Wally has been unanimously elected to follow Wynne in the onerous task of management next year, a fact which speaks for itself of Wally's capabilities. He will receive his eulogy in the Year Book of 1933.

Twenty of the players are expected back next year, and with this splendid nucleus bigger and better results are to be expected. The team has done its very best and it is hard to select any individual players for special mention, but the team itself singled out Don Masson to be its Captain next season. Front line, back field and alternates worked as a unit throughout, and that is the real essence of team work.

The Juniors only had three scheduled games to play and, although they met defeat in each of them, they were honest defeats, and we feel confident that there is a great deal of sterling quality among them.

In the Inter-Year series, Arts '33, ably coached by Bill Bradley, came out on top to win the Chancellor's Cup, but only after some close games with Arts '32 and the Divinity team. Here is some more promising material for future teams at Bishop's.

# JUNIOR RUGBY TEAM

Standing — W. J. W. Hodgins (Ass't Mgr.); H. W. Gall; E. E. Russell; J. D. McMorran; H. W. MacMillan;  
M. Ortenberg; E. F. H. Boothroyd; C. W. Dickson (Mgr.).  
Kneeling — H. J. Campbell; E. G. Wiggert; J. I. Benson; A. D. Rollit; A. M. Russell; H. Pierce.  
Sitting — L. H. Lang; G. C. Dyer; S. B. Doak (Capt.); R. B. Ingalls; P. V. Hébert.

# Hockey

ONCE again our Intermediate hockey team has brought to Bishop's an Intermediate Intercollegiate Provincial Championship, our third title in as many years. As usual, the Intercollegiate League was closely contested; but Lady Luck smiled on Bishop's this year. The games with Loyola were like all Loyola-Bishop's contests. Old rivalry always comes to the fore in these games, with each team trying to chalk up a victory over its traditional rival. Loyola won their home game by the score of 3 to 2 after nineteen minutes of overtime had been played. In the return game at Bishop's, we defeated the Maroon team by a 2 to 1 score. Bishop's was not so fortunate against McGill, being defeated by 4 goals to 2 at the Montreal Forum. McGill defaulted the return game however, thus giving Bishop's the right to play Loyola for the Provincial title. This game took place at the Sherbrooke Arena, and resulted in a 1 - 1 tie after thirty minutes of overtime had been played. This left Loyola and Bishop's still tied for the lead. But since Loyola was unable to proceed further they defaulted to Bishop's the right to continue to the Dominion Semi-finals against Toronto University. This game was played at Kingston, Ont., and resulted in a 10 - 1 victory for Toronto who easily showed themselves to be the superior team.

In the Sherbrooke City Hockey League, Bishop's did not enjoy as much success, but did succeed in gaining second place in the League. We lost both games against the Sherbrooke Canadiens by the scores of 6 - 2, and 4 - 1 respectively, but enjoyed better luck against the St. François team which we defeated by the score of 3 - 2. The first game with East Sherbrooke, a new entry to the League, was very close, and resulted in a 2 - 2 tie. In the return match at the Sherbrooke Arena we defeated them by 2 goals to 1.

On February 24th the team travelled to Hanover, N. H., to play an exhibition game with Dartmouth College. The final score was, 3 to 0 in favour of Dartmouth.

In the post-season games we were more successful and defeated the crack B. C. S. team by 2 - 1, and 8 - 2 successively. One of the most interesting games of the season was with the Knowlton Hockey Team, which resulted in a 7 - 2 victory for Bishop's.

The team was coached, for the second successive year, by Mr. Gerald M. Wiggett of Sherbrooke, and the success which this year's team achieved speaks volumes of praise for "Gerry's" ability as coach. His quiet manner and qualities of leadership inspired confidence and spirit in his players. However, the secret of the team's success this year may best be summed up in two words:- "fighting spirit". Every man gave his best, and the team was exceptionally well balanced.

TITCOMB — "Tic", as captain and defenceman of the team, played a wonderful brand of hockey throughout the season, and by his example and fighting spirit inspired with confidence the younger members of the team. His "goal-a-game" record is outstanding, and he was easily the fastest man on the team. His loss will be severely felt next year.

McRAE — "Came the Don", to his first year as defenceman on the Intermediate team. "The big fellow" from Shawville certainly supplied what was needed on defence and worked in well with "Tic" to give the goaler

good protection. We congratulate Don upon being elected Captain of next year's team.

GLASS — "Gordie" was the same cool, confident goaler of the two previous seasons. He certainly can pick off those corner sizzlers! He graduates this year, — a "break" for some amateur team.

STERLING — "Rod" was second high scorer of the team this year. His bullet-like shot from left wing, and his terrific speed were a constant worry to opposing goalers. Fortunately, he will be with us again next year.

McHARG — "Sid" proved to be a centre-man of no mean ability. His speed, and ability to tally goals made him a valued member of the team. He expects to be with us again next winter.

DOAK — "Stewie" is another member of the team who advanced from the ranks of junior hockey this year. He is a great worker and is always in the thick of the fight. Another right-winger for next year.

EVANS — "Dick" has shown marked improvement over last year's play with the Juniors. He has plenty of speed and lots of fight. Watch this left-winger next season!

WILLIAMS — "Art" was the 'shut-out-king' last year, but this season he has not had much opportunity to show his wares. We hope he will get his big chance next year, — he certainly deserves it!

EBERTS — "Chris" was the 'dark horse' of this year's recruits. He may have played hockey in Europe, but he certainly performs like a real "Canadian-bred". He has a terrific shot, — watch him go next season!

HODGINS — "Wally" has shown great improvement this year, and should be in great form next January. Switching "Handsome" from right wing to centre was a good 'break' for him, a break which he knew how to turn to his advantage.

GALL — "Hughie" gained much applause for his never-say-die spirit, and was a constant worry to opposing centres. He should improve greatly in the course of the next two years.

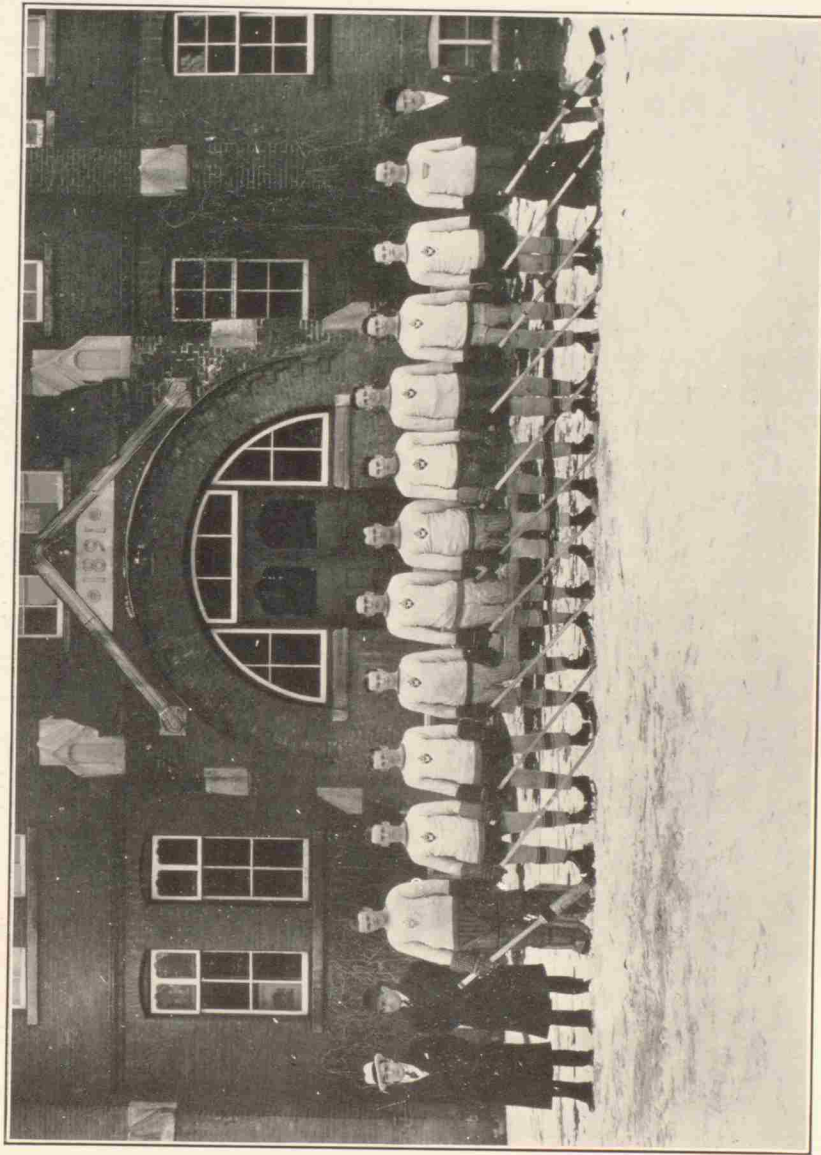

\* \* \*

At the beginning of the season, the prospects for a Junior team did not look very bright, but after a few practices a distinct improvement was noted, and before the season had closed the Juniors had developed some promising material for next year's teams. Labaree, in the nets, has the makings of a real goaler; his improvement was quite marked. Pibus, Rollit and Stewart formed a good rear guard and should develop a great deal next year. Rattray, Hutchison, Ingalls, Weaver and G. Doak were the members of the van-guard and all developed as the season advanced. We may safely predict that some of them will be strong contenders for positions on the first Team in 1933.

\* \* \*

The Inter-Year Trophy was won by the Third Year-Grads Team which was composed of Walter Stockwell, "the shut-out-king", in goal; Dick McMorran, Jim Hébert and "Elegant-Ernest" Eades as defencemen; with "Chet" Dyer, Ray MacDonald, Ivan Stockwell and John Dean as fast-skating, hard-shooting forwards. The great scoring punch of the team can only be realized when we note that these would-be hockey players scored 38 goals to 3 scored against them in six games, — truly a remarkable record! Keep your eyes open ye N. H. L. scouts!!

# PROVINCIAL INTERMEDIATE INTERCOLLEGIATE CHAMPIONS 1932

G. Dyer, Manager; G. Wiggett, Coach; A. Williams; J. Hodgins; H. Gall; S. Doak; R. Sterling; G. Titcomb, Capt.; D. McRae; C. Eberts; R. Evans; S. McHarg; G. Glass; C. Marshall, Asst Manager.

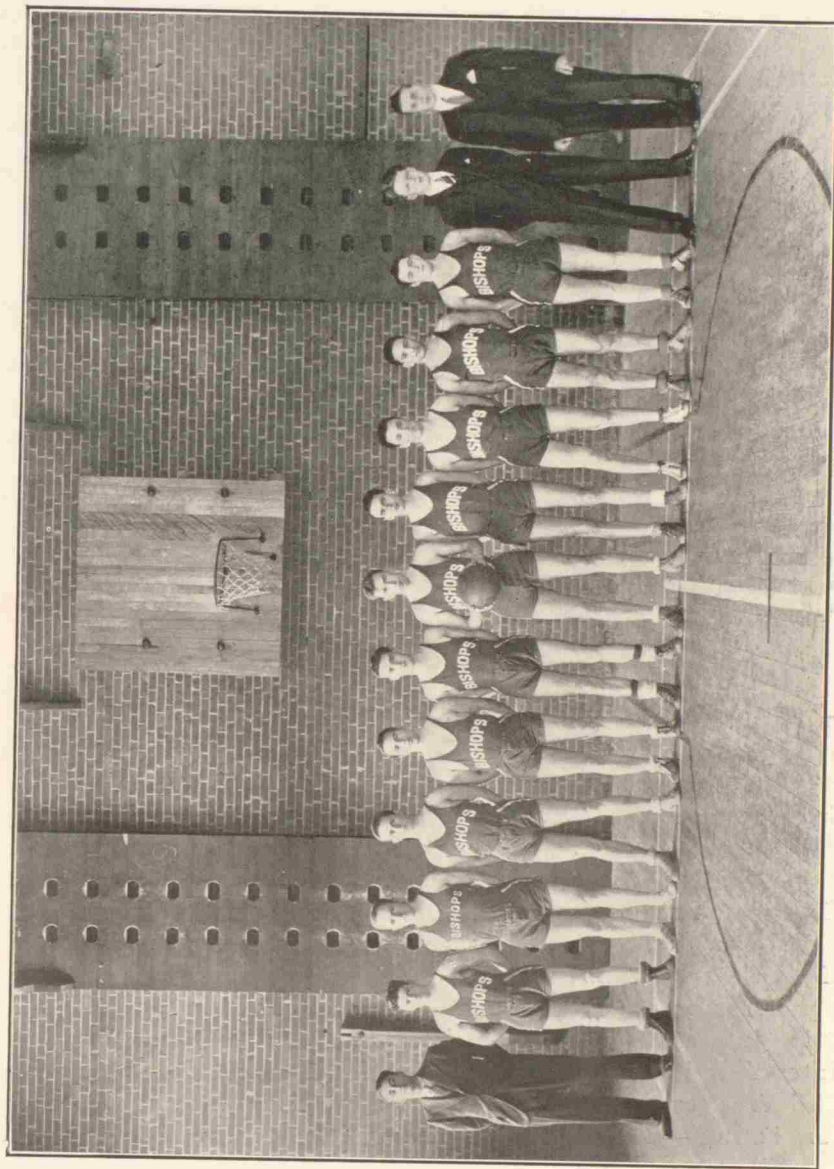

# JUNIOR HOCKEY TEAM

Row 1 — A. D. Rollit, (right def.); E. A. Hutchison, (right wing); W. S. Labaree, (goal); R. B. Ingalls, (centre); J. Rattray, (left wing).  
 Row 2 — H. H. Pibus, (left def.); G. W. Doak, (left wing); E. S. D. Weaver, (centre); C. H. Stewart, (l. def.)  
 Row 3 — G. C. Dyer, (Manager); G. Wiggott, Esq., (Coach); C. B. Marshall, (Ass't Mgr.).

# UNIVERSITY BASKETBALL TEAM

E. Weaver, Ass't Manager; N. Sternlieb; J. Cole; L. Hart; D. Masson; J. Hébert; C. McCullough, Captain;  
D. McMorran; M. Ortenberg; L. Lang; W. Bradley; H. Davis, Manager; M. Turner, Coach.

# Basketball

**A**LTHOUGH the Basketball team did not bring home a championship this year, it put everything it had into the contest. The boys played a good, clean basketball that made the opposing teams fight for everything they got. The victories were three and the defeats three, the College team being the only team in the League to defeat the winners, the "Y" Blues.

This year the team played an exhibition game with Macdonald College at Ste. Anne. The game was fast and although Bishop's was leading at the half the Macdonald men were in the end victorious. McGill visited us again this year and carried off the victory, but not until after a hard fight. To round out the season the College team challenged the Blues and defeated them after, perhaps, the most exciting game of the season.

It was in this game that Curry, the new center from Ridley, scored two baskets from the jump and came within one point of equalling his highest game score of the season — 21 points. Incidentally, he was the high scorer of the League and returns next year to captain the team.

Charlie McCullough was back with the team this year as Captain and joined with McMorran to make a stalwart defence; a defence aptly termed Bishop's "stone wall".

Bradley fulfilled the prophecy of last year: that Sherbrooke's little Romeo would give us big things. He has. He filled, very capably, the forward position that he had earned.

Hébert, his partner on forward line, gave us some good Basketball and turned in the second highest score on the team.

This year the team loses McCullough, McMorran and Hébert, but heavy as the loss may seem, we feel sure that the subs will be able to fill their places next year. Cole and Lang were perhaps more frequently seen on the floor than the others, Sternlieb, Ortenberg, Hart and Masson, but without their willing help the team would not have been able to carry on.

Credit must also go to the coach, Mac Turner, who kindly consented to help the boys build a team from a most incongruous group of players, a team of which we can all be proud, a team whose improvement throughout the year has been most pleasing. We hope that Mac. found his efforts rewarded as fully as they were appreciated.

Inter-Year Basketball must be mentioned to complete this account. The Third Year team was victorious, but the victory was not won without some hard battles — noticeably against the Divines, their toughest rivals.

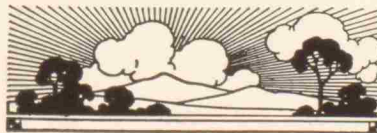

## Bishop's University Rover Crew

**A**LTHOUGH the Rover Movement is still in its infancy at Bishop's, already it is bearing fruit in the successful work which is being done by graduates of the past two years. Guided by the efficient hand of Dean Carrington, the Rover Crew has maintained a very high standard in all departments of its work, and wherever they may be situated, the members who are graduating this year will have a fund of helpful knowledge and experience which will enable them either to start or to build up efficient Troops of Scouts.

The Dean, who is Rover Leader, has been assisted by W. W. Davis and J. C. A. Cole as Assistant Rover Leaders, and also by G. K. Cornish and C. H. Gibbs as Mates. During the Winter months, part of the Gilwell Training Course was given by the Rover Leader and considerable practical work was completed.

The Crew held its annual investiture of new members at its first camp-fire last February, and a splendid programme was entered into with true scouting spirit which made the evening a great success. As much outdoor work as possible has been the aim of the Crew, and in the Fall a Field Day was held with great success. Mr. Blake, the Assistant District Commissioner, and a faithful friend of the Crew, gave some very helpful talks on Scout Work, which were very much appreciated. Another Field Day will be attempted in May.

According to reports received from ex-Rovers, the amount of time and effort spent in Scouting has been rewarded with results out of all proportion, and it is to be hoped that the movement will continue to be numbered among the successful organizations of the College in the future.

## Badminton

THE Badminton Club this year has enjoyed one of the most pleasant and enthusiastic seasons of its short existence. At the opening of the season, the Club was taken under the wing of the Students' Association and became a recognized minor sport. Consequently this has opened the Club to all students, and many have taken advantage of the opportunity to enjoy this pleasant form of recreation and as our winter this year has been so un-wintery, the court has always been crowded.

A ladder competition was drawn up and ran for a considerable time, adding an element of rivalry to the games. The Club Open Championship was played off in April and the results were, needless to say, followed with great interest. After some thrilling and hard fought matches Peter Curry emerged victorious to claim the beautiful new cup that Mrs. Charles Meredith so kindly presented.

It is hoped that the game will continue to be as popular next year, and that it will continue to provide as much enjoyment for the students and faculty as it has in the past.
