Program Overview
The Department of Music offers a wide range of courses that provide a general introduction to the subject or that lead to a B.A. degree with either an Honours, Major or Minor in Music. Students also have the option to choose between the disciplines of Classical or Popular Music Studies (Jazz and Popular Music). A popular interdisciplinary program is the B.A. in Arts Administration (Music Concentration). A new Concentration in Music Theatre draws the worlds of Drama and Music together in an exciting collaborative enterprise. The Department also welcomes students from across campus to select from a wide range of courses geared to those with little or no background in music.

Courses leading to the B.A. in Music, in either the Classical or Popular Music stream, are drawn from four areas of study: history and literature; theory and composition; lessons on both classical and jazz instruments or voice; and choral or instrumental ensembles. Courses in the history and literature of music include historical surveys, genre studies, and special interest courses on many topics. Theory courses are combined with musicianship classes (ear-training, sight-singing and keyboard harmony). Advanced courses in composition, harmony, form and analysis, counterpoint and orchestration are also available. Performance study is available on all orchestral, band and keyboard instruments, as well as voice. Instruction is provided by professional musicians who live and work in the region. Ensembles include the University Singers, Chamber Music Ensembles, Jazz Combos and Rock/Pop Bands. Numerous performing opportunities both on and off campus are available as early as the first semester of study for students keen on building their confidence on stage.

The Department proudly boasts the acoustically superb, 165-seat Bandeen Recital Hall. Other facilities include studios for teaching and ensemble rehearsal, classrooms, a recording studio and a number of practice rooms all equipped with Yamaha upright pianos. The Department also owns a Karl Wilhelm continuo organ, a 2-manual French Baroque harpsichord made by Montreal craftsman Yves Beaupré, two 7-foot Hamburg Steinway pianos and a 7-foot American Steinway piano. Students also have access to a 2-manual Wilhelm tracker organ in St. Mark’s Chapel. As a general rule, students should possess their own instruments (with the exception of piano, double bass, harpsichord and organ).

In addition to its academic role, the Department of Music is the center of cultural activities for the University community and beyond. The Department offers a full series of concerts by Canadian and international musicians in Bandeen Hall, and co-sponsors a series of organ recitals in St. Mark’s Chapel. Artists-in-Residence visit the Department each year to present concerts and master classes for Bishop’s music students. A fully-staged musical is normally mounted each Spring semester, in collaboration with the Drama department.

Students seeking admission must satisfy the general requirements for admission to the university. In addition, the Music Department requests that each applicant submit a letter detailing their previous musical studies and experience. An audition, either live or in video format, is required. **Program Overview**

Human beings are filled with wonder, curiosity and awe about the world we live in and about our own beguiling lives. Philosophy quite literally asks the “big questions” about the meaning of life and death, what human fulfillment is, the parameters of a just society, cosmology, metaphysics and a host of other similar topics. We also explore the nature of reason and good arguments.

Knowledge of the philosophical tradition is essential to a sound and liberal education. It lies at the heart of what Bishop’s has understood historically and continues to embrace today as its educational mission.

In recognition of this, the Department of Philosophy offers a program designed to meet the needs of both specialists and those seeking to supplement their work in other disciplines. Honours and Majors follow a curriculum which emphasizes two broad areas: Continental European Philosophy and the Western Philosophical Tradition. Advanced students may also pursue independent studies of special topics in greater depth. These offerings are supplemented by a series of introductory and cross-disciplinary courses designed to provide the background, skills and tools for a thoughtful, critical approach to a wide variety of problems and issues and delivered, for the most part, at a level accessible to the non-specialist.
