Opinion

We have audited the financial statements of Bishop's University (hereafter "the University"), which comprise the statement of financial position as at April 30, 2023, and the statements of operations, changes in fund balances and cash flows for the year then ended, and notes to financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the University as at April 30, 2023, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the University in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the University or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the University's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the University to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Approved by the Board of Directors

Director

Director

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

1 - GOVERNING STATUTES AND PURPOSE OF THE ORGANIZATION

Bishop's University was created in 1843 by a special act of the parliament of the Province of Canada under the name of Bishop's College. It was granted university status in 1853 as University of Bishop's College and changed its name to Bishop's University (hereafter the "University") in 1958. The mission of the University includes post-secondary education, research and community service. The University is a registered charity and, under Section 149 of the Income Tax Act (Canada), is exempt from payment of income tax.

2 - ACCOUNTING CHANGES

Contributions receivable

During the year, the University retrospectively changed the method of accounting for the subsidies receivable relating to capital assets. According to its previous accounting policies, the University recognized on the basis of their net amount the balance of long-term subsidies receivable relating to capital assets financed or that should be financed by loans and for which work has been performed and deferred contributions relating to resulting capital assets. The University has restated its financial statements for prior periods to recognize these subsidies receivable as an asset (for their gross amount) when the amount to be received can be reasonably estimated and the final receipt of the amount is reasonably assured.

As at April 30, 2022, in the Capital Fund, this change led to an increase of \$15,997,656 in current accounts receivable, an increase of \$64,908,660 in long-term accounts receivable and other and an increase of \$80,906,316 in deferred contributions related to tangible and intangible capital assets.

Employee future benefits

On May 1, 2022, the University applied the changes, to Section 3463, Reporting Employee Future Benefits by Not-for-Profit Organizations, of Part III of the *CPA Canada Handbook – Accounting*. The purpose of these changes is, in particular, to remove the possibility of using a funding valuation for defined benefit pension plans without a funding valuation requirement.

In accordance with the transitional provisions, these changes, that are applicable for fiscal years beginning on or after January 1, 2022, have been applied retrospectively, but without restatement of the previous year's comparative financial statements. Any adjustment must be applied against the opening balance of the current year's fund balance.

Application of these changes resulted in, as at May 1, 2022, an increase in liabilities of \$1,156,500 of the defined benefit liability and a decrease in the opening fund negative balance of the Operating Fund of the same amount.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

3 - SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The University's financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Fund accounting

Operating Fund

The Operating Fund includes teaching, academic and administration support, student services as well as ancillary enterprises such as residences and food services, sports centre, theatre and parking, all with no external restriction.

Restricted Funds

Restricted Funds represent amounts received by the University which have donor or other external or internal restrictions and are used mainly to support student scholarships and services, academic enrichment and research activities.

Capital Fund

The Capital Fund includes funds expended on assets of a long-term nature, including capital assets and certain investments.

Accounting estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts recorded in the financial statements and notes to financial statements. These estimates are based on management's knowledge of current events and actions that the University may undertake in the future. Actual results may differ from these estimates.

Financial assets and liabilities

Initial measurement

Upon initial measurement, the University's financial assets and liabilities from transactions not concluded with related parties and those from transactions with parties whose sole relationship with the University is in the capacity of management (and members of the immediate family) are measured at fair value, which, in the case of financial assets or financial liabilities that will be measured subsequently at cost or amortized cost, is increased or decreased by the amount of the related financing fees and transaction costs. The University's financial assets and liabilities from related party transactions are measured at cost.

Subsequent measurement

At each reporting date, the University measures its financial assets and liabilities from transactions not concluded with related parties at amortized cost (including any impairment in the case of financial assets), except for certain long-term debt which the University has elected to measure at fair value by designating that fair value measurement shall apply. With respect to the financial assets and liabilities from related party transactions, the University measures them using the cost method (including any impairment in the case of financial assets).

Bishop's University
Notes to Financial StatementsYear ended April 30, 2023

3 - SIGNIFICANT ACCOUNTING POLICIES (Continued)*Subsequent measurement*

Transaction costs relating to financial assets and liabilities that are measured at amortized cost and any difference resulting from their initial measurement at fair value are amortized on a straight-line basis over the term of the related financial instrument. Amortization of transaction costs related to long-term debt is recognized in operations as interest expenses.

With respect to financial assets measured at amortized cost or using the cost method, the University assesses whether there are any indications of impairment. When there is an indication of impairment, and if the University determines that, during the year, there was a significant adverse change in the expected timing or amount of future cash flows from the financial asset, it will then recognize a reduction as an impairment loss in operations. The reversal of a previously recognized impairment loss on a financial asset measured at amortized cost or using the cost method is recognized in the statement of operations in the year the reversal occurs.

Derivative financial instruments

The University uses derivative financial instruments to manage the interest rate risk, but does not use hedge accounting. Accordingly, the derivative financial instruments are recognized in the statement of financial position at their fair value, and changes in fair value are recognized in the statement of operations in the Capital Fund for the year.

Foreign currency translation

The University uses the temporal method to translate transactions denominated in a foreign currency. Under this method, monetary assets and liabilities are translated at the exchange rate in effect at the financial position date. Non-monetary assets and liabilities are translated at historical exchange rates, with the exception of those recognized at fair value, which are translated at the exchange rate in effect at the financial position date. Revenue and expenses are translated at the average rate for the period, with the exception of the amortization of assets translated at the historical exchange rates, which is translated at the same exchange rates as the related assets. The related exchange gains and losses are accounted for in the operations for the year.

Revenue recognition*Contributions and grants*

The University follows the deferral method of accounting for contributions. Under this method, contributions restricted for future period expenses are deferred and are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Moreover, the University recognizes contributed supplies and services when the fair value of these contributions can be reasonably estimated and if it would have had to otherwise acquire these supplies and services for its normal operations.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

3 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other

The University's principal sources of revenue, aside from contributions, are student academic fees and other student fees, student services, as well as ancillary enterprises. These revenues are recognized when the following criteria are met:

- Persuasive evidence of an arrangement exists;
- Services have been rendered;
- The price to the buyer is fixed and determinable;
- Collection is reasonably assured.

Receipts for which revenue is not yet earned are recorded as unearned revenue.

Employee future benefits

The University offers its eligible employees:

- a defined benefit pension plan for eligible full-time employees (the "Pension Plan for Full-Time Employees") (hereafter the "pension plan");
- a supplemental employee retirement plan ("SERP") for members of the Pension Plan for Full-Time Employees.

The University accrues its obligations under the defined benefit plans as the employees render the service necessary to earn the pension benefits. More specifically, the University recognizes its obligations under the defined benefit plans on the statement of financial position, net of the fair value of plan assets. The University determines the defined benefit obligations using the most recent actuarial valuation prepared for funding purposes, which is extrapolated to the University's year-end. The total defined benefit plan cost includes current service cost and finance cost.

Remeasurements and other items, which include actuarial gains and losses relating to obligations, the difference between the actual return on plan assets and interest income deducted from the finance cost as well as past service cost, are recognized separately on the statement of changes in fund balances. Remeasurements and other items are not reclassified to the statement of operations in a subsequent year.

The University also offers an optional defined contribution plan for eligible part-time employees. Contributions to these plans are recognized as expenses when they become due.

Cash and cash equivalents

The University's policy is to present in cash and cash equivalents bank balances, including bank overdrafts whose balances fluctuate frequently from being positive to overdrawn, and investments with a maximum maturity of three months from the acquisition date or redeemable at any time without penalty.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

3 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Tangible and intangible capital assets

Capital assets acquired are recorded at cost. When the University receives contributions of capital assets, their cost is equal to their fair value at the contribution date plus all costs directly attributable to the acquisition of the capital assets, or at a nominal amount if the fair value cannot be reasonably determined.

Amortization

Tangible and intangible capital assets are amortized on a straight-line basis over their estimated useful lives according to the following periods prescribed by the Ministère de l'Enseignement supérieur (MES):

	<u>Periods</u>
Land improvements	10 or 20 years
Buildings	20, 40 or 50 years
Building renovations	25, 30 or 40 years
Furnishings, rolling equipment, software	5 years
Equipment	5, 10 or 15 years
Computer hardware	3 years
Library collection	10 years

Building renovations in progress will be amortized on a straight-line basis on a 25, 30 or 40-year period when they are completed.

Write-down

When conditions indicate that a tangible or intangible capital asset is impaired, the net carrying amount of the tangible capital asset is written down to the tangible or intangible capital asset's fair value or replacement cost. The write-down is accounted for in the statement of operations and cannot be reversed.

4 - INTEREST EXPENSES

	<u>2023</u>	<u>2022</u>
	\$	\$
Interest on long-term debt	1,889,817	1,730,520
Interest on short-term debt	362,240	340,187
	<u>2,252,057</u>	<u>2,070,707</u>

5 - INTERFUND TRANSFERS

During the year, the University restricted resources amounting to \$3,275,592 (\$2,775,800 for the year ended April 30, 2022) from the Operating Fund to the Capital Fund in order to finance net cash disbursements related to capital assets, long-term debt repayments and payments of interest on long-term debt, and restricted resources amounting to \$5,939,515 (\$7,018,501 for the year ended April 30, 2022) as a reserve mainly for future assets acquisitions and renovations.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

6 - GOVERNMENT ASSISTANCE

The Ministère de l'Enseignement supérieur (MES) financially supports certain capital projects of the University each year for which the final form of funding is finalized at a later date. Included in the interfund amounts due to and from the Operating and Capital Funds respectively is approximately \$1,214,125 (\$1,432,138 as at April 30, 2022) of capital expenditures on temporary financing incurred as at year-end and for which the funding has yet to be either received or finalized by the MES.

10 - BANK INDEBTEDNESS

	2023	2022
	\$	\$
Capital Fund		
Banker's acceptances	11,276,000	12,095,000
Loans	4,877,267	5,921,982
	16,153,267	18,016,982

The University has an authorized line of credit facility of \$44,800,000, renewable in July 2023, that remained unused at year-end. As at April 30, 2023, the maximum usable borrowings authorized by the MES for this credit facility is nil (\$30,392,000 as at April 30, 2022).

The University also has an authorized line of credit facility of \$11,276,000 (\$12,095,000 as at April 30, 2022) by way of banker's acceptances, bearing interest at banker's acceptance rate plus the applicable stamping fees (5.25%, 5.80% and 5.68% (1.28%, 1.85% and 1.64% as at April 30, 2022)) as part of the financing of the student residences (Paterson, Abbott and Munster). These are related to swap interest rates, maturing in September 2028, July 2034 and August 2036. Under these agreements, payments or receipts for the difference between the fixed interest rates of 5.42%, 2.72% and 1.18% and variable rates based on banker's acceptances rates plus 0.30%, 0.85% or 0.75% stamping fees are made.

In addition, the MES has authorized a maximum amount of \$28,581,000 for the temporary financing of the capital acquisitions funded by the MES to be concluded with Financement Québec (\$16,548,000 as at April 30, 2022), renewable each year by way of loans, bearing interest at average 3 months Quebec treasury bills plus 0.02% (4.51%, 1.47% at April 30, 2022), of which \$4,877,267 is used as at April 30, 2023 (\$5,921,982 as at April 30, 2022).

After the year-end, the University obtained the renewal of the credit facility, for an authorized amount of \$25,225,000, at the same interest rate, renewable in June 2024.

15 - EMPLOYEE FUTURE BENEFITS

The University sponsors a defined benefit pension plan for eligible full-time employees (the "Pension Plan for Full-Time Employees").

The University also maintains a Supplemental Employee Retirement Plan ("SERP") for members of the Pension Plan for Full-Time Employees.

The University also sponsors a defined contribution pension plan for eligible part-time employees.

Certain employees (Faculty and Librarians) of the University have access to early retirement plans as defined in their collective agreement.

The most recent actuarial valuation of the pension plans for funding purposes was as of June 30, 2021, and the next valuation will be on December 31, 2023.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

15 - EMPLOYEE FUTURE BENEFITS (Continued)

An amount of \$743,309 for the residual rights related to the Pension Plan for Full-Time Employees was allocated to the Teaching, Academic support, Administration support and Ancillary enterprises expense accounts on the statement of operations.

The funding status of the benefit plans is as follows:

					2023
	Pension Plan for Full-Time Employees	SERP	Post-retirement program	Retirement program	Total
	\$	\$	\$	\$	\$
Defined benefit obligation	(170,062,709)	(1,745,500)	(19,973,600)	(314,100)	(192,095,909)
Fair value of plan assets	162,856,100				162,856,100
Funded status - deficit and defined benefit liability	<u>(7,206,609)</u>	<u>(1,745,500)</u>	<u>(19,973,600)</u>	<u>(314,100)</u>	<u>(29,239,809)</u>

The significant assumptions used are as follows (weighted average in percentage):

Accrued benefit obligations as of April 30

Discount rate	5.35%	4.80%	4.80%	4.80%
Rate of compensation increase	2.50%	2.50%	n/a	2.50%

16 - COMMITMENTS

The University has entered into long-term lease agreements for equipment and telecommunication services expiring at different dates up to April 30, 2036. Future minimum lease payments aggregate \$1,449,350 and the following payments over the next years:

	\$
2024	293,900
2025	130,798
2026	102,256
2027	94,903
2028	81,349
2029 and later	746,144

The University has undertaken several capital projects and, as a result, has commitments totalling \$569,240 expected to be met in 2024.

Bishop's University

Notes to Financial Statements

Year ended April 30, 2023

17 - CONTINGENT LIABILITIES

Litigation

In the normal course of its activities, the University is party to various legal proceedings. Although it is not possible to determine the ultimate outcome of such proceedings initiated and ongoing as of April 30, 2023, the University is of the opinion that they will be resolved without material effect on the University's financial position. Any amount the University may be required to pay will be charged to operations in the year of settlement; otherwise, if the amount can be estimated and is considered likely to occur, it will be provided for in the accrued liabilities.

18 - RELATED ENTITY - BISHOP'S UNIVERSITY FOUNDATION

The University exercises significant influence over the Bishop's University Foundation (hereafter the "Foundation") since certain Board members and members of senior management are on the Board of the Foundation. The Foundation must use its resources exclusively to advance the mission of the University. The Foundation is incorporated under Part III of the Companies Act (Quebec) and is a charitable organization under both the Income Tax Act (Canada) and the Taxation Act (Quebec).

Notes to Financial Statements

Year ended April 30, 2023

19 - ASSET RETIREMENT OBLIGATIONS

The University's asset retirement obligations mainly concern the removal of asbestos from its buildings. Other asset retirement obligations include the dismantling of tanks containing petroleum products and the restoration of leased premises on expiry of the lease.

No asset retirement obligation is recognized since the University is unable to make a reasonable estimate of the amount of the obligations.

20 - FINANCIAL INSTRUMENTS

Credit risk

The University is exposed to credit risk regarding the financial assets recognized on the statement of financial position. The University has determined that the financial assets with more credit risk exposure are accounts receivable and contributions receivable from Bishop's University Foundation since failure of any of these parties to fulfil their obligations could result in significant financial losses for the University.

Market risk

The University's financial instruments expose it to market risk, in particular, interest rate risk and currency risk, resulting from its operating and financing activities.

Interest rate risk

The University is exposed to interest rate risk with respect to financial assets and liabilities bearing fixed and variable interest rates.

The term deposits and long-term debts bear interest at a fixed rate and the University is, therefore, exposed to the risk of changes in fair value resulting from interest rate fluctuations.

The bank indebtedness bears interest at a variable rate and the University is, therefore, exposed to the cash flow risk resulting from interest rate fluctuations.

The University has entered into an interest rate swap agreement that entitles it to receive interest at variable rates on a \$11,276,000 notional and obliges it to pay interest at a fixed rate (see Note 10). As at April 30, 2023, the carrying amount of the interest rate swap recognized as an asset is \$801,251 (\$762,912 as at April 30, 2022).

Currency risk

The majority of the University's transactions are in Canadian dollars. Currency risk results from the University's sales and purchases denominated in foreign currency which are primarily in U.S. dollars. As at April 30, 2023, the University is exposed to currency risk due to cash and accounts receivable denominated in U.S. dollars totalling \$1,611,259 (\$1,266,654 as at April 30, 2022).

Liquidity risk

The University's liquidity risk represents the risk that the University could encounter difficulty in meeting obligations associated with its financial liabilities. The University is, therefore, exposed to liquidity risk with respect to all of the financial liabilities recognized on the statement of financial position.

21 - COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the presentation adopted in the current year. The main reclassification as at April 30, 2022, on the statement of financial position is a decrease of \$3,332,184 of the net carrying amount of tangible capital assets and an increase of intangible assets of the same amount.
