Undergraduate/Graduate Student Protocols - Research with Human Participants

Please note that the supervisor assumes responsibility for the scholarly review and quality of their student's submission to the ethics committee (REB or ERCSR). Both committees reserve the right to reject any submissions that do not meet basic scholarly and disciplinary standards and/or that are poorly written. It is the responsibility of both supervisor and student to ensure that the submission is grammatically sound and the work proofread in order to avoid typos and spelling mistakes.

I hereby attest that I have READ and APPROVED the entirety of the protocol (form and attachments) being submitted by _____ (name of student) for the research project entitled _____ (title of research project).
