Raising Money for Cancer

Before

Fresh Start is a program that helps all individuals who have cancer. The proceeds of this event go to the Canadian Cancer Society.

During the course of two weeks, the students and faculty went around raising money for this worthwhile event. Many people on the Bishop's faculty were willing to shave their heads (and beards) for this great cause:

- Mr. Ian Kent
- Ms. Jenn Kang
- Mr. Louis Talenti
- Mr. David McBride
- Dr. Stuart McKelvie
- Mr. Mark Mclaughlin
- Mr. Bruce Stevenson
- Ms. Deborah Langford
- Dr. Robert Poupard

With the help of all these individuals, they were able to raise double their expected amount, $5000. They ended up raising over $10,000.

Thanks to all who came out to support this cause!!
for Fresh Start

Beyond Lennoxville, BU students celebrate St. Patty's Day on the Alumni float in Montreal
A wee bit of Irish in each of us on St. Patrick's Day
I AM A B.U. STUDENT ....
- I pre-party in my room just so I will be drunk enough not to notice the sub-zero weather when I walk to the Gait/Lion without a coat.
- Going to early classes in my pjs is at the height of student fashion
- 3:00 a.m. trips to a Greek restaurant, owned by a Vietnamese man, that serves French food is normal
  - My telephone number only has 4 digits.
- At the Maysen I can turn $10 into at least 5 drinks and a beer
  - Going into Sherbrooke is an amazing mystical journey
- I sometimes see my professors buying beer at the Provigo
  - I enjoy seeing mail in my mailbox.
    - I know what a “bog” is
- I have sampled some of the finest poutine this province has to offer
  - Going from the Gait to the Lion is considered club hopping
  - I have seen some of my professors drunk and double fistig
  - I have worn my huge fuzzy slippers to Dewey’s at dinnertime.
- Parties Tuesday through Saturday nights are never hard to find.
- The only times that I eat breakfast are when I am still up from partying the night before...and Pizzaville is open and full of other drunk/hungover B.U. students.
- I never question the strange smells in the air of Lennoxville
  - After falling down Student Patrol has always been there to pick me up and get me back home
- I keep my hands warm during the winter by warming my hands over a couch fire on Reid Street
  - I can “Raise a toast...."
Despite several obstacles including bird flu and a deadly turn-you-inside-out-fog, the Environmental Commitees' infamous Rock for Recycling persevered this year, taking place in Little Forks rather than on campus. Call it Rock for Recycling, call it Rock for the Sake of Rock, whatever you call it, this Rock 4 rocked!

Raise a toast to Bishop’s University

On the mighty Massawippi shore
We’re conditioned to our fate
We will never graduate
We’ll stay here, forever more
College days will linger ever in our hearts
Wearing gowns raising hell and quaffing ale
And we’ll show esprit de corps
As we watch the Gaiters roar
On to victory
So raise your beer mugs
And your little brown jugs to
Bishop’s University!
A Message from your SRC President

Bishop’s is the only place where we all share the same experiences and when we try to explain the phenomenon that we share to our relatives and friends back home we can’t seem to ever quantify it or ever find the proper words to describe it. Hopefully the pictures in this yearbook can do justice to one of the many years we have spent together. For the students in their first year at Bishop’s, make the best of this intriguing year, and for the students who are embarking on their last year, make sure that the spirit of this university never fades. Bishop’s is not merely a school, it is a whole environment that must be embraced, and it is a home away from home that soon turns into just, home. We come here for the experience, the Bishop’s experience, this is one were I truly believe no words can do justice to. What I can say is that it is a way of life that’s makes us work hard and party hard; it is this combination that makes bishop’s both a prestigious academic institution and an establishment for social enlightenment. You must remember that we are one of the smallest universities in Canada, but we have the biggest hart, so next time our beloved school song is sung be sure that everyone can bear you while we raise a Toast to Bishop’s university!!!

After a long day of construction, the lights were opened. The crowd was exhilarated and brought cries of joy. When asked if they would keep the hole, all hands raised. Raise a glass!
On zg road the new on-campus bar has finally
opened. The highly anticipated opening of the Gait
bar brought a crowd of 400 plus students to celebrate.
When asked what students thought of the new watering
hole, their response was unanimously "Gait-TASTIC!"
Congratulations to your new bar!

Inter-Varsity Christian Fellowship is an organization of students serving others in the spirit of Christ. Events this year have included the "I Agree with JF" campaign, semesterly retreats, a Thanksgiving lamb roast and weekly meetings in the Loft.

Looking forward to what next year will bring!

History Soviet
B.A.R
Bishop's Advocating Responsibility

B.A.R is a student-run awareness group interested in promoting student well-being by providing information about responsible lifestyle choices. Our main focus is on responsible alcohol consumption, however, we also provide information on safe sex, the dangers of smoking, and raising awareness about important issues such as sexual assault.

As a group we organize fun events as an alternative to the bar scene as well as having a monthly information table set up in the sub, always focusing on a different issue.

We welcome all students who are interested in helping to organize fun events, all while attempting to create a better Bishop's community.
Big Buddies is the largest club on campus with 200 members; 100 big buddy’s, 100 little buddy’s, and the club is run by an executive of 8 BU students. We hold events nearly every second weekend on campus, where all the buddy’s get together to participate in a wide variety of activities.

Some of the activities that we organized this year are: Halloween Bowling and pumpkin carving, Sports Day at the Plex, a Holiday Party including tons of Christmas craft projects, a visit from Santa and gifts for all the little buddy’s. We also had a Winter Carnival with toboganing at the golf course, skating, sleigh rides around campus, crafts projects, a movie indoors, plus much much more!
ACE® Bishop's is a diversified, value-add driven entrepreneurship organization part of Advancing Canadian Entrepreneurs and affiliated to the Dobson Lagasse Center for Entrepreneurship. Since our inception in March 2004, we have represented Bishop's at the national and international levels and have won an ACE Award of Innovation in 2005. Through ACE® Bishop's Consulting, we have worked with over twenty local entrepreneurs on acquisitions, financing structures, market studies, feasibility analyses, and municipalities on economic development strategies. In 2004 and 2005, we were awarded a grant by HSBC, the world's third largest bank, to develop a financial literacy curriculum. Making Cents: The high school guide to financial independence is a comprehensive three seminar approach to teaching adolescents about the importance of planning for one's future at an early age. In 2005/06, we have laid the foundation for Pericles Asset Management, a $300,000 venture capital fund that will invest and provide alternative financing to small businesses in the Eastern Townships. We have taken a revolutionary approach to our mandate of generating economic opportunity through entrepreneurship, and our very proud of the growing impact we have on Bishop's University, local entrepreneurs, and the Eastern Townships. For more information, please visit our website www.ace-bishops.ca.

a message from your VP Academic....

The Bishop’s Mission Statement reads “In 1843 the founders of Bishop’s University declared their intention ‘to offer to the country at large the blessing of a sound and liberal education’”. Today, our small and loveable school remains dedicated to the same value.

The worth of such a liberal education is beyond compare. Bishop’s is devoted to teaching its students critical thinking, fostering their talents, and granting us the ability to pursue our own individual goals, whatever they may be. Our institution gives us the academic freedom to learn from the various aspects of the Social Sciences, Humanities, Business, the Natural Sciences & Mathematics, and Education, regardless of our degree. These divisions all tie together in the “real world”, therefore Bishop’s graduates are prepared for the experiences that await them when they venture out to take life on.

Education is not merely classroom learning. True education is an experience, an experience only students of Bishop’s University can describe. We are blessed with the thoughtful guidance of our beloved faculty, an intimate classroom environment, and the opportunity to participate in discussion. Bishop’s helps undergraduates realize their full potential, both inside and outside of the academic buildings, and that is what makes us a truly unique educational institution.

Long live the bubble!

Sara Limpert

Celebrating Xmas the drama way

Academic Socials
Held in Bandeen Hall, the 3rd annual Humanities Festival received a wonderful turn out and much fun was had by all. Organized by the Bishop’s University Humanities Federation along with the Humanities Senator John Morrison, the festival gave Humanities students a chance to show off their stuff. Among the activities of the evening were drama sketches, live poetry, a philosophical debate, a talk on Hispanic music and culture, and a variety of live music including a set by Jon Cuthbert and the Relief. On display were student artworks, a live mural painted by the Paper Gallery and friends, historic paintings of Lennoxville, and much more!

This year’s winner of the Battle of the Bands music department fundraiser on January 21st 2006, is the wonderfully talented Water Solubles!! Congratulations guys!

Bishop’s University Music Society is comprised of an executive of music honours, majors, minors and exchange students. They have been behind many musical events at B.U. especially its themed cabarets and their very successful Battle of the Bands fundraiser. They have also organized BBQ’s, Halloween parties, the student showcase, a trip to see Cirque du Soleil in Montreal, and a black and white formal, giving music students’ bands many opportunities to play for audiences. They also help a lot within the music department and the Musique Chez Nous concert series.

Who am I???

I was a student here in the 70's and now I deal with students...

Can you recognize these people?

You may have seen me in the Psychology department... I have been teaching here for many years...
I was a student here in the 70's and I now run the Plex ...

I have been working in the Humanities Department since 1965...

I first arrived at Bishop's in the late 60's and I have been teaching here ever since...

These familiar faces have been around BU for many years and are still around today...
Let’s be clear, being an international or an exchange student in Bishop’s is a unique amazing experience that I’ll remember for a solid amount of time. For me, it was a tremendously educational and rewarding year. Everyone should consider this wonderful opportunity to broaden their mind, to shift their view of the world by studying abroad. Besides living and studying in another language, it’s the diversified Bishop’s Campus life that I’ve really appreciated this year. Even if Lennoxxville isn’t quite as wide as New York or Montreal, all the clubs, cultural events and various parties almost every day makes student life so thrilling. The international community, through the BUISA association, is also a huge opportunity to meet people from different countries joyfully blending, traveling and celebrating in an unforgettable atmosphere. This year 2005-2006 was especially full of bursts of laughter, silly songs mixing various languages and strong transnational friendship and love that will remain in our minds for a long time. Just remember: “Buvons, chers amis buvons...”

Courtesy of Tanguy Bernier
I just wanted to make a shout out to everyone back at BU. As you may know, I have spent the last 8 months in Europe, having an absolutely incredible time. I am officially living and studying in Amsterdam, but I have also been fortunate enough to travel to many other European countries. So far, I am up to 10 countries, traveling throughout the UK, Benelux and Central and Eastern Europe, with a few more trips planned this summer. Therefore, I am been able to see some remarkable sites and have many unforgettable memories. From standing on Hadrian’s Wall (England) to staying with Monks in Salzburg (Austria), going on this exchange has been one of the best decisions in my life. It has allowed me to see how other cultures live and behave, giving me much more respect and understanding for other ways of life. I definitely recommend anyone who has thought about going on such an exchange, to do so. You will NOT regret your decision. Courtesy of Andrew Forbes

Criminology minor, Anthropology minor
Tilley, New Brunswick

I want to thank all my profs & my sisters for making my time at BU memorable. To my parents, thank you for all your support & love. Amor est vitae essentia. Raise a toast.

Ada Sutton
BA in French and History
"A keen supporter of all college activities, lady editor of the Mitre and of the Year Book, a member of the Woman’s Council and of the dance committee, and one of the steadiest spectators at games..." (Quad 1946, p 14)

Robert Claude Girardin
BA History and Philosophy
"...treading the boards in the one-act play, ‘Thank You, Doctor’...shushing down the hills of the townships, skating, and...was a strong supporter of all sports by always being present to add his cheery voice to the cheering" (Quad 1946, p 18)

We experienced one of the best turnaround seasons in the country during the 2005-06 season making the playoffs for the 18th time under Coach Eddie Pomykala's tenure. We beat every team in our league for the first time since 1999 and we knocked off NCAA Division 2 St. Michael's college, Canada west defending Champion U of Alberta as well. Departing graduating seniors Jeff Szita, Ricardo Telamon and Pierre Alain St. Laurent did a lot to help team chemistry and show leadership in our improved work ethic.

Great contributions were also received from Doug McCooeye, Junior Nicolas, Kevin Watson, Cam McDonald and Cam Mowat. Rookies Hermon Tesfaghebriel and Damon Thomas Anderson showed flashes of brilliance.

More importantly, this was a TEAM in the truest sense of the word: these Gaiters made the necessary sacrifices, gave everything they got, earned some exciting victories, played in front of packed enthusiastic crowds at Mitchell Gymnasium and displayed great passion in their play. Special thanks to assistant coach Mike Hickey and to Chris Forsythe for being a great Gaiter!

I would like to thank my hard working staff, especially Laura for all her hard work on the grad pages and Jeanette for her work on the sports pages and undying support. This yearbook would not be made possible without the help of Joy Chandler as well, I dont know what I would have done without you! Thanks also to Wendy Wark, Jim Howard, and all the staff that has dedicated so much time.

Cheers,
Lauren Bernardo, Quad Editor 2006

In Memory of...

Jamie Coles

“Life is not measured by the number of breathes we take, but by the moments that take our breath away.” Stacy
“We all laugh and we all cry. We all live and we all die. But through it all and in-between, time flies.” Em and Brad
“Southern discomfort” Shana
Thank you to the students and faculty of Bishops University for all the generous contributions. Acoustic Tuesday, the rugby team, the School of Education and personal donations were all appreciated. Special thanks to the ones who Jamie spoke highly of: Erin, Dave, Mike, Meagan, Mario, Jess and Kerri. Thanks for being there. Wade
Jamie was the most thoughtful, caring and dependable person in the world. We feel so blessed to have shared so much of our lives with her, from kindergarten to university. She was a teacher, a coach, a Gaiter fan to the core, and most of all, she was our best friend. So to all of you who were fortunate enough to have known her, and to those of you who didn’t, here’s to Jamie...“the greatest f**king cowboy ever!” Molly
Jamie was an incredible human being. She made me stronger than I ever thought I could be and for that, my life has changed. I love her and miss her.
Mario
Have you ever had a friend who loved and cherished their family and friends so much you thought it was otherwise impossible? Jamie was that girl and so much more. She was my best friend. Jessica

Cody Triggs

Here’s a little story about Cody.

Cody always made things seem really easy. For example, whenever we’d have band practice he’d just waltz in sit down and know exactly what to do. This was strange, because I’d never heard him practice before hand, and the drums were in our basement. Then one day I found him with his head phones on, making notes on the songs. It was shocking. Cody actually had to try to do things?!

Cody’s trick was that he had already practiced while no one was looking. Before Bishop’s he had already traveled the world, was a class president, and probably accomplished a dozen more things I’d never heard of.

Cody made life look easy, because he didn’t let us see that it was hard. So when times get hard, I think it’s good to remember that that’s ok, because once we’re through, we’ll look a little more like Cody.
