What up, B-Unit?

We are very excited to present you with a creative and unique yearbook, whose theme - The B-Unit Evolution - is a fusion of Judi’s idea of the student evolution and Rob’s “gangsta attitude”. To reflect the idea of the student evolution, the yearbook is in chronological order beginning with Frosh Week and ending with the graduate portraits. We illustrated the “gangsta attitude” with graffiti lettering and the odd intentionally misspelt words. Mad props to our yearbook posse and to our homie Jim Howard for all the help in making this year’s Quad the best yet!

- Peace Out!

STUDYING
WE'VE GOTTA DO IT SOMETIME!
... because everybody wants to... 
a study
because everybody needs a break!
I got money in the bank,
Yea Shawty what u drank?
BU RIDES

THEY SEE ME ROLLIN'

THEY HATIN' PATROLLIN'

AND TRYIN' TO CATCH ME RIDIN' DIRTY!
LEAN WIT IT, ROCK WIT IT!
Bishop's University School Song:

Raise a toast to Bishop's University
On the mighty Massawippi shore
We're conditioned to our fate
We will never graduate
We will stay here forever more

College days will linger ever in our hearts
Wearing gowns, raising hell and quaffing ale
We will show Esprit du Corps
As we watch the Gaiters roar
On to victory

So raise your beer mugs
And your little brown jugs
To Bishop's University!!!

Students Representative Council
Making BU Your Home Since 1893
It’s been a phenomenal year at Bishop’s University and, specifically, to be a member of the Students’ Representative Council, but where do I begin? The 60 day labour dispute this summer between the University’s Corporation and Union? Townshippers’ Day in September, which saw 8000 members of the Eastern Townships visit Bishop’s on a beautiful fall day with over 150 students volunteering to assure that the day went off without a hitch! In November the true power held by students came to light as we joined together for a Town Hall Meeting to discuss former Principal Poupart’s questionable track record. In an inspiring act of solidarity and community-building, the students – alongside the staff and faculty – rose up and made our voices heard; we demanded something better for Bishop’s. The next day, close to 400 students, staff and faculty joined together in Centennial to excitedly celebrate the news that Dr. Poupart was no longer Bishop’s University’s Principal and that Vice-Principal Dr. Jonathan Rittenhouse would fill the role as an interim. Yep folks – I think this year has been one for the books!

At the start of my term I was determined to show the Bishop’s community – and the world – that our SRC could be the BEST student government in the country. With the highest ratio of students to representatives, and a dedicated, close-knit community that swells with Purple Pride, we easily have a leg up on the competition in terms of serving our students’ needs. And, let me tell ya’, this year’s group of student representatives did NOT disappoint. Operating within a new ‘departmental’ framework, the Social, Student Affairs and Academic Departments worked tirelessly to provide both student activities and advocacy, ensuring that students have a rewarding and engaging Bishop’s experience, both in AND outside the classroom. While the SRC Executive has been a dedicated, hard working and supportive team, everyone from The Galt employees to Doolittle’s staff have contributed to the SRC’s successes and the phenomenal year we’ve had.

Of course, the SRC would be nothing without the incredible students whom we serve. It has been absolutely amazing witnessing the initiatives and projects that individual and small groups of Bishop’s students have created – BUCS staged an amazing fashion show, students coordinated the Spread-the-Net fundraising initiative, the ‘BU’s Got Talent’ Talent Show, Diversity Week and a huge number of activities and events that clubs arranged on a weekly business. There’s no question in my mind that students are Bishop’s greatest strength and asset – no other school could have such a hardworking (and hard playing!) group of students. To anyone who organized a student-run event this year, participated in a club activity, or donated time, money / baking skills to a fundraising initiative, congratulations and thank you for making the SRC the best student council in the country, and Bishop’s the best university!

All together now, "Raise a toast..."

Jocelyn Molyneux, SRC President 2007/2008
First and foremost, I would like to thank everyone who got involved in the activities provided around the university this year. To the graduates, may the world outside of Bishop's bring you success and may you bring our proud Bishop's love of life to the world. This year, we had an enormous amount of activities organized by various clubs around campus as well as the SRC Events committee. Braydon Mclean, Chelsea Smith, and Justine Jarminuske were a huge part of the many events that we provided. In the Fall semester, we had football and rugby trips, the HémaQuébec blood drive, pool tournaments at the Gait, and the CANFAR fundraising. Then of course, there's all the activities we provided in the second part of the year, from FROST WEEK with dodgeball and KARDINAL, nights at Mont Joye, Talent Show, trips to Carnival in Québec City, followed by basketball games at Laval, trips to the Sugar Shack, trips to Jay Peak, and Grad Formal. To say the least, it has been a busy year. Once again, we've been here for you guys to make sure that you've had a fantastic experience, and I will tell you all, thank you for giving me the opportunity to add to your Bishop's experience! May you, the BU student who has learnt and grown here, go off into the world to make a difference and show the rest of the world how to live life to its fullest.

RAISE A TOAST!!

Ryan French MacDougall
VP Social Affairs

Another year is finishing. I'm sure all of you have a lot of experiences or memories to tell. Bishop's is a liberal arts institution which, since 1843, has been educating students. Bishop's doesn’t just train you in your field or give you a paper saying you have graduated. Bishop’s gives you the opportunity to learn from many different areas and meet people from all around the world. Here, you are not just a number. You are a person that has the opportunity to get involved and learn from the many different positions which you can take part of like clubs, volunteering or even your own initiatives.

Bishop's is a place where you can meet your professors, talk with them out of class hours and even maybe go and have dinner at their house. Some people will leave, others will come, but the BU spirit will be here forever.

Alejandro Martinez Perez
VP Academic
This past year brought about many changes for the student body, notably in the way it was governed. This has allowed the Finance and Operations department to acquire more manpower to improve our regular services while facilitating further innovation in our activities. One of our more notable achievements is the addition of the plasma screen, located in the Student Union Building lobby. Its purpose is to secure new sources of revenue to fund student activities while providing an attractive and free way for student clubs and organizations to advertise on campus. This should not overshadow the newly found success of our on-campus bar, The Gait, which celebrated its 2nd full year of operations this past January.

What a way to raise a toast!

Daniel Fequet
Director of Finance and Operations

Vince Marmion, VP Student Affairs, was unable to provide a write-up because he was clueless on how to describe the Student Affairs department's accomplishments for the 2007-2008 year.

For the first time in nearly twenty years, cheerleading is back at Bishop's University. The club was started up in Fall 2007 by second-year students Keira Anderson and Sandra Alain. Much thanks goes out to the Bishop's community for supporting BU Cheer and making our ambitions into reality.

HUMANITIES FESTIVAL
Diversity Week was a student-led initiative that ran from March 25 - 28. The overarching goal of the week was to increase diversity in all its manifestations on campus. The Diversity Coalition worked hard to put together a week chock full of activities, which included: a speakers’ panel, day of silence, diversity art show, Caribbean African Student’s Association Cultural Show, the play Not So Dumb presented by the Special Needs Association, Rock 4 Respect and finally an anti-oppression workshop. The Coalition made a presentation to the Corporation that was met with much enthusiasm, and plans for the Diversity Centre are currently underway. Remember- BU: Be Yourself!

Need to relieve stress? Feel like you're gonna explode? The members of the Sports Plex staff understand. It's a great place to avoid studying and the people there are always more than ready to chat it up while you pump the iron.

Whether it's a virus or simply a matter of finding the power button, the experts at ITS know what it takes to help rid your computer of whatever cold or flu it may have contracted.
Come for the books, stay for everything else! Homecoming around the corner? The Bookstore’s got TONS of official BU purple (and non-purple) clothes. Rez emergency? The Bookstore has got student emergency kits that just might save you. Need to burn a quick DVD for the road trip ahead? They’ve got plenty of computer accessories to keep you choosing for a while. Oh yeah, they’ve also got books. More books than you will ever have time to read in your lifetime. Might as well start now!

If you’ve ever made it through the end of semester crunch time, then you know the exact schedule of the library. Large and wise, our beloved library staff already knows what you need for what prof ... somehow they just know.
One of the main advantages of being a Bishop’s student is the staff you see everyday. The professors at this school are as passionate about teaching as the students are about the Gaiters winning a football game. More than at most other schools, professors here are not afraid to go out and socialize with their students outside of class. This brings such a strong sense of community to the education that is given here. The best part is, when classes are done, the profs will definitely take that drinking challenge and school you in Ancient Greek Philosophy while they do it. They may be older than you, but they were Gaiter fans way before us. Constantly guiding us, we raise a toast to the most important members of this school!

Gerry Tucker, a Political Studies professor, contemplating on some political philosophy.

Dr. Jamie Crooks gearing up for a show by the University Singers.
Coming off an amazing summer in downtown Toronto and a brief visit to Halifax, I was headed to Frankfurt, Germany. I didn’t know what to expect.

It was August and my final destination was Amsterdam.

I will never forget my time in Amsterdam... as much as one can remember all of their time in Amsterdam. Faye, Katelyn, and I took on Europe and did it in all in true Bishop’s fashion. From the clubs to the coffee shops and the trips to Germany, Czech Republic, Belgium, France, and all throughout the Netherlands, it was clear that the world is much bigger than the “bubble”.

No, there was no Capitaine Grec #4 (poutine and gyro for the uniformed). The closest thing to poutine was fries with frites sauce, ketchup, or any one of the many condiments readily available. The essential food was the dön̄er kebab, similar to the Donair of Halifax, but the original Turkish style.

The Amsterdam experience in short: Vondel Park, coffee shops, museums, FEBO (wall of coin operated burger dispensers), Amsterdam Ajax, Dam Square, Leidseplein, public urinals, bikes, canals, trams/metro, shows/concerts, Heineken (and amazing beer in general), dön̄er and Turkish pizza, Poeldijkstraat and the pub, cheese, wine, parties around the city, new friends, visits from euro-tripping BU fam, and occasionally going to class.

From Canada we met friends from St. John’s, Winnipeg, Ottawa, and Montreal. We met friends from all over the world including the US (California, New York, and even Vermont), from France (Paris, Nice, Cannes, Corsica), Germany, Austria, Spain, Portugal, Finland, Sweden, Mexico, Estonia, Thailand, Indonesia, and China. I keep in contact with almost all of these people and through our experience in Amsterdam, will we be lifelong friends. The Amsterdam Exchange 2007 taught me a lot about myself and other people and was truly a humbling experience. Now back in the ville, it all seems very unreal and far away.

To quote possibly the best known Dutchman, Vincent Van Gogh, “What would life be if we had no courage to attempt anything?” Living and studying in another land is a life changing experience, and merely visiting a place is no substitute. If you are thinking about doing an exchange, do it, you will never regret your decision.

Raise a toast,
Craig Atkinson
ALWAYS A GOOD TIME AT BU!!
A LITTLE BUS RIDE TO MTL...

KEVIN MILLER BRINGING BACK COWBOY BOOTS!!!
Christopher Merritt is a gifted musician so it is no wonder that he has music in his dreams. As a member of the band “Massawippi Skank”, he is going to pursue his musical career in Montreal and aim for bigger and brighter things.

Edwin Germann loves soccer. He will never stop playing soccer. He also loves people. He is very approachable and this will be a great asset for him in the outside world. He is aiming for his MSW (Masters in Social Work). He is going to use his degree in Psychology to help people in bad situations.

Sonia Sabourin is one of the friendliest and most organized people that exist in this world. Bishop’s life has introduced her to the joys of teaching and she is going to pursue that career. There could not be anyone more qualified to shape the young minds of the future than her.
Nata Lajoie is ready for the spotlight. As a drama student at Bishop’s, she was involved in some amazing productions. Whether she is acting on stage or creating costumes for an entire cast ensemble, she knows that her place is in the arts. She is aiming to continue an already flourishing modeling career and will be letting her artistic nature grow in the city of Montreal. With any luck, we’ll be seeing her on magazine covers in the near future.

Michael Folkerson loves to debate. His opinion is loud and very informed. He will be graduating with Honours in Political Sciences and it is no surprise that this “Campus” staff writer wants to see what else the world has to offer. His travels have already taken him through much of Europe but there are many more places that are yet to be discovered by this outgoing and energetic individual.

Patrick Heathcott has showcased his talents by being a wicked Bass player for the band “The Unusual Suspects”. His next step involves working for the Federal government but that won’t stop him from rocking out every now and then.

Sherbrooke, Québec  
BBA, Con Finance; Major Economics  
Thanks to my parents for being the moral supporters I needed to get through this. Thanks to my sister Cindy, to whom I owe a great deal of thanks for the money she loaned me over the years. I MADE IT!

Alexandra Weaver
Wind me up, put me down, start me off and watch me go.

Thank you to my family for their support, love; to my friends for always being there; to my professors for teaching/guiding me; to BU for an experience and an education that will always be with me.

Cheers to my friends, profs, family, and everyone else who helped making going to Bishop’s the best decision I ever made! HOPO, The Campus, Yearbook, G.K., and everything else... what a blast!

I am not leaving Bishop’s with just a degree, but with the best friends in the world, a definition of love, and the feeling of endless opportunity. Couldn’t have done it without all you crazy kitties!
GRAD FORMAL.
CONVOCATION

Congratulations, Grads of 2008!
Mark Hampton, a soldier, a gentleman, our brother, and true friend passed away on Saturday, November 3, 2007 at the all too young age of 22. He was a second year student at Bishop’s University, majoring in History. His passion for learning was outmatched only by his passion for the military. Mark was a Corporal in the Royal Canadian Armed Forces Reserves with the Sherbrooke Hussars and took great pride in his work. His unwavering sense of duty and high sense of honour characterized a man of sterling quality and unshakeable decency. First to help and last to complain, Mark set that standard of manhood which was noblest and best.

Mark’s unconventional sense of humour and unmistakeable smile was an evidence to the world of a man who could warm your heart and leave you laughing for hours at the drop of a hat. Though he was a man of few words, that trait was not borne of a shy young man, but rather of a sympathetic ear at the end of a hard day. He was blessed with the ability to offer comforting words in times of need. His presence will be sorely missed by all.

The brothers at Sigma Chi extend their thoughts and prayers to the family of Mark Hampton. We miss you, Mark. It was an honour to know you. May you rest in peace.

In Hoc Signo Vinces,

Iota Rho Chapter of Sigma Chi
