I hope that when you reflect on your days at Bishop's you will feel that your time here helped you lay a foundation for an engaged, productive and fulfilling life.

I hope that you have established friendships that will last a lifetime.

I hope that you have developed the constant curiosity to ask why and the skills to find meaningful answers.

I hope that you will remember how you entered and that you will be proud of how you leave.

The pages of this yearbook are filled with many of the memories that you and your classmates created along the way to graduation. They represent neither the beginning nor the end nor but rather an important chapter of a great journey.

In five, ten, or fifty years’ time, I hope that you will look back upon all that you have built, both personally and professionally, and remember with fondness the time you spent laying your foundation at Bishop’s.

Thank you for your contributions to building Bishop’s.

I wish you success and happiness.

Sincerely,

Michael Goldbloom, C.M.
Principal and Vice-Chancellor
Hello Gaiters,

I'd like to start off by saying thank you to everyone who makes up this community for their incredible contributions to life at Bishop's this year. It is a combination of our students, staff, faculty, and community at large, who keep this place rolling, and make Bishop's the place it is. This past year it seems like everyone has been showing their Bishop's spirit in full force, showing what it means to #BleedPurple. Our hard work in the classroom, on the field, at Dewies, on stage, and up and down Queen and College is paying off. Whether we are pursuing creative initiatives to support mental health, donating our time and energy to community fundraisers, or volunteering to welcome students from conflicts abroad, we are applying our talents to initiatives we care about. We as students have involved ourselves politically, rallied for social change, and applied our learning to make the world a better place. This is what studying at Bishop's is all about. The experiences outside the classroom that give us the chance to explore who we are and what we want to do if we ever graduate.

For those of us who are graduating this year, I encourage you to take the time to reflect on how your time at Bishop's has shaped you, and how you've been able to shape our community here. Your time with Bishop's is not over, and I hope that you will take advantage of opportunities to return and share with future students.

To those of you whose time at Bishop's is not over yet I'll leave you with the knowledge that our community is in your hands. Bishop's is shaped by every new student who walks through the arches, yet the Bishop's spirit remains the same. I encourage you to be proud of our history and tradition, to be excited to learn from every experience, and to not be afraid of change.

Wishing you all the best of luck in whatever you pursue!

2015-2016 SRC President

One more school year gone and hopefully after the countless hours we spent in class, studying or ordering Dominos to study, we can say that we are smarter than when Fall 2015 began. I'm grateful for being given a second opportunity to serve as your Vice-President of Academic Affairs. It was an honor and an enriching experience. Reflecting back, our Academic Team was able to accomplish their typical mandate whilst still going above and beyond by establishing a new mentorship program, surveying students to gauge your interest in regards to Fall Reading week and Spring School, initiating an Open Education movement and much more. I am incredibly proud of the accomplishments of my team and privileged that I was able to work with them to represent a body of students that I care so much about. I genuinely hope that when you look back on the 2015-2016 school year you feel that it was a good one and that you look forward to a new year to those who are graduating. I wish you a good next stage in your life. Regardless of where you might travel to during your summer or what you may do, just remember that you will always be a Gaiter. The lessons we learn on this campus go above and beyond what we learn in a (too expensive) textbook, we learn acceptance, spirit, kindness and endurance. While you may not remember a certain theory or concept by the end of this journey, you can guarantee that you'll be leaving a better person and society needs that. Thank-you for this fantastic year and thank-you for contributing to what we know as the “Lennoxville Lifestyle” we are all, collectively, indebted to each other for one another. I'll raise a toast to that!

VP Academic Affairs

Whenever I try to describe Bishop’s to someone back home, I start off with the size of the school, then I tell them about the small classes and the relationships we hold with our professors, and then by that point they always want to hear so much more about our unique sanctuary. The truth is that you have to experience it to understand it, no in-depth description can truly capture the beauty of our school. The amount of times I have heard someone say, “Great minds think alike.” is too many to count, and honestly, I disagree with it. I would argue that, “Great minds think differently.” With that being said, with such a different education, in such a different place, with too many different experiences to count, Bishop’s has ultimately made us think differently. This impact the school has had on all of us is one that is there for good. The purple spirit has truly intertwined itself into the fabrics of our hearts, and that is something any Gaiter should be extremely proud of. It has been the utmost honor to serve you as the Vice-President of Social Affairs this year, and I wish all of you luck as you go out into the world and accomplish great things with purple blood running in your veins.

Another year at Bishop’s for the books! Whether this was your last year or you have two, three or even four years left – I hope that it was full of incredible memories like those found in this book. Never would I have thought to run for an Executive position in only my first five months of being at Bishop’s, it has been an incredible opportunity and a true honour to represent all of you as your 2015-2016 Vice-President of Student Affairs. Thank you to the students for putting your trust in me to perform this role, to the staff and faculty who have helped guide, mentor and support me throughout the year and my team of SAR’s who have been so keen to get involved and make our projects and initiatives happen.

Finally to my fellow team of Executives, thank you for being you and make coming into the office everyday a delight, I couldn’t have asked for a better team to work with. It is truly you the students who make Bishop’s more than just any university and I thank you so much for all the things that every single one of you contributes to our community and your willingness to get involved.

This is what makes Bishop’s more than just a university where we spend three, four or five years and get a degree but a supportive tight-knit community that truly bleeds purple. I can’t wait to see what new adventures and opportunities next year will bring. Raise a Toast!

Benjamin Tracy  
Director Communications & Marketing

There are 2371 stories told in this book. Stories of late nights practicing for drama productions and early mornings cramming for statistics. Stories of mind-blowing house parties and boring study sessions. Stories of stressful assignments and lazy afternoons floating down the Massawippi. When I began my duties as the SRC’s Director of Communications and Marketing, I couldn’t begin to imagine how the incredible people of Bishop’s University would shape my story this year.

To Chelsea, Eamonn, Emily, Heather and Matt, your ardor for your jobs and your passion for Bishop’s students inspired me to stretch myself out of my comfort zone in the best ways imaginable. To the amazing SECs, SARs, and Senators, the work you’ve all done this year speaks for itself and I’ve been grateful for the part I was able to play in your projects. Our banter was the highlight of many of my days in the office. To the faculty, administrators, and support staff, your tireless labor to support student success may not always get the appreciation it deserves, but this school wouldn’t be the same without you. Keep on bleeding that purple.

And to the 2371 Gaiters who made this year great, thanks for being awesome. I may not have had the privilege of meeting all of you, but I can’t wait to see where our stories go from here.

Emily MacGowan

It has been an absolute pleasure working with the Operations team this year! The Gait has never seen the numbers produced by Jake Godber and Jared Murray, and Doolittle’s has offered the ultimate variety of merchandise under the talented Erin Helyer. Having worked with a wonderful executive team, and the exceptional General Managers, I will definitely cherish my final year at Bishop’s and on the SRC. I can’t wait to see what’s in store for next year! Raise a toast!

The seven days of Orientation Week 2015 welcomed one of the largest incoming classes in recent history to Bishop’s University. Coordinators Alexandra Huxham and Alexander Roy and their team of Judges and Leaders brought back fan favourites like Field Day and Gaiters Gardens while adding exciting new events like a Mount Pinnacle hike, Arts Night, and a Beach Volleyball Tournament. The “Can I Kiss You?” sexual consent talk, Estrie Aide charity garage sale, and Academic Marketplace placed importance on sexual safety, community outreach, and academic commitment. The annual concert was headlined by X Ambassadors and “Optimus Prime” came away as 2015 OWeek Champion!
Lennoxville was the place to be the first weekend of October this year! With a showcase of Gaiter favourites and some new additions, this was definitely a Homecoming you didn't want to miss. It all kicked off Thursday the 1st watching the BU Lacrosse team battling to "Grill McGill" on Coulter field. Friday came with 3 more Gaiter games featuring the Women's soccer and rugby teams as well as the Men's rugby team. The stadium was full as the crowd showed their true purple pride.
Halloweekend at Bishops is known for being one of the most memorable and anticipated weekends of the year for not only students but for visitors from out of town. The weekend was filled with costumes, parties, and many memories made by students, visitors and the community. The weekend kicked off with a busy happy hour at The Gait where students showcased their creativity with their costumes. The following night was the legendary Animal House party where hundreds of people gather every year. Everyone embraced the cold weather and danced the night away. The final night of the weekend was back at The Gait. This was a jammed packed dance party where you can find everything from a giant banana costume to an undead doctor. There is no doubt that the Bishops Halloweekend tradition will continue for years to come.
Winter
Winterfest is the biggest weekend of the winter semester. It brings students together through live music, winter sports, and a love for festivities. Bright-neon-80s jumpsuits and ski outfits as well as fur hats and jackets are must-haves for this wild 3-day event. Thursday Après-Ski Happy Hour is a perfect way to kick off the weekend with the photo booth, live music, and great deals on drinks. Skiers and snowboarders recover from Happy Hour by hitting the slopes and shredding some pow for Jay Day on the Friday. As a crowning final, an ice bar with beers and hot drinks, a BBQ, and of course... RAIL JAM! The most courageous skiers and snowboarders grind the rail while ball hockey teams defend their title, and party animals sway to the beat of the music. What better way to end this unreal weekend than head banging to DJs at the after party at the Gait? GET STOKED!
This year, Bishop's University Fashion Show Ignite raised 19,500$ for the NUHAB center, a wonderful place in Ascot Corner that helps people cope with issues of alcohol and drugs. About 100 students worked together in the biggest student run fundraiser put on two representations of the show featuring several Sherbrooke and Montreal store's clothing, musicians and dancers. We are incredibly grateful to have had the opportunity to work in collaboration with NUHAB and are excited that we were able to give back to such an amazing organization.
SAINT PATRICK’S DAY

St. Patrick’s Day in 2016 happened to fall on a Thursday, and if a St. Paddy’s that lands on any other day of the week is a party, a Thursday St. Paddy’s in Lennoxville is on a whole ‘nother level. With green beer, Last Call playing Irish folk songs at the Gait and a heaping dose of Irish spirit, Gaiters traded out the purple for green for an amazing weekend.

The Gait

Toast Radio
Each year at Bishop’s, and especially with The Campus, is hectic. This year was no exception, but the absolutely amazing editorial team and the writers also made the year with The Campus fantastic.

We managed to cover mostly local events, re-established our website, found a new front-page layout, and resurrected old positions while creating new ones.

While things started off shakily (covering your own financial past is never fun and we did have some factual errors), they quickly became exciting, leading to controversial stories, regular coverage of the SRC, and even reporting on a few events via our Facebook page before The Record could pick them up.

The Campus still has a long way to go and will hopefully keep improving (maybe someday people will even be mad enough to pee on copies), but I could not have asked for a better team this year or a better way to finish off my time being physically present at Bishop’s.

Since 1944, Nicole Gauvreau

Gait Gatsby

Welcome to Gait Gatsby.

Each year, the Residence Events Committee gets all hands on deck to plan and organize the most glamorous night taking place in the Gait. The Gait Gatsby is a 20's themed party where everyone gets their headbands and bow-ties out and dresses to the nines for a night at the Gait. The event usually happens during the month of November, before the last rush of the final weeks. This year, everyone got dressed in 20’s fashion on November 14th and headed to the Gait where Champagne and specialty Great Gatsby drinks were available. Great music, gorgeous décor and a photo booth were all there to make everyone's night Gatsby worthy!
How To Survive at BU

This year, we asked grads and returning Gaiters what advice they had for Froshies in order to get the most out of their experience at Bishop's. Here are their top tips to survive (and thrive!) at BU.

- Make sure you're well equipped with a comfy onesie for those slow days or those special moments at Happy Hour.
- Go to a Centennial Show, it's a great way to discover new things!
- You can make friends outside of Fresh Week.
- Always be ready for a float!
- Nothing good happens when the lights come up at 3am.
- Be creative at Dewies. Try the breakfast sandwich with hashbrowns in it and the late night pasta with the grill sausage!
- Attend as many events with guest speakers as you can, the information and experiences are endless!
- Acoustic Tuesday is never a bad idea.
- Be kind to your profs! They are the ones grading you!
- Don't be afraid to talk to new people, they may become your best friend!
- Plan to be made late by the most inconveniently timed trains!
- Go to the Donald Lectures! Don't be that person who only discovers how great they are in their graduating year.
- Writing your essay the day before it's due probably means you're doing it wrong.
- Feel free to try as many things as you want, but also remember you don't need to do everything.
- No matter how much you feel you have to fit in, stay yourself and don't let anybody change you.
- It's OK to change your major (even multiple times).
- Leave the bubble occasionally, the area has so much to offer!
- Work as much and as hard as you can before you play.
- Don't join too many clubs, you'll go mad.
- Believe in yourself and realize that at Bishop's there are so many dope opportunities that are harder to find once you leave, so take advantage of everything that comes your way. Learn from what your hindsight tells you.
- Always get involved. No matter how shy or uncomfortable you may be at first, the more involved you are, the more people you will meet and the happier you'll be!

Pizzaville breakfast is the best hangover cure!
Mental Health and Wellness Week

Bishop’s fourth annual Mental Health and Wellness Week aims to bring awareness to mental health issues and promote healthy living. During the week, keynote speakers present on a topic, which is the theme for that day. This year’s event included the topics: healthy relationships, stress and burnout, and depression, hope and love, and gender stereotypes. The week ended with Wellness Friday, which boasts numerous activities that students, staff, and faculty can participate in. This year the activities included a puppy room, cat cafe, bubble soccer, sushi workshop, and much more. Be sure to look out for MHWW 2017!

Let’s Talk About Equity Week

Let’s talk about Equity Week was a week of discussions organized by the SRC Student Affairs Department and the Gender Equity Centre. Every day from Monday March 21st-Thursday March 24th there was a banner in the sub lobby informing the student body about Let’s Talk about Equity Week events. Additionally, there were three main discussions that will give us ideas and concrete solutions to help make the school more equitable for students. In future, the Gender Equity Centre hopes to broaden the focus of Equity Week by addressing ableism, asexuality, transphobia, masculinity and encouraging the creation of a stand-alone sexual assault policy.
The Bishop's Arches Brewery is Canada's first academic microbrewery geared toward teaching undergraduate students, not just how to brew beer, but also to introduce them to the Art and Science of brewing great beer. Students that have completed The History and Science of Brewing, a course that satisfies their science requirement, can participate in an experiential learning course that occurs within the brewery itself and builds upon, in a hands-on fashion, the knowledge gained in the classroom. Brewing is the synergistic blend of Science and Art, occurring right before your eyes, a manner that engages all of the senses.

The brewery is also a commercial venture, allowing students to learn the business of the craft brewing industry in an experiential fashion and they also get the joy of seeing what they have produced sold to, and enjoyed by, an eager and appreciative consumer. Revenue generated by beer sales goes toward the purchase and maintenance of brewery equipment and ingredients, making it a self-sustained project. The mission of the Bishop's Arches Brewery is to promote the Art and Science of brewing in an experiential fashion. Every student, regardless of program of study, has much to contribute to a team of student brewers brewing imaginative and high quality beer for the students, faculty, and staff of Bishop's University.

The brewery also aims to become a resource for the brewing industry in Quebec, providing analytical and research support, and the training of highly capable brewers.

The Bishop's Arches Brewery is located at Bishop's University, and is open to the public for tours and tastings.

The brewery produces a variety of beers, including a seasonal lineup and a range of experimental brews. Visitors can learn about the brewing process, sample the beers, and purchase growlers to take home.

In addition to the brewery, the Bishop's Arches Brewery also has a taproom and a retail store, where visitors can purchase beer and merchandise.

The brewery has a dedicated team of student brewers, who work closely with the faculty to create innovative and high-quality beers. The brewery is open to the public for tours, tastings, and beer sales.

The Bishop's Arches Brewery is an important part of the Bishop's University community, and is a great place to experience the art and science of brewing.

Grad Formal

Every year, the graduating class celebrates a night of memories at the Grad Formal. Held at the beautiful Grenada Theatre in Sherbrooke, the Class of 2016 ate and drank, enjoying decor surrounding a Hollywood theme. A slideshow played photos submitted of the last four years while photographers captured group shots in the photobooths, and a DJ had the crowd dancing and singing along. Awards were given out according to peer votes, and a good time was had by all.

Women’s Soccer

This year’s Gaiters Women’s soccer team led by captains Kim and Emma competed hard, fought battles, and showed opponents that playing Bishop’s was no “free kick”. The season was highlighted by setting attainable team goals and pushing the limits, to step up the plays and improve the team’s chemistry. Significant milestones and successes were achieved through hours of practice - with sweat, yes, but with it came a new sense of optimism and higher degree of dedication from each individual player. On game days, the defensive block came to life as an accordion - all the players in the right place, working together, communicating to bring forth harmony on the field. It was truly beautiful and magical to see.

It was a pleasure to have coached this great squad of ladies. And to all graduating players, keep your love and passion of soccer alive.

- Amanda, Chris and Robert
Men’s Rugby

Boys, you had a successful 2015 campaign finishing with a 6-3-1 record. Despite losing in the semis to U de M, I am proud of the commitment and determination you showed in our 12 weeks together. We tied McGill at home and could have won every game we played. In the end it is important to remember that no school our size, as young as we are, competes the way we do. Scott Best, Lee Hudson and Shayne Crawford, you well deserve your RSEQ ALL STAR AWARDS, and huge congratulations to RSEQ LEAGUE MVP - LEE HUDSON. Thanks to all of you who played through injury and adversity not for yourself but for the man next to you and the team, in particular. Nic Charlton. A huge thanks to Professors Bill Robson and Mark Gandey, for their help in coaching this season, volunteers are integral in what we are doing here. To our graduating players, remember that BURFC is for life, not just 4 years. I look forward to our 35 year reunion here in 2018 at homecoming.

- Charles Goode, Head Coach
**WOMEN’S RUGBY**

The 2015 edition of the women’s rugby team saw drastic improvement from previous years. With quality recruits starting their careers and seasoned veterans showing them the way, the Gaiters women’s rugby program took a huge step in the right direction. While not accomplishing their pre-season goal of winning a game, they closed the gap with all the teams in the extremely competitive RSEQ division. Dedicated off-season training and several spring games should see the 2016 Gaiters put forth a strong campaign next fall.

Lacrosse

The 2015 lacrosse season was an exciting one for sure! We had our largest, most talented group of graduating Gaiters ever (13), a great group of returning players, a great group of rookies and hosted the Baggataway B.C. (national championship) weekend! This is a very special group of hard working guys who have a very strong family type bond. We had a very successful season and it has been a very special year. We've continued to improve and play better lacrosse every day and we did our best down the playoff stretch. One Love!

This year was one for the books. The results in competition did not reflect the successes we walked away from this season with. The golf team has never been healthier and I among the other coaches were proud of how the BU golf program is progressing and ever growing. Training camp has proven for a second year running as a vital step in selecting a team and the top players that are ready for the first tournament. It’s without saying, camp forges new and existing bonds between players that translates to greater commitment players give to the team, to the program and the effort to improving their own game.

I would like to say a big thank you to all of the golf team. Veterans made it easy for the rookies to step on to the team. Players spent more time at the course than ever before which does pay dividends in tournament play. Our captain stepped up and helped the coaches bridge many facets of the program with everyone on the team. I could sit and write great words about every single player on the team. Each and every one of you brought something special to the group and we all benefited which translated into a sensational year.

Lastly a big thank you to all that supported the golf team through donations. Notably, Mike Bresee your generosity has done wonders for this program. I truly believe success in tournament play is just around the corner for the BU golf team.

On behalf of the coaches, (Marty Rourke, Jono Monty, Dave Roy), what a great year.

Ashley Conn, Head Golf Coach
One hundred years of Women’s Hockey at Bishop’s University is something to celebrate! From our amazing effort vs Carleton University, to meeting Ron and PJ, this year will be one to cherish. It is truly an honour to work with you young women who put your hearts and souls into this club team. It is because of you that I continue to push forward and am looking for bigger and better options for you. Some day you will all be able to say, “I was there when it all started!” Keep making the Polar Bear family proud. “BU on 2...”

Women’s Hockey

Women’s Hockey

Women’s Hockey
The 2015-16 season for the Bishop’s University Lady Gaiters was a tale of two seasons. The team battled to a 5-6 record in non-conference games versus both CIS and NCAA opponents. The team then went winless in the toughest conference in the nation going 0-16 versus top ten teams on every night they played. The team showed great grit and determination by battling each and every game and gaining valuable experience along the way. There are no graduating players so the future does look promising for this very young squad. Two player Ashley Milhomme (10.8PPG, 2.7APG) and Charlene Pettigrew (5.6PPG, 5.6RPG) were named to the Conference All Rookie Team. Another bright light for the team was Noemie Hamel-Petit (8.7PPG, 6.1RPG), as a second year player she was voted team MVP by her teammates. All three of these girls will be around for the next 3-4 years so the best is yet to come for this group of resilient student-athletes. Off the court our girls truly exemplified the meaning of being a group of dedicated student athletes attaining a team average in the classroom of 80.5%. That is a tremendous feat. In preparing these girls sacrifice about 20-25 hours per week to this very serious Varsity program. The lessons they learned the hard way this year will pave the way for future success.

The 2015-16 Gaiters were the youngest team in the CIS. They narrowly missed the playoffs but were more than competitive in the RSEQ League. They finished the season with 5 wins vs. CIS competition and the non-conference play was highlighted by a 2ndplace finish at the House-Laughton Tournament at Carleton University. 4th year guard Jona Bermillo was named a RSEQ Allstar while Abdul Kamane was named RSEQ Rookie of the Year & to the CIS All Rookie Team. Abdul & fellow freshman Nick Harvey were named to the RSEQ All Rookie Team.

SANDRA CHEWKA
Sandra,
It’s hard to believe that four years have passed! You’ve made many friends, and of course have learned so much. You were accepted to the University of Worcester in England for your 3rd year which enriched your knowledge of both history and culture while travelling in Europe. We couldn’t be more proud of you and the success you have had. You’ve grown into a beautiful young woman and we wish you all the best in the future! Lots of love, Mom & Dad

JUSTINE COOTE
Congratulations Justine for all your hard work. We are proud of your accomplishments and know that you will continue to succeed in the next chapter of your life. Happy graduation day! We love you
