Bishop's University
and
Champlain College

Lennoxville, Quebec

Drink a toast to Bishop's University,
On the mighty Massawippi shore.
We're conditioned to our fate,
We'll never graduate,
We'll stay here forever more.
College days will linger ever in our hearts-
Raising hell, wearing gowns, and quaffing ale-
And we'll show esprit-de-corps as we watch the
Gaiters roar
On to victory,
So raise your beer mugs and your little brown jugs
To Bishop's University.

-Bishop's Drinking Song
Dedication
The staff of Quad '72 reminds the student body of the courage and determination exemplified over the past months by Butch Voce, a member of the Bishop's Football Gaiters who was injured early in the season. At the same time, we dedicate this, the 1972 edition of the Quad to Butch. Our best wishes go with You!
Message from the Editors

While most messages from the editor are little more than cliches used to thank all the nice people who did all the nice things this one presumes to be different. Firstly, its from two of us. Secondly, while of course we would like to thank our staff for their efforts, and would like to add special thanks to Bruce Coulter, Dodie Goodwin, and Jim Christie for their patience and advice, to Jamieson Campbell for his loyalty and reliability, we would also like to add our comments about Bishop's at large.

Both of us have been at Bish for four long, yet all-too-short years. We have seen lots of people, traditions and institutions come and go. We have both met lots of friends, students and faculty alike. These are experiences that most senior students have in common, and it is to the Bishop's that encourages these that we have directed our efforts and our memories. And it is for adding to this image of Bishop's that we would like to extend our gratitude to those people we have come to know better while putting this yearbook together!

Remember When

...students went to chapel?
...there were pancake-eating contests in the Quad?

and stoned meant drunk?
...the "wood" was in?
...girls inhabited Norton Zoo?

...formals were tuxedo affairs?
...frats reigned supreme?

...there was more than one dean?

Peter Liddington
...the gown was "in"?

...and there was only one major play each year?
...smoking meant cigarettes?

...and the campus staff took rest periods?
...Ron, Perry, and Mimi were a familiar sight?

...and there were one-act plays?
...we were all straight?

...and the residences were segregated?
...and the Loyola basketball team was unbeatable?
...and we boycotted classes?
...and Dewhurst food was worse?
...and freshmen wore placards?
...and we had to take Religion?
...and..............................................?

Bishop's University Gaizers

Quebec University Athletic Association Champions-1971

It's easy to talk in superlatives when discussing the 1971 version of the Bishop's
Football Gaizers.

The Gaizers had the best football coach in Canada in Bruce Coulter. Winning
respect on and off the field, Bruce molded another Quebec championship team out
of some forty distinct individuals. (NOTE: That does not read "jocks".) His
selection as 1971 All-Canadian Coach was welcomed by all.
The Gaiters had two of the best football players in Canada in Gary Chown and Larry Smith. Gary surprised no-one by making All-Canadian in only his second year, while Larry... well, what is there left to say about Larry Smith? To say that he is a "sure-fire" pro prospect would be adding another cliche; we can only wish him our best in the years ahead.

On defence, the Gaiters placed three players on the Quebec All-Star team: Pat Commander (halfback), Jim Wright (tackle), and Gary Chown (linebacker). Offensively, the Gaiters placed SEVEN all-stars: Bill MacDonald (quarterback), Ron Perowne (halfback), Larry Smith (runningback), Peter Lawton (centre), Gary Chown (guard), Robbie Allen (tackle), and Sandy Baptist (end). The Gaiters, in a very real sense, had nine of the best football players in Quebec.

Any description of the 1971 Gaiters would not be complete without a special word for "Butch" Voce. Butch was injured while making a tackle during the Sir George game, and, as of yet, remains paralyzed in a hospital room on the fourth floor of the Montreal Neurological Hospital. Butch's fighting spirit has never let down, however, proving to us that life is heart and will-power, and sometimes a little good luck. Not only are the Gaiters behind you, Butch, but every student here at Bishop's University and Champlain College wants you well again, and soon.

- David O'Rourke
Some of the basics mastered: passing and blocking

Intercepting

Touchdown!!
Coach of the Year

The 1971 fall season was highlighted by Bishop's University receiving national recognition for its outstanding football team.

Aside from gaining the number one ranking in Canada during the final weeks of league play, Bishop's placed two players on the All-Canadian roster: running-back Larry Smith, and guard Gary Chown. However, the success of our small-town university football team was prompted not only by the play of a unit of dedicated individuals, but, as well, by Bishop's coaching, in particular that of head coach Bruce Coulter.

Although the players who worked under Bruce, and the loyal Bishop's supporters, all of whom recognized his talents, paid tribute to him informally, it was not until the university football coaches across the country announced their selection of Bruce Coulter as Canadian Inter-collegiate Coach of the Year that the ultimate accolade in terms of national recognition, was bestowed. Above and beyond a coach's ability to achieve success on the gridiron, is his ability to instill respect for achievement, honesty, and fair play after that final whistle.

Bruce does just that, perhaps THAT is the ultimate accolade.

MISSING: Lyla Wilson, Andrea Copping, Phyllis Montgomery.

Soccer - The Vestal Virgins

After a year of action, the Vee Vee's were back in action this year, keener than ever. They could be seen practicing no matter how deep the mud was. With the excellent coaching of Rufus Onywuchi, the Vee Vee's were rough and ready to meet such top high school teams as Compton and Alexander Galt.

The games were full of action and the girls didn't tire easily. Those clean white uniforms always turned grey early in the games.

Unfortunately, there was one injury during the season to our captain,
Ann Esdaile. Her resignation was a great loss to everyone. However, the team never lost hope; they finally succeeded in winning a game over Richmond Regional. The winning goal was scored by Margot Graham from a set-up by Debby Winser.

During that game, the defence never gave in and credit must also go to the goalie, Linda Aleksa for her shutout. Victory gave the girls a boost for the following games.

All season, support never dwindled from the onlookers and we thank them. The Satans must have wondered how we drew such enthusiastic crowds! It was a combination of great legs, and fancy footwork definitely helped.

Unfortunately, a few of our players will not be returning next year. However, we are looking forward to many eager recruits. Until then, many thanks to Rufus for a fun time. Those post season parties definitely helped to make it all worthwhile.

- Dodie Goodwin
FRONT ROW: Barb Hill, Liz Edward, Diane Ferman, Brenda Blue, Marnie Van Horn, Barb Bark, Anne Healy.

Field Hockey

We started off with a great drive! Over two teams turned out for a three-day, fun-filled clinic. We practiced our skills on the boggy field full of hopes for the tournament on St. Helen's Island. We came out of the tournament with three losses and a tie. We may have lost the tournament, but the spirit was fantastic. During the month of October we kept practicing and played two games against the Regional and two against Lyndon State, one at Lyndon and one at Bishop's. Our games against the Regional dampened our
clothing but not our spirits. We also played Lyndon State College but weren't too successful in stopping their powerful offence.

Hopefully, a league will be organized for next year, which will add greater motivation to the team.

-Dodie Goodwin

...it's how you play the game!
Our Loyal Fans?!
The tennis team was comprised of four players this year - two singles players and one set of doubles partners. Robin Brownrigg and Coleman Bonny played in the singles, A and B respectively, while Mark Saykaly and Robert McLemon were paired in the doubles.

There was one tournament held in late October at C.M.R. The Bishop's team placed third behind McGill and Laval, which was better than the team had expected to do. Our surprisingly good showing was due to the coaching of Mr. Bob Bedard, who helped us at least once a week throughout the fall, and on behalf of the rest of the team members, I would like to thank him very much.

- Robert McLemon
Basketball Gaiters

BACK ROW: Brian Kirby, Manager; Bruce Stevenson, Mike Dudgeon, Iain Smith, Jon Fjeld, Marc Gagnon, Lynn McKelvy. FRONT ROW: Brian Hutchins, Bob Cooney, David Simpson, Keith Rorison, Gus Haig, Garth Smith, Coach.

After a good summer of recruiting, Garth Smith looked forward to a good season from his charges. A good season it was in some respects but overall it was bitterly disappointing. Veterans Dave Simpson, Bruce Stevenson, and Jon Fjeld all had a good season and were complemented by rookie center Iain Smith and rookie hurler Gus Haig.

The rookies helped the team out tremendously with Gus leading the team in scoring and Iain leading the team in rebounds. However even this was not enough. The team lacked desire most of the season and really failed in the clutch when it was time to make the play-offs.

The big highlight of the year was the victory over Loyola, a feat which Bishop's has not been able to accomplish for the last
five years. For senior Dave Simpson it was surely a great victory. However, this victory marked the beginning of the team’s down-fall and they were soon eliminated from the play-off race.

The prospects for next year seem quite favourable, however, only time will tell. Bobby Cooney, who showed a lot of cool while quarterbacking the team, will fill the spot vacated by Dave Simpson while ‘Oscar’ Dudgeon will certainly come into his own with a little more floor time. Lynn McKelvy and Keith Rorison also both showed improvements over the year and can now be relied upon to turn in good performances.

- Andy Olney
Hockey Gaiters

BACK ROW: Dave Runkle, Manager; Bobby Oliver, Bill Loucks, Wayne Rahm, Gary Chown, Tim Manning, Sandy Baptist, Steve Connor, Jay Hanson, Rob McLemon, Doug Mackenzie, Steve Mitchell, Steve Birrell, Manager; Al Grazys, Coach.
FRONT ROW: Danny Stock, Don Campbell, Ross Barrett, Mike Bookalam, Ron Perowne, Captain; Erik Iverson, Larry Smith, Alain Hebert.

This year's Hockey Squad was composed of many fine individual athletes, but unfortunately the team lacked the drive and discipline to be a top-notch contender. However, it is fair to say that on any given day the Gaitors could take on the Number One contenders and give them a fine challenge. At the beginning of the season, Coach Al Grazys stated that this would be the best team that he had coached in the last few seasons. However, due to an extended football season many of the Gaitor Hockey players took a few weeks longer to get in shape and therefore slowed down the progress of the rest of the team.

Before Christmas, the Gaitors got off to a good start with a 3-2-1 won-lost record. During the holidays the hockey team
travelled to Thunder Bay for the Hockey Canada Invitational Tournament. After taking twenty-seven hours to reach their destination - with an overnight stop in Winnipeg - the Gaitors lost both contests to Manitoba and Lakehead. After Christmas, the Gaitors had a fifty-fifty record with high points after the tie with the Sherbrooke Beavers and the Victories over R. M. C. and Queen's University.

As for the team itself, captains Ron Perowne, Erik Iverson, and Mike Bookalam carried much of the weight of the Gaitors' successes. The muscle was supplied by such individuals as Chown, Baptiste, Connor and Smith. New players such as Bob Oliver, Bill Loucks, Doug MacKenzie and Steve Mitchell all played exceptionally well and will serve as the nucleus for Gaiter teams in the future.

Veterans such as Hebert, Barrett, Rahm, Campbell, Stock, Manning and McLernon added finesse and spirit in helping the Gaitors to victory.

Lastly, many thanks must go to Coach Al Grazys, who weathered good and bad times, and gave his all to the hockey squad. On behalf of the rest of the guys, I would like to extend my sincere thanks to Al for teaching us what team play is all about, and for giving us the confidence to strive for a winning spirit.

- Larry Smith
Junior Varsity Hockey

BACK ROW: Tom Allen, Coach; Brian Roy, Pierre Beland, Jim Hanson, Dave Mullins, Rick Komorowski, Manager; Doug Scotten, Bob Corbett, Jim Burrows, Dave Garrard, Sandy Currie, Manager.
FRONT ROW: Cam Farquharson, Barry Kaye, Jim Darling, Stan Pepin, Jim Moyse, Bill Robinson, Danny Lemay, Mike Paul.

This year, Bishop's 'Jay Vees', or Baby Gaitors, had perhaps the most successful season in several years. The team has worked hard and every player has developed hidden talents. This has shown up in games against such teams as Dawson College, Stanstead, Sherbrooke CEGEP, and A.G.R.H.S. Although the Baby Gaitors did not win each encounter, each player gave his all. This is what makes a successful team.

- Sandy Currie
1972 DRAFT RESULTS

Bishop's was fortunate enough to have had four of the graduating players of the 1971-'72 Football team chosen in the drafting for professional football.

The four players were:
Larry Smith - #1 draft choice in Canada by the Montreal Alouettes
Sandy Baptist - Montreal Alouettes
Ron Perowne - Ottawa Rough Riders
Bill MacDonald - British Columbia Lions

Congratulations and best wishes!
And Let’s Not Forget the Fans!
Football Fanatics and Frizbee Freaks
I'd like to be one of those campus dogs...

All those sorority girls patting me on the head and hugging me.

I can see me now.

Big man on the campus.
Here's Joe Cool hanging around the dorm on a Sunday afternoon.

Maybe I'll just go over to the Union and check out the scene.

Here's Joe Cool hanging around the Union looking for action.

I see they're showing Citizen Kane again... I've only seen it 23 times.

Maybe I'll go over to the library and see who's there.

Rats... no chicks! Maybe I should go over to the gym and shoot a few baskets.

If I had some wheels I'd cruise around for a while. Maybe I should walk over and look at the geological exhibit.

I've got to be kidding... look at those rocks again. No way!

There's a guy with two chicks... how does he do it?

The leaves are beginning to fall... the sun is warm, but it's kind of chilly in the shade.

I wonder what's going on at home. Maybe I should go back to the dorm and write some letters.

Joe Cool hates Sunday afternoons.
Our Shining Example...
The Acedemian

Lee Pomeroy
All the world's a stage,
And all the men and women merely players:
They have their exits and entrances;
And one man in his time plays many parts.
Shakespeare

In September 1971, Bishop's University instituted a new program of Dramatic Arts and Literature. The Department of Drama is under the guidance of David Rittenhouse, and his associates, Tom Lytle and Bill Davis. It is their aim to provide the student with an understanding of the history and technique of drama, that form of art written and read, envisioned and prepared for the stage, then prepared before a live audience.

Bishop's has what may well be the best, most up to date theatre of any university. Spacious yet intimate, with perfect acoustics and superb equipment, it is a coveted stage. In combination with the new program of Dramatic Arts, this has made for a very successful year in the theatre.
There are many different sides to the theatre. Students are exposed to all aspects, as they can do everything from writing plays, producing, directing, acting, designing and executing scenery and costumes, managing the lighting and operating the rest of the equipment. What is seen on stage entails not only acting, but much hard work from behind the scenes.
lighting, technical, costumes

And finally - Playtime.....
In late September, the Quebec City Summer Stock's Feiffer's Revue, "I Love You, Bernard Mergendeiler", was presented at Bishop's University. The Summer Stock was a program sponsored by the Opportunities for Youth, and consisted of many Bishop's students. Inspired by the cartoons of Jules Feiffer, the Revue was a conglomerate of boisterous, freewheeling and witty skits, demonstrating the inadequacy and dishonesty of our so-called social values, designed to "hit home". All told, it was a kaleidoscope of humour, and a thoroughly entertaining evening of theatre.

The Taming of the Shrew
The Taming of the Shrew was brought to the Centennial stage through the joint efforts of a very imaginative and inventive cast and crew. This play was admirably suited to a young cast, requiring as it did, considerable energy, wit, and comic improvisation. This is undoubtedly one of the most difficult of Shakespeare's works to stage and produce but it proved itself to be very successful, and a pleasure to watch.

PROSTITUTION OR PATRIOTISM: The Festival '72 panel attempted to explore the exact nature of the question they had been asked to discuss.
LEFT TO RIGHT: Louis Dudek, David Calderisi, George Johnston, Chairman; Dr. James Gray, Tom Marshall and Desmond Pacey.

Bishop's University once again hosted a group of distinguished Canadian artists, authors and poets during Festival '72. Discussions, films and concerts filled up the three day program of entertainment and enlightenment. Surrounding the theme of "Prostitution or Patriotism", Canadian national identity was viewed in terms of its various art forms. Those who attended were left to judge for themselves, whether such an identity exists. Perhaps the best expression of the theme was found in Allan J. Ryan's "Canadian Maid"--a new national anthem?
The future of Canadian publishing?

Wade Hemsworth - Canadian folksinger.

David Calderisi - author of "Intersection" a play presented by Bishop's students during Festival.
Allan J. Ryan presented one of the best concerts which took place in the Theatre this year. A fine performance, with a philosophy of entertainment, something to say, and the experience and talent to express it. His performance was smooth, polished and professional. It was decidedly the highlight of Festival '72.

Chairman, ’71-’72.
"Tell me how the wind blows,
and what it takes to find
new waves rolling
down new beaches
and different drummers
drumming somewhere -
if they do."

-Rod McKuen
KUMAR L., HATHIRAMANI
Guyana, South America
Kuehner Hall
S.E.C., '70-'71; Campus; Radio Bishop's;
Committee on Life in the University; Overseas
Students Association; Business Club; House
Committee; Carnival Committee, '72.
I have noticed over the past four years that
many people spend a good deal of time running
down Bishop's. During my lifetime, I have
attended several institutions, and have travelled
extensively; in my opinion, both Canada and
Bishop's deserve far more credit than they have
been receiving.
It's time we stopped complaining and began using
the potential we have to make Bishop's an even
better university.

S.E.C. Accountant, '69-'70; V.P. Ext. Affairs, Bus. Assoc., '69-'71; Class Rep. Business Dept. Committee, '68-'70; C.E.S.A.C. Director, '69-'70; General Director, C.E.S.A.C. Congress, Nov., '70; Food Committee, '71-'72.
I'll miss the country club...

GEORGE MOLYNEUX
Toronto, Ontario
Out-of-res.
Curling club; Member of Bishop's team in the Internation Operations Simulation Business Game; Auto Club.
Being in my last and only year at Bishop's, I have found it a considerable change from a larger university, and possibly the most useful and experiencing year of my academic life, thus far. I hope to continue on in business and obtain my Masters of Bus. Admin. It is my opinion that every undergraduate should experience more than one university in Canada.

CARSON E. PAYNE
Sherbrooke, Quebec
Out-of-res.
V.P. of Bus students; Karate; Bridge Club, '71-'72; Business Club; Intramural sports; Canadian Army Militia, '69-'72.
I have enjoyed a long and illustrious career at Bishop's. I have seen the coming and going of many students, most of whom have enjoyed the benefits of a small university as have I. Armed with a great body of knowledge I go forth to meet the world. Let's hope that the best laid schemes of mice and men don't gang aft aglay!
BRUCE ROBINSON  
St. Jean, Quebec

My main reason for coming to Bishop's, as probably it is for a great many other people just starting, was to get that degree for a better job and security. The main thing I gained however was a better understanding of the world around us, a sense of self-fulfillment, and, I hope, a few lifetime friends. I'm not saying that my original views have changed, but that I got more than I bargained for.

FRANK TARTE

The Leaders of Tomorrow!
Hi! Can Mary come out and play?
This past year has been full of interesting developments. In many ways the S, EC, has reflected the divergent and often conflicting interests involved in the changes affecting student life. It was the first year in which students were represented in all the levels of university activity. In consequence, the Council or its representatives have often fulfilled a role of constructive formulating body as well as that of an administrative one. Under such circumstances the Council members have not always agreed in their discussions about the new fundamental issues. On the contrary, we believe that in order to maintain a responsible and good government it is necessary to remain open to dissension, discussion and compromise. Only then can decisions be made in the best interests of the students and the University.

Bishop's is an evolving and vital institution. The students must realize that in order for it to both survive and progress they must accept the responsibilities that go along with the privileges that they have assumed or been granted. This demands a sensitive, ordered and challenging Students' Association and Council, one that encourages growth and development but that is able to see beyond the immediate goals and aspirations within Bishop's.

To the Students and Council of the year to come - may you assume your responsibilities with confidence and competence.
Committee on
Life in the University

BACK ROW: Rod Tilley, Ann Knightel, George Aboud, Prof. Ingalls, Stirling Salter.
FRONT ROW: Audrey Jackson, Debbie Paris, Miss G. Evans, Bruce Coulter, chairman;
Dr. Denis, Dave Simpson, Prof. Barnett, Brian Gillard.
ABSENT: Glenn Siversky, Paul Trollope.

This is a relatively new committee which tries to co-ordinate the present services and activities such as medical, athletic, residential, non-residential, and recommend changes and improvements. In short, anything other than Academic. It consists of 10 students, 3 faculty and 2 administrators who meet once a month and it reports directly to the principal.
The Association successfully reached their objectives of involving themselves in the management world as well as meeting with several Company executives throughout the province. Contact with other universities increased substantially in order to solve the ever-present problem of integrating the management graduate into the business world.

As a result of field trips and numerous sherry parties the Association was able to participate in many rewarding activities.
"Common Life in Res" was created by the principal. It consists of chairman, faculty members, Dean of students, 2 dons, 3 junior dons, Chairman, of Student Conduct, 2 CEGEP and 2 U' reps. It deals with all problems of res from rules to who will live where.
Intramurals, as any other event, is an integral part of University life. Bishop's has shown this to be true. Last year a survey was taken of Canadian Universities, and Bishop's had the highest participation percentage wise of any University in Canada. Again the year, with renewed interest, Bishop's should have another great year.

This year, U1-U2, up to this point, has broken the U3 powerhouse which, following its predecessors, had won the intramural trophy for the past few years.

U1-U2 are in the lead, but the others are within striking distance. With broomball, badminton and floor hockey left, the race could easily be very tight at the end.

The W.A.S. enjoyed a fairly successful year due mainly to the efforts of Miss Dodie Goodwin, the new director of Women's Athletics. A girls' inter-school volleyball team was organized again this year and the calibre was much improved over last year. Intramural ice-hockey was a great success this year and all participants had a good time—the fans had a good laugh too. Under the coaching of Pokey Dobell, the girls' ice hockey team had a good season; their enthusiasm was great.

Figure skating lessons were given this year and although there weren't too many girls, they learned a lot due to the coaching of Betsy Cruikshank, Heather Husolo and Carol Farquharson. It is hoped that there will be more participation next year. Swimming at the Y was held again this year and at least 25 girls showed up each week. The girls really enjoyed themselves—making good use of the sauna and exercise machines available.

A new activity, co-ed volleyball, was introduced this year and the interest shown was overwhelming. It is hoped that this will be continued in the upcoming year.

President, Liz Edward would like to thank her committee; Helen Castonguay, Betsy Cruikshank, Sue Garand, Nancy Knowlton, Lyla Wilson and Heather Wyllie. Special thanks go to Dodie—she's done a great job. Best of luck to her next year.
The Chess Club this year had a 250% increase in membership. A tournament was held during November, and a six-man team was sent to York University in Toronto in February to participate in the 1972 Eastern Canadian Collegiate Chess Championship.
Pumpkin Squash

On October 30, 1971, the first annual Pumpkin Squash was held in the gymnasium. As the night progressed, vampires, and other assorted strange characters wandered the floor taking part in such activities as bobbing for apples and the usual Halloween amusements. "Mr. and Mrs. Pillow" (Paul Comeau and Debbie Louson) who, all in all, had a very soft night, didn't seem to mind people poking their outer decor.

Towards the end of an hilarious evening of boozing it up and dancing to the music of the "Full Moons", the judging of costumes took place. "Little Bo Peep and her sheep" (Maggie and Tim Belford) toddled back to the pasture with first prize. The "Harem girl" (Wendy Byford) and Joe "the baby" came out on top.

Our many thanks to Mike Bookalam and his hard-working crew who made the evening a great success. Proceeds from the Pumpkin Squash were donated to Festival '72, which also was a very great success.
FROM LEFT TO RIGHT: Bruce Howard, Robert Perkins, Larry Dewing.
ABSENT: Shirley McHardy.

Bishop's University Rifle Club

This year, the club was able to obtain a generous grant from the University in order to completely outfit itself with rifles and 'scopes'. Although our membership has declined this year, we still have an active roster which shoots at the Lennoxville Rifle Club once a week. Hopefully we will enter a team or two at an Inter-University shoot at either CMR or RMC this spring. Our members will be shooting for the University Shooting Trophy as well.
Social Service Club

The Social Service Club aims at reaching out beyond the campus of Bishop's to the community at large in the interest of greater communication and wider experience.

The activities of the club are due to its nature, potentially unlimited. This year the club functioned in three areas of service: working with special education students in various elementary schools throughout the Eastern Townships, tutoring students of Alexander Galt Regional High School in mathematics, French, English, History, and science, and serving as volunteers at the Sherbrooke Hospital.

The Club includes 100 student members as well as those rarely-mentioned men behind the wheel—our drivers.

Several get-togethers throughout the year enable the members to come together to share their experiences and discuss their problems.

Basically we are people concerned about helping other people. This endeavor provides its own reward.

BACK ROW: Pauline Ackerman, Havi Echenberg, Margo Graham, Joan Hall, Bruce Jefferies.
FRONT ROW: Marge Cotterell, Arthur Halsey.
The Campus

The Campus this year carried on the noble tradition of negativity, subjectivity and typographical errors with an enlarged staff of about 60, some of whom occasionally showed up at the right place and time.

Undaunted, the faithful masthead staff held weekly editorial meetings and assigned stories to these eager students who did appear on the scene.

With Bishop’s University and Champlain Regional College co-existing on the same campus, and both in the throes of evolution, change and uncertainty, there was news galore for the staff to dig their teeth (and claws) into, and even more rumors than in past years - eventually prompting a story dispelling them and an article dispelling that story.

Business, circulation and advertising had undergone complete revampings and the paper enjoyed its most financially prosperous year yet with increased advertising and a bigger grant from the S.E.C.

Numerous interviews with both Bishop’s and Champlain personnel as well as press releases and pictures documented the development and problems of both institutions - Bishop’s had started a process of self-examination which was being manifested partly through the pages of the campus newspaper.

Editor-in-Chief was Paul Trollope, with faithful associate Bob Winter and managing editors Don Sancton and Geoff Gurd.

Ian Mcgrigor and Karen Seay shared responsibility for arts while Jan Rzyzora and Bert Mayer took charge of sports and features, respectively.

Alex Radmanovich coordinated the ads and salesmen as advertising manager, while business manager, Alison Dryden sent the bills.

Steve Morley was photography editor, and Jill Francis filled in very capably as mascot.

Student readership, interest and participation in THE CAMPUS this year was much higher than before and we believe the change is largely due to our increased and constant focus on on-campus events, made possible by our dedicated staff, whom I would like to thank very much for what I feel was a successful CAMPUS year.

Paul Trollope
Radio Bishop's

There has been an interest in radio at Bishop's for some twenty years. About ten years ago a constitution was drawn up and the Radio Club of Bishop's University came into existence (later to become Radio Bishop's).

Radio station CKTS in Sherbrooke has given Radio Bishop's a varying amount of "air-time" throughout the years. Usually this amounted to one to three hours per week. For example, during the year 1968-'69 we had one and one-half hours per week and during 1969-'70 we had three and three-quarter hours per week. Then in 1970-'71 CKTS allotted us an amazing twelve hours weekly which proved to be a heavy load to handle. The present executive decided that for the year 1971-'72, nine hours per week would be ideal, leaving us a breathing space Tuesdays and Thursdays. Although, because of several problems, Radio Bishop's was late getting on the air, it has perhaps been the most successful year for quality and content of broadcasted programs since the club was founded.

Radio Bishop's occupies two rooms in the basement of the student union building easily identified by two bright purple doors marked 'Radio Bishop's' and by the occasional disgruntled moan coming out of one or the other.

In 1969 Radio Bishop's acquired a solid-state consol and two new turntables which greatly added to the sound quality and efficiency of operation of the station.

Although Radio Bishop's would like to expand activities to include better in sound and public address systems for various activities on campus, a lack of adequate funds prevents us as we are in need of new equipment. We can only hope that the various fund holding organizations in the university will see fit in the future to support our active club and help us expand.

The executive of Radio Bishop's for 1971-'72 is as follows: Station Manager, John Scott; Assistant Station Manager, Steve Bernard; Program Director, Frank Slater; Technical Director, Tim Cocks; Business Manager, Glenn Siversky; Record Librarian, Jim Dougan; and Secretary, Paul Trollope.
Out-of-Residence Committee

This year the Out-of-Residence Committee got off to a rather bad start late in November. But now things are running more smoothly. We are trying to co-ordinate the out-of-res students in various activities that concern them. Some of these activities are the housing committee and a good transportation system during exams.

The support that the students have given the committee is rather limited but our hopes and aspirations are great. The executive sincerely hopes that the students realize that the committee is for their benefit and that their problems dealing in out-of-residence life can only be solved through group efforts.

To those who have given their time, advice and assistance we thank you.
Bishop's University Film Society

The Film Society is now entering its 15th year of existence. Currently the largest organization on campus it entertains an average of 25,000 people every year. It entirely self-supporting yet, the cost of each film to its membership is one of the lowest in Canada. Any surplus made by the society is used in the maintenance of the Centennial Theatre or in providing books on Cinema for the library.

The program is selected by the executive, aided by the suggestions of the student body. It is very difficult to satisfy every member, but we tried this year more than any other to provide a better service in every aspect of our operations. From the comments we heard, we would be led to believe that we have been successful.
Bishop's Autosport Club

The B.A.C. enjoyed a very successful year in 1971-'72. Three rallies have been held and two more are planned before the end of the term.

A B.A.C. rally is dedicated to the task of losing drivers and confusing navigators as it leads them over the long but lost back roads of the Eastern Townships. Those teams which display uncommon excellence (i.e., they place) are always rewarded with token liquid prizes to aid in their celebrations.

Two rallies were held in the fall followed by the Carni Rally which was blessed with a record turn out of 23 cars.

In this particular event, various teams saw snow banks at very close range, hills which were a little too icy and roads which shouldn't have existed.

In driving off, the executive would like to express the wish that the B.A.C. will continue to provide a source of recreation and a lot of fun in the years to come.
The Union of Sociology Students

The objectives of the Union of Sociology Students are: to promote and protect the interests of sociology students and to broaden student interest in the discipline of sociology. The association elects three students annually to represent the interests of sociology students at departmental meetings. The Union of Sociology Students also hosts guest speakers.

The Geography Club

In Action?

The Geography Club combines in its activities both social and academic functions. The purpose of the club is to provide various activities of interest, not only to geographers, but to students in all fields. Field trips, speakers and various industrial tours represent the more academic functions of the club. These are usually arranged in collaboration with the geography faculty members and are often supplementary to several courses, as well as being of interest generally. The club is also a go-between for the faculty and students. Annually, it elects two students as representatives to attend departmental meetings and represent the geography students.

On the social side, the Geography club this year has held an orienteering meet, sleigh ride, parties, a mixed volleyball game, Sherbrooke pub-crawl (cultural geography) and banquet.

Membership is open to anyone, although geography students are generally encouraged to join and take part in the fun.
The International Students' Association

The International Student Association has tried this year, as in the past, to emphasize the inter-relationship between students of various nationalities on this campus. This was accomplished by means of social gatherings and discussions.

For the first time at Bishop's, an International Dinner was organized in collaboration with the University of Sherbrooke. Traditional food from 13 countries was served by students and members of the Sherbrooke community to more than 200 guests. The success of this event and of other smaller ones contributed to make this year one of the best in the history of the Association.
The Biology Club this year has concentrated the greatest portion of their efforts towards a marine biology field trip to Bodwin College in Maine, and the Biology Exhibition, which takes place every two years.

The field trip to Bodwin was undoubtedly a success as about thirty students and faculty participated and joined fun and learning in a worthwhile experience.

The Biology Club's main project this year, however, is the exhibition. Thus far a good response has been shown by students and we are looking forward to the successful completion of the exhibition in March.

Another project, still in the planning stage, is the continuation of the Long Trail, which is a part of the Appalachian trail, over Glen Mountain. Other groups have already devoted themselves to extending the Trail over Mount Orford and Sutton, and Biology Club, along with other interested people, hope to open up the trail over Glen Mountain.

Next year, the Biology Club hopes to sponsor more outings and field trips but this year they have involved themselves in three larger projects.
Carni '72

BACK ROW: Doug Murray, Bill Dunlop, Holly Wilkes.
FOURTH ROW: Sue Anne Albulet, Patricia Leslie, Carol Farquhorson, Cave Maughan.
THIRD ROW: Bruce Robinson, Ab Echenberg, Len Swedlove, Steve Morely.
SECOND ROW: Frank Slater, Sandie Currey, Marty Wong.
FIRST ROW: Nancy Robertson, Steve Schofield.

Toilet Bowl '72

More?....

Do I have to?

What's the Limit?

The second annual Toilet Bowl maintained the spirit of Carni '72. Last year's victors, the Kuehner-Munster team, who under their fine coach, Bill Jones, were called Jones' Junkies challenged the old side of campus and out-of-res.

who under their coach Bob Gillies were called Gillies' Guerillas.

The results showed an upset, with the Guerillas defeating the Junkies by a score of 143 to 138. This was in spite of the fine field effort by the Junkies when they tallied six points for a touchdown to earn the only points won on the field.

The refereeing was handled by chief Ron Perowne, with the fine help of Peter Lawton. Both coaches were also ably assisted by innumerable coaching assistants, trainers and managers.

But the crunch fell on the drinkers, and the contest was really a matter of who could drink the most down, and lose the least time bringing it back up. In this feat, the score would indicate that the Guerillas were indeed victorious.

For their efforts, the Guerillas were awarded two cases of 24; with the best drinker award of a case of 24 being awarded to Bill Anderson, who consumed 29 pints during the game.
WHEN ALL THE LAUGHTER DIES IN SORROW

When all the laughter dies in sorrow
And the tears have risen to a flood
When all the wars have found a cause
In human wisdom and in blood
Do you think they'll cry in sadness
Do you think the eye will blink
Do you think they will curse the madness
Do you even think they'll think

When all the great galactic systems
Sigh to a frozen hault in space
Do you think there will be some remnant
Of beauty of the human race
Do you think there will be a vestige
Or a snifflle or a tear
Do you think that a greater thinking thing
Will give a damn that man was here

Kendrew Lascelles
Whatever your destination - may you reach it honorably in harmony
- may you reach it safely without drudgery
- may it be the utopia you've longingly fought for.
