To the Class of '75

I wish all of you success and happiness in what ever you now decide to do. You have seen great changes in Bishop's and in yourselves, especially those of you who have spent five years with us, first as candidates for a Diploma of Collegial Studies, then as candidates for a degree. Now, as you leave us and join the ranks of the alumnae, I hope that you will keep in touch with the friends that you made at Bishop's, that you will find the tools that you forged while you were useful and dependable in dealing with complex issues, that you will always choose involvement over retreat and that the memory of your years at Bishop's will always be bright, always be a help.

The Runners, Plancho, Leroy, Mac, Bushy, Shieko, Poubelle, Morgan and the Banff House Boys -- if you remember them like I do, then you remember Bishop's. And, of course, there's all the crazy things we used to do -- goal-post painting, going to Montreal for a beer, throwing Plancho down the stairwell, squash at 4:00 A.M., and on and on ... That's what made Bish the best! Academics, well that's another story.

Football Gaiters

The Gaiters football team playing in a much stronger league finished with a very respectable 4-2-1 record, and third place in their division.

Playing such teams as Waterloo, McMaster and Carleton along with old rivals McGill and Loyola, the Gaiters once again showed that a school of Bishop's size is capable of fielding a strong team. It should be noted that although Bishop's did not manage to place anyone on the all-star team, four players were drafted by the CFL, which itself is a tribute to the coaching staff.

Although the team is losing 16 players through graduation (15 were starters, 5 two way men) the team does have a strong nucleus to work with, led by new captains Steve Etcheverry, Al McLean, Rod Ward and Peter Lawton. Other returning vets include Peter Sorenson and Dave Jones holding down the defensive line, Len Pinsky and Andy Everleigh in the defensive backfield, Joe Cammalleri and Ken Reardon as running backs and Ivan “the toe” MacMillan. Along with these vets the crop of rookies does look promising although many, as of yet, are not positive on making Bishop's their new home.

I would like to take this opportunity on behalf of the graduating vets to thank Bruce, Al and Tony for their time and efforts which made this and the past years a success on and off the field.

P.S. Merci also to “les managers” Richard Bailey and Phil Godin.

Gaiters
The 1974-75 version of the basketball Gaiters proved to be somewhat disappointing in view of the high pre-season hopes which seemed to exist. Although the Gaiters showed much talent and provided the fans with many moments of exciting basketball, one, two and three point losses did not add favourably to the win-loss record. A finalized figure of 2-13 stood at the year's end for regular league action. With the burial of the "Pit" and the advent of a new sports complex, hopefully next year's Gaiters will prove to be more successful. Whatever the outcome, the Basketball Gaiters extend a warm thank you to all of the fans who supported the team's efforts throughout the past year.

What can be said about the 1974-75 edition of the varsity hockey Gaiters? This is not going to be a typical yearbook sports wrap-up, complete with statics and trendy 'nicknames'. Statistics are boring and trendy 'nicknames' can only be appreciated by those fellows who withstood the daily verbal warfare. So instead, I would like to talk about the four things which best characterized this year.

Firstly, there was Jim Moore, a great guy and a great coach, whose talents, unfortunately, had to be channeled into teaching basic hockey fundamentals instead of teaching the more sophisticated aspects of hockey of which he was clearly capable.

Secondly, there was Dave Clarke whose efforts to satisfy the demands of twenty tyrants, and whose total dedication to the team convinced all of us that the Lachute, Quebec area is probably filled with thousands of... martyrs.

Thirdly, there were the fellows who made up the Gaiters. Never have I been associated with a group whose individual personalities differed so much. Yet, never have I had more fun; not fun in losing, but fun in the antics that inevitably erupted whenever two or three fellows gathered for more than two seconds.

And lastly, there was you, the student body. For some reason, which no one of us has yet been able to figure out, you were always there, shivering along with the players. The wild cheers for a goal scored late in the third period (breaking a 10-0 shutout) always sent us to the room saying - maybe next week.

Who knows? Maybe next year.

P.S. A special note of thanks has to go to Al Grazys whose handling of all those "behind-the-scene-- details often goes unnoticed.

David Dussault
Soccer Satans

The 1974 version of the Satans had truly international representation. We had players from England, Hong Kong, Bermuda, Trinidad, United States, Nigeria and Canada. With so many different backgrounds, culturally as well as soccer-wise, it proved to be a very rewarding season. As had been the case in the past, the Montreal area teams, Loyola and Sir George, proved to be the class of the league with Bishop’s, Laval and C.M.R. fighting it out for the other positions. We played several exhibition games with teams from Lyndon State and Johnson State, however due to illness, classes or visa restrictions (an important item for most of our team) we were unable to field our best eleven against them and lost both games.

In league play the first half of the schedule was pretty disastrous. Older and more experienced players showed the existence of a large gap in skills and we lost to Loyola, Sir George and Laval by pretty large scores. Having switched the attack around a little and with players becoming more accustomed to their positions and the play of their teammates, performances became greatly improved. It was here that the play of John Hanson became so valuable, culminating in nomination to the QUAA All-Star team, a well deserved accolade. In our return game against Loyola, we held the national finalists to their lowest score of the season, 3-0 and had their coach, the venerable Harry Hus in a state of hysterical frustration. Truly a fine achievement!

We shutout Laval 2-0, on a bitterly cold Sunday afternoon, with Aird Barwick playing a key role, scoring the first goal and setting up the clincher in the last five minutes of play. Unfortunately CMR proved to be our stumbling block. We tied them both times we played them; The second game being the last of the season proved to be a great disappointment to the graduating players hoping to go out on a winning note.

In closing, I would like to thank all members of the team for the shared experiences, both on and off the field. The help given most willingly by Profs, Robert MacGregor and Rick Reid was greatly appreciated and contributed in large measure for what success we did have. John Hanson was named Most Valuable Player and indeed he was. May the people returning next season, build on this years experience and go on to challenge Loyola once again.

Ski Team

The 1974-75 ski season saw the Bishop’s University Ski Team finishing in third place in the Q.U.A.A. league behind the University of Montreal and Laval. Individual awards in the final standings for the League went to James Fitzpatrick (2nd place), John Melikoff (5th place), and Paul Carrick (6th place).

The ski team this year included Paul Carrick, James Fitzpatrick, Mike Gibson, Rob Legge and John Melikoff, as well as part-time members Bob Blackwood, Phil McSkimming and Charlie Veillon, and for two races, Nina Bagledicz and Robin Gates.

The training camp for this year was held at Mont. St. Anne during the Christmas holidays, and despite the initial crowds and rocky conditions, we soon settled down to some good skiing. January 9, 10, and 11 were the dates for the first race, a Can-Am university meet, organized by the University of Toronto and included many schools from the Eastern United States as well as from Quebec and Ontario. The first race of the Q.U.A.A. circuit was co-hosted by Bishop’s and Loyola, a giant slalom event at Owl’s Head. (Special thanks are in order here for all the people who had the hapless job of gate-keeping and timing. Although racers never seem to appreciate it, a race could not be run without these people.)

The course set by Bob Richardson Sr. of Owl’s Head, stood up well and proved to show the lack of conditioning by most of the skiers by the second run. The next race was held the following day at Bromont, a slalom race organized by McGill. It was an unusually tight course to start the season with, however despite the disqualifications, most of the team managed to stand up and finish.

Laval University hosted a two-day race at Mont. St. Anne a few weeks later. For once their race was well organized and the mountain had undoubtedly the best skiing in Eastern Canada. The Bishop’s team finished third, a good showing considering the strength of both Laval and University of Montreal.

The final race of the circuit was co-hosted by U. of M. and the U. of Quebec in Montreal at a hill (bump?) called Mt. Garcia located in the Laurentians. Due to flat hills, simple courses and cramped quarters, the team finished in a mediocre fourth place. The last meet that we attended was another Can-Am University race hosted by the University of Connecticut. This was held at Sunday River, Maine. Initially the team found itself in an embarrassing situation because of the unusually high calibre of racers present; however by the end of the weekend, common sense and good skiing prevailed, and despite a poor showing, valuable experience was gained.

The Ski Team is unfortunately losing two of its staunchest members: Messrs. Carrick and Melikoff, who are hoping to graduate. They have both skied for the team for five years and during that time have had their share of personal triumphs and losses.
The Women's Field Hockey Team ended their season with a record of 9 wins, 5 ties, and 7 losses. The girls placed second in the League, but were not far behind the number one team, the St. Lambert Selects. In a double round robin, Bishop's lost 2-1 and then tied St. Lambert 1-1. Ann Perrier and Gracia Comeau were the high scorers for the season with 5 goals apiece.

The highlight of the season was on October 19 at the Bishop's Invitational Tournament. For the first time in three years, Bishop's won top honors in the 8-team tournament. Lyndon State College, last year's winners, had previously beaten the team 7-2 in exhibition play. It was quite a surprise to the American team when the game ended with a score of 1-0 for the purple and white.

FRONT ROW: Marianne Nunnery, Kathy Dupuis.
ABSENT: Micheline Skena.

This year the Gaiterettes played in the Eastern Townships Women’s League. Exhibition games were also played against Lyndon and Johnson State Colleges, Carleton, University of Sherbrooke and Sir George Williams.

The team ended their 22 game season with 14 wins and 8 losses. The team improved tremendously from the start of the year. Only Nancy Knowlton and Micheline Skena were back from last year’s squad.

Nancy was high scorer of the E.T. League and averaged 28 points per game. Mitch and Maureen Hogan were second highest scorers with 120 points each.

The team placed second in the League and next year they will re-enter the Q.U.A.A. League.
This year's golf program was a success. The annual Nine Hole Ladies' Golf Tournament was played and for the fifth consecutive year, Debbie Savoy won the Ladies' Championship Cup.

The tournament that was enjoyed the most by all was the Three Hole Mixed Tournament. Even though the course had a thin covering of snow, ten people participated. The winners were Debbie Savoy and Brian Roy, followed by Debbie Mullins and Al Ansell.

For the first year, Bishop's participated in the eighteen hole Ladies' University Telegraph Tournament. Seven universities participated, and Bishop's Debbie Savoy won low gross and low net for the field, with 74 and 71 respectively. Debbie Mullins won third low net with an 80.

Thanks go out to all those who participated.
Polar Bears '74-'75

This year's season for the Polar Bears was one of excitement, frustration, surprise and enjoyment. Their record at the end of the season was seven losses and six wins.

The first half of the season was nothing but practices for the girls. They only played one game before the Christmas holidays, defeating Alexander Galt 7-0.

The highlight of the season was the Invitational Hockey Tournament, which saw the Loyola Tommies defeat the Toronto Lady Blues for the championship. The previous night the Polar Bears lost 5-1 to a more experienced and better conditioned Toronto team. The Polar Bears played well considering the fact they had only one team practice following the holidays in preparation for the Tournament. The girls held Toronto to a score of 2-0 until the last eight minutes when the better conditioned Toronto team widened the margin. In the consolation game the Polar Bears lost a heartbreaker to Dawson College 2-1, despite holding the majority of play and outshooting their opponents 32-7.

In the remaining part of the season the girls did very well. They defeated Alexander Galt on three separate occasions. The team defeated Sir George Williams University twice in a home and home series, and lost twice to John Abbott in a home and home series by scores of 2-1 and 1-0. Both games should have been victories as the Polar Bears outshot John Abbott by wide margins and controlled the play. McGill University visited the Polar Bears and won a very close game despite the 5-3 score. The Polar Bears then travelled to Montreal to play the defending Q.U.A.A. Women's Hockey Championships, the Loyola Tommies. The Polar Bears gave 100% but lost 6-1 in the game which saw the Bears with only eight healthy players. The game was won by Loyola, in the words of their coach, "on numbers, not talent". The following night, still hurting from their 6-1 loss to Loyola, the Polar Bears lost 5-0 to the McGill Old Girls.

The Polar Bears started the season with sixteen players and after the Christmas holidays were left with fifteen as Carmen Goulet had to leave because of other extracurricular activities that conflicted with hockey. Mid-way through the season four more players left, this time for disciplinary reasons.

The remaining players responded to the situation by giving a little extra effort in their last six games. The girls showed tremendous desire, co-operation and a willingness to learn and work throughout the entire season. The team record can always be improved on, but the enthusiasm shown by the girls can only be equalled in future years.

I would personally like to thank Al Ansell, for without his help the team would not have been the same. On behalf of the team, many, many thanks to Marc Thibeault and Bruce Porter for refereeing your games Glen Giles for helping at practices, and Sue Black, Sylvie Brault and Jamie Cleghorn for being our time keepers. Also, many thanks to Champlains Athletic Department for all their help, and everyone who helped us throughout the season.

Intramural Athletic Council

The I.A.C. offered a full slate of events this year, ranging from the Five Mile Relay (won by the football team) to the Horse Championship (captured by J. Robert Gillies). Competition was fierce throughout the year in all events. The eventual overall winners were U2 who took both the Ice Hockey and Basketball team championships.

Again this year Bishop's sent representatives to the Intramural Athletic Festival in Montreal. However, their performance was somewhat below par due to the lack of participants. Those people who got out of bed enjoyed themselves immensely, but since there was a large number of 'no-shows', the idea of going to Montreal for next year has been dropped.

A vote of thanks goes out to the commissioners and referees who gave their time so that others could enjoy themselves. There would be no justice if the names of J. Robert Gillies, Rick Pratt, Nancy Knowlton, and Denis Morel were not mentioned, for without these people, the program would not have functioned as well as it did.

Rick Pratt

I.A.C. MVP

This year's Intramural Athletic Council's Most Valuable Player was Rick Pratt. Rick participated in all events and was the driving force behind the success of U3 this year. Rick not only participated, but also helped run the program and was responsible for the largest and best run broomball league that we have ever had at Bishop's. Unfortunately, all good things must come to an end, for Rick graduates this year with a B.B.A. and he will be missed, not only by the Athletic Department but by everyone who had the opportunity to know him.

Activities
A challenging year has passed: a year which saw much news as the possible affiliation of our Bishop's to Buckingham (Gt. Britain), the re-appointment of Dean Haver, the opening of the first Bishop's games room, a fatal freak accident at Mount Orford, the emergence of the Bishop's University Magazine, radio-activity in the Johnson Science Building (was shown to be harmless), the emergence of a new sport: stairway golfing, in addition to the first year of the new form of the SEC, the $15.00 parking charge, and the controversy about our "sexist ads".

Everything has the capacity for improvement, especially a newspaper. A university news paper is only as healthy as the mental climate of its community, and we do hope that the decline in general contributions is not indicative of a prevailing malaise, but rather a temporary abstinence due to perhaps academic overload. This year's graduates will remain in touch with us for a year, and so they will be judges whether or not THE CAMPUS will improve. The paper has been in existence for 30 years and an anniversary issue had been planned: that issue will appear in the next academic year.

Memories and reflections are the only remnants from the past; good ones are the only ones worth keeping, because the bad ones never get lost.

**Bugs 1974-75**

If there was apathy on the 1974-75 campus, it was little apparent in Bishop's University Geographical Society because the club carried on some traditional events and resourcefully began a few new ones. The annual climb of Mount Washington and the Book Sale were held. The club members participated in assorted athletic events including the creation of its own hockey team. Instead of guest lecturers, the club looked inward to explore some of its own members' travels, beginning with a Russian slide show night. The club held a raffle with resounding success and its coffee fund remained in the "Black" all year. The club finished the year with a Wilderness Day at Camp Wilvaken, a Departmental photograph, and a year end social event.

Without a doubt, B.U.G.S. looks forward to the future.

Phil Johnston
Secretary Treasurer
The membership in the Association is open to all Business Administration students, however, students in other disciplines may also join if they so desire.

The main purpose of the Association is to broaden the student interest in the field of Administration. This year we attempted to attain this objective by organizing two field trips, one to Sherbrooke and one to Montreal. We also had a number of guest speakers who came to talk to us on different aspects of the business world.

We also tried to promote closer student-faculty cooperation by hosting such social events as wine and cheese parties, and a "Career Night". Lastly, the Executive took the initiative to organize a "Graduation Dinner-Dance" for all the graduating Administration students and members of the Business Department.

It was a successful year and we thank the students for their interest.

Economics
Association

The Economics Association was re-activated mid-way through the second term after two years of non-existence. Even though the Association was started so late in the year, our object was to get it rolling, in the hope of it continuing again next September.

The Association, through the Executive, attempted to bring guest speakers to Bishop's to speak on various aspects of Economics. We were very fortunate to have Mr. Des Dorin, a former professor at Bishop's and now a member of the Canadian Department of Agriculture, accept our invitation. Mr. Dorin had worked on various committees in the aid of under-developed countries and gave an excellent lecture on the topic. The economic Research Department of the Royal Bank of Canada also accepted our invitation. They were represented by Mrs. Jane Booth, an Economist, who gave an excellent lecture on the Principles of Trendicator, which had been developed by the Royal Bank.

The Economics Association was extremely successful this year, and it is our hope that the Association will continue in the future.

I would like to thank, on behalf of the Executive and the students of Economics, the members of the Department of Economics at Bishop's for all their help and continued support throughout the year.

Tim Manning
President
The Political Science Association

In September of this year, the Political Science Association became a viable and organized student academic club. The association formulated a new policy at its first meeting, the policy being to attract fellow students from other faculties. It also established the fact that facilities were needed to carry out activities, in order to serve the Bishop’s community.

I was privileged to be able to attend a Political Science convention at Laurentian University at which universities from all across Canada were represented. The subject of the conference was the Law of the Sea Conference. At this meeting I established a rapport with other Political Science Association Presidents who attended as representatives of their respective universities.

The Political Science Association, due to the integrity and foresight of Dr. Healy and Professor Bill Shearson, obtained facilities at Morris House. This enabled students to participate actively in Political discussions on a daily basis, and also to hold meetings pertaining to course evaluations and the creation of courses for the future.

The association, under the editorship of Mark Roberts, established a Political Science column in The Campus, in order that the students voice their opinions. In order to enlighten the Bishop’s community on political activities outside the university, communiqués were sent out to all Canadian universities with a Political Science department, from which we had an overwhelming response. Guest speakers were also brought in to deliberate on the true politics of revolution.

Awards were established to show the true appreciation of the Political Science Association to members who worked diligently in the interest of the Association. The recipients of the awards were Mark Roberts, Leah Bradshaw, Robert Hay, and Danielle Gauthier.

Finally, the Association drew up a budget for next year and presented it to the SEC. To them we owe many thanks for their co-operation in aiding the Association to become a securely established and dynamic club for the future...

President: Michael Munzar
Vice-President: Jerry Gillick
Treasurer: Dave Mullins
Secretary: Lucille Carling

The main activity of this year’s Chemistry Club was its participation in the Science Exhibition held during the last weekend in February. It was a great success and thanks go out to all those students who contributed a lot of time and effort towards making it successful.

A field trip was also made in January to Molson’s Brewery in Montreal which proved to be both a stimulating and refreshing experience. A further Spring outing is also being planned.

Bishop’s Christian Fellowship

The Bishop’s Christian Fellowship consists of students of various denominations who are professing Christians and who wish to share that faith with others. This aim is succinctly in the IVCF motto: “to know Christ and to make him known.”

Composed of students of both Bishop’s University and Champlain College, the BCF is one of the many branches of the Inter-Varsity Christian Fellowship of Canada which is part of a still larger international body.

Over the past year a core group of approximately fifteen persons met weekly in the Strathcona Lounge to discuss issues related to Christianity in general, and ourselves specifically. A number of local speakers provided our group with stimulating and profitable evenings.

BCF sponsored a colloquium in the year entitled ‘Why do you exist?’ Panelists included Professors Englebretson and Reeve, and the Reverend D.L. Campbell of Sherbrooke. This was well attended by about forty students and professors.

Other activities included a weekend retreat in Sawyerville as well as a number of supper meetings. BCF also participated in the World Vision ‘40 Hour Planned Famine’.

Plans are in the offing for another colloquium next year as well as for the continuation of our weekly meetings.
The first ski trip went to Mont Ste. Anne in Quebec City. Sunny and warm, the ski conditions could not have been better.

Sugarloaf, Maine was the objective of the second trip. The conditions there were excellent too. It was sunny but windy. Unfortunately, the gondola was only operating for three quarters of the hill, which was twelve hundred feet high, due to high winds.

The last trip went to Mont Sutton, for spring skiing. That was after the blizzard that dropped ten inches of snow on the Eastern Townships in early April. Still snowing, but warm, everyone enjoyed themselves. The unpacked snow made otherwise hard landings soft.

Despite the lack of a budget, we had a very successful year. Travelling in cars instead of buses, permitted low prices to support the club on a break-even basis. Enthusiasm and support made the trips the successes they were.

My thanks to Bill Gardner for all the help he gave me in organizing these trips.

International Students' Association

Our aim is to promote the interrelationship among Overseas students here at Bishop's, to encourage cultural exchange and to offer assistance to new students. This year's President was Mr. Ramcharitar Victor with Mr. Myung Uck Park as Vice-President. Members of the Association are from various parts of the world including Africa, Britain, China, Guyana, India, Korea, and the West Indies.

In the past year, the highlight of our activities was the International Dinner, which gained tremendous popularity among the on-campus students. We served a wide variety of meals prepared by students of various origins. There was also a variety of entertainment ranging from the enchanting bamboo-dance and the exotic belly-dance, to the hilarious folklore dancing of Quebec. This is an annual feature and sometimes we organize this event with the Overseas Students' Association from the Université de Sherbrooke.

Due to the small number of Overseas students here, we were unable to take as active a part in the University life, as we would have liked to. However, with a larger enrollment next year, we hope to solicit more enthusiastic support from our members.

Yours respectfully,

R. Victor
Started this year under the industrious perseverance of Steven Pidcock (pictured above and it's present manager), the Games Room has provided entertainment and enjoyment for many students who have sought this type of pastime for a number of years at Bishop's. The games include a pool table, Foo's Ball, Winners, Air Hockey, and various pin-ball games.

Students' Executive Council

Ombudsman: W. Andrew Campbell
Chairman, Academic: Stephen C. Cunnane
Chairman, Internal: Paul D. Trewin
Comptroller: Paul W. Trolley

In the spring of 1974, the Students' Executive Council, discouraged by the overwhelming tide of student apathy which no one seemed able to do anything about, proposed a new structure for student government. Guided by a proposed constitution which has yet to be approved by the student body, this year's SEC functioned as a large council of some 25 members representing various SEC-sponsored clubs and organizations, as well as the Dons, Student Senators and Executive Committee members, and the SEC executive, as listed above.

This year's SEC believes that this experiment has proved to be successful in its initial phase, and that it has paved the way for an improved student government next year. A year's experience has helped to re-formulate ideas about how student government can best run with the participation of a maximum number of students. This experience hopefully will be used to amend and perfect the draft constitution under which the Students' Association has been operating.

This SEC this year continued to operate a number of successful student activities such as the Pub/Bars, Film Society, The Campus, New Mitre, Winter Carnival, and The Quad. In addition, the newly-formed Coffee House Committee continued their experiment of the previous year and planned for a more successful season next year. As well, a student games room was opened on a concession basis and proved to be very popular.

The SEC continued to represent the students' interests on Senate, Executive Committee, Faculty Council and a number of other committees, and it is their feeling that a number of meaningful changes of value to the students were enacted partly through the influence of student input.

As well, the SEC planned, along with the Corporation's Building Committee, for the eventual conversion of the Student's Centre and the old gymnasium into expanded and renovated space for student activities. Unfortunately, due to lack of funds, the anticipated renovations will not take place in time for current students to enjoy new facilities, but the SEC this year feels that progress towards such long-range goals has been achieved over the past twelve months.

The Students' Executive Council is confident that exciting new leadership, elected in March 1975 for the 1975-76 term, will inject new ideas and increased student interest into the functions of the Students' Association.

Award’s Night

Awards Night was a joint presentation by the Student’s Athletic Society and the Students’ Executive Council. Academic awards in the following categories were given out:

President’s Awards:
chosen by the SEC Ombudsman, Andy Campbell, they went to the SEC secretary, Bonnie Bradley, and to Stephen Pidcock who was instrumental in setting up the Games Room in the Student Union.

Academic Affairs Awards:
chosen by the SEC Academic Affairs Chairman, Stephen Cunnane, they went to Debbie Savoy, for her active role in revitalising the Business Association as it’s this years President; to Paul Comeau, for his conspicuous activities with the Drama Department and Carni Revue; to Bill Dornan, for bringing the dormant Political Science Association back to life as it’s this years President; and to Andrew Malcolm for his important contribution to the success of this years Science Exhibition.

Internal Affairs Awards:
chosen by the SEC Internal Affairs Chairman, Paul Trewin, they went to Tim Manning, Bob Gillies, Dave Daigneault, Paulina Grant, Aird Barwick, Dave Dussault, Zachary Cattiny, and Stephen Cunnane. As Head Marshall and President of the Economics Association, Tim Manning well deserved his award as did Bob Gillies, who chaired the Danse Committee and the Don Selection Committee and generally involved himself with all activities at Bishop’s. Dave Daigneault received his award for his services with Radio Bishop’s, while Paulina Grant was honoured for her thankless job as Editor of The Campus. Aird Barwick and Dave Dussault were awarded for their contribution to the lively Carni ’75. Zach Cattiny was awarded for his all-round involvement in student affairs over the past five years, particularly with respect to Carnival. Steve Cunnane was awarded for chairing Orientation Week which is perhaps one of the most important events of the year at Bishop’s, and for his work on Senate and other committees.

SEC Mugs:
Awarded to the outgoing SEC Executive: Ombudsman - Andrew Campbell, Academic Affairs Chairman - Stephen Cunnane, Internal Affairs Chairman - Paul Trewin, and Comptroller - Paul Trollope.

Special Literary Awards:
Poetry Award: Ian Stephens
Literary Award: Eva Baldwin
Marcia Kahan

This year’s Golden Mitres were awarded to Paul Trollope, Left and Michael Munzar, Right.

Bishop's University held its annual convocation on May 31, 1975 where 235 graduates were awarded their degrees. The degrees, invested by University Chancellor John Mitchell were for Bachelors and Masters in Arts, Science, Business Administration and Education, as well as delivering diplomas in Education and Advanced Studies in Education.

Honorary degrees were given to five noted Bishop's Alumni - the Right Reverend Timothy Matthews, Anglican Bishop of Quebec; Donald Masters, who recently retired after serving as a noted professor at Bishop's, the University of Guelph and other universities; Dr. Henry Scott, a pioneer in cardiovascular surgery; Lyman Tomkins, former Bishop's registrar and comptroller; and former Canadian ambassador and diplomat John Starnes.

Mr. Starnes delivered the convocation address in which he noted the growing uncertainty of the world's future at this time.

"The wisdom of our superaffluent life style, which has been built upon an ever expanding economy and a reckless use and misuse of scarce, non-renewable resources, is being seriously, and to my mind, rightly, questioned," the former Canadian ambassador to West Germany, the United Arab Republic and the Sudan said.

"We are a global village and the sooner governments and the public realize this and act accordingly the better. Unfortunately that which has changed very little over the millennia, in a situation compelling urgent and radical change, is human nature. I say unfortunately since it is obvious we must change if we are to survive. Ironically some of the human qualities which contributed to the survival of the species may lead to its extinction, if we are unable to control them."

"For those of you who are graduating today and to those who will follow you, I suggest you seek to know the issues thoroughly and their relative importance. Among other things this requires a multi-faceted approach to problems and greater flexibility - a catholic attitude if you will."
