“All our yesterdays make us what we are today.”
"Small is beautiful", E.F. Schumacher's challenging critique of the doctrine of economic and technological specialization, is subtitled "A study of Economics as if people mattered". Bishop's is a university dedicated to the principle that people matter. We too challenge the doctrine that excellence requires specialization, the doctrine which had lead inevitably to the incoherence and the inhumanity of the multi-university. For us, the importance of the human scale is paramount; and we seek to educate the whole man and woman.

I know that you will remember the physical beauty of the Bishop's campus; but I hope that you will in retrospect also perceive the beauty of wholeness which we have tried to give you, to which your friends and your activities will have contributed as much as your professors. This volume will then provide you with ready access to much of the best of your education at Bishop's. I thank the editors of Quad on your behalf, and I wish you all challenging and fruitful careers.
DEDICATION

The editors of Quad '79 dedicate this volume to Gary Richards, whose long hours devoted to recruiting and the Alumni Association will long be remembered. On behalf of the students of Bishop's, we thank you.

Clubs and Activities
Orientation Week 1978

Orientation '78, under the able direction of Heather "Fyrd" Addie, proved to be one of the most successful Orientation weeks ever. Enthusiastic Freshmen joined in the activities planned by Fyrd and her Frosh Squad. Clad in White and Purple T-shirts, the Frosh Squad made sure that new students were given every opportunity to take part. Few will forget this week long introduction into Bish life.

Frosh Squad '78, led by Heather "Fyrd" Addie.
At the end of the week's antics Dorothy VanRoon ABOVE, was named Freshette of the week.
S.E.C.

The S.E.C. had a busy and profitable year in 1978-79. Great effort was devoted towards making sure the students were well represented in all facets of university life, broadening ties with the community beyond the campus border, and producing a new constitution in hopes of streamlining the student government. Time also, of course, was devoted to Orientation frolics, Carni madness and all the other social bits that make life at "The Country Club" all that more unique from other universities.

Although impossible to thank all those among the students, university and general community that helped us out during our year in office, we would like to offer our sincere appreciation. We would also like to offer our best wishes for good luck in all their future endeavours to the graduating class of 1979.

Nelson Wyatt
Campus

Bill Floch and Carolyn Rowell headed, as can be seen from the ABOVE PHOTO, a large and active staff. The year saw such burning questions asked as "Bill, where did you file the story on the Antipodes?" and "How did a pretty little girl like you get to be an editor anyway?"

The Campus continued its tradition, as Bill would say, of "comforting the afflicted and afflicting the comfortable." by producing a supplement on the question of the student strikes on loans and bursaries. This received praise from the executives, both regional and national, of the Canadian University Press. It also presented to the reading public, for half a year anyway, the elusive Stan Kawalski. We published features including Maria Gould’s report on Alexander Galt, Greg Coulter’s investigation into consumer awareness, and Carolyn Rowell’s features on the town of Lennoxville and Saga.

Entertainment editor this year was Maria Gould. Sports Editor was Craig Harris. Our Photo editor was Robert Leanard and Business was handled by Donovan McKenzie. Pat Tracy and Claire Delisle went as delegates to The Canadian University Press National Conference.

Thanks to everyone who helped make this a successful year for all.
"The Family" under the astute leadership of Blair Capes, worked very hard at making sure all went well in the sometimes wild and crazy residences on campus.

Mac and Margaret in Munster hosted one of the best ever Hallowe'en parties; Karen got everyone involved in intramurals; Jamo (when he wasn't making subs) did his best to control Boomer and crew. I wonder if they replaced the tiles on his apt. floor yet...; Bob and Betty policed the kiddies in MacKinnon; somehow Bradshaw survived second block and its notorious prankers over in Abbott; Sean (probably with the prankers) kept cooking to a minimum in fourth block and marshalled the gambling in third block Abbott. Meanwhile over in Norton and Pollack Blair was chained to the T.V. and Sandy was bopping to "Grease" with the girls.

All in all the A.D.R.'s of 1978-79 did a super job. Thanks so much.
Marshals

The forty odd Marshals who work at campus activities and events such as the Pub, Movies and Sports events, work hard to facilitate the enjoyment of campus events while ensuring and protecting the rights of students and property at these events.

This year thirty two new Marshalls joined eight veterans. They have been an enthusiastic group and have been fun to work with. Neal "Tigger" Clarence, Assistant Head Marshall; and I have enjoyed working together also.

Sherry Lunan
Head Marshall
Business Club

The Business Club is an association designed to stimulate student interest in the field of Business Administration. It organizes and promotes activities that enable students to meet others in the same field of interest and permits informal social contact with the Business Faculty of the University.

This year's activities included a number of successful wine and cheese parties, field trips to the Montreal Stock Exchange, Air Canada and General Motors, a fund raising pub night and guest speakers.

Business Club Executives for 1978-79: Sylvia Kenney, President
Paul Aitkens, Vice-President
The basic function of the Food Committee is to act as a liaison between the students who eat at Dewhurst and the Management of Dewhurst Dining Hall. The Food Committee provides an outlet for various suggestions, complaints and compliments students have to offer about the food service. Nothing brought before the committee is too small or too unimportant to be discussed. The committee does its best to see that the best possible service is provided for the students eating in the dining hall. We would like to thank Gary Buchanon for his cooperation and help, over the past year.
The I.V.C.F. met on a weekly basis this year for a time of fellowship and study. We had various activities such as suppers, rollerskating, movies, and a winter retreat.

The purpose of the I.V.C.F. is to know Christ and make Him known. Through Inter Varsity we have come to know Christ better and deeper, and have been able to share him with others.
After suffering through initial growing pains, the C.B.N.S.A. can consider their first year a successful one. The year's activities included a series of seminars held in the Outside Inn which were well received (especially the donuts). In November, we sent representatives to a National Native Conference on Education in Ottawa. The second half activities included an exchange trip to Dartmouth College in Hanover, New Hampshire. This trip was partially made to accept a volleyball challenge and also just an excuse to involve the U.S. campus. The year closed with a native supper consisting of traditional foods like moose meat, squash, etc. Considering that this was our first year in existence, we had our hands full to say the least. Next year we hope will be even better.
The Chemistry Club

Considering the small size of the Chemistry Club, we had a very successful year this year. The club managed to sell a few lab coats and had a hand in selecting some of the lecturers who came to the university to speak on various topics related to the field of chemistry. The club also took part in various social broom ball games against the Biology Club. Finally the Chemistry Club was responsible for a Science Banquet held at the close of the year.

CHEMISTRY CLUB EXECUTIVE 1979

PRESIDENT: Francois Legros
VICE-PRESIDENT: Luc Ouimet
TREASURER: Paul Blanchard
The Biology Club

The Biology Club is active in environmental issues concerning the university and the surrounding communities. The club also aids any student who needs help in the field of Biology, sells books used in Bishop’s Biology and organizes Faculty - Student get together.

B.U.F.S. 1979

The film society had a good year with attendance in the second semester being much higher than in the first. This year through some extra advertising we brought in a greater number of faculty and community people to see the films. It is my hope that this will continue in coming years. I would like to express my thanks to all house managers and staff who made my job a little easier, Sue Ogilvy and Pam Phelan for helping with posters, and my warmest thanks to John Codere and Irene Roy for all their support in the booth (so what if the Day of the Jackel’s Reels were numbered wrong)

In conclusion, I would like to wish my successor, Micheal Fisher, all the best in the coming year and continued good relations with the Cultural Affairs department.

Yours in Film,
Greg Coulter, President
Le Club de Liaison, known also as the French Club, works to promote French culture. It also works hard at sharing a stronger link with L'Universite de Sherbrooke. We accomplish this with different outings which vary from spending an evening at a French "brasserie" or Abbey to enjoying French movies or plays.

The members of the club attend as few or as many activities as they wish. Above all though, they have the opportunity to develop and improve their understanding of the French language and culture and to become more comfortable as far as speaking the French language is concerned.

This year the members of the club were very active. Unfortunately the usual end of the year lack of interest settled in but we are hopeful that next year we will have even more participation from the students at Bishop's.

A bientot, j'espere,
Susie Atkins
The Debate Society

While the Debate Society did not get off to as strong a start this year as had been hoped, its activities later in the year more than made up for this. We were fortunate this year in being able to sponsor delegates to the very prestigious Model United Nations, hosted annually by Harvard University. All nine acquitted themselves admirably at this conference, and two, Bradley Dow and Greg Coulter, even succeeded in bringing home with them Honourable Mentions for their outstanding performances. They, like all of the other delegates, had done a great deal of advance preparation and study, and were able to speak knowledgeably and realistically while representing their assigned country, Malaysia. Personally, I am more than proud of the way in which these students were able to meet this challenge, and hope that it signifies the beginning of a strong revival in the Bishop's Debating Society. Several of the students will be back at Bishop's next year, and have expressed an interest in the possibility of renewing the vigor of the Society. I sincerely hope that their efforts will be productive and well supported, whatever the future may bring.

D.A. McWhinnie, President

The Political Science Association
B.U.G.S.

Dr. Booth, Horst Prager, Dave Jefferson, Marg Pigot, President; Mary Scott, Secretary Treasurer; Lynn Blenkhorn, Dave Wade, Alyson Pilsworth, Ann Gittins.

BUGS '78 - 79 (Bishop's University Geographical Society) once again maintained its reputation as an independent club of uncertain standing. The annual Mt. Washington event was the height of success, with the Orienteering Meet and Bar-B-Q not far behind. Enthusiastic members attempted volley-ball but due to circumstances beyond our control, we never clinched the playoffs. Ski-days and wild parties, not to mention anything else that seemed like a good idea, were planned and hopefully next year will prove to be as full of lazy good times as this one. Good luck to ya!

Thanks,
Marg Pigot
The Bishop's Winter Carnival is an annual affair which tries to create a festive atmosphere to try and ward off the cold winter chill. This year Carni Week ran from January 26 to February 3 and once again students enjoyed a variety of fun filled activities from Powder Puff and Toilet Bowl to Almost Anything Goes. There were the usual dress up events such as Casino Night, Greaser Night and Tourist Night. Carni Revue was an evening of various live entertainment and Carni kick off was a night at the pub complete with a band. Senate granted us a day off from classes for Ski Day at Mt. Orford. The week was topped off with Carni Ball.

I would like to extend my thanks to all those who contributed their time to help make Carni '79 an enjoyable and successful event and to everyone who came out and supported the Carnival.

Bob Goldberger,
Carnival Chairman, 1979
Christmas Dance
The 1978 version of the Gaiters came up with a few surprises for the rest of the Quebec-Ontario Conference. Rated as a non-contender at the start of the year due to the loss of experience on defence and Jim Etch on offense, Bishop's gelled into the major opposition for Queens and McGill.

Bruce Coulter came up with a rookie contingent which made up for lack of experience with intensity. The addition of newcomers such as Tom Bray, Mark Fabri, Larry Ring, Jim Irwin and Peter Knee more than adequately filled positions vacated by graduating veterans. Again Bishop's just fell short of a championship with a disappointing loss to Queens.

The team would like to thank the coaches for their time and effort in forming competitive teams year after year. Best of luck to graduating ball players Dick Doucette, Bob Goldberger, Nick Arakgi, Steve Davis, Dave Allen, Blair Shier, Steve Mullie and Dom DelBalso.

Special thanks to our enthusiastic fans, the "Newf", and team reps R.J.G. and N.J.A.

Bruce Coulter is pleased with the team's performance this season and looks forward to September 1979.

PLAY OFF:
McGill vs. Bishop's
Forgotten............
Men's Varsity Soccer

Over the past few years the soccer program at Bishop's University has undergone a gradual improvement. This year's Gaiter's squad, although unsuccessful in the win-loss department, produced some fine performances. Through hard work in practice and some spirit-building at various pubs, the team managed to give 1978 national contenders Concordia and McGill some tough competition, narrowly losing by scores of 2-0 and 3-0 respectively. In another close contest the team had to settle for a tie against another tough Quebec Conference opponent, Laval Rouge et Or.

After only one week of practice in September, the Gaiters competed in the Lyndon State Invitational Tournament in Vermont. They lost in overtime to a very strong University of Maine squad which had just won two big tourneys in the United States. (Johns Hopkins and University of Maryland).

Starting off on such a strong note the players disapponted themselves by not faring better in league and other exhibition play. The potential was there as rookie sensation Brent Loubert combined with the talents of steady veterans Peter Arndt, Captain; Chris Brown, Rene Goehrm and Dave MacLean to give opposing teams difficult games.

The trend of improvement in B.U. Soccer will undoubtedly continue, especially when coach Hans Fischer's undaunted efforts are considered. Next year coach Fischer will have a strong nucleus of returning players to build upon.

Best of luck to graduating players Dave MacLean, John Figg, Pedro D'Orleans, Greg Coulter, and Alfie Fequet who have given so much to soccer at Bishop's. Thank you.
Women's Soccer 1978

This year's team did their best to live up to last year's undefeated record. We managed to win all but two of our games, one in a tight match against the University of Vermont resulted in a loss, and the other versus Brown University was a tie.

The team's success this season can of course be attributed to the many talented team members but also to the strong team spirit and kinship that prevailed.

Special thanks to Suzanne Fitzgerald, our coach, whose emphasis on being in good shape was well placed. After many a vigorous practice the girls could be seen dragging themselves to the locker room. It was the energy of these same girls though that led the team to victory on the field.

All in all, the Women's Soccer Team '78 had a great season. They will be remembered as one of the most successful teams of '78 - '79. Congrats girls on a job well done!

Golf 1978

This year's version of a traditionally strong Varsity Golf Team were underdogs going into the Q.U.A.A. championships. However, team captain and leader, Dave Douesnard, shocked the opposition and managed to come out of the first round of competition. Second round went to Bishop's Steve Davis with Robert Chipp's rounded out the well balanced squad with...well, not exactly good games, but then again not everyone can play well all the time... right? Special thanks to coach Garth Smith for his part in helping us take the Q.U.A.A. championship this year and making the 1978 Bishop's Golf Team a success. We couldn't have done it without him.
The Bishop's Champlain Field Hockey team had a very successful season for the first time in many years and gained quite a reputation in the Quebec League. The team, made up of five veterans and ten rookies, and led by captains Kathy Price and Laurie Schoolcraft won the Quebec CEGEP league. The girls remained undefeated in regular season play. In a championship game at Molson Stadium the team suffered a heartbreaking loss. The final 2 - 1 score in favour of John Abbott came after a tight game that ended in overtime.

The final game of the season was played on home ground vs. Lyndon State. For the first time ever, the Bishop's girls beat the tough American team. It was a well deserved victory as the team played hard despite numerous injuries inflicted during the game. Needless to say the win made us all very proud.

Special thanks must go to our coach, Shiela Clarke. Without her time and effort we never could have come so far.
The Rugby Club unfortunately suffered from a lack of consistency in team participation. In light of this fact we managed to favour fairly well in games both home and away. For this the club thanks the enthusiasm of Scott Stoughton, the perseverance of Wendell Beauvais, and the Madness of Mike Fisher.

We might not have lived up to the expectations of our fans on the field, we most certainly did at the post game social events.
By DON RICHARDSON

The Bishop's Gaiterettes finished off the 1978-79 season in fine style by placing third at the CIAU Women's Basketball Nationals in Regina this past weekend.

Coach Wayne Hussey indicated that the third place finish was better than he had expected - the team was not well prepared, due to the week's separation for the Canada Games and the fact that center Diane Murphy was having knee trouble. But the team practiced twice a day for a week, and were ready for their first game on Thursday night.

In that first game, the Gaiterettes defeated fifth-ranked UNB by the score of 76-63, avenging their only other loss of the season previously. Debbie Huband was top scorer with 18 points, Diane Murphy had 16, Helen McAuley had 14, Sue Hyland and Cathy McGurk had 12 each. "They played well defensively, a good team game, and kept their composure," said Hussey. The Gaiterettes led for the entire game, and despite UNB's potent offense, the contest was never close.

The win over UNB put Bishop's into the semi-finals against perennial contenders Laurentian University of Sudbury. The Vees, with four consecutive national titles behind them were the first-ranked team in the tourney. The Gaiterettes managed to stay with the Vees for the first half of their game, trailing by four at the half. In the second half, however, "the roof came in" (Hussey's comment). Laurentian picked up 21 offensive rebounds, and that, along with questionable officiating, gave Laurentian a 23-point victory over the Gaiterettes; 75-52. Debbie scored 18 for Bishop's, Helen had 12, and Cathy had 10; Diane Murphy didn't play due to her knee. As for the second half folding, Hussey explained that "the team had to start gambling...this time it didn't work."

In their final game of the tourney, the Gaiterettes won third-place honors by downing the University of Guelph Gryphons 67-51. The team played an excellent defensively, limiting Guelph to just 15 points in the first half. Debbie was again high scorer with 21 points; Helen, Sue, Cathy, added 14, 12 and 10 points each. The third-place finish was an improvement over the 1978 Gaiterettes, who finished fourth in the nation.

One of the biggest thrills of the tournament for the Gaiterettes...
was Deb Huband's being named to both the first all-star team Canadian, and also to the tournament's first all-star team. It was a fitting tribute for Huband, who is in her final year at Bishop's and is a member of Canada's National Team. Coach Hussey said the award was a step forward both for Debbie and for Bishop's.

Although the tournament has only been over for a couple of days, already Hussey is looking forward to next year. They are now regarded as being in the top three teams in the country, and with the new players they expect from John Abbott and other CEGEP's, the Gaiterettes have set their sights on winning the 1980 Canadian University Championships.

But one last word, if I may be permitted, on the 1979 Gaiterettes. This team set their goals at the beginning of the year and put their best effort into seeing them realized. They worked together, as a team should, and put their energies into seeing that every game they played came out the way they wanted it to. And maybe, outside of the forty minutes while in uniform and on the court, they didn't invite a lot of hoopla to accompany their achievements. But to this group of eight ladies, Bishop's owes a lot. Thanks to Wayne Hussey, Dennis Atchison, Mary-Ellen Bazdell, Sue Berwick, Lisa Dignard, Sue Hyland, Cathy McGurk, Diane Murphy, Helen McAuley and Debbie Huband for a lesson in what class and pride are all about. And if this tradition continues, we can look forward to more great seasons from the Gaiterettes in years to come.
Men’s Basketball

The 1978-79 Basketball Gaiters embarked on one of the toughest yet most successful seasons to date. Not only was the QUAA the most competitive conference in Canada, but our exhibition schedule pitted us against the toughest teams in the country. For the first time ever we achieved recognition on the national level.

In preseason play the highlight was winning the Western Invitational Tournament in London. The next two tournaments we participated in were two of the best in Canada. This is where we, as a team, learned a great deal about those perennially strong Eastern teams. We played St. Mary’s, St. F.X. and Acadia in those tourneys and came up short in all three games. When one looks back to just three years ago and sees that we wouldn’t even have rated an invitation to one of these tournaments, this doesn’t seem too bad.

League play this year had its ups and downs. Starting out on a strong note with three victories in our first three games, we rose to tenth in the nation. Then a slump caused us to lose three of the next five games finishing us off in third place in the conference.

A sudden death playoff game against Concordia at Concordia proved to be the highlight of the season. We won by one point in that memorable match.

The success of this year’s team can be attributed to an all out team effort, and as a team we would like to thank all those screaming fans who filled the John H. Price Sports Center again this year.
The Ski Team

The Bishop's Champlain Ski Club was run this year by Gilles Hamel and Peter VanRoon with invaluable assistance from Bruce Hannough of Champlain. The club had a membership of over 100 people this year. We enjoyed trips to Jay Peak, Owl's Head, Orford, Sutton, Orford, and Wildcat. There was no weekend trips planned due to a lack of interest.

The snow was a little kinder to us this year although sub zero temperatures put a damper on several of the trips. Hopefully conditions will be as nice next season.

I'd like to wish Gilles good luck next year as he will be president for the 1979-80 season. Don't forget, Think Snow!
Polar Bears Hockey

This year was an interesting one for the Polar Bears. This was our second season in the Montreal League and although we weren't as successful this year as we were last, we still had a lot of fun playing.

Four rookies joined the squad this season, not as many as we had hoped, but they were keen and hopefully their enthusiasm will rub off on some more girls next season.

Although our record was a little disappointing, we did see some close games in regular season play. The game against Concordia resulted in a three to two victory for them, yet we played well as a team for the first time ever.

Leading scorers for the Bears were Laurie Schoolcraft, Sherry Lunan and Suzanne Dumesnil.

The high point of the season was an invitational tournament in Huntington, Quebec. This marked the end of our season. Our last game of the season brought us a five to one victory over the Arnprior team. The girls enjoyed the chance to get away and were thrilled about their victory.

We would like to thank our fans. We were surprised and pleased at the amount of support we received.

We would like to thank also our referees, Bruce Porter and Alain Petit and the timers John Dobson and Steve Allen for all the cold hours they spent in the arena working with us.

On behalf of the team I thank our head coach Alan Ansell for all the hours he devoted to the Bears and also a special thanks to Assistant Coaches Grant Sherriffs and Jim Cleghorn.

"By the pricking of my thumbs something wicked my way comes."

Shakespeare

RONALD J. TOMAN
Montreal, Quebec
B.B.A.

Activities: Skiing, working at Dewhurst

PETER VAN ROON
Pointe Claire, Quebec
B.B.A., Accounting/Finance

All that studying and those big things to prove
All those classes and hastles with the Duve Lauderdale '78 and Wildcat '79
All those "Socials" with good and bad wine
Marshalling, BUFS and House Rep at Div
Our after pub parties: what a way to live!
There'll never be another Lion or "G"
Or so many good people to see
It's all over and the fun and the tests
Some people tell me it's all for the best.....

Bullshit!

"To suffer woes which Hope thinks infinite;
To forgive wrongs darker than death or night;
To defy Power which seems omnipotent;
To love, and bear; to hope till Hope creates
From its own wreck the thing it contemplates;
Neither to change, nor falter, nor repent;
This like the glory, Titan, is to be
Good, great and joyous, beautiful and free;
This is alone Life, Joy, Empire and Victory.

Percy Bysshe Shelley

CATHERINE JANE HOWARD
Stanstead, Quebec
B.A.

KRISTEN KAFKA

Grad Night

On Graduation night the girls are dressed to kill

B.B.A. Enterprises
Gaiter All Beefs, Famous Since 1978

And the parties continued...
And Boomer isn't even graduating this year!
Education
I didn't mean to break my stick over his head!

I slipped.

And THEN I told Jones...

Party time!

One down and more to go: If only...

Dip?

Jolly good show!
...and as the enthusiastic class plods on...

What's he babbling about now?

I don't understand

The Education Admissions Committee

Lost...

Ohhhhh!!

Bonzo

Bob cheating on the Bible quiz?!
Education was an exciting new experience for all of us. Who will forget that first day in front of a class...when Prof. Jones asked Maureen “Did you vomit?” ...forgetting the Lord’s Prayer in front of 28 7yr. olds ... trying to understand Bob’s arguments and Gary’s vocabulary... Prof. Glashan smashing a wine glass with a broom handle... Bonzo’s first goal for the Quintilians... fighting for extensions... a certain trip to New Hampshire...solving the maze that’s Galt...getting blown over by the wind on the Magdelan Islands... Mrs. Logan’s music lesson... Prof. Beattie’s spit and polish approach.. and Mrs. Loney desperately leading the Virginia Reel. And let’s not forget those meetings in the Lion where future teachers swapped stories, advice and drowned their sorrows playing “Prino”.

LEFT TO RIGHT: Prof Glashan, Mrs. Loney, Prof Jones, Mrs. Logan, Prof Beattie. CENTER ROW: Mr. Giroux, Miss Matheson, Miss Hallam, Miss Bown, Miss Kohl, Miss Morel, Miss McDonald, Miss Hibert, Mr. Cartwright, Mr. Floch, Mr. Biro. REAR ROW: Mr. Ribaux, Mr. Bailey, Mr. LeMarquand, Mr. Marlin, Mr. Courville, Mr. Williams, Mr. Taylor, Mr. Butler, Mr. Simmons, Mr. Spalding, Mr. Baxter.

SOLILOQUY

on an unusual day in late october
a hard time in the life of an agnostic
they say
is when he is grateful
whom is he to thank?
nonetheless, though there be no giver,
today is a gift,
unexpected, undeserved,
of warmth and sunshine.

a second gift -
in a molton hill walk
i fell in love with les cantons de l’est
all over again

and yet a third -
a ladybird shared
half a mile of my trek

by arwen
SWEET VIRGINIA BEING A SONG

Seven dark shades of men
silhouetted a black black sky
Sweet Virginia reveals a perverse
nature of two young men.

Stuart boarded a taxi,
was it five or six in the morning?
And what about ol' Bert?
He's gone far away too.

The two young men did meet
a few weeks ago
(or was it yesterday)
Some brewing company made money.

Ways and ways again
I'll meet you in Estevan
Seven dark shades of men
silhouetted a smokey bar-light.

(Oh Sweet Virginia
how I do love you
Two friends will meet
again and again and again)

Two friends will meet.

J.C. Olsthoorn

IN MEMORY OF MY FATHER'S FATHER

Young brother,
when I was your age
my hair was long,
Young brother,
the pain has not gone.

Young son,
when I was your age
my hair was long,
Young son,
the pain has not gone.

Youngin',
I can't remember
if my hair was long,
Youngin', I have forgotten
that the pain has not gone.

When I am your age
will my hair be long?
When I am your age
will the pain be gone?

J.C. Olsthoorn

AFTER FOUR

After four in the morning
I get a bit weary
from the bitching
called talking
illusions of grandeur
and visions of equal
time on television

J.C. Olsthoorn
GREATNESS

Greatness,
Surely something we all strive for in our own circle of life,
though we not so easily admit so.
It is by far the perceived extreme of unsurpassable well-being.
We sometimes make an unconscious parallel between it and flight,
exploration of the universe.

Greatness,
Ah, what a robust word.
We think of ourselves as great rarely, or do we?
We think of historical figures who have surely proven their greatness;
they have conquered a new land; they have discovered or invented
something proven to be an asset; they have been seen as true humanists
or prestigious philosophers.

Greatness.
We think:
A person is surely great if he is able to outwit his fellow man;
A person is surely great if he invents something for the betterment of mankind;
A person is surely great if he composes poetically profound literature;
A person is surely great if he surpasses existing standards;
A person is surely great if he is acquainted with a diversity of individuals.

Greatness.
The word which carries such pride, such majesty.
But surely we must be deluded.

Remove this wit and remove the greatness.
Remove this invention and remove the greatness.
Remove this literature and remove the greatness.
Remove this standard and remove the greatness.
Remove the people and remove the greatness.

Remove the people and remove the greatness?
A paradox, it seems.
For if there were no people, who would attribute this greatness?
Such a superficial attribute is this “greatness” that it exists only in the
presence of others?
Surely not! For this form of sageness I speak of is so limitedly non-absolute.

Ultimate greatness pervades within us, exuding from a voracious satisfaction
with one’s self.
A vitalization of one’s intrinsic superogation.
Superlative greatness then, (not necessarily an external actualization,
but an internal entity), cannot be removed from an individual - it is within, it is ultimate.

Bullshit? Possibly -
Though it is inconceivable that a person can be having accomplished any
of these things,
it is to be noticed that accomplishing these things does not precipitate
Ultimate Greatness,
but Ultimate Greatness which precipitates the accomplishment of these things.

Ron Brooks
SOLILOQUY

on the view from the ridge overlooking the golf course

from my vantage point a queen
i sit, sceptre (a fall-dead stalk of some plant
promising life in its hundred seeds)
in hand, and watch people below
pass to and fro
unaware.

golf is not a bad sport, rather gentle
and suited to the genteel woods here.
a gentleman looks up,
i wave, barely, regally,
really in rather a friendly fashion.
uncertain, he waves back.
these college kids.

the queen is a philosopher;
lying back, gazing at the thinly beclouded sky,
i think about being and other irrelevant things,
sing sad songs, and consider the trees.

there's an ant pacing my stomach i'm sure.
he's gone; oops, not so -
and the prickles of unidentified plants,
collected in my ramblings,
too are making their presence felt.

leaving sceptre, throne and thoughts
a little girl slips to the path
airplanes down a hill
skips to the tracks
and walks, sedately,
on the campus.

SAILING
By Lisa Hendricks

Drifting,
Floating,
just sailing away.
You reach out to touch a passing cloud.
It drifts,
Floats,
sails away...
Just like that - without
warning.
what a shame. It
looked so light,
so carefree,
It was there.
All you wanted to do was touch it,
And it melted into the atmosphere,
But when you didn’t want to touch
it, it drifted into sight
And it wasn’t melting at all.
Strange,
how a touch makes the clouds
Drift,
Float,
and finally...
sail away.

If you think fitness is a distant goal, consider this: you can walk all the way.

PARTICIPATION
The Canadian movement for personal fitness.
Yet the timeless in you is aware
of life’s timelessness,

And knows that yesterday is but today’s
memory and tomorrow is today’s dream.

...And let today Embrace the past
with remembrance and the future with longing.

THE PROPHET, Kahlil Gibran
“All our yesterdays make us what we are today.”
