A New Beginning...
SLEEPER OF THE YEAR
Mr. Hubert E. Lewis retires from his position as Chief Accountant at the University on June 30th, 1980, after thirty-two years of faithful service. He will be fondly remembered by students as the sympathetic ear they could turn to in case of financial difficulty and as a strong promoter of Chaplaincy on Campus and of Inter-Varsity Christian Fellowship.

Mr. Lewis will now devote more time to his favourite hobby, painting. We wish him well.

QUAD 1980
Orientation Committee

This year’s incoming students were an exciting, invigorating, injection into the mainstream of Bishop’s University life.

New activities in the Orientation program included a night party in the Old Quad, a scavenger hunt, and a half-time cheering contest at the season opener football game.

Frosh and Froshette of Orientation were Andy Mullins and Lynn Harding. The week’s Gaitor Group leaders were Carole Bell, Paul Blanchard, Purdy Evans, Barry Ford and Marg Shuter, and the Gaitor Group Trophy presented to the point winning group went to Paul Milton, Vanda Vicas (group leaders), Lynn Harding, Dale Jenne, Mike Lewis, Steve McCauley, Peter Ormond, Rae Anne Robertson and Marc Robitaille.

Many thanks go out to all persons involved in making Orientation ’79 the success it was. Their hard and continuous work proved invaluable to me, Mary M. Farish, Orientation ’79 Chairperson, and the entire Orientation program. Again thanks.
ORIENTATION
Sure, your daughter will find a husband here!!!

Really? I heard that method doesn't work ...
As always, Orientation is a time for partying and being downright wild! Being oriented at B.U. is certainly a unique experience, with its beer guzzling and the group leaders' crazy antics. By the end of it all, the Frosh begin to realize just what B.U. really is, a learning experience never to be forgotten. It is then that most realize that there are times for play and times for work, and this year's Orientation Committee certainly strived to show this. We had our fun in the first week, now it is time to hit the books!
Education is more than book-learning. In this belief we have striven at Bishop's to provide you with opportunities to enrich your undergraduate experience... by informal contact with members of the Faculty and in conversation with your friends, in an 'ambiance' of some physical beauty and seemliness. If we have succeeded, then the staff of QUAD, in compiling for you a book of faces and campus settings, has provided you with ready access to many of your most valuable experiences at Bishop's. I thank them on your behalf; and I wish you all good luck and challenging careers.

Candids
This year, we are pleased to dedicate our yearbook to Dr. Karl Kuepper, our new Dean. Dr. Kuepper comes to us from the University of New Brunswick where he spent several years teaching and holding various administrative positions.

The job of Dean, at Bishop's, certainly is not an easy one. The tasks include representing Bishop's on external bodies primarily concerned with Academic Affairs, negotiating with members of Faculty, and dealing with their personnel problems. It also involves exercising a continual oversight of the academic life of the university in a manner such as to maintain the quality of teaching and such that we may adapt to our changing environment.

Although this work is demanding, Dr. Kuepper has the personality and qualities necessary to deal effectively with his new environment. Dr. Kuepper has a human approach to problem solving that blends in well with the image of Bishop's as an educational institution. He has an enthusiastic approach and a warm and honest personality that gets the best out of everybody. Dr. Kuepper is an intelligent man who has his own good ideas as to how to guide Bishop's in the coming years. We hope that he is given the means to proceed successfully and wish him our best of luck.

A yearbook is a picture book of memories. Hopefully, we, the yearbook staff have assembled such an edition.

There have been many changes this year. 1980 was the beginning of a new decade. Bishop's was a beginning for the incoming frosh, the grads were preparing their way for the outside world, and Bishop's prepared the way for a new dean. All in all, it was an eventful year.

This year we encountered many problems with the overall preparation of the book. Photographs were lost and the quality of some were not up to par. Even with all the hassles, we finally managed to put the 51st edition of the QUAD together.

We hope you enjoy your yearbook, especially years from now.

I would like to thank those people who contributed their personal photo collections. Finally, I wish Nancy Jasperson and Sylvie Gagnon, next year's editors, the best of luck in producing their book for 1980-1981.

This past year certainly had its interesting moments in Res. From stereo throwing in Norton, to two feet deep water fights in Kuehner, the hardy dons made it through the year. Pollack gave out the "annual joke award?" Norton introduced their own joke awards. Abbott had Boomer and his Spirit, Munster had its dinners. Kuehner had the Black Hand Clan, Divinity its after-pub parties ... and the famous "beach party" in the Norton Apartments. Those are just a few of the characteristics which each Res. had; all unique in their own way.

Because no one showed up for the off-campus picture, Loraine Dumas and Debbie Britton were caught being natural in the kitchen of their luxury penthouse. The rest of the off-campus population was unfortunately busy stealing food from the IGA.

These two off-campus students are token examples: They are underfed, overdressed to kill the cold, and were obviously caught doing the annual dishes. Off-campus students everywhere will recognize the anguish apparent on these token examples: the Saturday morning hangover.

The First Students' Representative Council, 1979-1980

LEFT TO RIGHT: Henry Wright, President; Pam MacDonald, V.P. Internal Affairs; Gilles Couturier, V.P. Academic; Peter Jones, Director of Finance; Daniel Dionne, V.P. External Affairs; Shaun Lynch, V.P. Media.

The biggest change for the Council in 1979-80, was that of its name from Students' Executive Council to Students' Representative Council, a move designated to make the Council appear less elitist in nature. The structure of the organization was also changed; there is now an Executive Committee consisting of the President, the Vice-President of Internal, External and Academic Affairs, the Vice-President of Media, four student senators, two student Corporation Representatives, three on-campus and three off-campus students at large, two Associate Directors of Residence and SRC Director of Finance. Under this main administrative body are four departments, each headed by the appropriate Vice-President: the External Affairs Department, under Daniel Dionne; the Academic Affairs Department, under Gilles Couturier, including the Business and Political Science Clubs; the Internal Affairs Department, under Pam MacDonald, including the Orientation, Dance, Carni, and Grad Committees. The newest department was the Media Department, under Shaun Lynch, which included such clubs as THE CAMPUS, and Radio Bishop's.

Peter Jones, as SRC Director of Finance, did an excellent job administering the Association's budget, which was in excess of $40,000; Gilles Couturier was also a member of the Senate; and Shaun Lynch published a weekly information bulletin and was a delegate to the Canadian University Press.

Incidentally, the man in charge of the whole operation was SRC President Henry Wright.
Bishop's Karate Club

Bishop's Karate Club has come a long way since it was first founded in 1974 by Pierre Blier. The club is named Dojo Kune (Dojo meaning training area and Kune meaning teach, discipline, speech or motto, depending on its usage). Pierre was the instructor for three years, until he graduated and Nathan Chan took over. Nathan has been teaching Karate for the last two years.

The Bishop's Karate Club has participated in many competitions and, overall has done well.

In January 1977 Bishop's Karate Club formed the first University Karate team in Canada. At this time, no other Canadian University had a Karate team and therefore, Bishop's competed with Plattsburg University only, until 1979. In February 1979 the first Inter-Varsity Karate Tournament was held here at Bishop's. Seven University teams competed: Université de Montréal, Université de Sherbrooke, McGill University, Université Laval, Plattsburg University, Concordia University and Bishop's University. The hosting team, Bishop's, was victorious winning first place for both Kata and Kumite (sparring).

In November 1979, B.U. competed at McGill in the second Inter-Varsity Tournament, where six universities participated. Bishop's ended up with a fourth place for team Kata (out of 12 teams).

On March 1, 1980, B.U. participated in a Goodwill competition for individual and team Kata in St-Laurent. There were about 300 participants and B.U. finished with a second place team in the yellow belt division and a first place for individual Kata.

As a whole, Bishop's has been impressive in competitions especially considering the size of our university. The Bishop's Karate Club is not very large but it is recognized as having very good standards.
Dances

Here the staff of THE CAMPUS, Bishop’s more-or-less weekly rag, attempts to express its philosophy - the search for higher truths. As the photo clearly demonstrates, we never did achieve a “party line” on the direction in which to look. Democracy at its best; pluralism anyone?

THE CAMPUS enjoyed rather a lively year, with over 25 staffers popping in and out of the office and the pages of the paper. A four-member editorial board, made up of Susan Milner, Don Richardson, Maria Gould, and Craig Harris, organized operations, much to the amusement of all concerned.

This year saw us in pursuit of the asbestos lining in the WB Scott arena, the Gay Students’ Alliance (delighted to receive hate mail in response to that issue). Dewhurst for the umpteenth year in a row, Iran, wet T-shirt contests, and other neat things.
The New Mitre

Ronald Smith, Maria Gould, Kirk Lawrence, not particularly in that order.

Established in 1893, the New Mitre is the oldest university literary magazine in Canada. Unfortunately, in the past several years, the Magazine's popularity has dwindled somewhat. With this year's edition, however, a conscious effort has been made by the editors to restore the Mitre to its traditional status.

In the 1980 edition, entitled 'The New Hat', the editors have endeavored to shift the onus from a purely literary viewpoint to a more generally creative one. Art and graphics share the limelight with prose and poetry. Therefore, every consideration has been taken to produce a high quality magazine which is appealing aesthetically as well as intellectually. It is hoped that this tradition will be maintained in the years to come.
Following last year’s example set by the Alberta exchange student David McWhinney, the Debating Club this year participated in two very successful Model United Nations debates. The first, in February, took place at Princeton University, and the team was fortunate enough to represent Canada. The second conference, by far the most prestigious of the year, was the National Model United Nations held in New York in the first week of April. Bishop’s was the only Canadian university at the conference, and the team effectively represented the country of Malaysia.

Under a newly elected executive, the club hopes to revitalize its program by establishing intramural debating and plans are also well under way for next year’s conferences.

Last fall’s head of B.U.F.S., Micheal Fisher, was replaced by Jim Ferrier, in January 1980.
Yes, there was a Radio Bishop's this year, but not many people heard, due mainly to the fact that from late November until mid-March, the station was having its studios entirely rebuilt. Under the direction of Dixon Kenner, Station Manager; David Huddleston, Assistant Station Manager; Trevor Bennett, Programming Director; Russell Peacock, Business Manager (who won an SRC Media Department award for his work); and Micheal Vuckovic, Music Director; the Station saw the construction of new facilities which include a main control room, and announcing booth, a larger sound studio (in which bands may be recorded alive, or radio drama may be produced), a technical booth to hold the station's collection of 3000 albums and 6000 singles along with electronic equipment and spare parts, and a new office.

Radio Bishop's main project now will be to expand services to include the residences on campus. In order to accomplish this, the station will switch to a far broader programming format next year, which will include a stronger emphasis on public service programming designed to inform the students as well as entertain them. Also, next year's Radio Bishop's, under the direction of the new Station Manager, Shaun Lynch, will change its name to Radio Station RCBU as the first step towards eventually having call letters assigned by the Federal Department of Communications. If all goes well, the station could be broadcasting to the residences by September, 1982.

Quiet Bar Staff

Business Club

The Business Club activities were organized by its 1979-80 Executive: Lois Sparkes, President; and Dave Northey, Vice-President. The Club sponsored its fall wine and cheese on October 3rd in the Quiet Bar. The turnout was about 85 students, who came to meet the 1979-80 Business Faculty. The fall trip was ventured on Friday October 26, when a minibus load of students went to visit John-Mansville in Asbestos. The student turnout for this event was rather apathetic, but this certainly did not affect the excellent tour given to us by the John-Mansville staff.

A number of meetings were held by the active members during the fall semester, within which the three student representatives were chosen, the constitution was reviewed, and the upcoming year’s affairs were discussed. On February 13, a St. Valentine’s Eve Wine and Cheese was held. The turnout was high and everyone seemed to be in a partying mood, after having written the Policy midterm that morning.

The Business Club tried to obtain permission to tour Labatt’s Brewery, in Montreal, and Kraft Foods also in Montreal, but were not accepted at either company. Therefore the Business Club decided to replace its Winter semester trip by inviting a speaker to talk about various problems faced in the working world, and following it by another Wine and Cheese, which was held at the end of March.

The executive positions were made open to nomination due to the fact that both members of the present executive hoped to graduate. We wish the Business Club of 1980-81, and its president, Loraine Dumas, a very successful and exciting year.
The Club de Liaison was more active this year than in previous years. We attended many functions at the Cultural Centre of the University of Sherbrooke such as Les Ballets Jazz de Montreal, André Laplante and the play, LES FÉES ONT SOIF.

At Christmas we successfully prepared a traditional French-Canadian dinner. The French consulate in Montreal provided us with a series of interesting French films.

Hopefully, interest will continue next year and students will take advantage of the many cultural opportunities available in the surrounding area.

This year's graduation dinner and dance was a great success, and a good time was had by all. It was held in Memorial House on campus - better known as the pub. André Reservations of Sherbrooke provided us with an excellent meal and J.W. Fish put on a great performance. Other activities the grad committee were in charge of were the taking of the grad photos (done by Paul Lindell), the grad section of the yearbook, and raising money for the dance.

I, Alyson Pilsworth, would like to take this opportunity to thank all the members of the committee for their assistance. I'd also like to thank all those who participated in the bottle drive and the decorating. Your help was greatly appreciated. And last but not least, thanks to the pub management, Maryanne, Doug and Mike.

This year's version of gridiron warriors fell victim to what a doctor might call mass injury. As the old story goes, "You can't win the wagon race without your best studs pullin." Amidst the situation however, the Gaiters pulled together and made a run for the playoffs, missing them by one game. A heartbreaking 23-21 loss to McGill on homecoming day was a game that spelled doom for any solid playoff hopes.

However, led by a high-powered passing offense, Bishop's receivers gave the opposition nightmares all season long. Jim Etcheverry (All-Conference, League MVP) threw gallantly all season long to Kevin Bennett (All-Conference) and the highly touted Bruce Gair, who is the new sole property of the Montreal Alouettes. Moreover, the Bishop's Defense came up with big play after big play, all season long.

Thanks must go to Danny "Newf" Lavallee whose character, color and effervescence made him the finest manager in the history of the league. Thanks must also go to the brains of the team, Bruce Coulter, Tom Allen and Ron Perowne. Their character and leadership earned the respect and admiration of all parties concerned. Also the Gaiters could never have functioned without the efforts of Dale Butterwick. His tape jobs and soothing words were greatly appreciated.

Next year's crop will be capturing the hearts and spirits of Gaiter fans all over. Just like days gone by...

The '79 season was a highly successful one for the Bishop's Champlain field hockey team. Competition was fierce within the league, and victory in any game could not be taken for granted. However, the Bishop's girls managed to finish regular season play, consisting of two games against each team, in a tied position for first place with Concordia University. A championship game was held between the two teams at Molson Stadium in Montreal, and despite snow and freezing temperatures making the astroturf extremely slippery, Bishop's-Champlain emerged with a 2-1 victory over the Stingers. This victory was no doubt due, in part, to great determination not to let the championship game slip through our fingers as it had done the year before. Thus, for the first time ever Bishop's Champlain had won both the league and the championship.

The team also competed in exhibition games against perennial Lyndon State University and Johnson University as well as in tournament play against McGill and Queen's. The girls acquitted themselves well and profitted from the higher standard of competition. Congratulations go to Mary Farish who was leading scorer over the season and to all team members who worked hard to achieve first place status.

Standard of play has shown a marked improvement over the last three seasons and growing recognition for the sport of field hockey on the Bishop's-Champlain campus can only help this trend.
Expectations for the fall regular season schedule were raised when the Soccer Gaiters won the Provincial Invitational Senior Soccer championship, in the spring of 1979. Hopes for a successful regular season record suffered a blow when the team received key injuries to Brent Loubert and René Goehrum. This forced unseasoned rookies into early action. However, their solid effort was overshadowed by the play of national contenders Concordia and McGill.

Early in the season the Gaiters won the consolation trophy in the Lyndon State Invitational Tournament where rookies Don Thompson and Tom Broad played well behind the stellar performance of captain Peter Arndt. As the season progressed, the team showed capabilities of pulling off upsets but lacked the finishing touch around the opponent's goal. The return of injured players and the defensive efforts of Chris Brown, Arndt and Sandy Sutherland were key in the Gaiters' strong showing at the Concordia Invitational Tournament, where they gave host and championship team a tough game. A strong finish to the season, combined with the experience gained by a large group of first year players make next year's prospects look good.

Chris Brown who anchored the defense and René Goehrum who sparked the team's offense from the half-line, were voted co-winners of the Most Valuable Player award. Don Thompson's excellent half-line play was recognized by his teammates, as he was named Top Rookie for the year.

Thanks go to Hans Fisher whose animated and vocal coaching style contributed much to the team (if only they could understand his German). Thanks go also to Garth Smith, the team's convener, who made sure the team made it to the correct playing field, at the correct time on the right days.

MISSING: Diane Mussing, Grant Sherriffs, Assistant Coach.

This year's team was made up of fifteen girls, eight from Champlain College and seven from Bishop's. Although it wasn't a good year, win wise 2-12-1, the women still had a lot of fun. The three leading scorers were Laurie Schoolcraft, Suzanne Dumellile, and Sherry Lunan.

Some losses were close, some were not, but through it all, the ladies kept trying. Without good goaltending by Mary Farish, some games would not have been so close. She had an excellent year in nets.

Our coaching staff was comprised of Head Coach Alan Ansel, Assistant Coaches Jim Cleghorn and Grant Sherriffs. Coach Ansel has been directing the team to gain confidence and develop hockey skills.

This year, we lost five players at Christmas, but saw the return of veteran Sue Taylor, a needed defense person, after having undergone a knee operation.

The team is looking forward to the Women's Ice Hockey Tournament in Huntington, Quebec, as a finish to a fun season.

This year sees six players graduate, so next year will be starting off with a new young squad. As one of the graduating students, I wish the team luck and future success.

Here we go, Polar Bears ...

The 1979-80 Gaitors had no way to go but up, after a dismal 2-17-1 showing of a year before. And up they did go, finishing with a most respectable 12-11-1 record.

September marked the beginning of a month long hard-training session led by newly acquired assistant-coach André Boisvert. On-ice sessions began in early October and the training camp proved to be very competitive, producing a genuine wave of optimism about the coming season.

The Gaitor’s first exhibition game saw them host the University of New Brunswick in a hard-hitting contest and Bishop’s emerged as 4-2 victors. Only one more exhibition game was played, against Plattsburgh State, a Division II club. Plattsburg ended up winning 5-4 but not after the Gaitors had come back from a 4-1 second period deficit to nearly tie it.

The season opener was a 3-3 tie against Three Rivers. The next two games saw Bishop’s beat Chicoutimi 6-1 and 4-3, right in Chicoutimi. At the break however, Bishop’s finished with a 5-5-1 record.

At the end of January, the Gaiters had won but 6 games out of 17, and were in the unenviable position of having to win at least five or six of the remaining seven games, in order to make the playoffs. The club did win 6 victories along the way.

Unfortunately the Gaitors winning ways didn’t carry over into these playoffs, as they were dumped by Three Rivers 7-2 and 8-2. However, the team has reason to be proud of the year it had and all indications point to an even more productive season next year.

Praise go to coaches Ron Perowne and André Boisvert for their fine work in molding the club and special thanks to Bobby Halsel and Mike Hartwell for their countless hours of work and dedication. Lastly, a golden thank you, to you our great fans, for your inspiration.
Women's Basketball

FIRST ROW, Kneeling, Left to Right: Andrea Blackwell, Marina Bobyn, Connie Classen, Diane Murphy, Gail Braithwaite, Lisa Dignard. SECOND ROW, Standing: Wayne Hussey, Coach; Sean Smith, Assistant Coach; Helen MacAuley, Sue Hyland, Debbie Huband, Denise Dignard, Dennis Atkinson, Assistant Coach.

It was an exciting year for the Bishop's Gaiters Women's Basketball Team. With five returning veterans and a good crop of Rookies, the team was to be bigger both in number and size. There was much prospect of a good year to come.

In pre-season exhibition play, the Gaiters faired very well. They were Champions in tournaments at MacMaster, Carleton, Ottawa, Bishop's, Concordia, and Toronto. For the third year in a row, under coach Wayne Hussey, the Gaiters were QUAA Champions undefeated throughout league play, as well as playoffs.

Nationally, the team was ranked second throughout the year. At the Nationals held in Halifax, the Gaiters lost a heartbreaker by one point, in the opening round to the University of Calgary, which automatically put them out of a bid for the National Title. However, they went on to win the next two games against Alberta and Guelph, to take the Consolation final.

Although there was much disappointment in Halifax for the team, the Gaiters' chances for a GREAT season next year should not be left in doubt.

The loss of veterans Deb Huband, Diane Murphy, Helen McAuley, Lisa Dignard, as well as exchange student Gail Braithwaite will surely be missed but with the returning players and some of the best players in Canada, being recruited, coach Hussey expects his team to be a top contender next year.
Intramural Sports
For those who do not have the time to get involved with varsity sports, there is always intramural sports. They offer as much competition and excitement as any varsity sport.

This year’s teams certainly had spark and originality, in choosing their names. Such teams as the “Black Hand Clan” and the “Newfs” lead the competition throughout the year. This year, the Black Hand Clan took most of the individual and team awards in floor hockey, basketball, and golf. Michel Charron took the individual golf award. Herbie Armour had the total scoring points for ice hockey, and Ross Hunt was Intramural Male Athlete of the year.

Let us hope next year’s teams can offer the same fierce competition and enthusiasm!!

BE WHAT YOU ARE

You were born into this world as a separate being -
An individual.
When you entered the educational system, they processed you as a single entity.
Whenever you have applied for a position or a job, the interviewer has reviewed only one case -
yours.
Why then is everyone so damned busy trying to emulate someone else,
trying to be something they're not?
The novelty in life is being you -

sing what you will
the day stands still
all sound, all movement
becomes transparent
to the bend of your wills

Strolling along
singing a song
cressing our joys
and hugging the wind
kneading the path alone; but not for long

A newfound friend
has come to mend
the sadness perceived;
it outshone the joy for a brief moment
Long enough for someone's heart to lend

The day fades as we sit entwined
A newfound friend has helped to unwind
All the elements sense the joy within
Too good to be kept secret
... and the wind gently fades from behind.

Time to go out, open my wings and fly on my own.
Time to remember, open my eyes and seek but not forget.
Time to learn, open my doors and push into the future.
Time to realize, open my mind and let thoughts flow through.
Time to set forth, open my dreams and making all reality

not forgetting you.

77-78

This page is dedicated to those graduates who were part of Pollack-Norton 77-78. You’ve come a long way since that first day when everyone arrived. There were so many doubts. Now you can say “I really did it. It wasn’t as hard as I thought.”

Remember Pollack when you stormed Norton that fateful night, with whipped
cream, pots and pans, vaseline, Saran Wrap, and pennies!!

Remember Norton when you sought revenge by kidnapping Pollack's don!! You sent that ransom note for all Pollack girls to be in the Quad with their pajamas on, in order to get back Lianne. The joke was on Pollack for they were greeted with buckets of water from all sides of the Quad.

Remember "Grey Cup Nite" at the pub? Remember "Pollack Beach"! Remember Norton's beer bash after becoming Intramural hockey Champs! Remember the Powder-Puff-Toilet Bowl '78!

Remember, it was your spirit and determination that made it YOUR YEAR!!!

If you think banking is a dull subject, open a Commerce Savings Account.

Your interest grows and grows.

There are a lot of interesting things for you in a Commerce Savings Account. Like a college education. A carefree summer on the road in Europe. That ten-speed bike you’ve been wanting. And more.

All it takes is a little patience. And regular deposits in your account. With our high interest rates, you’ll be surprised at how fast your account grows.

Of course, you can withdraw your money when you want it. And if you move we’ll transfer your account free, to any branch in Canada.

Open a Savings Account at a Commerce branch near you. It might be one of the most interesting things you’ll do this term.

The atmosphere of B.U. centres on its students and their moods. Basically, Bish comprises such a varied combination that its atmosphere changes with the moods. As always there is an influx of new faces at the beginning of the school year. Now it is the end and the graduates, the old faces of this untimely institution must move on to create space for the arrival of next year’s crop.
NOT TO BE TAKEN AWAY
