Dear Students,

Those of you graduating this year have gone through two "transition experiences" simultaneously. As individuals, undergraduate university years are for everyone a time of change and personal growth. But as well, while you were here, Bishop's grew almost forty percent in enrollment with students coming increasingly from all parts of Canada and abroad, new buildings were added and programs enhanced.

Such rapid change is somewhat unsettling. But you, the students, not only tolerated it, you flourished. Bishop's is better for your time with us.

As you leave, you will face many more transitions in life in the years ahead. We wish you well with all of them!

Sincerely,

Hugh M. Scott
Principal

Bishop's - this is a name that is synonymous with terms such as small and personable. However, in the last five years Bishop's University has matured from 1200 students to its present population of 1704 students. Due to this increase, our institution has undergone changes, both physical and social.

Physically, this year's students got a taste first hand of the improvements carried out in order for Bishop's to accommodate the increased population. These improvements are only a sign of things to come, as major renovations will be underway in McGreer and Johnson Buildings by the winter semester of 1992. With all projects slated to be completed by the winter semester of 1993, our university will have an upgrade appearance in time for Bishop's 150th birthday, which is set for 1993.

Socially, over the past five years, Bishop's has seen many new organizations and businesses evolve ranging from fraternities and sororities to the completely student run Quiet Bar and Doolittle's. Students have always had a chance to get involved at Bishop's and now more than ever with forty-seven student clubs and associations.

Bishop's University is an institution that, due to its size and close proximity to student residences in Lennoxville, allows for many friendships and relationships. These friendships can remain for many years beyond our time at university. I can hold my head up when I state that I am from Bishop's University and I hope you can too.

I would like to congratulate those responsible for this year's Quad in making it one of the best ever!

Good luck to all in the future.

Yours truly,

Michael Ridout
President
As I sat down to write this piece, thoughts of my experiences here at Bishop's and the many wonderful friends I've met along the way came to mind.

This year, I had the pleasure of serving you in the capacity of V.P. of Media and I'd like to take this opportunity to wish you all the best for your future endeavors, which for some of you will involve new experiences outside of Bishop's University.

It has been a pleasure knowing all of you and again, all the best!!

In only its second year, Bishop's Big Buddies has become the largest club on campus. Our membership has grown to more than 100 Bishop's students and 200 children of the community. This year, besides being big brothers and sisters, tutors and sports coaches at the elementary school level, Big Buddies has expanded to the high school level as "peer mentors" and sports coaching.

Due to its overwhelming success Big Buddies has become Bishop's first club to go national. The organization will be known as "University Big Buddies". Three other universities already have their own Big Buddies club in the works!

The hard work and dedication of all our members have made Big Buddies a successful and rewarding club both on campus and in the community!

The Psychology Club is now in its third year of existence at Bishop's and as each year goes by, the club gains in popularity. It is anticipated that this year the club will be a great success due to the numerous activities that have been planned such as wine and cheeses, grad information night, self-hypnosis workshop, movie nights, presentation of dissertations, parties and so on. On behalf of the Executive Members, we would like to thank our members for coming out and making the club such a success.

A few years ago B.U.D.S. was reinvigorated by a small, but determined corp of students. The Society’s goal was, and still is, to promote public speaking and debating on campus. Although the founding members are graduating from Bishop’s (slowly but surely), The Society’s membership is still growing.

Active members meet every Thursday night at seven to practice and perfect the art of elocution. To help members improve their oratory skills, this year The Society invited professors and a lawyer to observe and critique the rhetoric of the debaters. The Society owes the former people a debt of gratitude for their efforts and enthusiasm.

Further, The Society is also terribly grateful for the financial support of The Principal, The Academic Deans, private contributors, and of course, the SRC. Without this money we could not have sent debating teams to the several university tournaments: Queen’s (Novice), Harvard, Hart House, Concordia, McGill (North American Championships), Princeton, Western (Nationals), Ottawa, and Yale all hosted superb tournaments.

Because of the growth of The Society and its cohesive energy, next year we will host our first ever tournament at Bishop’s. Not only does The Society wish to help colour Bishop’s in on the map of universities, we also aim to improve students’ oratory skills. Despite the increasingly utilitarian mind of the average student, we still manage to enjoy ourselves at tournaments and meetings! And this is a goal we will never fail to achieve.

BISHOP'S
The Bishop's University Commerce Society (BUCS) started "taking care of business" in January, 1992. BUCS was established to provide an opportunity for business students to participate in social and academic activities as to make their time spent at Bishop's University more meaningful and complementary to their studies. In addition, the Society allows business students and faculty members to interact in an effort to develop a relationship both inside and outside the classroom. Although the Society has only been around for one semester, it has already sent two students to the Atlantic Business Conference, participated in "friendly" sporting events against the pros, published its first newsletter, and threw a BUCS BASH!!! We are looking forward to the upcoming year with many great events planned.

This January, upon returning to school after a much needed Christmas break, 50 up-and-coming Bishop's students found something a bit more encouraging than their transcripts sitting in their mailboxes. This was a letter from the Alumni and Development Office asking to help give birth to an idea that had been stewing in the Office for awhile -- the Bishop's University Student Alumni Association. After receiving more information and a rough draft of the organization set-up, the group convened to Divinity House for their first meeting, lured by the promise of free pizza and refreshments.

The objectives of the group are to create and maintain liaisons and promote Bishop's University current and prospective students with alumni, faculty and staff. Activities and events, such as Homecoming, will be organized to bring together all those interested in the University. Alliances will also be formed with other Student Alumni Associations in Canada and abroad.

Plans are on the drawing board for an Alumni Day, in which you, as alumni, will be asked to return to your alma mater to talk to students about careers, the work force, etc....

The men's basketball team made the play-offs for the 6th consecutive season. That's the good news - the bad news was that the Gaiters were hampered by a season long absence of 6'8" All-Star centre David Fisher due to a serious knee injury and a brutal January schedule which subsequently led to a poor win-loss record.

The Gaiters did show signs of potential beating the #1 ranked St. F.X. X-Men in exhibition and giving Concordia its only loss in league play. The team won the consolation championship of Queen's Invitational and the Saint John Golden Ball Classic and were finalists in the Carleton Invitational.

Captain Ted Branch was the team's Most Valuable Player, senior 3-point shooting phenomenon Tom Van Alstine was selected Most Improved Player and winner of the Garth Smith Team Award while Benoit Deschamps was selected team Rookie of the Year.

The Gaiters wish all the best for their two graduating starters Tom Van Alstine and Daniel Methot.

Men's rugby at Bishop's was unbelievable this year. Two full teams participated in weekly games in Montreal and the United States. Tours were made to New Brunswick and New York City where the Bishop's spirit will long be remembered.

Although we were dethroned as Quebec Champions by McGill in a close fought 11-9 loss, our men's teams did amazing by winning two prestigious tournaments in the States: 1991 Vermont Law School Champions and 1991 Manhattan 7's Champions.

Thank you to all who supported us through the year. Special thanks go to Tom Allen for his faith and understanding. Lissa McRae for her experience and organization, Nick Clapinson for his perseverance and leadership and to Bill Robson for his humour and deft goal kicking.

MEN'S RUGBY during the regular season.
at a tournament in the US.

On November 30, 1991 we attended the 34th annual Manhattan 7's tournament in New York City. The games were played right in the middle of Central Park and over 40 teams participated. Facing well known big U.S. colleges (i.e. Syracuse, Boston University, Cornell and Georgetown) was intimidating at first but as Tournament Champions we proved that Canadian rugby is still superior to that of the Americans. We will return to the Big Apple next year to defend our title.

This year was a banner season for the Gaiter V-Ballers, if only for the reason that we finally got a coach. This was by far the most successful season in the team's four year history with a combined match record of 9 wins and 10 losses. (That may sound like a lousy record to you, but when you've been totally shut out for two years, it's a miracle.) For the first time ever the Volleyball Gaiters participated in several tournaments south of the border, beating such schools as Boston College, Holy Cross and Dartmouth. The season finished on a high note as the Gaiters pushed nationally number 2 ranked Sherbrooke to the limit, before losing 15-12 in the last game. Next year promises to be just as exciting as the last, especially if we have a coach again!

Bishop's University Ski Team

The 91-92 ski season has been most excellent. The team has made tremendous strides forward since its founding five years ago by Allistor Griffin. From financial ruin to financial success, we moved from the bottom of the pile to the top when our own Shannon Bisset came first at Stoneham. We've shown great things so "flip an omelette" for B.U.S.T.! To all our faithfuls all I can say is "Buy a Hot Dog, Support the Ski Team", and to all my fellow B.U.S.T. members, "ski fast like a hockey puck". Many thanks also to Donan Contractors, Philip's Cable, White and White Brotons, Bronelle, Mom and Dad, Tilden, Newfoundland Containers, Allisten Griffin, Greg Dibbin, Too Rad, Gateance Limited, Walter Donken, the Plex staff, and Sean McDonals. "Thanks Coach!"

Ray Almond Award
(Awarded for the most unselfish contribution to Athletics at Bishop's University.)

Jim Doherty

Jim joins a select group of previous Ray Almond Award winners. Since 1968, Jim has been janitor at the John H. Price Sports Centre and has been involved either with pre-game or post game activities for every event held at the stadium or in the Sports Centre since its opening in September 1975. He has given Bishop's University Athletics his services seven days a week when called upon to do so. Jim takes great pride in his work and has always been available to the task at hand. Jim is looking forward to his retirement later this spring.
Male Athlete Of The Year

Silvio Martel

This year's recipient is record-setting All-Canadian quarterback, Silvio Martel. A 23 year old native of Brampton, Ontario, Silvio had a story book season leading the Gaiters to their second consecutive regular season OQIFC Championship and third in four years. Silvio was named team MVP, OQIFC All-Star, Alouette Alumni Award winner (most valuable Quebec University football player), 1st team All-Canadian and was the OQIFC Most Outstanding Player and consequently a nominee for the Hec Crighton Award (Most Outstanding Player in the country).

If that wasn't enough, Silvio broke two OQIFC records - most yards in a season (2374) and most pass attempts in a season (278). As well, Silvio's 2374 single season yards places him in 3rd overall on the all-time CIAU list.

On the season, Silvio completed 143 passes in 278 attempts (51%), an average of 16.6 yards, and threw for 13 touchdowns.

Female Athlete Of The Year

Shannon Bisset

For the first time since 1978, a Bishop's skier, Shannon Bisset, a 21 year old native of Sudbury, Ontario, has been named Bishop's Female Athlete of the Year.

Undoubtedly, the most dominant Bishop's female skier in over a decade, Shannon earned one gold and one bronze medal in Giant Slalom at a FQSE meet in Quebec City this winter. A second time team MVP, Shannon placed 4th overall in the FSQE finals and was the lone Bishop's representative on the Inter-Continental Cup Meet team, placing 12th in a meet which featured skiers from Italy, Czechoslovakia, France, U.S.A. and Canada. Shannon, although attaining star status is very involved in team funding and is regarded by team members as a spiritual leader.

BIG ANIMALS!!

I had to put a picture in

After 10 long months of work, I can't believe it's over (I've been counting down the pages since March break). With only 4 missed classes, many-many sleepless nights and stressful days, and only a half a dozen death threats (maybe more in September when the book is published), I can truly say that it's finally over (the fat lady has finally sung). My last duty as Editor of the 1992 Quad will be to hand this publication out to each and every one of you as you go through the registration hassles (why won't they do something about the process?)

I know I'm probably going to forget to thank somebody since the list is so long and I have no idea where to start. To the CJMQ executive (SUB 112), thanks for putting up with me as your neighbour, Lana, Wendy and Karen in the SRC office for their behind the scenes help, Sue at Student Services for all the hours spent procrastinating in your office, Stephen Barber (my ICP rep) for all the support during the rough time and Martin for the use of his computers (especially the scanner).
To my "On the fly" staff, thanks for all the long hours of work and putting up with me (you all deserve medals); Tanja Harrison, Tanya McNeil, Kirk Robinson and Kandy Mackey, who were part of my typing and layout crew, Jen Morin for all the typing, Lorianne Flavelle (Monster) and Stephanie Smith for the odd hours here and there during the crunch times and last but not least MC Maynard for all the typing, layouts and company at 3 AM. I couldn't have done it all without your help (thanks John, NOT!!).

And last but not least, I would like to thank my parents for not throwing me out of the house during my last minute layout sessions with the blaring music and nasty mood swings as the deadlines approached. Thanks, Krista and Lisa (or Tych or Q-Tip or QWA if you didn't know her real name) for all the support during my battles.
