Chemistry
Dr. R.D. Cook (Dean of Natural Sciences), Professor J.D. Craik, Professor G.H. Hickie, Dr. R.B. Yeats (Chairperson).

Computer Science
Professor C.R. Carman (Chairperson), Professor L.C. Jensen, Professor N. Khouzam, Professor D. Vouliouris.

Mathematics
Dr. A.P. Dean (Chairperson), Dr. C.S. Lin.

Physics
Dr. L.A. Nelson (Chairperson)
the naked truth...
What I really learned in University:

1) If you were smart in high school, so what?

2) You can know everything and fail a test

3) You can know nothing and ace a test

4) Home is a great place to visit

5) The majority of learning takes place outside the classroom

6) Friendship is more than getting drunk together

7) Psychology is really biology, biology is really chemistry, chemistry is really physics, and physics is really math

8) Friends are what make it all worthwhile
B.U.: The epitome of school spirit
So, enjoying your stay at Bishop’s so far?
You choose the caption:

These intoxicated transvestites are: (a) the Sherbrooke Soccer team, (b) an anonymous Bishop's sports team being initiated, (c) regulars at the Lion.
These women are: (a) the Bishop's All-Star Hiking Team, (b) trying to resurrect the spirit of Woodstock on the rolling hills of the Eastern Townships, (c) Alpha Delta Pi Sorority.

Rob Imrie is: (a) cheering on the Gaiteers at the Homecoming game vs. Queen's, (b) doing his best Starsky and Hutch impersonation, (c) in a head cast after a rough night at the Pub.

Devon Rogers is celebrating because: (a) she finally passed the EWP, (b) the temperature in Lennoxville rose above -5°C, (c) she's 22.

Fellow students:
As another year goes into the history books, I cannot help but think how fast it went. Here at Bishop's, the days turn into weeks, weeks turn into months, and the months into years at such an alarming rate that I often wonder if it has all just been a fantastic dream! Fortunately, the reality is that time does fly and we often wish that we could slow it down for a few moments so that we could savour some of the great experiences a little longer. The great thing about the Quad is that it provides an opportunity for all of us to remember those cherished memories. This book will always be a link to the past, full of pictures that illustrate the dynamic and wonderful experience that is Bishop's.

For those of you who are graduating, best wishes in your future endeavors. I trust that this graduating class will make its mark in the world in a multitude of disciplines (I will be making many marks on the golf course!). It has been an extremely fulfilling adventure that promises to continue on in to the great unknown. I look forward to many exciting Homecomings, where we can look at some of these pictures and wonder aloud "What was I possibly thinking when I got that haircut?!"

For the rest of you, look at this yearbook as a work in progress. While you have completed the first chapters of your university lives, many more are still to be written. Enjoy each moment of your time here to its fullest and savour the memories of moments gone by. While the outside world is full of challenges and obstacles, Bishop's is full of promise and possibilities. Push yourselves to do your best, make a difference, and, of course, RAISE A TOAST! Farewell my friends and take care. Cheers to all of the treasured memories that are captured in this book. Cheers to all of you and cheers to Bishop's University on the Mighty Massawippi shore!

GOOD times TOGETHER
Degrees, gowns, celebrations:
Convocation 1997

The 6th of June, 1997
Lennoxville, Québec, Canada
"On these magic shores of the Never Land children are at play forever beaching their coracles. We too have been there; we can still hear the sound of the surf, though we shall land no more."

- Peter Pan

Bishop's is my Never Land.
Here, I shall play all day and never grow old.

In this book are recorded some of the many memories we have all made as Bishop's students. Open it and return to Bishop's as often as you like, wherever you are in the world. Many people's hands produced this little storybook for you. Many thanks to: Dawn Nita for the mesmerizing residence section; Sarah Brown for some clever faculty pages; and Lisa Pearson and Luanne Meyer: the great minds behind the clubs portion of the Quad. Thanks also to: Stacey Bowman for her creative artwork contributions; Teri Futer and Cristina Kakebeeke for their fabulous photographic submissions; Melanie Rypstra for a few noteworthy layouts; Perry Beaton and the Liaison Office who are responsible for the scenic cover photo; Joy Chandler: administrative genius; and Stephen Barber (for the great NYC tips)! I would also like to express my gratitude to my Sisters of Alpha Delta Pi for their unremitting support, the barstools at the Lion (also for their constant support), my true friends (you know who you are) for the great times, and of course 'Millhouse' for the inspiration! At Bishop's, we have made and lost many friends. We will, however, never lose those memories we once made with them.

Kellie Davenport
Editor,
The 1997 Quad
"a sound and liberal education"
These pages have been dedicated to the memory of Mark MacKenzie Jackson

1974 1997

To appreciate beauty;
to find the best in others;
to give one's self;
to leave the world a little better,
whether by a healthy child,
a garden patch,
or a redeemed social condition;
to have played and laughed with enthusiasm,
and sung with exultation;
to know even one life has breathed easier
because you have lived . . .
This is to have succeeded.

— Ralph Waldo Emerson
