

Fall 2025 Semester

Created on Sep 11, 2025

Notes on Delivery Modality:

- In Person -** Students registering for "In Person" courses should be available for the entire scheduled time block, but some courses could have some online components at the discretion of the instructor; details for each course will be communicated to students by the instructor.
- Online - Scheduled Time -** Students registering for "Online - Scheduled Time" courses should be available for the entire scheduled time block for virtual meetings, but some courses could have some asynchronous (unscheduled) components at the discretion of the instructor; details for each course will be communicated to the students by the instructor.
- Online - No Scheduled Time -** Students registering for "Online - No Scheduled Time" courses will access and complete the courses online with no pre-scheduled virtual meeting times; instructors may schedule optional virtual activities; details for each course will be communicated to the students by the instructor.

Please note that hybrid courses bearing the same course code are one course, but for the purpose of determining whether students are enrolling as on-campus or remote learners are separated into "in person" and "online" groups.

Course codes ending in "W" are considered writing intensive courses that can meet the ENG 116 requirement which is called for in certain academic programs.

Note: Students enrolled in the Communications and Digital Culture (CDC) minor may not substitute a W course for ENG116.
