

**Name:** Paul Chia-Shiang Lin.  
Professor Emeritus of Mathematics.

**Degrees obtained:** B. Sc., National Taiwan Normal University.  
M. Sc., McMaster University (Algebra).  
Ph. D., University of New Brunswick (Functional Analysis and C\*-algebra).

**Published research articles involving the following topics of Pure Mathematics.**

1. Operator Theory (Bounded Linear Transformations on Hilbert Spaces).
2. C\*-algebra.
3. Operator Inequalities and Equalities in Hilbert Spaces.
4. Inner Product and 2-Inner Product Spaces.
5. Functional Analysis, Banach Spaces in particular.
6. Numerical Ranges and Spectral Theory.
