

welcome  
to the  
new  
recreation  
centre  
at  
Bishop's  
University

In the fall of 1975, the new recreation centre at Bishop's University will officially open its doors. This will usher in a new era in athletics and recreation for an institution that is already noted for its outstanding contribution in these areas.

For a preview of what promises to be an outstanding facility, we invite you to join us for a tour through the drawing board version of what will soon be a reality.

**BRUCE COULTER,**  
Director of Athletics

**AL GRAZYS,**  
Assistant Director of Athletics

**CAROL GREGSON,**  
Women's Athletic Director

**GARTH SMITH,**  
Assistant Director of Athletics

## main lobby . . . . spectator level

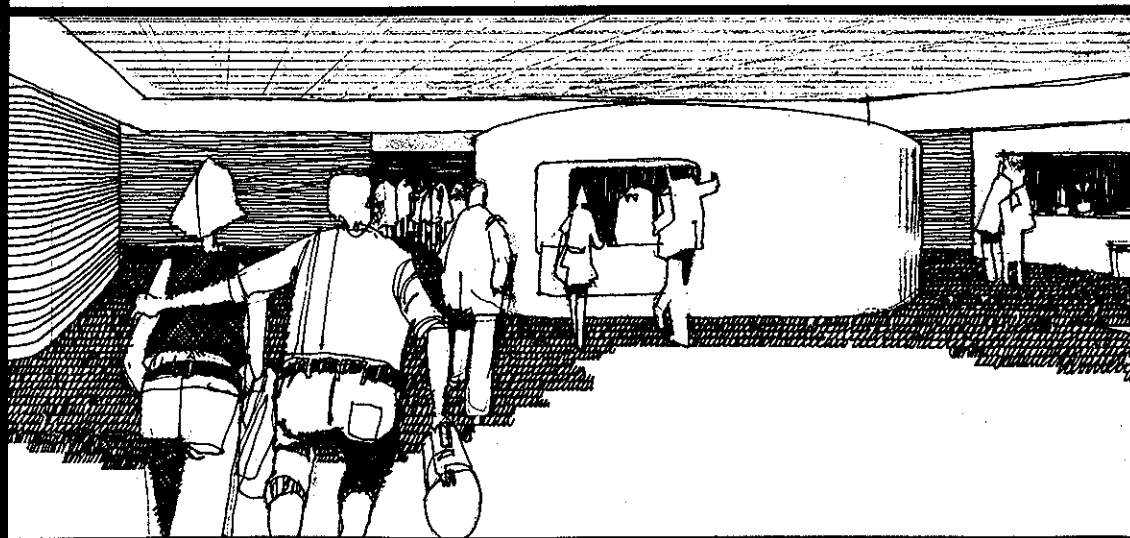

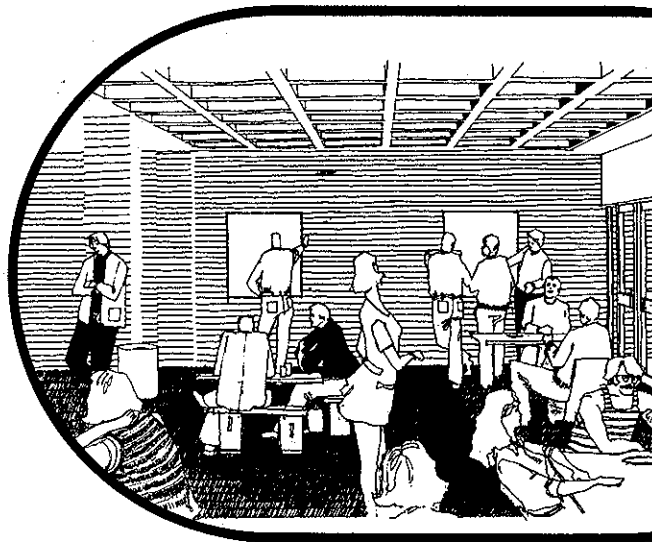

In the centre is the cloakroom area . . . . going to watch an event in the gym, you proceed left towards the back . . . . further on your left is a hallway leading to the jogging track, an 80' x 26' gymnastics room, and an Instruction Gym which will be used for table tennis and billiards among other things. On the right side of the lobby is the trophy display case and just on its right is the cafeteria. Through the cafeteria are the outdoor patio and six lighted outdoor tennis courts.

The stairs on your right lead to the participants' level, locker rooms and other all purpose rooms. On the right of the stairs is a hallway leading to the physical education and information offices.

## cafeteria lounge . . . spectator level

## participants' level

Here are the men's and women's locker rooms; men's and women's saunas; team dressing rooms for football, soccer and basketball; six regulation squash courts, and a large weight training room. Hair dryers will also be standard equipment.

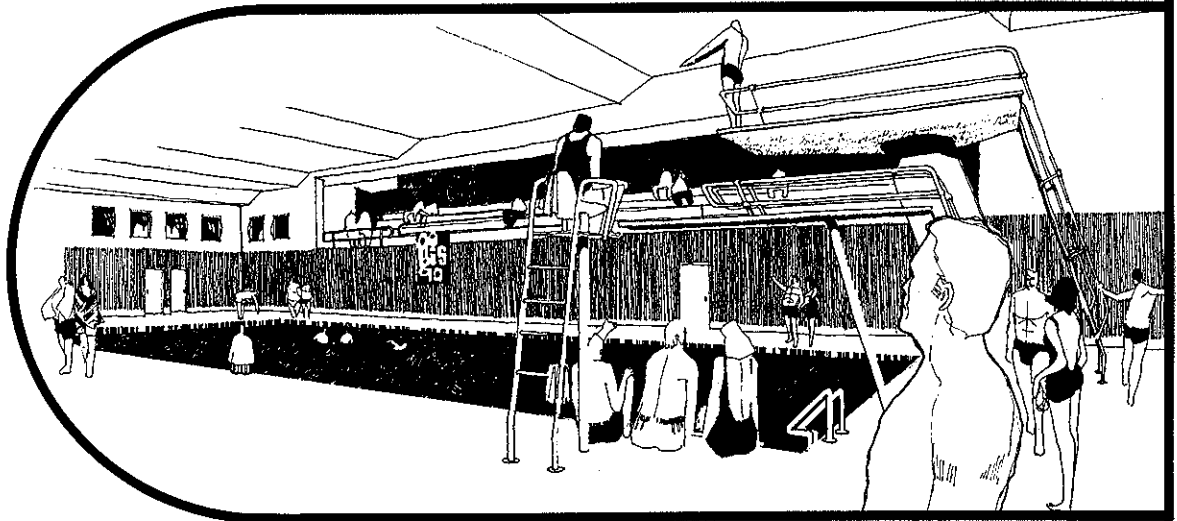

## swimming pool

The 6-lane pool is 25 meters in length. A three meter diving board and five meter diving platform complete this facility, with seating capacity for 200 people.

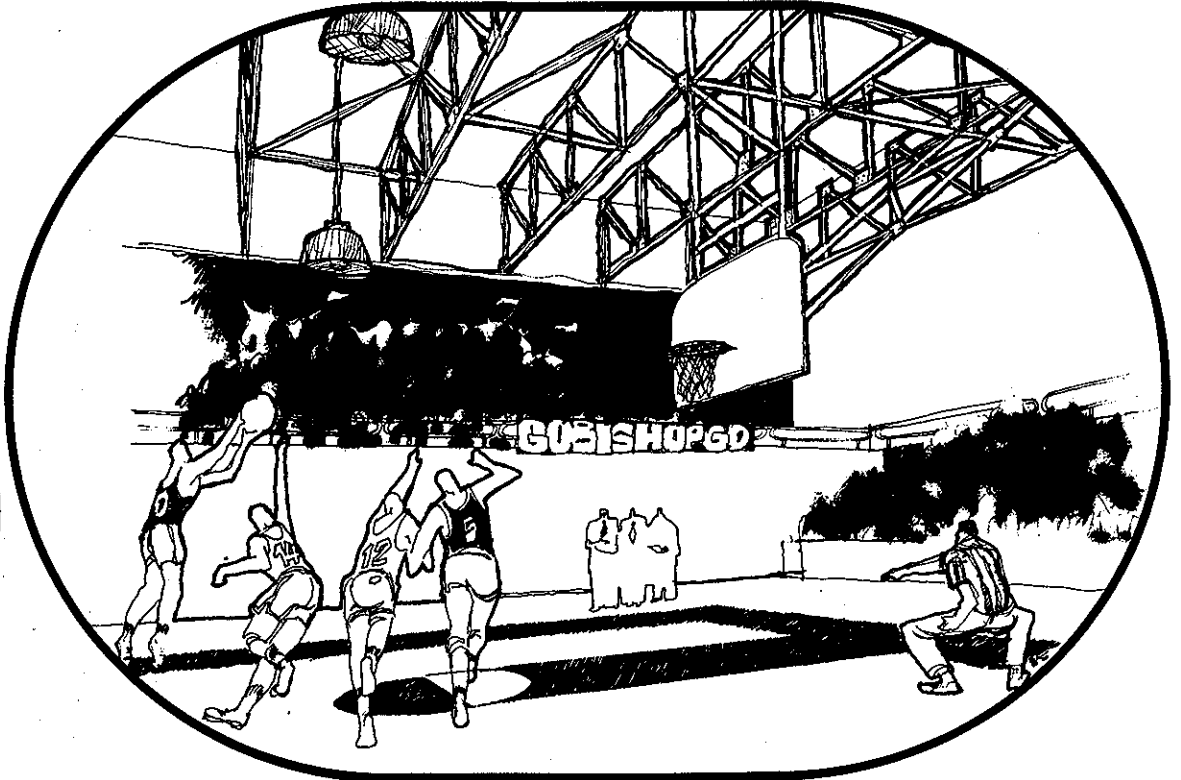

## large gymnasium

This will be the centre of most of the complex's activities. The bleachers to your centre and right are part of an overall seating plan capable of handling 3,000 spectators. Some of the bleachers are portable.

The gym measures 120' x 104' and has a "tartan" floor, with space for two regulation basketball courts, three regulation volleyball courts, eight regulation badminton courts and two regulation indoor tennis courts.
