

discover a hidden gem

Congratulations on embarking on the exciting journey of pursuing higher education! Choosing the **right-fit** university can be a daunting task, but it is one of the most important decisions you will make. As you begin to explore different universities and the wide variety of available options, it is important to carefully consider **what type of learning environment and student experience would best suit your needs and preferences** as they will play a significant role in shaping your university experience and success.

One university that you may not have considered yet, but should definitely take a closer look at, is Bishop's University. **Offering a unique and enriching academic and student experience in a picturesque setting, Bishop's has a lot to offer.** In fact, many refer to Bishop's as a **Hidden Gem**.

Bishop's offers a unique academic environment that encourages critical thinking, personal growth, and experiential learning. With a focus on individual attention and student success, Bishop's is an excellent choice for students who are looking for a more personalized education experience. Whether you prefer a vibrant campus life, smaller class sizes, or a community-oriented approach, Bishop's has it all. **Bishop's is a place that will help you build new connections and memories that will last a lifetime.** A place where approximately 3,000 students from roughly 80 countries come together to be part of something bigger. A place where you will discover and grow as an individual, friend, colleague, and citizen. A place where you will experience connectedness, laughter, joy, and many new milestones to celebrate. **A place that you could call home.**

A person stands in silhouette on a rocky ledge, looking out from a dark cave towards a bright, glowing opening. The cave walls are rugged and textured, and the light from the opening creates a strong contrast with the dark interior. The overall mood is one of hope and anticipation.

Your home is here,
and our campus is open, calling your name.
Your journey at Bishop's University
is about to begin!

"I would have never imagined that a small university in the Eastern Townships would have impacted my life so much. I'm so grateful to BU for the chance to grow into someone I'm so proud to be!"

Maia Kalil, Class of 2023, Ottawa, Ontario

Bishop's is a community like no other.

The Bishop's learning model starts with a small group and a question. With approximately 3,000 students, we offer some of the most intimate class sizes and personalized educational experiences in the country. You will know your professors, and they will know you. You will not be just another number here. We challenge. We listen. We debate. We push students to expand their horizons. We examine issues from various angles. We believe in interdisciplinary study, and in gaining a broad foundation of knowledge about the wider world.

Since 1843, Bishop's has been the smallest of Quebec's English universities and one of the most close-knit university environments in all of Canada.

We know tradition and prestige. We know academic rigor. We have plenty of red brick and ivy. We offer intimate and dynamic classes. Our professors know your name. Our students are engaged. We have abundant school spirit. We foster a genuine sense of community and belonging. We offer an educational experience on a human-scale. We are a family of over 21,000 proud alumni, each one having left their purple mark.

Our students are empowered to adapt to complexity, diversity, and change. The BU educational experience and learning model is unique, exceptional, personal, and transformational.

Bishop's is a place to be the best version of yourself and start exciting things. Perhaps that is founding a student club or an entrepreneurial venture, spearheading a social awareness campaign, taking on a personal goal, or simply beginning a new adventure. Our inclusive and supportive environment, strong institutional values, and outstanding faculty are here to facilitate your growth.

Above all else, BU is a community. A community of scholars, leaders, change-makers, and friends. We are a different kind of university. We are a family.

AN EXTRAORDINARY
WAY OF LEARNING

Bishop's, along with Acadia, Mount Allison, and St. Francis Xavier, are proud members of the Maple League of Universities.

Individually, each of our institutions is committed to delivering an extraordinary educational experience — student-centred, hands-on, and community-minded— and consistently rank among Canada's very best primarily-undergraduate universities.

Working together, we offer our students broad educational, cultural, and social opportunities that complement their program. In the past year we've introduced team-taught courses delivered at multiple campuses, offered extracurricular activities and live-streamed guest speakers.

As a dynamic group of four extraordinary universities, Bishop's, Mount Allison, StFX, and Acadia demonstrate the power of true collaboration. Learn more about the Maple League at mapleleague.ca.

Who Are We Looking For & Who Excels at Bishop's?

Bishop's has one of the most diverse campuses in the country. Over 85% of students hail from at least one hour from our campus in Sherbrooke. There is no "typical" Bishop's student. Of course, certain characteristics and traits permeate our entire student body.

First and foremost: we all **#BleedPurple**. At BU, purple is about pride, but more importantly it is about community. The borough of Lennoxville has less than 7,000 people. Our students are active members of our small and intimate community. Seeing the familiar faces of your friends and professors as you make your way through the fabled arches into the main Quad is a certainty!

What makes the quintessential Bishop's student tick? Bishop's is a community of students that are accepting, ambitious, adventurous, respectful, inquisitive, enterprising, and independent. Our students flourish in a close-knit community environment. Our students are contemplative and considerate. Our students are curious and eager to gain knowledge. Our students march to the beat of their own drum. Our students love to meet new people, visit new places, and gain new perspectives. Our students are resourceful and show initiative. Our students are driven to achieve, lead, and succeed. Our students are PURPLE.

What is a Liberal Education?

In 1843, the founders of Bishop's University declared their goal: "to offer the country a sound and liberal education." To this day, we remain focused on this mission, delivering a broad education in an intimate learning environment that encourages exploration and discovery. If you choose Bishop's, you will see the benefits of an outstanding education coupled with a holistic university experience.

Liberal education is an educational philosophy that exposes students to a wide variety of disciplines and learning strategies. It includes in-depth studies in at least one specific academic area, with the ability to integrate other diverse areas. **Here you can combine various disciplines such as biology with fine arts, or economics with religion, or business with**

psychology, or whatever your interests may be. This style of education encourages you to ask questions, consider all angles, pursue knowledge, and gain confidence. You will graduate as a thoughtful, capable, inspired, and self-aware individual.

In short, it's no wonder why Bishop's students have consistently rated their experiences as amongst the most satisfying and engaging in all of Canada.

WE create an academic environment where you can grow and change. But a lot of what happens here also depends on YOU. Together, we'll craft an educational experience that will make you look back nostalgically and remark, **"Choosing Bishop's was the BEST decision of my life!"**

For more information on the Bishop's liberal education model, please visit: ubishops.ca/liberal-education

Bilingualism: Unlock Your Future.

Bishop's is an English-speaking university in a French-speaking city. But what if your French is rusty or you don't speak French at all?

No worries. Roughly 50% of our students arrive on campus not knowing how to speak *la langue de Molière*. Bishop's is an English-speaking university, and all services on campus are offered in English so you don't have to worry about your interactions with faculty and staff. However, you can choose to practice your French on campus if you want to, since most faculty and staff are bilingual. Plus, you'll meet students from across Canada and around the world with whom you can practice your French. Bishop's offers full-degree programs, individual courses, as well as new micro-certificates in French language. An English university in a French city. The opportunity is all yours!

Be open to new opportunities. Be Purple. BU.

Que faire si votre anglais est rouillé ou pas parfait ?

Nul besoin de vous inquiéter. Environ 25 % des étudiants qui arrivent sur le campus sont francophones. Même si Bishop's est une université anglophone, vous pouvez choisir d'exercer vos compétences en français sur le campus, car la plupart des professeurs et des membres du personnel sont bilingues. Il est donc possible de rédiger vos travaux et examens en français, jusqu'à ce que votre anglais se soit amélioré. Vous rencontrerez des étudiants d'un peu partout au Canada et des quatre coins du monde ce qui permettra à votre anglais de se parfaire de jour en jour. De plus, l'Université Bishop's possède de nombreuses ressources pour aider les francophones.

L'anglais vous ouvrira un monde de possibilités !

Le français est votre langue maternelle ? Nous avons pensé à vous.

Les mesures suivantes vous permettront de maîtriser l'anglais à votre rythme et selon vos besoins :

- **Possibilité de rédiger vos travaux et examens en français pendant une certaine période de transition.**
- **Centre d'écriture avec consultations gratuites pour rédiger ou corriger vos travaux.**
- **Ateliers de conversation en anglais offerts gratuitement à tous les étudiants.**
- **De plus, il est possible de suivre l'un de ces programmes :**

Programme d'immersion en anglais :

Programme de 25 heures de cours/semaine offert durant l'été, pendant une à cinq semaines, selon les besoins de l'étudiant.

Programme Explore :

Immersion totale en anglais pendant cinq semaines (une session), soit au printemps, soit pendant l'été. Donne droit à 6 crédits universitaires.

Certificat en anglais langue seconde :

Programme de 10 cours (30 crédits universitaires) visant à donner à l'étudiant les connaissances nécessaires à la poursuite d'un baccalauréat en anglais, offert à temps plein ou à temps partiel.

Cours d'anglais langue seconde à la carte :

Cours du jour ou du soir offerts à tout étudiant inscrit au baccalauréat ainsi qu'aux étudiants libres.

Remember How You Entered.

Be Proud of How You Leave.

Louis Lalenti Class of '06

Our alumni are amongst the most loyal and proud in the country if not the world. Our Alumni Association serves as an important bridge between our home in Lennoxville and over 21,000 alumni around the world. Since 1843, Bishop's has helped produce leaders in every industry and field imaginable – politicians, artists, musicians, CEOs, health care professionals, lawyers, broadcasters, accountants, entrepreneurs, scientists, scholars, philanthropists, humanitarians, activists, educators and more. Once you become part of the Bishop's community you never really leave your new home. **#PurplePride is always at the heart of our global alumni community.**

Life After BU: Embarking on Remarkable Journeys

Bishop's University has long been a nurturing ground for talented individuals, empowering them to shape their futures with unwavering determination. However, **the journey does not end with graduation**. Recent alumni from all disciplines are embarking on remarkable paths, highlighting the boundless possibilities and opportunities that await them, and you, in the world beyond Lennoxville. They have emerged as leaders, innovators, and change-makers, forging new paths, igniting inspiration, and making significant contributions to their respective fields and society. The possibilities that lie ahead are as limitless as their/your determination, ensuring a future that is as inspiring as it is realistic. Here are only a few examples of recent alumni and their journeys beyond BU...

James Boateng, Class of 2020 • Account Executive, LA Galaxy FC

After graduating from the Williams School of Business, James secured a position with the LA Galaxy FC. **"Bishop's prepared me well for my career by giving me a solid foundation of knowledge in my field, as well as teaching me critical thinking and problem-solving skills that I use every day,"** says James. "It was my involvement in various clubs, especially the Caribbean and African Students Association, that helped build meaningful relationships and my network. It is not about making the most friends but building meaningful relationships with the people that you love and share common interests with. Get involved in extracurricular activities, attend events and seminars, and don't be afraid to try new things."

Gelsey Latonio, Class of 2019 • UX Writer, 21 Scribe

Gelsey graduated from Bishop's with a Bachelor of Arts in English and headed to China to teach English. However, due to the pandemic, that plan did not work out exactly as planned and she returned to North America working in a tech agency before discovering UX Writing where she now works for a San Francisco-based performance marketing company and operates a freelance copywriting business "on the side." Her advice to future Gaiters is simple, **"Don't underestimate the small things (or, in my case, the small universities). Their impact is the biggest and most lasting."**

Émil Lamontagne, Class of 2020 • Political Officer, Royal Danish Embassy Ottawa

It was Émil's involvement within the International Studies and Political Studies degree programs, including the Model UN experiential learning opportunity, coupled with being VP Student Life with the Students' Representative Council that confirmed his passion of politics and government which led him to Ottawa. Reflecting on his time at Bishop's, Émil offers the following advice, "Do not worry about a new beginning. When you start your professional career in whatever field you choose, **trust the skills you learned during your time at Bishop's, and apply them.** The rest will work itself out."

INFORMATION + EXPERIENCE = KNOWLEDGE

Education should be transformative. Experiential Learning (EL) at Bishop's University is hands-on learning that future-proofs students for meaningful careers and personal growth by fostering learning, innovation, and initiative.

Through the caring people of our intimate academic community, EL opportunities are available in all programs and are designed with students as partners in mind because developing strong social values, self-initiative, practical skills, and interdisciplinary excellence is at the heart of who we are and what we do.

While Bishop's offers a wide variety of exciting EL activities, students are also encouraged to propose and lead their own projects.

If you want to apply classroom theory to tangible situations, make an impact with your ideas, and get support to achieve your goals, then you need to connect with our Experiential Learning Office (ELO).

Your education should be more than a degree and hours spent in a classroom. Learning is doing, and Bishop's is a place where doing is a valued part of your overall experience.

You'll want to take advantage of EL opportunities throughout your studies. Act and make EL a priority in your education!

HOW WE DO IT

- Funding projects
- Providing logistical support
- Consulting and facilitating project planning
- Building relationships with partners on and off campus
- Incorporating real-world activities in the classroom

EXAMPLES OF EL ACTIVITIES

- Capstone projects
- Case competitions
- Case studies
- Community-engaged learning
- Conferences
- Co-ops
- Field schools and trips
- In-class and co-curricular hands-on activities
- Internships
- Guest speakers
- Hackathons
- Labs
- Performances
- Practica and field work
- Research assistantships and projects
- Volunteer service learning
- Showcases
- Simulations
- And much more

ADVANTAGES

- Work on projects that align with your values and learning needs
- Design your personal and professional pathway
- Hone your skills with intention
- Collaborate and share in meaningful experiences
- Put theory into practice
- Become a critical thinker and build the future
- Bolster your resume and portfolio
- Grow your network
- Earn credits
- Get paid

B.E.S.T.

- Project Fund -

The Bishop's Exceptional Student Talent (B.E.S.T.) Project Fund is the premier experiential learning opportunity at Bishop's University. In 2010, a Bishop's graduate made a commitment to establish this opportunity fund at the University and students have been making the most of it ever since. This unique fund is meant to assist students in exploring career paths and realizing their passions. It also gives students the chance to enhance their learning outside the classroom.

Project funding is awarded to students whom the Selection Committee believes have the potential for significant achievement and impact once they graduate from Bishop's. Do you have an ambition or passion that you would like to make come true? We encourage you to be one of our B.E.S.T.! Here are examples of projects that have been funded in recent years:

- A psychology student who spent the summer at Oxford University working in a pain research laboratory.
- A drama and fine arts student who attended and performed in the Edinburgh Fringe festival.
- An environmental studies and sustainable agriculture and food systems student went to Iceland to participate in a Green Program focusing on sustainability, geology, bio-fuels and geothermal energy.
- A biodiversity and ecology student who worked at an animal rehabilitation centre in Peru.
- A history and global studies student who worked on a major archaeological excavation site in Ancient Corinth, Greece.
- A business student who took part in the New York City Investment Banking Immersion program.
- An education student who started a summer camp in Uganda for 50 AIDS-affected youth.
- A classical studies student who participated in an intensive mosaic course taught in Ravenna, Italy.
- A chemistry student who interned in Germany researching gold complexes as anticancer drugs.
- A political studies student who participated in a three-week study tour of the European Union.
- An English literature student who worked on an Abenaki language revitalization project utilizing artificial intelligence software.
- An international studies student who secured a summer internship in a law firm in China, while taking intensive Mandarin lessons.

Donald Lecture Series

Every year, the Donald Lecture Series attracts speakers of national and international renown to the Bishop's campus to provide insight, provoke thought and stimulate debate on the most compelling issues and events in the world today.

You won't want to miss these leaders and role models sharing their hard-earned lessons about leadership, creativity, innovation, perseverance, success and failure.

These lectures are free of charge to our students thanks to the generous support of Bishop's alumnus John Donald '60, DCL '12, who recently made a gift of \$3 million to establish the series in perpetuity.

"The Donald Lecture Series never ceases to impress. No matter the speaker or discipline, the talks are engaging, entertaining, and intellectually stimulating. Every Bishop's student knows what a liberal education really is and why it's so important; the Donald Lectures parallel this philosophy by challenging the minds of attendees to be eclectic and intellectual individuals."

- International Mobility Programs -

— 50+ partner institutions in over 20 destination countries —

Bishop's supports all students who wish to take advantage of the large number of international learning opportunities offered as part of your degree experience! Possible funding is available to students who take part in a one or two-semester long student exchange at a partner institution, or a shorter-term summer learning abroad opportunity.

Immerse yourself in another culture and community. Improve your language skills. Deepen your intercultural awareness and global understanding. Discover your field of study from new angles and perspectives. Develop lifelong friendships all over the world and join our community of globally minded Gaiters!

www.ubishops.ca/study-abroad

"Putting yourself in an unfamiliar place for several months can challenge, build upon, and strengthen your character. The skills you will develop abroad are ones that you will use for the rest of your life... Don't think twice about this opportunity; go forward and be brave."

Phil Sedgwick, went on exchange at Rhodes University, South Africa

Get Involved Beyond the Classroom.

“Live your passion” is not just a motto here at Bishop’s, it’s how we function. Finding your fit on campus is also very important as it will contribute to your overall success. Whether you are an avid dancer, an advocate for human rights or a budding leader, our campus is the place to do what you love with the people who are there to support you. Over 70 student clubs are run by the Students’ Representative Council (SRC), so there is something for everyone. And if you can’t find what you’re looking for, go for it and create your own club. After all, making your own ideas happen is what **#BleedPurple** is all about. **Here is a sample of clubs you can join:**

ASL Club
Bishop’s Bees
Bishop’s – Champlain Refugee Sponsorship Program
BU Pride Alliance
BU Ski & Snowboarding Club
Caribbean African Student Association
Community Art Lab
Environmental Club
Finance & Investment Club
Games Club
Indigenous Cultural Alliance
Jack.org
Modern Languages Club
Neuroscience Student Network
Toast Radio

DON'T JUST ATTEND BU -LIVE IT!

No matter the building you choose, Residence Life offers students an opportunity to discover themselves and build lifelong friendships along the way. Resident Assistants live on every floor and are there to actively listen, help foster social connections, and respond in emergency situations. Students living in residences are provided the support they need to go from living at home to living on their own, and make living at Bishop's the experience of a lifetime.

Residence: The heart of our community

Personal Growth

We believe in creating an environment where you will learn to empower yourself to take responsibility, be independent, and to take risks to learn and grow, whether it be finding the courage to express your identity, the voice to challenge the status-quo, or the strength to seek support and understanding when life gets tough. Through access to resources that support your well-being, you will learn to confidently speak up, to do what is right even when it is hard, and to assume responsibility for yourself and your communities.

Curiosity

Curiosity is the drive to ask questions and learn; to push the boundaries of self, community, and education in the hopes of exploring and understanding the world with humble openness. It reflects the relationship with one's identity, which includes values, beliefs and lived experiences. We strive to create spaces where you will engage in dialogue with the intention of gaining greater understanding and be open to the possibility of shifting your perspective.

Community Engagement

By living in residence you will feel a sense of belonging to community and learn to participate in the creation of spaces that foster meaningful connections. You will form healthy, supportive communities that make a difference to the lives of those around you, and will advocate for the rights of yourself and others.

Norton and Pollack Halls

These traditional style residences with single and double rooms are located in the centre of campus, close to all buildings and services. They are perfect for first-year students who want to instantly be in the centre of the action and feel like they are part of the Bishop's family.

Abbott, Kuehner and Munster Halls (New Side)

The privacy of a single room with the benefits of having a roommate. Double rooms offer a true roommate experience. All styles offer a shared bathroom between roommates and are located next to the dining hall and sports complex.

NEW - Janyne Hodder Hall

Our newest 100-bed residence building welcomed its first students in 2022! These modified bog-style units provide more common space in each unit and shared in-unit bathroom facilities, while maintaining the privacy of having separate single rooms. Building facilities include a natural light room, yoga/Zen relaxation room, multimedia movie and gaming room, large assembly hall, common kitchen, lounges and study spaces on each floor, and a large game room equipped with a pool table. Nestled amongst beautiful oak and willow trees, this residence is our most modern and most accessible residence on campus.

Paterson Hall

This residence building offers suites with four bedrooms, two bathrooms, a kitchen, and living room in each unit. Students living in this style can opt for one of our meal plans or choose to cook for themselves. Paterson is located adjacent to the New Side residences, golf course, Peter Curry marsh, and hiking trails.

- 70% of our students have lived in one of our 7 residences. -

Residence Fees

We guarantee residence for first-year undergraduate students who meet the June 9, 2024 application deadline. The fees for the 2023-24 academic year (September – April) are listed below (all pricing in Canadian dollars). In addition to accommodation and dining fees, each resident will be charged a mandatory \$59 monthly Residence Service fee. This all-inclusive fee includes in-room high-speed internet, local telephone connection, as well as unlimited laundry access.

Good to know...

Our research demonstrates that first-year students living in on-campus residence have **GPAs 5% higher** than first-year students who live off campus.

Living in residence will save you approximately 17 hours per week in time you don't need to worry about buying groceries, food preparation, paying bills, or commuting. That is 17 hours (1,020 minutes!) each week that you can spend cultivating friendships, participating in clubs and activities, learning new skills, upleveling your academic pursuits, and/or working part-time.

Accommodations

Norton/Pollack: Single Occupancy	\$660/month	\$5,280/8 months
Abbott/Kuehner/Munster: Single Occupancy	\$735/month	\$5,880/8 months
Paterson Hall: Single Occupancy (4 bedroom suite)	\$740/month	\$5,920/8 months
Janyne Hodder Hall: Single Occupancy	\$746/month	\$5,968/8 months

All students living in either traditional or bog-style residence must choose from one of the following meal plans. Pricing is for a full academic year (September 2023 to April 2024).

The Flexible Diner – Full access to Dewies’ “Continuous Dining Experience,” as well as \$9.50 daily to use at the Purple Pod and 2 guest meal passes per semester for use at Dewies. Cost = \$5,336 CAD

The Square Mealer – Full access to Dewies’ “Continuous Dining Experience,” plus \$9.50 daily to use at the Purple Pod, \$144 tax free retail Gaiter Dollars to use at any other campus dining venues, as well as 4 guest meal passes per semester for use at Dewies. Cost = \$5,480 CAD

The Hearty Eater – Full access to Dewies’ “Continuous Dining Experience,” plus \$9.50 daily to use at the Purple Pod, \$216 tax free retail Gaiter Dollars to use at any other campus dining venues, as well as 8 guest meal passes per semester for use at Dewies. Cost = \$5,552 CAD

The 5-Day Commuter – This plan was created with off-campus students in mind. Off-campus students can sign up for this meal plan and enjoy Dewies’ “all you care to eat” dining 5 days a week. Cost = \$3,900 CAD

Meal plans

Feed Your Inner Gaiter

Dining Options

You know it: your body needs proper nourishment for you to feel good and do your best work. Dewhurst Dining Hall — affectionately called “Dewies” — is the place to enjoy a first-rate meal in the company of fellow students, staff, and faculty.

You will enjoy delicious food thanks to our talented team of chefs who emphasize freshness and taste in their dishes. A new day brings a new menu catering to a variety of tastes and dietary concerns: omnivore, carnivore, vegetarian, flexitarian, plant-based, vegan, nut-free, or gluten-free.

Students living in traditional or bog-style residence are required to purchase a meal plan. Off campus students can purchase a variety of meal packages or choose pay-as-you-eat options.

Our community gathers and makes lasting memories around food! **Dewies is the main dining hall on campus and offers a Continuous Dining Experience.** What this means is that students on our meal plans can enter the dining hall anytime between 7:30 a.m. to 9:00 p.m., 7 days per week, as many times per day as they desire. These students have access to everything being served and can eat as much as their hearts desire. In addition to Dewies Dining Hall, you will also find other dining options on campus like Tim Horton's, The Purple Pod, Bus Stop Café, and the Library Learning Commons Café.

Student favourites:

- Curry chicken
- Vegetarian chili
- Panini and sandwich bar
- Omelette station
- Grilled alligator (just kidding!)
- Stir fry
- Sushi
- Crêpes
- Thai soup
- Gyros
- Poutine

“Bishop’s provides you with so many amazing opportunities and experiences. Give as many of them a go, and don’t worry about others’ opinions. Get to know yourself, and never forget how you arrived and the goals you came in with.”

Andreia Dhooge, Class of 2023, Oranjestad, Aruba

Financial Matters

Through the help of government, alumni, current students, faculty and staff, the Bishop's Foundation, corporations and private donors, **over 53% of our students receive financial assistance** through scholarships, awards, grants, bursaries and loans. Just because you aren't top of your class, or super involved outside the classroom, or can't run the fastest doesn't mean you won't be eligible. We have hundreds of scholarships and awards that have a wide variety of requirements... you never know what you might receive!

Scholarships, Awards and Bursaries

At Bishop's we have three main categories for all undergraduate entering students: competitive admission scholarships; and our awards and bursaries.

Competitive Scholarships

Our scholarships range in value from **\$1,000 to \$20,000** per academic year. Some are renewable for your entire time at Bishop's, while others are one-time awards that you can receive either as a new student or a continuing student. To be considered, all you need to do is **complete your online application for admissions by March 1st, 2024** and have all your supporting documents to us no later than **March 15th, 2024**. We will then review all applicants and make scholarship offers soon thereafter.

Goldbloom Excellence Awards

The Goldbloom Excellence Awards (GEA) are the most prestigious scholarships available at Bishop's. Valued at **\$10,000** per academic year and renewable for up to four years (maximum total value **\$40,000**), applicants to the GEA must present excellent academic achievement coupled with attributes that demonstrate strong leadership, entrepreneurship, and community engagement. Online applications are due **March 1st, 2024**.

Awards and Bursaries

Our awards and bursaries range in value from **\$800 to \$8,000** per academic year. Most of these awards and bursaries are one-time and non-renewable. To be considered, all you need to do is **complete your online application for admissions and the online awards and bursaries application by March 1st, 2024**. Also remember to send in your supporting documents no later than **March 15th, 2024**. We will review all applicants and make awards and bursaries offers soon thereafter. In addition to academic merit, these awards may also consider leadership, extra-curricular activities and financial need.

Grâce à l'apport du gouvernement, des anciens, des étudiants actuels, des professeurs et du personnel, de la Fondation de Bishop's, de sociétés et de donateurs privés, **plus de 53 % de nos étudiants reçoivent une aide financière** sous forme de bourses, de prix ou de prêts. Vous pouvez y être admissible même si vous n'êtes pas le premier de votre classe, hyper investi dans des activités parascolaires ou le meilleur coureur. Nous distribuons des centaines de bourses et de prix, aux exigences très variées... vous serez peut-être surpris de ce que vous pourriez recevoir!

Bourses et prix

À Bishop's, nous proposons deux grandes catégories de bourses et prix aux nouveaux étudiants de 1^{er} cycle : les concours de bourses et les bourses et prix.

Concours de bourses

Nos bourses décernées sur concours sont d'une valeur de **1 000 \$ à 20 000 \$** par année universitaire. Certaines sont reconduites pendant toute la durée de vos études à Bishop's, tandis que d'autres ne sont attribuées qu'une fois et peuvent vous être remises à titre de nouvel étudiant ou d'étudiant déjà inscrit. Pour que votre candidature soit évaluée, vous devez **remplir votre demande d'admission en ligne au plus tard le 1^{er} mars 2024** et nous faire parvenir tous vos documents justificatifs au plus tard le **15 mars 2024**. Nous examinerons ensuite toutes les demandes et octroierons les bourses peu après.

Bourses d'excellence Goldbloom

Les Bourses d'excellence Goldbloom sont les bourses les plus prestigieuses offertes à Bishop's. D'une valeur de **10 000 \$** par année académique et renouvelables jusqu'à quatre ans (valeur totale maximale de **40 000 \$**), les postulants doivent présenter un excellent dossier d'accomplissements académiques, ainsi que des qualités démontrables en ce qui a trait au leadership, à l'entrepreneuriat et à l'engagement communautaire.

Bourses et prix

Nos bourses et prix sont d'une valeur de **800 \$ à 8 000 \$** par année universitaire. La plupart ne sont offertes qu'aux nouveaux étudiants et ne sont pas renouvelables. Pour que votre candidature soit évaluée, vous devez **remplir votre demande d'admission en ligne le plus tard le 1^{er} mars 2024**. N'oubliez pas de nous envoyer vos documents justificatifs et votre demande de bourse ou de prix au plus tard le **15 mars 2024**. Nous examinerons ensuite toutes les demandes et décernerons les bourses peu après. En plus du dossier scolaire, ces bourses et prix peuvent tenir compte du leadership, des activités parascolaires et des besoins financiers.

Did you know that at Bishop's students can pay their tuition and fees using Aeroplan loyalty points through HigherEd Points?

Tuition and Fees

The following are the tuition and fees structures for the 2023-24 academic year:
Le tableau suivant présente la structure des droits de scolarité et frais afférents pour l'année 2023-2024 :

*Please note that a typical course will be worth 3 credits and that most students will take 5 courses per semester for a total of 30 credits over one academic year (September to April). Bishop's also offers a condensed Spring/Summer session (May and June). Bishop's undergraduate students enrolled in no fewer than 12 credits per semester will be considered full-time. Undergraduate international students must be enrolled in a minimum of 12 credits per semester.

**Il est à souligner qu'en général les cours valent 3 crédits et que la plupart des étudiants suivent 5 cours par semestre, pour un total de 30 crédits par année universitaire (de septembre à avril). Bishop's offre aussi un semestre condensé de printemps/été (mai et juin). Les étudiants internationaux de premier cycle doivent être inscrits à un minimum de 12 crédits par semestre.*

	1 credit*	30 credits*	Compulsory Fees <i>Frais obligatoires</i>
Quebec Residents <i>Résidents du Québec</i>	\$96.03	\$2,880.90	\$1,731.33
Other Canadian Citizens, Permanent Residents and Convention Refugees <i>Autres citoyens canadiens, résidents permanents, réfugiés au sens de la Convention outre-frontières</i>	\$299.73	\$8,991.90	\$1,731.33

International Citizens** <i>Citoyens internationaux</i>	\$27,006	\$2,442	\$5,970	\$5,500	\$1,300	\$42,218

*Please note that these are estimates only based on actual costs for the 2023-2024 academic year. Costs may fluctuate based on the academic program, number of courses taken, style of residence and meal plan chosen. All costs shown are in Canadian Dollars.

** Please note that the Quebec government has allowed for deregulation of international tuition fees. Please visit our website to see how this may affect you: ubishops.ca/moneymatters.

**Ces frais ne sont que des évaluations, qui reposent sur les frais réels pour l'année universitaire 2023-2024. Ils peuvent fluctuer en fonction du programme universitaire, du nombre de cours suivis, du type de résidence choisi et du plan repas sélectionné. Tous les coûts sont indiqués en dollars canadiens.*

*** Veuillez noter que le gouvernement du Québec a autorisé la déréglementation des frais de scolarité internationaux. S'il vous plaît visitez notre site Web pour voir comment cela peut vous affecter : ubishops.ca/moneymatters.*

Admissions Information & Criteria

The following requirements should be used as a guideline to be considered competitive for admissions consideration. Each admission cycle Bishop's University receives more applications than spaces available. Meeting the below requirements does not guarantee admission. Applicants who do not meet the requirements listed may be considered on an individual basis. In those and other cases, the Admissions Office may request additional information to what is listed.

CÉGEP

In the process of completing a Diploma of College Studies (DEC) or have obtained a DEC from a CÉGEP in Quebec within the last two years and have not studied elsewhere.

The Global R-Score will be used as the admissions average.

R-Score requirement: varies depending on program, see ubishops.ca/admissions for details.

Canadian High School

General requirements: five senior-level (Grade 12 or equivalent) academic courses including English, with a minimum overall admissions average of 80% or equivalent.

Minimum requirement to be considered: Completed High School Diploma.

Five Grade 12-level approved academic courses, including pre-university English. A list of approved courses can be found at ubishops.ca/admissions.

Science applicants require two approved Grade 12-level science courses (Physics, Chemistry, and/or Biology)

USA/International High School

General Requirements: five senior-level (Grade 12 or equivalent) academic courses including English with a minimum overall admissions average of 80% or a minimum GPA of 3.50 on a 4.00 scale or equivalent.

Minimum requirement to be considered:
Completed High School Diploma or equivalent.

We are looking for well-rounded students with strong academic grades and involvement in community and extra-curricular activities.

Submission of SAT/ACT test scores, letters of recommendation, and personal essays, is optional, however all information submitted will be considered.

Caribbean requirements: minimum five CSEC subjects and CAPE certification with no grades below a "III"

International Baccalaureate (IB)

Minimum requirement to be considered:
Completed IB Diploma.

Theory of Knowledge (TOK) and Bonus points are not included in the admissions average calculation.

Minimum anticipated IDP score of 30 required.

IBCP and non-IBDP applicants will be reviewed on a case by case basis.

Baccalauréat Français (BACF)

Minimum requirement to be considered:
Completed Baccalauréat Français Général.

Minimum score of 12.5 required

British-Patterned (A-Levels) Systems

Minimum requirement to be considered: Five GCSEs and three A-Level examinations. BTEC applicants will be considered on an individual basis.

Minimum of five GCSEs with no grade below "5" or "C" and three A-Levels with a minimum B/B/C score required.

College and University Transfers

Minimum requirement to be considered: In good academic standing at last institution attended.

Latest available transcripts from all post-secondary institutions attended. High School transcripts and a letter outlining the reasons for the transfer may also be requested by the Admissions Office.

Mature Student

Minimum requirement to be considered: Must be at least 21 years old at the start of the semester being applied to and have not studied full time for at least two full academic years (four semesters).

Applicants are evaluated on an individual basis and, along with the latest transcript, a Curriculum Vitae (CV) and Letter of motivation must be submitted.

Advanced Credits

University Transfers:

Completed courses deemed to be at a university-level with a grade of C or higher are eligible for advanced standing credit. The maximum amount of credit a student can receive is 60 (equivalent to two full years of study). Degree and program restrictions may impact the amount of transfer credit that is possible.

College Transfers:

In addition to having completed courses deemed to be at a university level, college transfer students must also have completed a diploma program or be in a recognized university-transfer program at a North American institution. Degree and program restrictions may impact the number of credits that can be transferred.

Required documents for transfer credit evaluation: Official transcripts and course outlines or syllabi should be submitted to the Admissions Office.

Required Documents

- Copy of latest transcript
- Supplemental information (personal statement, letters of recommendation, standardized test scores, etc.), while not a requirement, would be considered if submitted as part of the application package. Upon evaluation of your file, the Admissions Office may request additional information.

All documentation can be submitted electronically at time of application or via MyBU once an application is submitted.

For more information visit ubishops.ca/admissions.

English Language Proficiency Requirements

Applicants that have not studied in an English or French language curriculum must normally meet our English Language Proficiency (ELP) requirements. **Students must submit scores for only ONE** of the following standard ELP tests.

TOEFL: 90 (Internet based)

IELTS: 6.5

Cambridge English: Proficiency (CPE) – Grade of C or higher

Cambridge English: Advanced (CAE) – Grade of C or higher

CAEL: 70

International Baccalaureate (IB):

Majority of IB Diploma courses completed in English or French plus Language A1 or A2 (HL or SL) final score of 5

Language B (HL or SL) final score of 6

Duolingo English Test (DET): 115+ (Expert Level)

Language School Partners

For students who meet our minimum academic requirements but do not meet our ELP requirements, Bishop's may offer conditional admission to your intended academic program provided that you meet our ELP requirements through the Bishop's English for Academic Purposes (EAP) Program or one of our Language School partners. Details on the EAP program can be found in the Continuing Education section of ubishops.ca.

For a list of Language School partners and for more information please check the "English Language School Pathway Students" under the Future Students section of ubishops.ca/ELSPS.

CAQ and Study Permit Requirements

International students admitted to Bishop's University must obtain two study permit documents prior to arriving at Bishop's. Once students obtain their conditional or final letter of admission they can begin the application procedure. The first step is to complete a CAQ (Certificate of Acceptance) application with the Quebec government (immigration-quebec.gouv.qc.ca/en) and click on Foreign Students. Once this permit has been approved students can then apply for a Canadian study permit (cic.gc.ca).

It is important to note that the process can take anywhere from 4-16 weeks to complete so we encourage students to complete their application for admissions early to avoid any delays.

For more information contact the International Office: international@ubishops.ca

Study and Work in Canada

International students with valid study permits can work on or off campus a maximum of 20 hours per week and full-time during holidays and summer months anywhere in Canada. Once they obtain their degree from Bishop's, international students are eligible to obtain a Post-Graduation Work Permit, which allows them to work in Canada for up to three years. This valuable work experience helps graduates qualify for permanent residency in Canada and provides credentials that are recognized worldwide. For more information on studying and working in Canada please visit cic.gc.ca.

How to Apply

- 1 Visit **ubishops.ca** and click on the APPLY NOW button.

- SCHOOL OF EDUCATION - ubishops.ca/soe

The School of Education offers four programs leading to teacher certification, as well as different options for graduate studies. As a teaching and learning institution, the School of Education works in collaboration with the greater educational community, and is dedicated to developing reflective and exemplary educators. Our graduates are prepared to assume leadership roles in education as a result of theory and practice oriented courses founded on the principles of equity, responsibility, and respect for individual dignity.

In the School of Education, we combine hands-on, real world experience with challenging and stimulating coursework in subjects such as linguistic diversity, multicultural education, and individual differences, giving you the tools you need to teach locally and around the world.

ELEMENTARY TEACHER EDUCATION (UNDERGRADUATE)

The Elementary Teacher Education program at Bishop's University leads to a Bachelor of Education in Teaching and Learning. This degree is required in order to be eligible for a teaching permit or "brevet d'enseignement."

Students are prepared to teach a broad range of subjects that can be found in the elementary curriculum, including English, Math, Science, History, Geography, Ethics and Religious Culture, and the Creative Arts.

SECONDARY TEACHER EDUCATION (UNDERGRADUATE)

The Secondary Teacher Education program at Bishop's University leads to a Bachelor of Education in Teaching and Learning. This degree is required in order to be eligible for a teaching permit or "brevet d'enseignement." Students choose from one of the following profiles in a teaching subject area:

English
Mathematics
Science and Technology
Social Sciences

ARTS EDUCATION (UNDERGRADUATE)

The Arts Education program at Bishop's University leads to a Bachelor of Education in Teaching and Learning of the Creative Arts. This degree is required in order to be eligible for a teaching permit or "brevet d'enseignement." Students choose from one of the following concentrations: Drama, Fine Arts, or Music. Students in this program are prepared to teach at both the Elementary and Secondary school levels.

TEACHING ENGLISH AS A SECOND LANGUAGE (TESL) (UNDERGRADUATE)

The TESL program at Bishop's University leads to a Bachelor of Education in Teaching English as a Second Language. This degree is required in order to be eligible for a teaching permit or "brevet d'enseignement." Students in this program are prepared to teach at both the Elementary and Secondary school levels.

PRACTICUM

Students in the education programs complete 700 hours of practice teaching over four practica in the School of Education. The practica are located at the English school boards and some private

schools in Quebec. Placements are varied, giving student teachers knowledge about large and small schools, schools with special needs students, schools promoting the early acquisition of French, and adult education centres for students returning to complete schooling. Student practica are monitored and evaluated by associate teachers in the schools and by university supervisors.

MINOR IN TEACHING OF ENGLISH SECOND LANGUAGE (TESL)

MINOR IN TEACHING FRENCH SECOND LANGUAGE (TFSL)

GRADUATE PROGRAMS

- Master of Education (M.Ed.) in Educational Studies and Leadership
- Master of Arts (M.A.) in Educational Studies

- FACULTY OF HUMANITIES - ubishops.ca/hum

The humanities are a broad academic field that encompasses the study of human culture, ideas, and expressions through critical analysis and interpretation. Using human experiences, values, creativity, and the ways in which humans make meaning of the world – past, present, and future. These disciplines explore the rich tapestry of human history, literature, philosophy, art, languages, religion, and other cultural forms, while fostering critical thinking, empathy, creativity, communication, and a deeper understanding of human experiences.

ARTS ADMINISTRATION

ubishops.ca/arts-admin

Major, Arts Administration, Fine Arts Concentration
Major, Arts Administration, Drama Concentration
Major, Arts Administration, Music Concentration
Major, Arts Administration, Film Studies Conc.
Major, Arts Administration, History Concentration
Certificate, Arts Management

In this exciting program, students take core courses in Business and in one of the creative arts (Drama, Fine Arts or Music), and also explore all aspects of Arts Administration for non-profit arts organizations and their various interactions with the public and private sectors. The aim of this program of study is to provide graduates with the knowledge to set up a successful non-profit arts organization and maintain it as a sustainable and viable entity. As part of this program, all students are required to undertake an internship with an arts organization of their choice.

Career possibilities

Community and regional performance halls
Professional musical ensembles and entertainment companies
Advertising and promotional agencies
Festival management
Recording studios and related music businesses
National museums
Art galleries
Art co-ops for both public and private sectors

CLASSICAL STUDIES

ubishops.ca/classics

Honours, Classical Studies
Major, Classical Studies
Minor, Classical Languages
Minor, Classical Art and Archaeology
Minor, Greek and Roman Civilization
Minor, Ancient History

A student in the Classical Studies department will enter the world of the ancient Mediterranean. We focus especially on the civilizations of Greece and Rome and offer courses in their literature, mythology, history, culture, art, and archaeology. Students have the opportunity to learn Latin, the language of ancient Rome and medieval Europe, and Greek, the language of philosophy, tragedy, and the New Testament.

ENGLISH

ubishops.ca/english

Honours, Literature Concentration
Honours, Film & Media Studies Concentration
Major, Literature Concentration
Major, Film and Media Studies Concentration
Minor, English
Minor, Creative Writing & Journalism
Minor, Communication and Digital Culture
Minor, Film and Media Studies
Minor, Literature
Minor, Indigenous Studies
Minor or Certificate, Pre-law

The Bishop's experience in English is about studying all kinds of cultural texts, from Old English epics to contemporary films and television. It's about both critical insight and creative production. We like to think of our program as an offer you can't refuse: the chance to develop the most sought after skills in today's society. By studying English you'll develop a rich and sophisticated understanding of your culture and yourself. You'll hone your analytical skills and learn to use language in a way that will empower you in the job market and, indeed, in life.

Career possibilities

Advertising, marketing and fundraising
Author/Novelist
Corporate and public communications
Film and media production
Law
Management and the civil service
Media and journalism
Publishing industry
Scriptwriting
Social services
Teaching and education
Technical writing

ÉTUDES FRANÇAISES ET QUÉBÉCOISES

ubishops.ca/french

Honours, French as a Second Language
Major, French as a Second Language
Major, Langue Française/Études Fr. et Qc.
Major, Modern Languages with a Fr. Component
Minor, French as a Second Language
Minor, Études de la langue Française
Certificate, French as a Second Language
Micro-certificate, French
as a Second Language Intensive* **NEW!**
Micro-certificate, French for Professional
Integration in a Francophone Environment* **NEW!**

The Département d'études françaises et québécoises offers courses in French language, French literature and civilization, and Quebec and Acadian literature and civilization. Students will learn to speak, read and write French correctly and with ease and will become familiar with the broad lines of French and Quebec literatures, while studying certain works or periods more thoroughly.

Career possibilities

Communications
Diplomatic relations
Government services
Law
Public relations
Speechwriting
Teaching
Translation

*Micro-certificates are one-semester, full-time programs aimed at developing your language skills in French. After you have completed the Micro-Certificate in French for Professional Integration, you will be ready to take the TEF/TEFAQ exam to get an official certification of your level in French.

FINE ARTS

ubishops.ca/fine-arts

Honours, Fine Arts, Concentration Studio
Major, Fine Arts, Concentration Studio
Major, Arts Administration - Fine Arts option
Minor, Fine Arts
Certificate, Studio Arts

Students completing the programs in Fine Arts develop a well-rounded perspective of the world; critical thinking skills and creative problem solving abilities; and communication skills transferable to many environments within and beyond fine arts related fields. The degree earned is a Bachelor of Arts (B.A.), a less specialized yet more versatile degree. The entry level program is the Fine Arts major with a studio concentration providing an undergraduate education in a studio within the context of a liberal arts education. Areas of specialization include sculpture, photography, painting, drawing and print making.

Career possibilities

HISTORY AND GLOBAL STUDIES

ubishops.ca/history

Honours, History
Major, History
Minor, History
Minor, Global Change
Minor, North American Studies **NEW!**
Minor or Certificate, Pre-law
Micro-certificate, Archives **NEW!**

At Bishop's, we believe that historical knowledge serves an individual and society the way memory does. It gives us perspectives and insights into the world in which we live and presents us with the almost limitless range of ways humans have organized their lives. We also understand that the past is presented or re-presented in specific ways by historians and others, such as politicians and heritage advocates; as a result, we believe it is just as important to learn about and analyze historical interpretations as it is to learn about the past itself.

Career possibilities

Civil services
Communications
Editorial assistant
Government
Heritage manager
Journalism
Law
Librarianship
Museums and archives
Research assistant

COLLEGE OF LIBERAL ARTS

ubishops.ca/liberal-arts

Honours, Liberal Arts
Major, Liberal Arts
Double Major, Liberal Arts & another discipline
Minor, Social Justice & Citizenship

Liberal Arts is a program for students with a passion for human culture. The program explores the Western cultural tradition in its myriad ways of expressing itself - art, literature, philosophy, music, science, society, politics, religion and so on. There is plenty of space for students to develop their own community and as much learning as possible takes place in very interactive settings. Small group discussion is built into all classes. There are also important extra-curricular activities such as trips to museums and theatres in New York, Boston, Montreal and Toronto.

Career possibilities

Communications
Law and politics
Marketing and promotion
Policy analysis
Private sector business
Research analysis
Work with non-governmental organizations, charities and social work agencies

MODERN LANGUAGES, LITERATURES AND CULTURES

ubishops.ca/modern-languages

MUSIC

ubishops.ca/music
Audition Required

Honours, Music and Culture
Honours, Music Performance
Major, Music and Culture
Major, Music Performance
Major, Arts Administration, Music Concentration
Minor, Music and Culture
Minor, Music Performance
Certificate, Musical Studies
Concentration, Musical Theatre

The Music Department is constantly redesigning and expanding its programs, allowing students to help realize their full potential as musicians or perhaps discover music's power for the first time in an ever-changing, ever-shrinking artistic world. In an effort to meet the demands of music in the 21st century, students at Bishop's have the choice of pursuing studies in two different disciplines: Music and Culture, or Music Performance. Interdisciplinary programs include degrees in Arts Administration and Music Education, both with a music emphasis.

Career possibilities

Arts administration
Composing and arranging
Engineering in sound and recording
Film and media composing
Music manager
Professional Jazz, Pop Rock
and Classical Musicians
Stage manager
Theatre sound technician
Teaching in elementary, secondary
and university settings

PHILOSOPHY

ubishops.ca/philosophy

Honours, Philosophy
Major, Philosophy
Minor, Philosophy

In Philosophy, lasting and adequate understanding comes when the materials of study are brought to life. This requires both patience and creativity on the part of professors, engagement and self-reliance on the part of students. The Bishop's experience in Philosophy is designed to foster all of these things. Many classes operate in the seminar format attentive to the particular interests of members, focused on primary sources and designed to invite students to take a leadership role in presenting their own work. Our students graduate having studied closely great works of thought, having learned how to communicate subtle and difficult ideas to others, having gained extensive experience in technical writing, argumentation and public speaking.

RELIGION, SOCIETY AND CULTURE

ubishops.ca/religion

Honours, Religion
Major, Religion
Minor, Religion
Micro-certificate, Thanatology:
The Study of Death and Dying

The Religion Department is a community of students and faculty engaged in the exploration of religion: the different ways faith is expressed and practiced, the historical and cultural contexts of religions and their texts, as well as the interconnections between religion and other areas of human life — philosophical thought, the psychological, social, political, and economic dimensions, and the presence of religion and religious symbols in literature and fine arts, etc. To encourage creative and independent thinking, we emphasize the study of primary texts, rather than simply reading what other people have written about those texts.

Unsure about which program to choose ?

For students interested in humanities, social sciences and/or natural sciences programs but unsure about what program to choose, we have three “undeclared” options that allow you to explore a variety of courses in your first year before selecting a program that is right for you.

Select from:

Divisional Major - Humanities

Divisional Major - Natural Sciences & Mathematics

Divisional Major - Social Sciences

Get In Touch With An Academic Advisor

Whether you know what program you wish to study, are still unsure, or whether you want to combine disciplines (no matter how divergent!), our Academic Advisors are here to help. Academic Advisors can answer your questions regarding your program of study as well as general questions about various academic regulations and policies. Feel free to connect with our Academic Advising team:

School of Education

Ms. Kimberlee Maheu - kmaheu@ubishops.ca

Williams School of Business

Ms. Berenice Rodriguez - WSBadvisor@ubishops.ca

Faculty of Humanities, Faculty of Social Sciences

Ms. Justina Browne - artsadvisor@ubishops.ca

Faculty of Natural Science and Mathematics

Ms. Laura Rezlescu - scienceadvisor@ubishops.ca

- FACULTY OF SOCIAL SCIENCES - ubishops.ca/soc

The social sciences are a branch of academic disciplines that study various aspects of human society and social relationships to comprehend human behaviour, social interactions, societal structures, and the broader social, cultural, economic, and political dynamics that shape individuals and communities. The disciplines within often overlap and intersect, as they collectively seek to grasp the complexities of society, inform policy-making, contribute to social change, and offer frameworks for addressing social issues. To understand the social sciences is to understand the future.

ECONOMICS

ubishops.ca/economics

Honours, Economics
Honours, International Political Economy
Honours, Mathematical Economics **NEW!**
Major, Economics
Major, International Political Economy
Major, Business Economics Concentration
Major, Global Economy Concentration
Minor, Economics

Economics is where business, applied mathematics, and human behavior meet. Studying it requires not only an analytical mind, but also curiosity about contemporary events and society as a whole. Economic models are used to examine choice in all forms of social interactions including but not limited to business, politics, international relations, workplace, family, schools, and criminal activities. In sum, economics provides one set of tools that you can use to analyze, explain, and predict human interaction in virtually any situation. Studying economics provides you with the analytical and critical thinking skills to understand all kinds of choice decisions and to learn more about the world in which you live.

Career possibilities

Economist
Financial analyst
Investment analyst
Management consultant
Management and civil services
Portfolio manager
Statistician

ENVIRONMENT, AGRICULTURE AND GEOGRAPHY

ubishops.ca/eag

Honours, Environmental Science
Honours, Environmental Studies
Honours, Geography
Major, Environmental Studies
Major, Environmental Science
Major, Geography
Double Conc., Sustainable Agriculture & Food Systems
Minor, Environmental Studies
Minor, Environmental Science
Minor, Geography
Minor, Sustainable Agriculture & Food Systems
Micro-program, Climate Change
Certificate, Environmental Studies & Geography
Certificate, Sustainable Agriculture & Food Systems

Environment and Geography focuses on human-environment interaction by analyzing interrelationships of physical and human phenomena on the earth, from both scientific and social perspectives. Sustainable Agriculture and Food Systems (SAFS) examines everything from farm to table through the lens of sustainability (environmental, social, economic). Our Educational Farm is a living land laboratory, located on the BU campus, to give students hands-on learning experiences.

Career possibilities

Cartography
Commercial/Residential surveyor
Ecological policy reform
Environmental consulting
Geographical information systems
Urban planning
Market gardener
Agrologist
Food system analyst

POLITICS AND INTERNATIONAL STUDIES

ubishops.ca/politics

Honours, Political Studies
Honours, International Studies
Honours, International Political Economy
Major, Political Studies
Major, International Studies
Major, International Political Economy
Minor, Political Studies
Minor, International Studies

The Department provides students with a working knowledge of society and how decisions are made. Governments, politicians, leaders in private industry and ordinary individuals function within a framework of accepted political norms, e.g. notions of justice, freedom, rights and duties. Over time, these perceived norms are challenged by conventional methods such as voting, political parties, interest group lobbying and protest movements; or the challenge may be by militant, revolutionary or terrorist means. Students enrolled in the International Studies Major and Honours programs must choose between two concentrations: Global Governance or Global Culture.

Career possibilities

Business-government consulting
Communications
Consulting on security
Financial management
Government and external affairs
Insurance management
Journalism
Management recruitment
Policy analysis
Teaching
Urban affairs and planning

PSYCHOLOGY

ubishops.ca/psychology

Honours, Psychology
 Honours, Pre-Clinical Concentration
 Honours, Neuroscience (B.Sc.)
 Major, Psychology
 Major, Pre-Clinical Concentration
 Major, Neuroscience (B.Sc.)
 Major, Humanistic Concentration
 Minor, Psychology
 Minor, Mindfulness and Contemplative Studies
 Certificate, Human Psychology
 Graduate Certificate, Knowledge Mobilization
 Doctorate Psychology, Clinical Psychology* **NEW!**

Psychology is the science of how we think, feel and behave. It is a field with both broad purpose in enhancing our knowledge of human behaviour, as well as having important applications for the local and wider community.

Career possibilities

Health and education related fields
 Clinical Psychologist
 CLSCs or hospitals
 Community organizations
 Correctional facilities
 Government
 Human resources
 International aid
 Management
 Municipal services
 Non-profit organizations
 Correctional facilities
 Sales and representation
 University or private laboratories
 Youth services

*Université du Québec à Chicoutimi (UQAC) program offered by extension at Bishop's University.

SOCIOLOGY

ubishops.ca/sociology

Honours, Sociology (with or without Concentration)
 Major, Sociology (with or without Concentration)
 Minor, Sociology
 Minor, Criminology
 Micro-certificate, Racism and Resistance **NEW!**

Students pursuing the Major or Honours degree must choose a concentration among the following:

Global Studies and Empire
 Criminology, Law, and Social Policy

The Department provides students with theoretical and methodological tools and substantive insights which can assist them in understanding social life, social organization, and action. Our programs are designed to provide students with a broad intellectual and sociological background which will help prepare them for a variety of careers and for advanced study at graduate school. The small size of our program and the dedication of our faculty allow us to provide personal attention to students and extensive access to faculty. Having relatively few requirements within the Major, we allow students substantial flexibility in meeting individual intellectual pursuits.

Career possibilities

Communications, media and journalism
 Gerontology
 Health and social services
 Law, corrections and law enforcement
 Management and business
 Public and international service
 Rehabilitation consulting
 Social work

SPORTS STUDIES

ubishops.ca/sports-studies

Major, Sports Studies
 Major, Sport Studies - Athletic Development
 Major, Sport Studies - Health
 Major, Sport Studies - Business & Society
 Minor, Sports Studies

Sports Studies is an integrated program drawing on the expertise of faculty in Psychology, Sociology, Politics, Business and Health Sciences. The program provides an intensive study of sport and exercise in society. It encourages students to adopt an interdisciplinary perspective that gathers together the individual, local, national and international dimensions of sport and exercise. Consequently, it exposes students to the social, biological, political, business and economic aspects of sport in society. It also provides opportunities for practical experiences.

Career possibilities

Coaching
 Community sports organization
 Fitness and health promotion specialist
 Journalism and broadcasting
 Recreation, leisure and sport management
 Sports administration
 Sport and exercise psychologist
 Sports retail

- WILLIAMS SCHOOL OF BUSINESS -

ubishops.ca/wsb

The Williams School of Business offers two business degree programs: Bachelor of Business Administration (B.B.A.) with multiple major concentrations and a Bachelor of Arts (B.A.) with a Major in Business. Both degrees allow students to pursue the co-operative education program to combine relevant work experience and their studies.

Joint programs include B.A. Majors in Arts Administration, Information Technology, and Sports Studies.

Beyond co-operative education, our courses aim to provide students with immersive experiential learning opportunities enabling them to build the critical competencies that ensure career-ready students.

B.A. Major Business – This degree option has been developed for the business-minded student pursuing a well-diversified liberal education, who wishes to complement other disciplines with a business degree. This degree combination is focused on a well-rounded, fundamental business core from all business concentration areas and the flexibility to combine interests.

B.B.A. – The B.B.A. offers the most in-depth approach to a business education. B.B.A. students can also choose among the following major concentrations:

ACCOUNTING

Major Concentration and Honours

Knowledge of accounting is fundamental to all disciplines in business. The skills acquired in the program prepare students for positions of leadership in organizations spanning all sectors of the economy including, senior management, strategic government positions, consulting, teaching, auditing and finance. At the Williams School of Business, this stream is accredited by the Order of Certified Professional Accountants of Quebec.

BUSINESS TECHNOLOGY AND ANALYTICS

Major Concentration, Honours and Minor

Organizations increasingly rely on data and sophisticated analytical tools to make effective, strategic decisions and thus look not only for technical specialists but for business professionals with a data-driven mindset that can take an active role in manipulating and analyzing data to improve decision-making. The skills acquired in the program prepare students for positions of leadership in organizations spanning all sectors of the economy.

ENTREPRENEURSHIP

Major Concentration, Honours and Minor

This concentration is designed to enable the understanding of the entrepreneurial process of starting, growing and harvesting a new venture. By performing both an in-depth comprehension of the entrepreneurial process and hands-on assignments, students will learn: how the entrepreneurial mind thinks, how a product/market vision is developed, how an opportunity is assessed, and how resources are harnessed to take advantage of that opportunity, throughout the entrepreneurial networks and community.

FINANCE

Major Concentration, Honours and Minor

Students will learn professional skills and acquire technical and analytical competence to pursue challenging careers in corporate finance, portfolio management, and securities research. In addition to a thorough understanding of the principles of financial management, students will be exposed to both theoretical and practical aspects of investment management, capital budgeting, capital formation, and risk hedging. When following a prescribed sequence of courses, students are qualified to write the first level C.F.A. (Chartered Financial Analyst) exam immediately upon graduation. Students can also compete in their last two years of studies for managerial positions within the SEED Portfolio.

Photo: Krystel V. Morin

HUMAN RESOURCES

Major Concentration, Honours and Minor

There is growing recognition that the quality of an organization's human resources plays a strategic role in an ever-changing business environment. With organizations facing the need for continuous change in a competitive environment, they must, more than ever, begin to rely on the knowledge, skills and abilities of their workforce to confront such challenges. Through courses such as Compensation Management, Human Resource Management, Industrial Relations, Training and Development, Occupational Health and Safety and Organizational Behaviour, students will learn how to ensure that the Human Resource goals of attracting, developing and maintaining a competitive workforce are accomplished. Students completing this concentration stream may want to discuss with faculty the course options for certification as a Human Resource professional.

MANAGEMENT

Major Concentration and Honours

Students electing to complete the Management Concentration are interested in inspiring people, leading organizations and creating wealth in society in sustainable ways. Management is a broad subject area, so students are given flexibility to tailor this major concentration to their interests.

MARKETING

Major Concentration, Honours and Minor

The Marketing concentration aims to build the skills that students need for an exciting career in marketing. We combine academic instruction and hands-on experience to build important intellectual and professional tools that ignite students' ingenuity and communications skills. We expose students to cutting-edge marketing techniques, encourage their creativity and develop their critical thinking, analytical, strategic and leadership abilities. Our approach to learning and teaching is reflective, experiential, and engaging, so that students will receive:

- Practical opportunities working with area industries on real projects;
- The skills and opportunity to create a launch-ready business of their own;
- Development of high demand business skills and abilities.

In addition to an engaging academic offering, many business students choose to get involved in a number of business-related activities and clubs such as the Bishop's University Commerce Society (BUCS), Enactus, Bishop's University Accounting Society, Bishop's University Investment Society, case competitions, and community service learning to name a few.

Centre for Co-operative Education

Since 2001, the Bishop's University Co-operative Education program has provided students in the B.B.A. or B.A. Business major the opportunity to gain practical work experience, help confirm career decisions before graduation, and build an evidence-based career portfolio to facilitate transitioning into a career. Students who complete the co-op program secure prestigious jobs, with top employers in Quebec, across Canada and globally.

- FACULTY OF NATURAL SCIENCES AND MATHEMATICS -

The natural sciences focus on the empirical study of the natural world and its phenomena. They aim to understand the physical and biological aspects of the universe through systematic observation, experimentation, and analysis while employing rigorous scientific methods to uncover and explain natural processes, laws, and principles. The evidence and principles discovered form the basis for technological advancements, medical breakthroughs, and environmental conservation efforts. Scientists in these disciplines seek to expand our knowledge and address real-world challenges while promoting critical thinking, problem-solving skills, and a deep appreciation for the wonders of the natural world.

BIOLOGY AND BIOCHEMISTRY

ubishops.ca/bio-biochem

Honours Biochemistry
Honours Biology, Biodiversity & Ecology Conc.
Honours Biology, Health Sciences Concentration
Major Biochemistry
Major Biology, Biodiversity & Ecology Concentration
Major Biology, Health Sciences Concentration
Minor Biochemistry
Minor Biology

Our programs cover a wide range of subjects, all with a focus on the components and processes that make up life. Whether it is studying biologically important molecules or entire ecosystems, our courses are designed to help students understand the content and develop their own abilities to further explore a subject. Our faculty members are dedicated to undergraduate education and thrive on helping students develop their knowledge and skills both inside and outside the classroom. Coupled with a strong faculty culture of inquiry and research, students are encouraged to develop an analytical approach to investigating the world around them. This is further facilitated by a focus on hands-on learning in our modern and well-equipped laboratory facilities.

Our proximity and continued collaboration with the Université de Sherbrooke provide our students added access to some of the leading researchers in Canada in biochemistry, physiology, cellular and molecular biology, medicine, and microbiology. Moreover, our rural setting paired with its proximity to many natural habitats such as bogs, lakes, rivers, mountains, marshes, forests and meadows, provides exceptional opportunities for field study and research in biodiversity, ecology and conservation.

Career possibilities

Biotechnology
Environmental assessment
Forensic scientist
Laboratory technician
Medicine, dentistry, veterinary medicine
Nursing, optometry, physiotherapy
Research scientist
Wildlife field technician

CHEMISTRY AND BREWING SCIENCE

ubishops.ca/chemistry

Honours, Chemistry
Major, Chemistry
Minor, Chemistry
Minor, Brewing Science
Graduate Certificate, Brewing Science

The Chemistry and Brewing Science Department programs provide students with a balanced, rich, and practical education in all sub-disciplines of Chemistry – Analytical, Biochemical, Inorganic, Organic and Physical, and Brewing Science (Hops, Yeast, Brewing Water Chemistry, Malt and Malting, and Business of Brewing). Class sizes in chemistry and brewing sciences courses are small, which promotes close personal interaction between faculty members and students. The department has an excellent set of modern instruments, which are used by undergraduates in their laboratory courses and in research projects. This contrasts with many large universities where many instruments are primarily reserved for graduate students.

Students graduating with a Chemistry degree from Bishop's University have had an excellent record of being admitted to graduate schools and professional programs (Medicine, Dentistry, Pharmacy, Education, etc.) or in finding employment in their field.

Career possibilities

Chemist
Dentistry
Forensic scientist
Healthcare scientist
Medicine
Pharmacy
Research scientist
Toxicology

COMPUTER SCIENCE

ubishops.ca/comp-sci

Master of Science, Computer Science
Honours, Computer Science
Major, Computer Science
Major, Information Technology
Minor, Computer Science
Certificate, Computer Science

We offer a solid Computer Science education in a liberal education environment. We also integrate real-world experience into our curriculum including our co-operative education program and access to Undergraduate Capstone Open Source Projects. We are active in several research areas and we offer a research intensive Master's program as well as opportunities for undergraduate students to get involved in cutting-edge research.

Career possibilities

Computer games developer
Data scientist
Hardware technician
Network analyst
Software developer
Security architect
User interface developer

MATHEMATICS

ubishops.ca/math

Honours, Mathematics
Major, Mathematics
Minor, Mathematical Contexts
Minor, Mathematics

Mathematics is the language of the sciences, a language which allows scientists to quantify, model, understand and predict behaviour in an enormously diverse range of phenomena of interest. Simultaneously, Mathematics is often regarded as an art, as it is the creative study of patterns and of problem solving. Mathematics covers a wide range of disciplines including algebra, analysis, combinatorics and discrete mathematics, and differential equations.

Career possibilities

Actuary
Market research analyst
Mathematician
Inventory control specialist
Research scientist
Statistician
Teaching

PHYSICS AND ASTRONOMY

ubishops.ca/physics

Master of Science, Physics
Honours, Physics
Major, Physics
Minor, Physics

Physics discovers and applies the fundamental laws that govern nature on many different scales: from the smallest elementary particles, to planetary motion and star formation, to galaxies all the way up to the universe itself (cosmology). This involves working with beautiful physical concepts as well as elegant and powerful mathematical and computational tools. Disciplines include astrophysics, gravitational physics, quantum field theory & particle physics and experimental physics (e.g. optical spectroscopy and plasma physics).

Career possibilities

Research (either in academia or non-academic institutions (e.g. NRC))
Industry (aerospace, software development, pharmaceutical companies, defense, etc.)
Teaching: CEGEP or University/College instructor.
High School (education degree required)
Technical/Science writing
Numerical (computer) Analyst
Medical Physics
Financial sector
Geophysics
